How to Use Your Telephone

IN SKOKIE, MORTON GROVE, LINCOLNWOOD

JUST FOLLOW THESE THREE SIMPLE RULES FOR LOCAL CALLS

1. Look in the directory if you're not sure of the number. If you do not find the number ask for "Information."
2. Listen for operator's "Number, please?"
3. Give number to operator. Always speak distinctly in an ordinary tone of voice directly into the mouthpiece.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams or radiograms to the Western Union Telegraph Company.

Charges for telegrams placed by telephone will appear on your monthly telephone bill by arrangement with Western Union. This arrangement does not apply to cablegrams or radiograms. On messages telephoned from public coin box telephones, you will be requested to deposit the telegraph charges in the coin box.

"BEEP" TONE TELLS WHEN CONVERSATION IS BEING RECORDED

If you hear a brief, high, almost musical note on your telephone line while you are talking—a sort of gentle "beep" repeated every 15 seconds or so—you will know that the person to whom you are talking has a recording machine which is making a record of your conversation.

The signal is produced automatically by the device used to connect the recorder to the telephone line, and it is provided by the telephone company for your protection.

If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. The "beep" signal stops when the recorder is disconnected.

Use of a recorder without this signal is unlawful.

Useful Telephone Information

YOUR TELEPHONE NUMBER

Occasionally, in the past, we've had to change some telephone numbers. It may, likewise, be necessary to do so in the future.

We're sorry we can't say to you, "We'll never have to change your telephone number." As a matter of fact, we don't like to change them and won't do it unless it is absolutely necessary.

FOR YOUR PROTECTION

For your protection, telephone employees who visit the public, carry identification cards with their names and photographs. If you have the slightest doubt about anyone who calls "from the Telephone Company," **ask to see his credentials.** Telephone people will be glad to show you their cards.

USE THIS DIRECTORY FIRST

When you're not sure of a number you are calling, use this directory. Guesswork may inconvenience you and an incorrectly called party.

Actually, a great many calls to "Information" are unnecessary, since they are for numbers listed in this directory. So, please don't ask our Information operators to look up numbers unless you're sure they are not listed in the directory.

For faster service—refer to your directory, using the number listed. Your cooperation is appreciated.

METROPOLITAN SERVICE

Metropolitan telephone service, which permits calling to certain nearby communities without a toll charge, is available to 1 and 2-party residence subscribers and to a 1-party business and private branch exchange services.

Offered on an optional basis at a monthly rate somewhat higher than Local Area Service, this service also saves on Station-to-station calls to Chicago and more than 100 suburban communities.

Skokie, Ill.

"It's Easy to Dial"

IN NILES

TO PLACE A LOCAL CALL

1. Look in the telephone directory for the correct number. If the person or firm is not listed, dial 411 ("Information") and ask for the number.
2. Hold the receiver to your ear. If you are calling from a coin box telephone, deposit a coin.

3. Listen for the "dial tone." This steady humming sound tells you that the dial equipment is ready for your call. Listen for it before dialing.
4. Dial the first two letters and the figure of the exchange name followed by the figures of the telephone number in the order they appear in the directory.

DIALING YOUR CALL

To dial any letter or figure, place your finger firmly in the opening for the particular letter or figure to be dialed.

Pull the dial around until your finger strikes the metal finger stop. Then, release the dial and allow it to return to rest without interference.

Let's assume you want to call Niles 7-9417 (The dash is simply to indicate a pause when the number is spoken and has nothing to do with dialing.)

- Lift the receiver to your ear and listen for the "dial tone," the steady humming sound.
- When you hear the "hum," you know the equipment is ready to take your call. Then, place your finger in the opening for the letter "N" and bring the dial around until your finger strikes the stop.
- Release the dial and let it return by itself. This is very important—for if you interrupt the dial's return trip or force the dial back, you may receive a wrong number.
- For the second letter "I", and the five figures, proceed in the same way . . . dialing I-7-9-4-1 and 7 in sequence.

Other Telephone Tips

WHEN YOU NEED ASSISTANCE

Although it is faster to dial the number yourself, there may be times when you need assistance in completing your call. Your Operator will be glad to help you. She can be reached by dialing "0" (Operator).

If for any reason you cannot see the dial, locate the opening just below the finger stop (this is the "D"), pull the dial all the way around in the usual way, and let it return. Your operator will answer.

ANSWERING INCOMING CALLS

1. Answer all calls promptly.
2. If you hear the "dial tone" when you answer a call, you'll know there is no one on your line . . . The connection that was established with your line has been released.

Skokie, Ill.

IF YOU DIAL IN ERROR

If your finger slips while dialing, or if you've dialed a wrong letter or figure

- Replace the receiver.
- Wait a few seconds.
- Lift the receiver to your ear and when you hear the hum of "dial tone,"
- Dial the complete number

AT THE END OF A CALL

Because dial equipment is restored to normal, ready for another call, only when the calling party hangs up the receiver, the connection between two dial telephones is controlled by the calling party.

So, if you wish to place a second call, hang up for a few seconds and then listen for the "dial tone."

On a Party Line

IN NILES

PARTY-LINE COURTESY COUNTS

The best party-line service for all depends on courteous cooperative use of the line by all.

Here's how you can do your part:

- Listen a moment to make sure the line is clear before you call.
- Try not to interrupt your neighbor's conversation.
- If you hear successive clicks, it means that someone else is dialing a number. Wait until they stop; then explain to the party that you have interfered with his dialing.
- Be careful to replace the receiver after each call.
- If it is necessary for you to make consecutive calls, wait a few minutes between calls.
- Teach the children considerate use of the telephone.

TO CALL ANOTHER PARTY ON YOUR LINE

If you want to know who else is on your line, dial "0" (Operator) and ask for "Skokie 9981." Your Service Representative will be glad to tell you who the other parties are.

Niles party-line customers, when calling another party on their line, do not dial the called telephone number direct.

If you wish to call another party on your line, place the call with your operator.

- Dial "0" (Operator).
- Give the operator the telephone number of the party on your line you wish to call as listed in this directory, and tell her that the number is on your line.
- The operator will request that you hang up your receiver while she rings the other party's telephone.
- Wait a reasonable length of time for the other party to answer while the telephone is being rung. Then, remove your receiver.

If the party you desire does not answer and you want the operator to keep ringing, you can recall her by moving the receiver hook on your telephone up and down.

When the operator returns to the line, ask her to ring again.

PLEASE CHECK THIS LIST BEFORE MAKING CALLS TO NEARBY PLACES

Before making calls to nearby places, please check this list so that you will not call Long Distance unless your call is regularly handled by the Long Distance operator. To all places listed below, please place your call through your regular operator. Niles 7 individual and two-party telephones and flat rate private switchboards, dial direct to places marked (d) (see page 1)

YOUR OPERATORS EXPLAIN OUT-OF-TOWN CALLS

CALLS TO NEARBY PLACES

"I'm your regular operator, and I can connect you with many of the nearby places. (For a list of these nearby cities, please see the table at the bottom of page 4.)

"If you don't know the number of the telephone you wish to call and it is not in this directory, call 'Information,' who will obtain the number for you.

"Person-to-person and Collect calls to nearby towns are handled by a Long Distance operator."

"LONG DISTANCE"

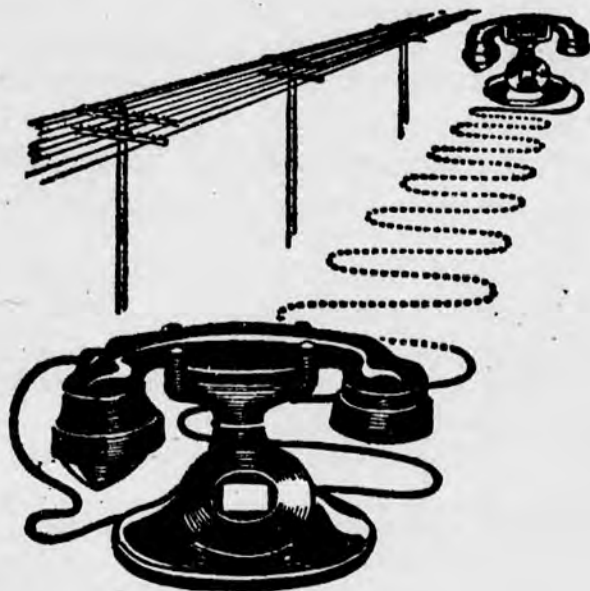

"I'm your Long Distance operator. Just ask for 'Long Distance,' or dial 211.

"Long Distance calls are fast. In less than two minutes, on the average, you're talking to your party or

have a report on your call. We invite you to use this dependable service.

"When you do use it, I'll appreciate it if you'll give me the number of the party you are calling. It will help your call go through that much faster."

STATION-TO-STATION

Place Station-to-station calls when you merely want us to ring a telephone number. Charges begin when anyone answers at the telephone you call.

COLLECT CALLS

If you place a call "Collect," and it is accepted on a "Collect" basis by the person you are calling, it is paid for by him instead of you. The charges are the same as on a regular Station-to-station or Person-to-person call with one exception: There is an additional charge on Station-to-station calls when the regular rate is 35 cents or less and to telephones outside of Illinois when the regular rate is 20 cents or less.

On calls within the State of Illinois: If the party you are calling doesn't accept the charges, a "Report Charge" applies, to be paid by you. No "Report Charge" is made, however, if you decide to pay for the call yourself.

Stokle, ILL

PERSON-TO-PERSON

Make a "Person" call when you want to talk to a particular person, or to a particular telephone or department reached through a private switchboard. Rates are higher than "Station" rates, but charges do not begin until the person or department you want is able to answer.

If you call from a point in Illinois to another point in Illinois, a "Report Charge" will be made if the person you want cannot be reached and you ask the operator to cancel the call.

REDUCED RATES

Between 6:00 P.M. and 4:30 A.M. Monday through Saturday, reduced rates are in effect. Rates are also reduced all day Sunday and on Thanksgiving, Christmas and New Year's. The reduced rates apply to "Station" calls if the initial period rate is more than 40 cents, and to "Person" calls if the rate is more than 60 cents.

For That Home-To-Be...

PLANNED TELEPHONE SERVICE!

Telephone wiring can be as modern and inconspicuous as plumbing and electrical work *if provisions for it are made before your home is built.*

Concealed wiring through the use of rigid, flexible or thinwall conduit enables you to have *built-in telephone outlets* . . . neat little plates similar in design to electrical outlets . . . wherever you desire.

Conduit placed in walls and floors by the contractor at the time of construction, eliminates exposed wiring on baseboards and moldings and reduces the possibility of interruptions to your telephone service. Costs are nominal and the telephone company provides all wires and wiring work. You merely have the conduit installed.

Your telephone company will be glad to consult with you *without cost or obligation* and make recommendations for built-in conduit. Just call our business office and ask for "Architects' and Builders' Service."

ARCHITECTS, CONTRACTORS AND BUILDERS
ARE INVITED TO CALL UPON US FOR HELP IN
PLANNING TELEPHONE FACILITIES.

ILLINOIS BELL TELEPHONE COMPANY

Useful Information and Items of Interest

about

LINCOLNWOOD

NILES

MORTON GROVE

SKOKIE

Lincolnwood is an outgrowth of the Village of Tessville which received its charter in 1911. The name was changed in 1935. Today it is a fast growing residential community, its growth in recent years evidenced by the gain in population from 740 in 1940 to 2,928 in 1949.

Morton Grove, located approximately 15 miles northwest of Chicago's loop, was incorporated in 1895. It is a well established community of homes and Industries. The Forest Preserve properties located within the corporate limits are noted for their natural beauty.

Niles was incorporated in 1902 and now has a population of 2,500. It was a stop over place during stage coach days, when the road, now Milwaukee Avenue, was famous for its Plank Road and Toll Gates.

Skokie is an outgrowth of Niles Center, which was incorporated in 1888. The name was changed to Skokie in 1939. The community contains 250 miles of streets, of which 98% are paved, with curbing, sidewalks, water and sewer systems installed. It is one of the fastest growing communities in the metropolitan area.

Transportation

Lincolnwood is served by the American Motor Coach and the United Coach lines.

Morton Grove is served by the Chicago Milwaukee & St. Paul Railroad and the United Coach bus lines.

Niles—Bus service to Chicago surface lines and to Howard Ave. Elevated Station.

Skokie—Chicago Transit Authority Chicago North Shore & Milwaukee (electric) Chicago & North Western Railroad and American Coach lines.

Civic Organizations

LINCOLNWOOD

Lincolnwood Day Association provides, free of charge, transportation from home to school for all public and parochial school children.

MORTON GROVE

Morton Grove Improvement Association meets the 3rd Tuesday of each month at 8 P.M.

Lions Club meets the 1st Monday of each month at 6:30 P.M.

SKOKIE

Skokie Chamber of Commerce meets the 3rd Monday of the month.

Rotary Club of Skokie meets each Tuesday noon.

Lions Club meets the 2nd Monday of the month.

Civic Women's Club of Skokie meets the 3rd Monday of the month.

Skokie Women's Club meets the 1st Wednesday of the month.

Post Office Information

Lincolnwood—Delivery service is maintained throughout the village by two Chicago branch post offices. Mailing address for locations west of Crawford Avenue is Jefferson Station—Zone 30. All locations east of Crawford Avenue should show Northtown station—Zone 45. Mail should be addressed to Lincolnwood with the zone number shown.

Morton Grove Post Office—6209 Lincoln Avenue—Open from 8 A.M. to 6 P.M. Saturdays 8 A.M. to 1 P.M.

Niles—a postal substation is located at 7205 Milwaukee Avenue. Mail should be addressed to Chicago 31, Illinois.

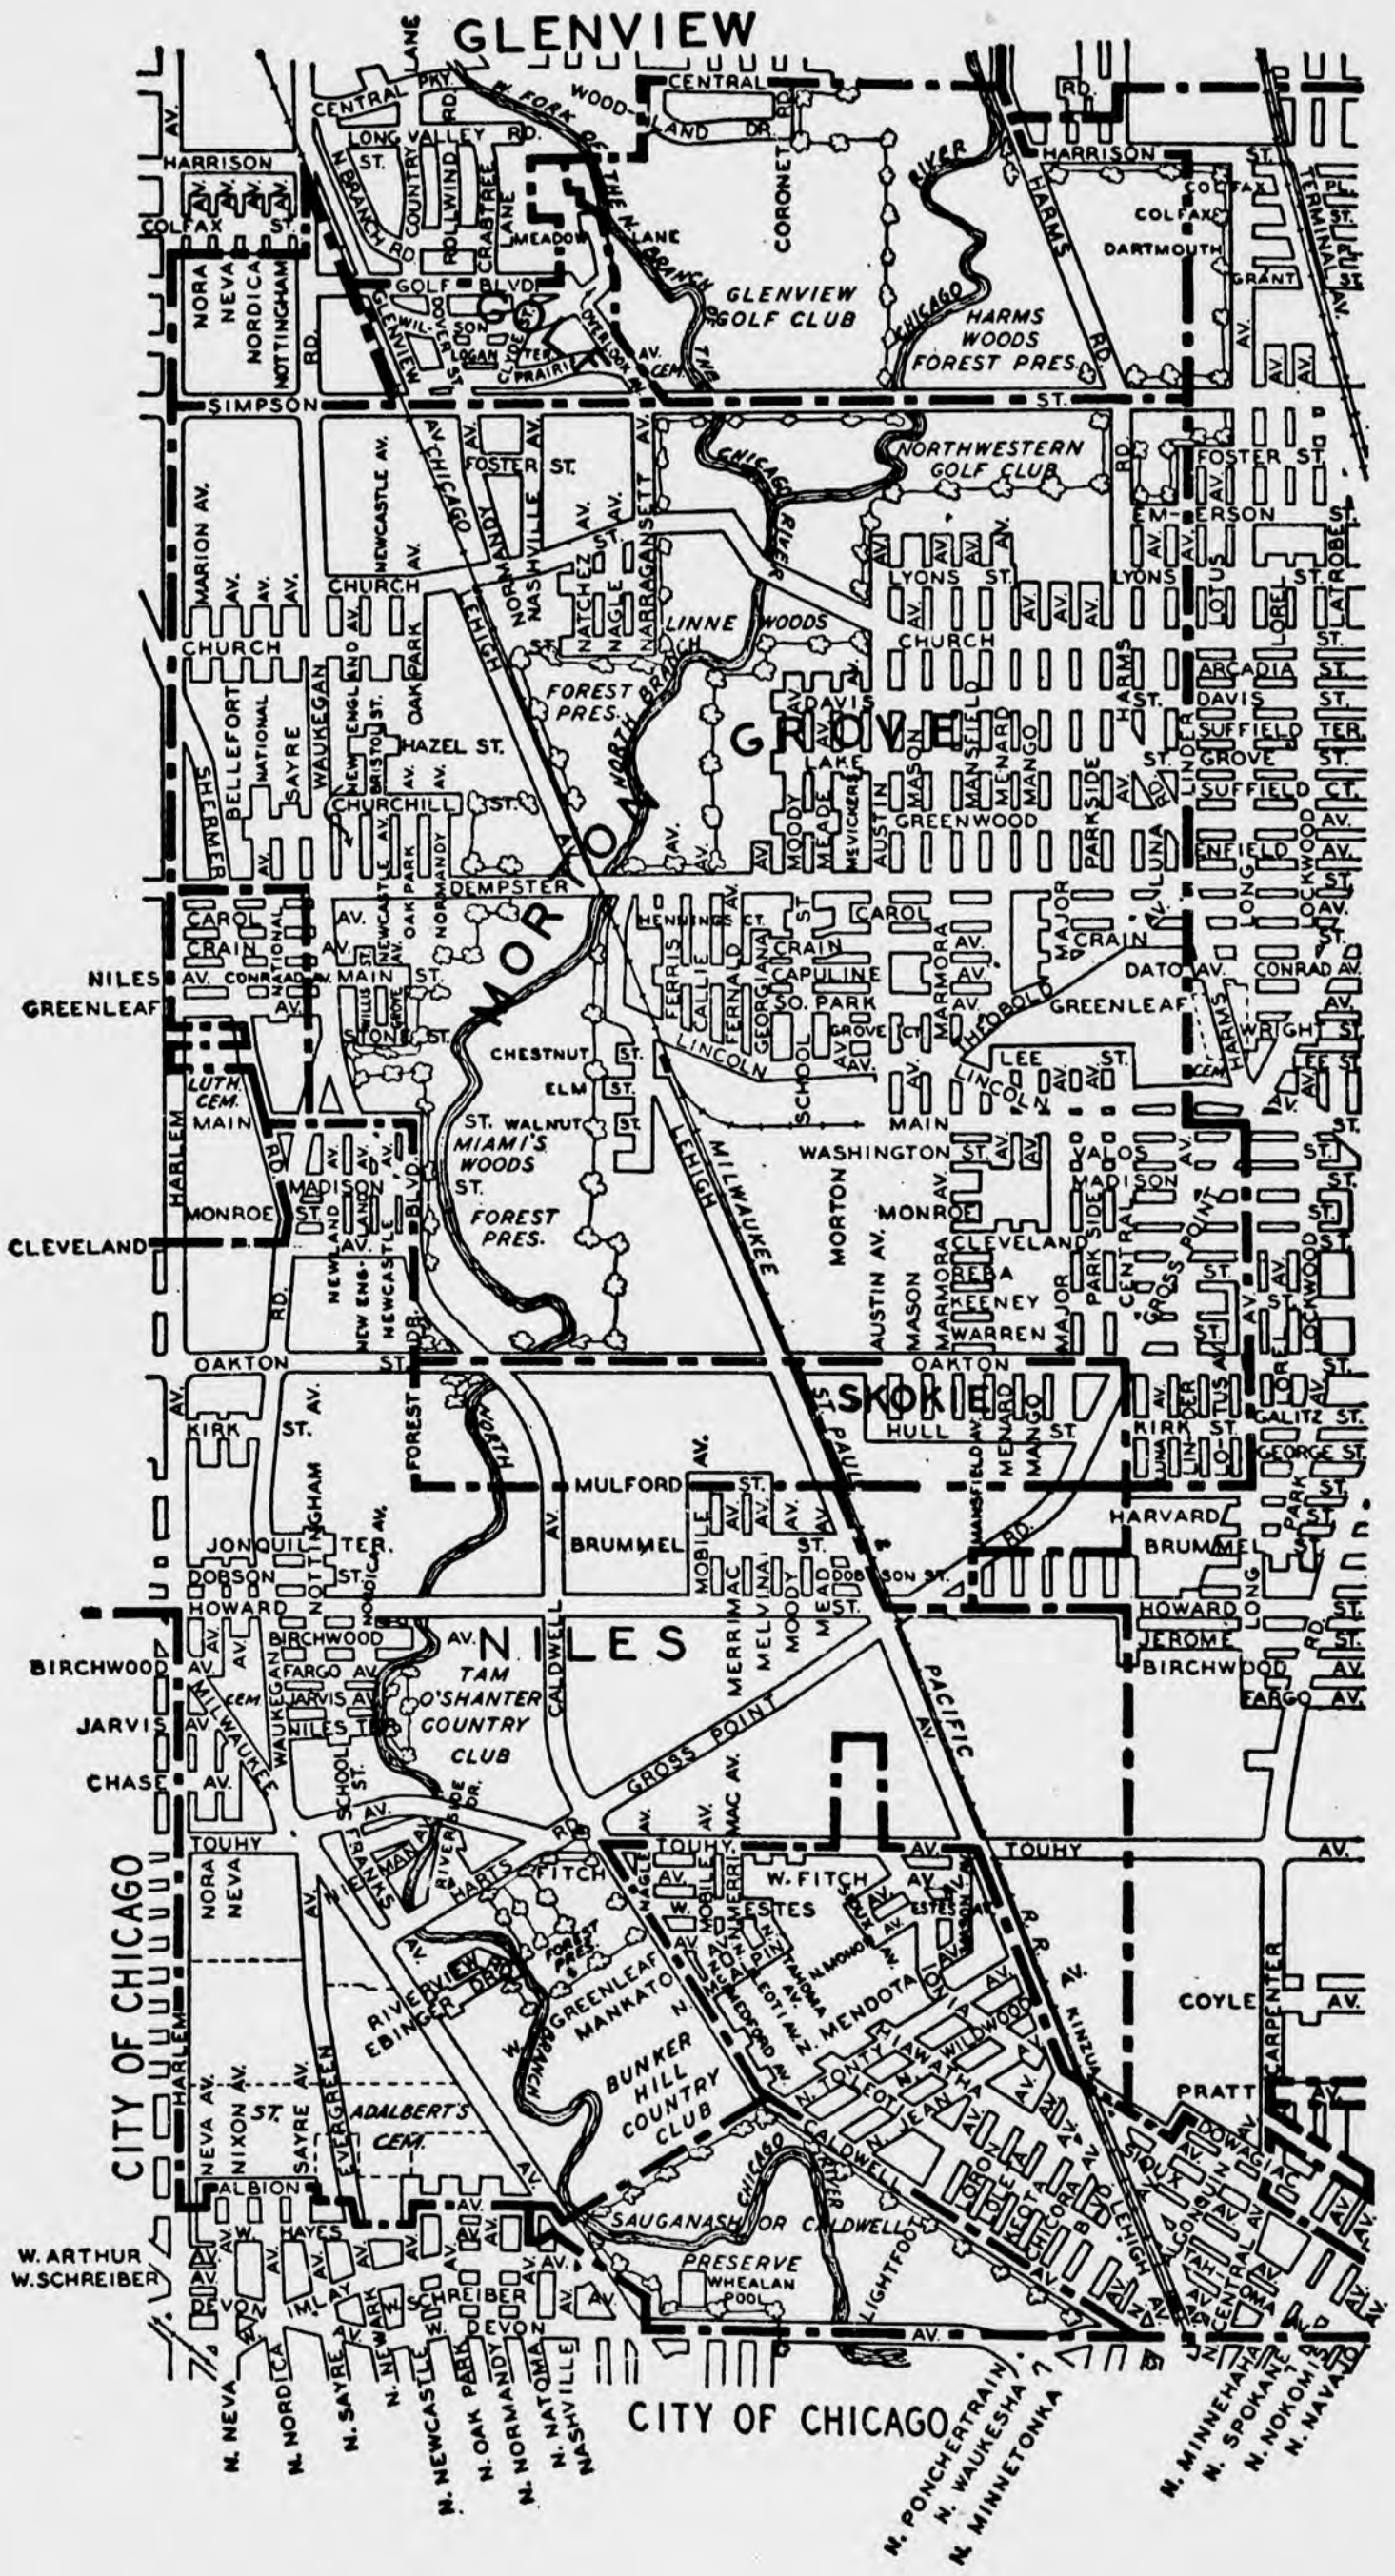

Skokie Post Office is located at 4915 Oakton Street—Open 8 A.M. to 6 P.M. Saturday 8 A.M. to 1 P.M. One home and two business deliveries daily.

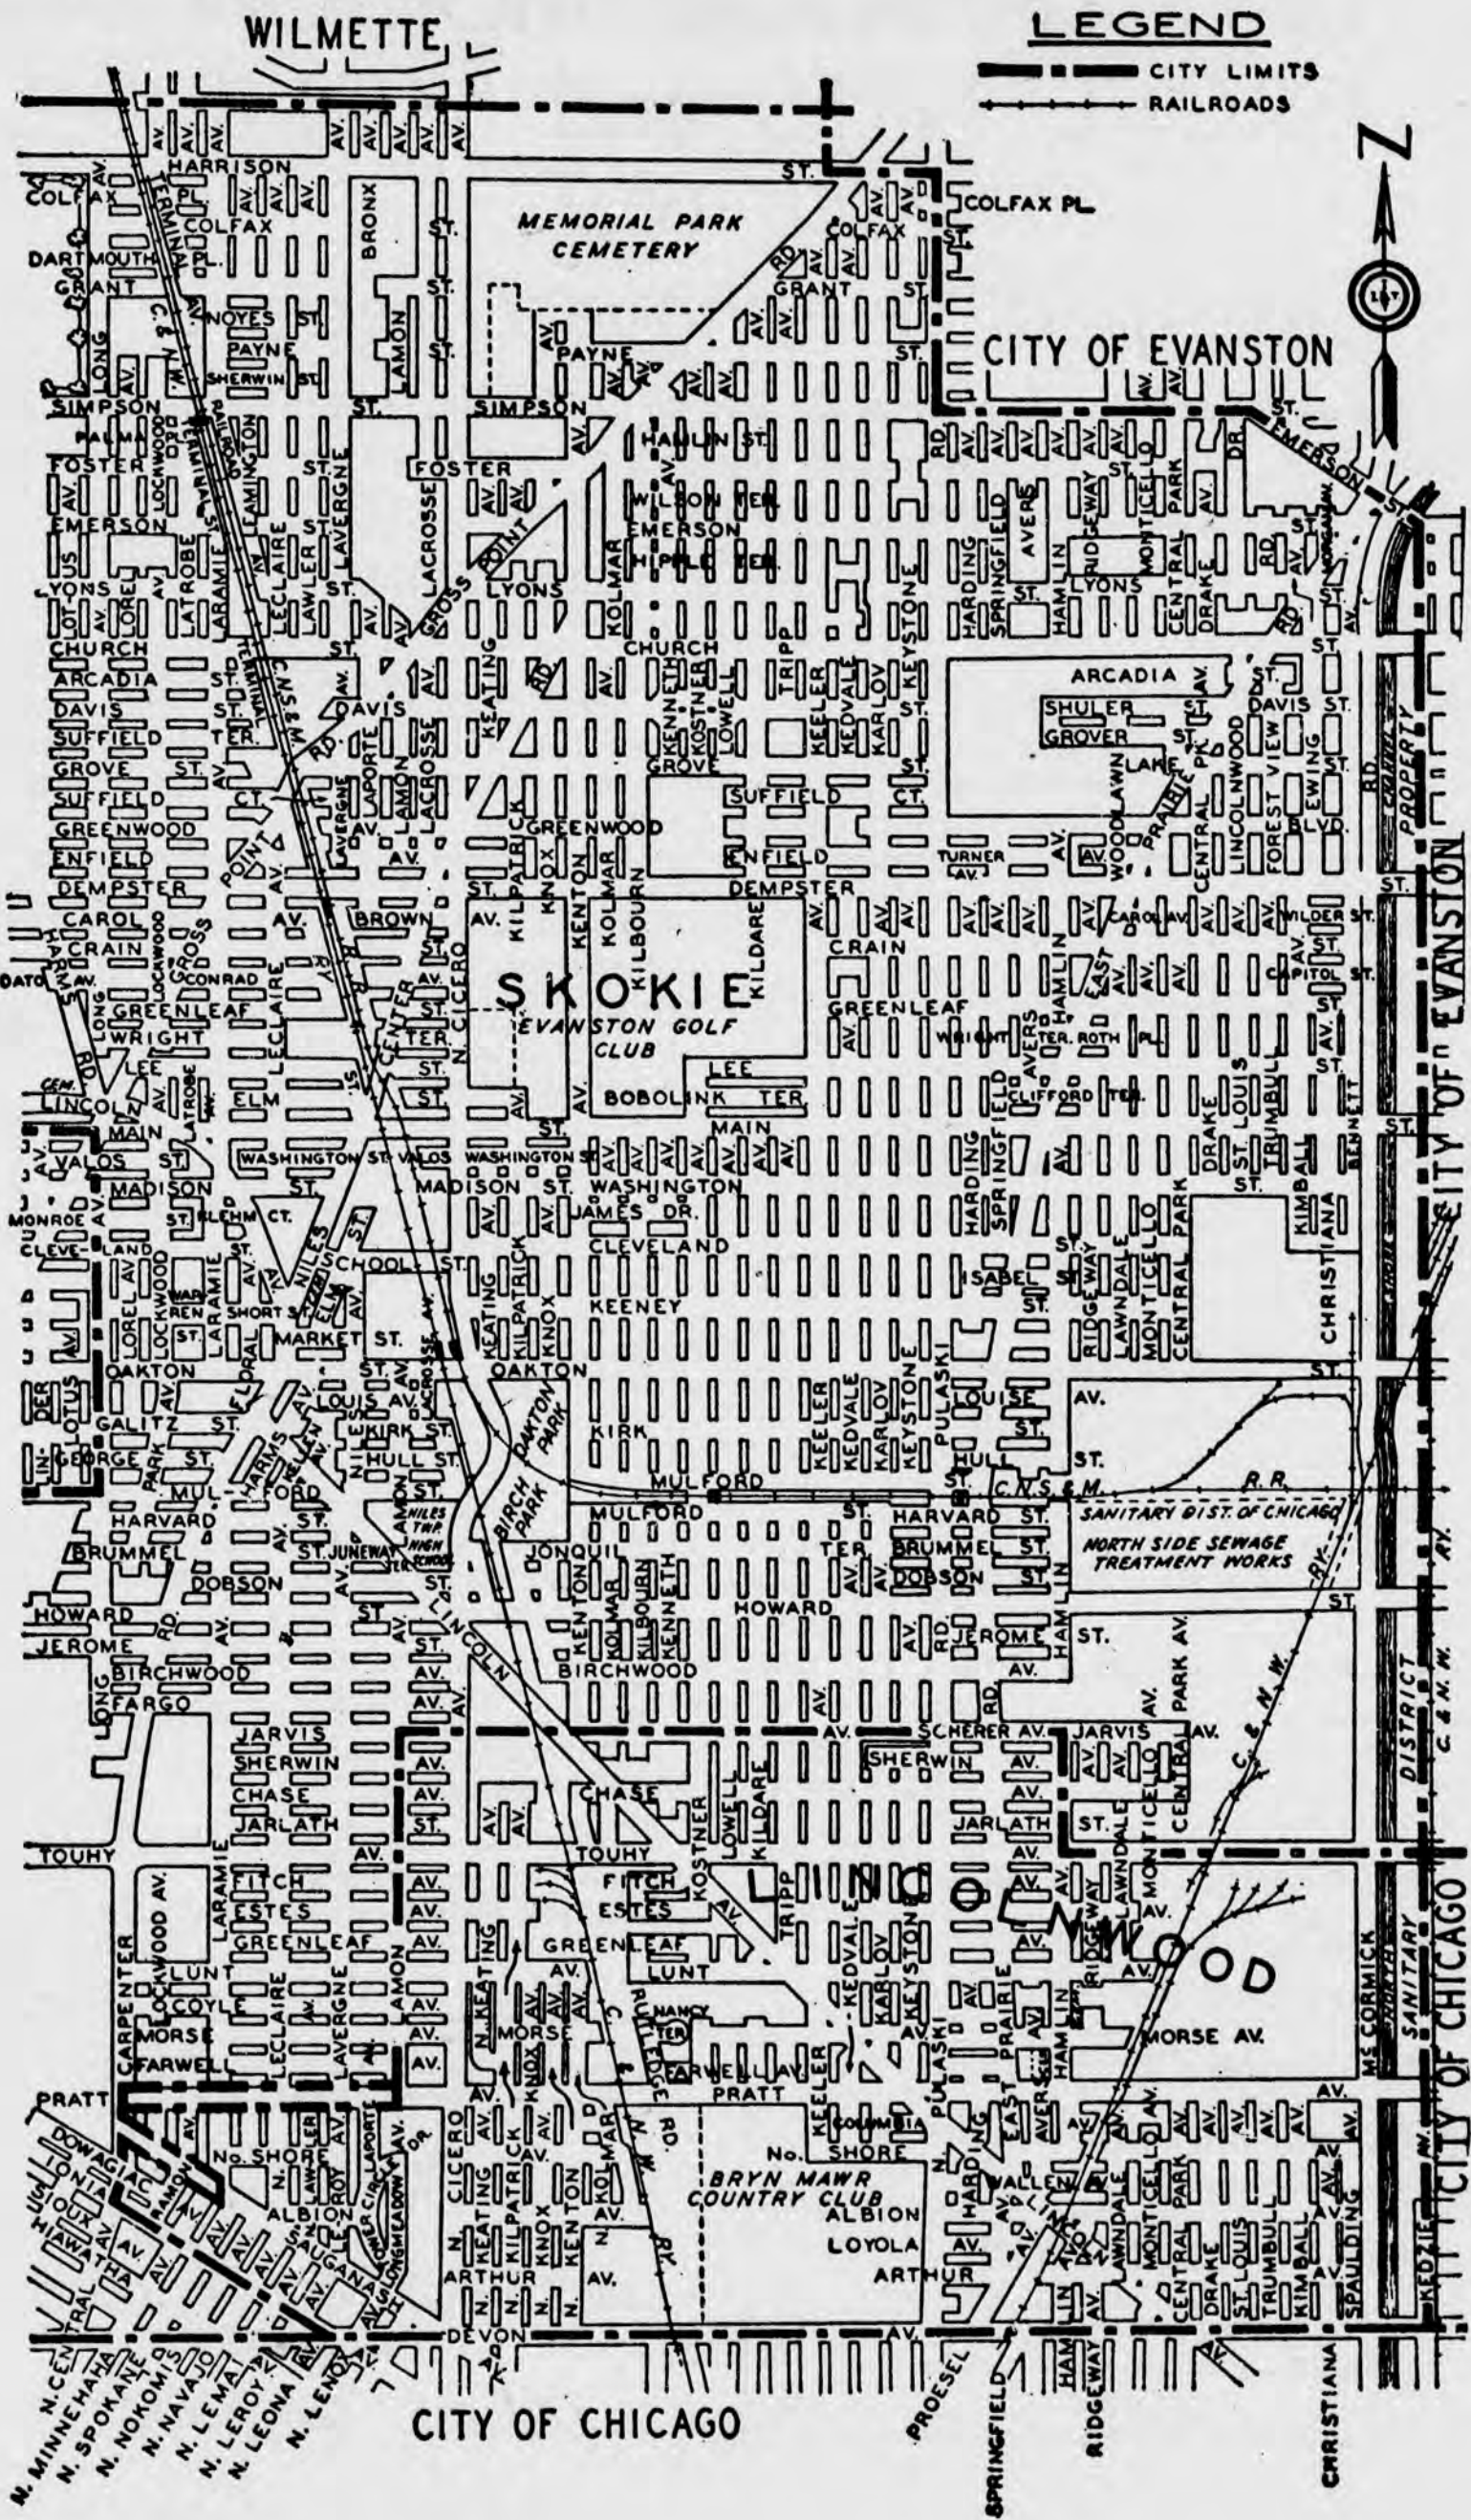

Public Library Information

Lincolnwood Library is located in the school building at Farwell and Crawford.

Morton Grove Public Library is located at 6238 Lincoln Avenue. Open 3 P.M. to 5 P.M. and 7 P.M. to 9 P.M. on Monday and Friday. Other week days from 2 P.M. to 5 P.M.

The **Skokie** Public Library is at 4913 Oakton Street. Hours 10 A.M. to 9 P.M. each day. Wednesday 10 A.M. to 5 P.M.

FREE INSPECTION

This confidential service includes an investigation by laboratory trained experts who diagnose your problem and impartially recommend the proper method to best serve your interests — without obligation on your part.

EXTERMINATION and LICENSED FUMIGATION

Through years of research our laboratories have developed the proper formulae for the immediate control and extermination of pests, vermin, etc., in industrial plants, apartment houses, homes, institutions, etc.

FLY CONTROL

Scientific developments make it possible to "flyproof" properties for the entire season.

TERMITE CONTROL — MOTHPROOFING

Written "Guarantee of Protection." Play safe — if you suspect Termites or Moths ask for free inspection.

PEST CONTROL PRODUCTS

Scientifically compounded. Available in convenient packages for those who prefer to do their own work.

Why tramp around all day looking
for something you want to buy?
A glance in these pages will help
you find the place that sells it.

As simple as

to use the "classified"

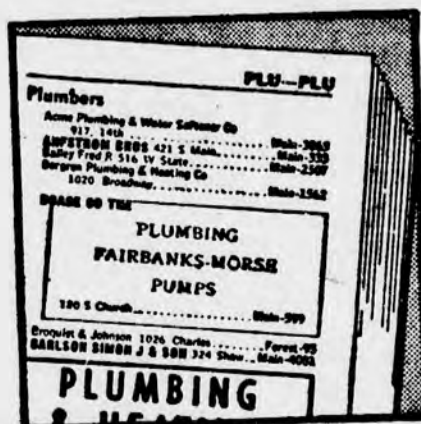

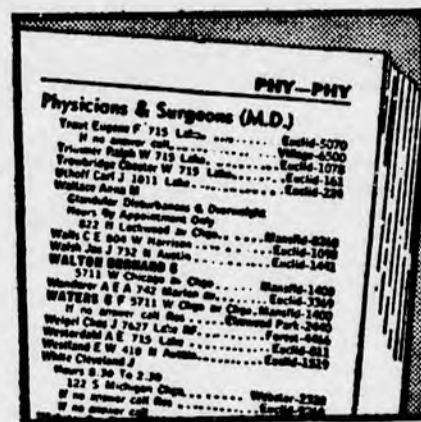

1 When you want a certain brand of goods—perhaps one that you've seen advertised.

Many trade marks are listed here—Goodyear Tires, Frigidaires, Chevrolets, the Insurance Company of North America. Under these, you'll find lists of dealers.

3 When you want the telephone number of a business or professional man.

Lists of names are shorter here, easier to scan. Instead of poring over long columns of "Smith" in the white pages, you usually spot "Smith C. G." at a glance under "Physicians."

2 When you must locate the nearest dealer or shop quickly.

For example, a water pipe is leaking. Turn to "Plumbers." Run down the list until you pick one with an address near you. His name and telephone number will be shown.

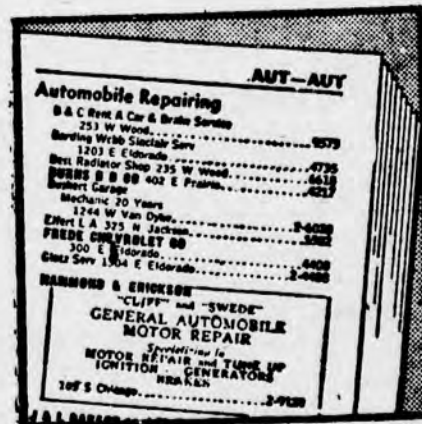

4 When you've forgotten the name of a shop, but remember its location.

You know, for instance, that there is a beauty shop near a certain corner. Look under "Beauty Shops" for one with that address. You'll find its name and telephone number.

5 When you don't know who sells an article or service you want.

Suppose your automobile needs overhauling. Look under "Automobile Repairing." You'll find the names of the shops that do such work.

LET THE...
Yellow Pages
 ...HELP YOU

REGULATIONS

APPLICATIONS

Applications for original establishment of service must be made on the Telephone Company's standard application forms. Requests from subscribers for additional service, equipment, etc., may be made orally or in writing, and upon approval, or installation of the service, become a part of the original application. An applicant for service must pay all previous indebtedness to the Company for telephone service before service will be furnished.

ESTABLISHMENT OF CREDIT

In order to insure the payment of all charges due for its service, the Telephone Company may require any subscriber to establish and maintain his credit in one of the following ways:

- (1) By furnishing references acceptable to the Telephone Company.
- (2) By providing a suitable guarantee in writing, in form prescribed by the Telephone Company.
- (3) By means of a cash deposit.

The Telephone Company may require the subscriber to increase the amount of the deposit at any time if, in its opinion, the charges billed against the subscriber are found to warrant such an increase.

Interest at the rate of not less than 5% per annum shall be paid by the Company on all deposits made for the purpose of establishing credit.

Service may be discontinued for failure to establish credit, as authorized above, within five days after the Company has served or mailed notice requiring the subscriber so to do. Where service has been discontinued for failure to establish credit as authorized by these Regulations, the regular restoral charge will be made and collected by the Company.

OWNERSHIP AND USE OF THE EQUIPMENT

Equipment, instruments and lines on subscriber's premises, furnished by the Telephone Company, shall be and remain the property of the Telephone Company, whose agents and employees have the right to enter said premises at any reasonable hour for the purpose of installing, inspecting, or repairing the instruments and lines or for the purpose of making collections from coin boxes and, upon termination of the service, for the purpose of removing such instruments and lines. Such equipment is not to be used for performing any part of the work of transmitting, delivering or collecting any telephone message where any toll or consideration has been or is to be paid any party other than the Telephone Company, without the written consent of the Telephone Company.

Subscribers must not use or permit to be used any electrical or mechanical apparatus or device in connection with the equipment or facilities furnished by the Telephone Company without the written consent of the Telephone Company, or permit the attachment of any advertising devices, except upon the approval of the Telephone Company. In case any instrument, apparatus, or device of any kind other than that furnished or approved by the Telephone Company is attached to or connected with any part of the Telephone Company's property, the Telephone Company shall have the right to remove such instruments, apparatus, or devices or to suspend the service so long as such instruments, apparatus, or devices are so attached or connected, or to terminate the service.

INTERRUPTIONS TO SERVICE

When requested by the subscriber, if service is interrupted for more than 24 hours, and for causes other than

the negligence or willful act of the subscriber, an allowance shall be made, at the minimum rate for the telephone facilities and class of service affected by the interruption, for such time as the interruption continues. No other liability shall attach to the Company in consideration of such service interruption.

TELEPHONE NUMBERS

The subscriber has no property right in the telephone number or any right to continuance of service through any particular central office. The Telephone Company may change the telephone number or the central office designation, or both, of a subscriber whenever it deems it desirable in the conduct of its business so to do.

TELEPHONE DIRECTORIES

Directories regularly furnished to subscribers are the property of the Telephone Company, are loaned to subscribers only as an aid to the use of the telephone service, and are to be returned to the Telephone Company upon request or when new directories are issued. The Telephone Company shall have the right to make a charge for directories issued in replacement of directories lost, destroyed, defaced, or mutilated while in possession of subscriber.

No liability arising from errors or omissions in the making up or printing of its directories shall attach to the Company except in the case of charge listings, in connection with which its liability shall be limited to a refund at the monthly rate for each listing for the time an error or omission continues after reasonable notice in writing to the Company.

USE OF SERVICE

Subscriber telephone service is furnished only for use by the subscriber, his family, employees, or business associates, or persons residing in the subscriber's household, except as the use of the service may be extended to joint users or to persons temporarily subleasing a subscriber's residential premises. The Telephone Company has the right to refuse to install subscriber service or to permit such service to remain on premises of a public or semi-public character when the instrument is so located that the public in general or patrons of the subscriber may make use of the service.

PAYMENT FOR SERVICE

The subscriber is required to pay, in accordance with the Telephone Company's established tariffs, collection and billing practices, all charges for exchange service and equipment, and for all toll messages or service rendered to his station, including all toll messages on which the charges have been reversed and accepted by any party at his station. All bills are due when rendered and are payable at the Telephone Company's business offices.

In the event that any sum due (except as provided below) is not paid on or before the 14th day after the issuance of the bill, a written notice may be sent to the subscriber, calling attention to the fact that the amount is due; and, if payment is not made within seven days thereafter, the Company may deny service without further notice.

When the service of a subscriber has been denied in accordance with the preceding paragraphs, but the service has not been terminated or the order to remove the service has not been completed, if such service is restored, a Restoral of Service Charge of \$1.50 will be made. In case service has been denied, in addition to the restoral of service charge, the subscriber will be required to pay all service charges up to the time of restoral of service. Subsequent to the completion of an order to terminate the service, it will be reestablished only upon the basis of a new service application.

These Regulations are Excerpts from the Official Regulations of this Company as on File with the Illinois Commerce Commission, February 7, 1950.
