"Anywhere" USA

*is only seconds away
by telephone*

phones in color for modern living

You wouldn't be satisfied with one water faucet in your home. Why be satisfied with one telephone? Modern living calls for "finger tip" convenience and cheerful colors. Treat yourself to handy color phones in each of your living areas—kitchen, bedroom . . . wherever you spend a great deal of your time. You'll find them a big help and attractive, too. Just call your service representative at the Business Office to order yours.
