

'Sponsor' the Nazis

Courts have upheld the right of the Nazis to march in Skokie. I am appalled!

But if this march has to go on, the Jews should make something good come of it. My neighbor had a plan I agree with: The Jews should sponsor the Nazi march as though it were a walkathon and give the proceeds to the State of Israel.

The Nazis chose Skokie for one reason, to bring back dreaded memories of horrors in concentration camps to many Holocaust survivors living in Skokie. Sponsoring the Nazis to walk would be the best thing Jews and all people can do in response.
