NEW CHANGES AFFECT WEST

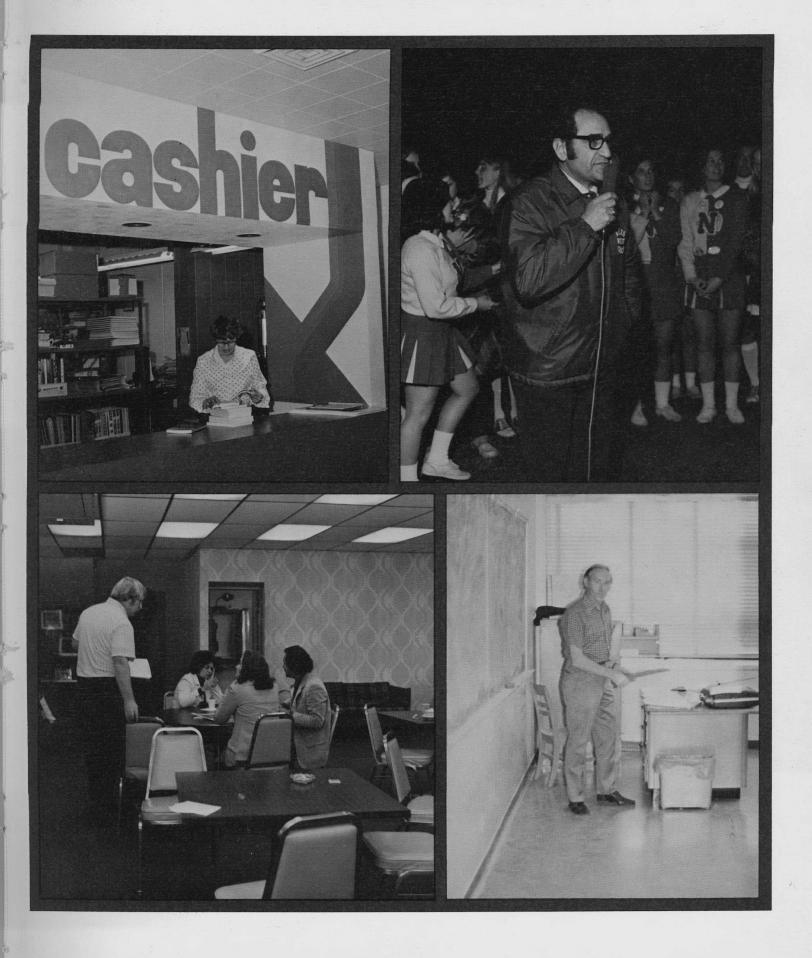

Many changes have come to West this year. Many of the departments had open houses for students to investigate courses for next year. All departments in general made many attempts to make students aware of new courses and programs that would be offered next year. Physical changes were also present. A new wall was erected between the student lounge and the industrial arts hallway. The wall will be used for Drama and other club sponsored shows for publicity.

For some teachers, however, a great change occurred. This year Driver Education teacher, John Harmon, retired after 14 years of teaching at West. As the school and teachers go through many changes throughout the years, so do students. This year's theme is **Spectrum '75** in Song. There are different songs that express people's emotions throughout activities and problems of everyday life.

ACADEMICS

SCHOOL BOARD LOOKS AT CURRICULUM

In addition to its regular jobs of seeing to physical facilities, personnel needs and budgetary problems, this year the school board examined the curriculum of the three Niles Township schools to determine if they are meeting the needs of the students, and achieving the goals set for the district. Also under consideration by the board was the role of the counselors in the schools.

ADMINISTRATORS SEEK "COMMUNICATION"

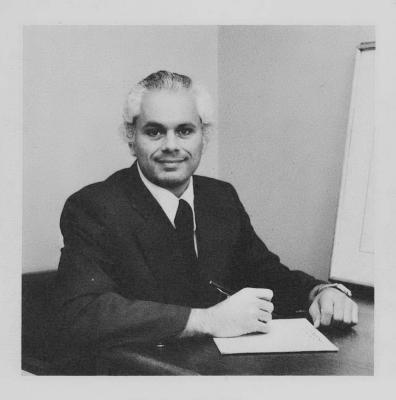

After his fourteenth year at Niles West, Dr. Nicholas T. Mannos continued as the top administrator. As principal, Dr. Mannos was responsible for the changes and events at West. However, Dr. Mannos was not alone in his supervisory position. Assisting him were the eight Directors of Instruction. The Directors were Mr. Richard Antes, Dr. Edward Brufke, Mr. Dennis Fickes, Mr. Dale Flick, Mr. Jerry Kupferberg, Ms. Geri Nash, Mr. Harold Trapp, and Mr. John Winterhalter.

Dr. Mannos attempted to strengthen all areas of education and curriculum, with the prime goal set for communication. In his office his open door policy welcomed all students who entered. Dr. Mannos also assumed the role of a homeroom teacher this year.

"A Bright Learning Place For All" was the 1974-1975 theme. Due to the outstanding staff and the immense curriculum, Dr. Mannos' goal was achieved.

GUIDANCE DEPT. AIDS STUDENTS

Ms. Mary Carr

Mr. Frank Mustari

Dr. Arthur Ryden

The Niles West Guidance Department successfully led students through another school year. Guiding nearly 300 pupils apiece, each counselor contended with a great amount of work which consisted primarily of schedule changes, applications for college admission, and the credit-audit program. They also reported students' grades and counseled their behavior.

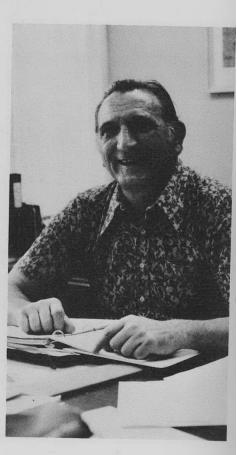

The Guidance Department also provided such services as an effective testing program, job information for students, and an accurate listing of scholarship offers. The computer or Interactive Learning System was available again this year and made information on colleges and vocations accessible to students in seconds. Once more, the counselors have proven to be an invaluable asset to Niles West students.

ART DEPT. PROMOTES CREATIVITY

The Art Department continued to provide West students with the opportunity to acquire new skills and develop practical talents. Courses in drawing, painting, printmaking, ceramics, sculpture, graphic design, and crafts were again offered.

The Art Exchange Program, in addition to the new display cases, proved to be effective in showing off the talents of the Art Department. The program had the best artwork of West students making the rounds at elementary schools which feed into West. The purpose of the program was to illustrate to the younger students the high quality work being done at the high school level. The Art Department also held two successful art shows this year.

Educating students for survival in the outside world was a main goal of the Business Education Department's accomplishments. Courses such as Shorthand, Consumer Economics, Accounting, Typing, and Office Machines were but a few of the many courses available for students. These courses provided as much instruction as many of the Junior Colleges and Business Schools provide. The facilities, as well as the fine instructors, enabled students at West to achieve a high-leveled education.

C.V.E. . . . A NEW CONCEPT IN EDUCATION

Mr. Glen Anderson

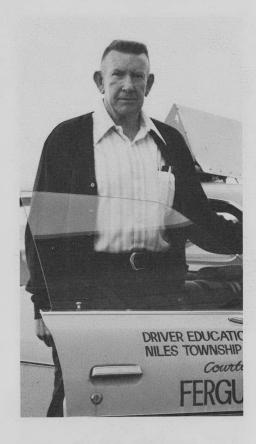

Mr. Gene Volkman

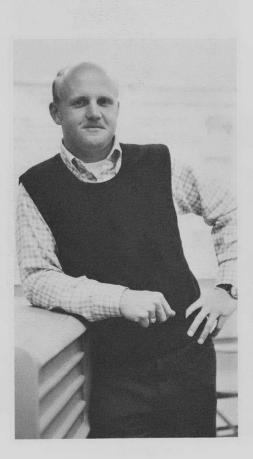

The Cooperative Vocational Education Department provided students with the opportunity to apply skills learned in school to the changing world of work. Another aspect of CVE was the related classroom instruction. The class was conducted much like any high school class. Students met daily with their coordination-teacher for a regular class period, had assignments and were evaluated. Some areas explored by teachers and students in CVE were money managing, contracting for goods and services, buying and using government services, the student and his work, applying for a job, and the job itself, including evaluation of the job experience.

DRIVER'S ED. DEPT. STRIVES FOR SAFETY

The Drivers' Education Department successfully provided its 550 students with the necessary instruction for safe automobile driving this year. The full semester course consisted of two phases. In the classroom phase, students learned the existing and proposed rules of the road, physical and mental factors affecting the driver, concepts necessary for safe motoring, and the functioning of the motor vehicle. The behind-the-wheel phase consisted of twelve hours of simulation and four hours of actual driving experience, and also included the teaching of motor skills, visual observation principles, applications of laws, and the making of accurate, properly timed judgements in response to the many varied driving situations.

WIRELESS LISTENING CENTER INSTALLED

This year the foreign language department marked the installation of the wireless listening center. This system allowed up to thirty-six students to listen to any of six programs the console can broadcast at one time. The listening center can transmit any of the more than 500 cassettes in the foreign language resource center library or from a phonograph, microphone or tape recorder. This new system was hailed by all as an advancement towards individualized learning.

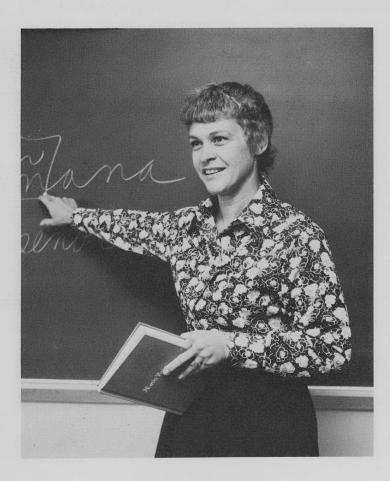

Also new to the foreign language department were Spanish teacher Roger Stein and Hebrew teacher Alex Miron.

SCIENCE IS COMPUTERIZED

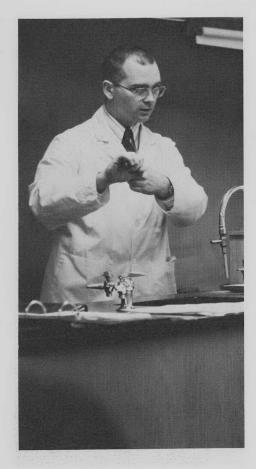

The computer was used as an effective teaching aid in many science courses this year. It was programmed to provide teachers with lists of problems and their answers for use in the preparation of examinations. It also supplied students with an accurate method for checking calculations and interpreting experimental data gathered from laboratory investigations. The computer proved to be a valuable learning device and its usage symbolized another progressive move for the Science Department.

MEDIA CENTER TAPPING STUDENT TALENT

In an ever-increasing effort to arouse the students' interest in the world around them, this year the Media Center showed a series of films, ranging in topic from ecology to boating, to photography.

Although enrollment at West was down, the student use of the Media Center was greater than ever.

The increase in student interest was due to the expansion of the collection including many new rock albums.

The Media Center's proudest achievement over the year was the seeking out and usage of student talent in conjunction with the nursery school. Many students over the year used their talent to entertain the children in the nursery school.

CLUBS

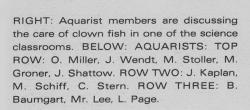

AQUARISTS BREED ANGEL FISH

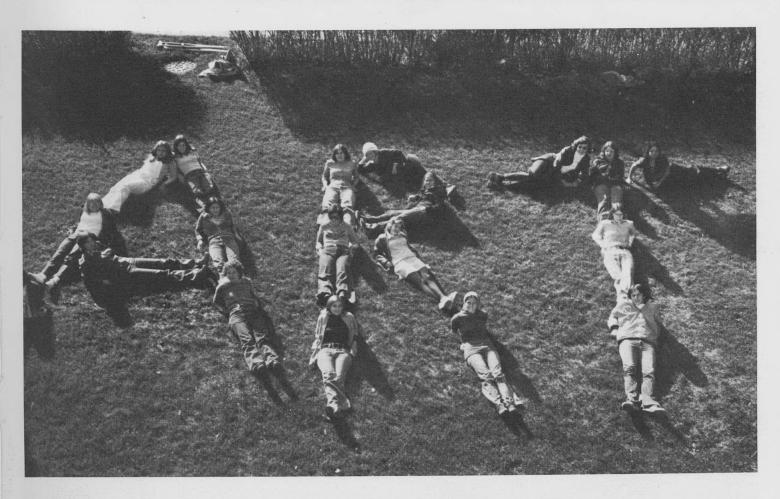

The Aquarists Club should be commended for the beautification of our usually drab third floor with Angel Fish and plants of all sorts. As any tropical fish collector could tell you, the keeping of the tank, located accross from the main staircase, was a job requiring much time and effort. Mr. David Lee was the sponsor of this year's club. The Aquarists also cared for the many smaller tanks in the science area, and attempted the breeding of Angel Fish.

In addition to attending art shows, they also set up demonstrations at Niles West and at junior high schools.

AERONAUTICS LAUNCH "SLOTOWSKI"

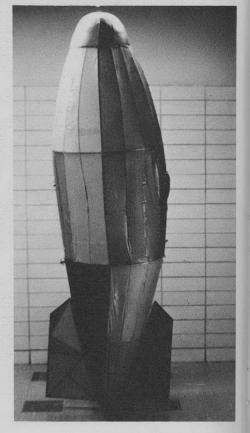

The Niles West Aeronautics Club was an asset to this year's science department. The sponsor, Mr. Emmet Carlson, provided a variety of experiences for students interested in aeronautics. Apart from the building of model airplanes and rockets, the members did research in other areas of aeronautics and flight. The president of the club was Evan Kharasch, and the vice president was Mark Homer. During the month of May, the club went on a field trip to Wisconsin and flew the dirigible "Slotowski."

HARRIERS HAMPERED BY INJURIES

After looking forward to an excellent season with returning lettermen Tom Becker and John Edmonds, the Varsity Cross Country Team experienced severe injuries to co-captains Tom Becker and Chris Arendt. Despite these injuries the team still had a better than average season. The team was led by Sophomore Brian Tolan who was also a Central Suburban League All-Conference runner. Coach Pat Savage indicated that the team lacked runners to replace the injured.

SWIMMERS DROWN IN COMPETITION

The 1974 season turned out to be a disappointing year for the GIRLS' SWIM TEAM, because of their record of two wins and four losses. However, the team did have some exceptional swimmers; Peggy Lovelady, Cindy Speidel, Maureen O'Malley and diver Cheryl Peterson. Although the team had excellant coaching, it lacked sufficient depth and talent.

VARSITY HAS GREAT DEPTH

ABOVE: G. Missner has clearly beaten his opponent under the basket and shoots an easy lay up.

This years Varsity Basketball squad had the most depth of any team coach Bill Schnurr has had at Niles West. The problem was the players were inconsistent. Many players had good performances but had poor followup. Another problem was the lack of strong all-around players. Senior guard M. Block was consistent and played good offense and defense. The forwards were led by B. Krueger and B. Pindras, a great defensive player. On the Junior Varsity level there was a lack of height, but the players were hard workers. SOPHOMORES LACK QUICKNESS

The Sophomore Basketball Team had a lack of players with all-around ability. They were also erratic. The consistent ball player was J. Anastos. The major weakness was a lack of quickness. A strong point was the team's ability to play under pressure. They were able to score easily on other team's full court presses. With a record below 500, the year was a disappointing one, but the players are still developing.

The best way to describe the Freshmen A Basketball team is inconsistent. They showed great potential in games against Maine West and Deerfield but in other games they didn't play well. The leading player on the team, was S. Heiniger. Other leading players were C. Wheeler and T. Deters. Coach Lamb cited good defense and aggresive play as the strong points of the team, while a lack of size hurt the team.

Straka, and top rebounders L. Grvjanac, P. Travlos and K. Madziarek. The team won its games using a tough full court press and a good shooting percentage of 40%. The team's major weakness was its inability to shoot free throws which caused a few close losses.

This years Varsity Fencing Team boasted the two top fencers of this area, seniors K. Koester and A. Diamond with soph M. Ferdman close behind. All three of these fencers will be members of the Junior Olympic Team which will go to Portland, Oregon. This team is probably the best ever coached by coach Art Leipold with all the great juniors from last year's squad back this year. The team should go 18-1. The only disappointment was the fact that senior co-captain C. Kozak has not fenced as well as expected. On the Frosh-Soph level the only consistent fencers were B. Lindgren and R. GIRL RUNNERS BREAK RECORDS

With most of last years excellent league and conference winning team returning again, this year, the Girls Track team had another superior spring. Last years team was comprised mostly of juniors and sophomores. The girls who led the team again this year were, sprinter D. Balmes, hurdlers, J. Dedo and M. Coursey, long jumper K. McGuire and long distance runners S. Schroeder and N. Knox. This years team is still composed mostly of juniors.

EXPERIENCE LEADS TO SUCCESS

The 1975 Badminton team, was led by first year coach, Miss Judy Kay. Due to many experienced returning players, the team showed great success. They faced many tough competitors from various schools as Maine South, Glenbrook North, and New Trier West. Coach Kay seemed hopeful after last year's undefeated season.

GIRLS EXHIBIT SKILLS

The 1975 Girls' Softball team, coached by Miss Leanne Heeren, had a very successful season. The success was attributed to the many returning players. The girls improved on their hitting and fielding. They faced tough competition but kept up teamwork. Miss Heeren was very pleased with this year's season.

For the first time in Niles West history, a girls' Basketball team was formed. Under the coaching of Mrs. Mulder and Miss Ashford, the girls planned on building for the future. The girls played excellently for their first year, defeating their first two opponents. The girls put up a great fight against the League Champions, Maine South, and held them to their lowest point total. The teams strengths were their consistent defense and their balanced offense.

SPECIAL EVENTS

BASRAK FIELD DEDICATED

To honor one of Niles West's leaders, on September 7, before an enthusiastic crowd, the football field was dedicated to Michael J. Basrak. His family and other speakers reminisced about Mr. Basrak's career at Niles West. The community was proud to dedicate a fitting memorial to a truly great man.

FRESHMEN COME TOGETHER AT MIXER

This year's Freshmen Mixer once again helped the Freshmen get acquainted. This annual event provided an opportunity, other than during school, for Freshmen to begin friendships and meet fellow students with similar interests. Although the attendance was not overwhelming, the students who attended had a good time.

GUIDANCE HOSTS COLLEGE NIGHT

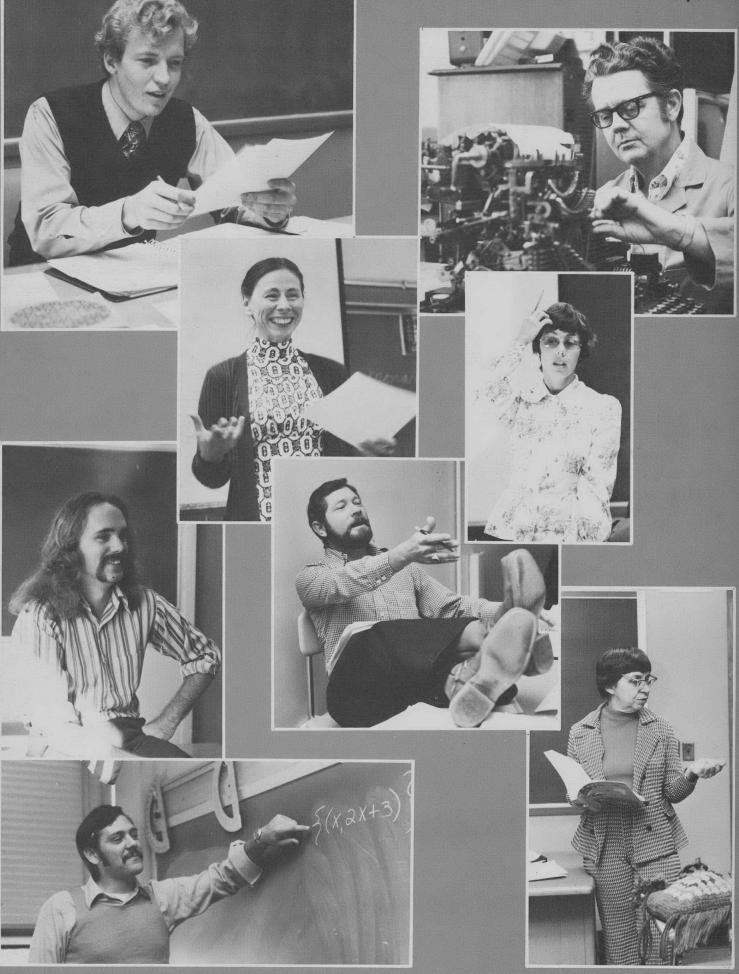

The Niles West guidance counselors hosted Chicago area's largest high school College Night. The department arranged to feature some 180 different colleges. The vast representation made it possible for every interested college bound student to find out about a school his interests could follow. The schools in attendance covered all major fields of interest and financial statuses. They ranged from the East coast schools of Yale and Princeton to the West coast's Stanford, and included many others across the country. The students as well as counselors and parents, were enthusiastic about the turnout of colleges made this evening such a success.

POW WOW MAKES A COMEBACK

Pow Wow made a great comeback this year after two years absence. Under the direction of Ray Rueb and advisor Bob Johnson the tradition of Pow Wow was brought back to West. Vaudeville '96 came off beautifully with the school's very talented singers, dancers, and comedians working together.

Jack Glick and Dave Levine were superb in their roles as older men. Laurie Topol choreographed a dance to "We've Only Just Begun," which showed her creative dancing ability. Roblyn Smedberg and Lynn Knoblock did a very funny parody on "Swan Lake." Standing Company added much to the show with their big show numbers and Orchesis added much dancing talent to this very well put together show.

The steering committee did a fabulous job of keeping the cast together as most of them were amateurs at the job. They put many hours of hard work into the show and a great deal of this work showed during the success of Pow Wow. Ray Rueb did a fine job of pulling everyone together.

S. Drazner, J. Doman, C. Rich, R. Mann, N. Daniel, J. Polin, and L. Goldberg display their dancing talent as vegetables.

J. Nudelman and G. Trotter cook up a storm in their act of Julia Grown-up.

NILES WEST PRESENTS FIDDLER ON THE ROOF

Fiddler on the Roof was a play concerned with the lives of a jewish family in Russia. Under the direction of Robert Johnson, Ton Engel, Molly McGee, Pat Burrows, and many other people, Tevye (J. Sanders), Golde (B. Salzman), the daughters (E. Moytl, S. Beda, and R. Brainan) become real life characters. The story dealt with the marrying off the three daughters. The story shows the old traditions, and superstitions of a small community. The first marriage can only take place if a miracle happens, and it does. The family is visited by Grandma Tzeitel (J. Doman). Besides trying to marry off his daughters, Tevye has a goal " . . . if I could only be a fiddler on a roof "

ABOVE RIGHT: Tevye (J. Sanders) and his wife Golde (B. Salzman) argue over their daughters future husbands. RIGHT: Tevye's three eldest daughters Hodel (S. Beyda) Tzeitel (E. Motyl) and Chava (R. Brainan) try to escape reality.
