Mom and Dad...

Let us help make little dreams come true. Here at Jack 'n Jill we've made a speciality of stocking just the right toys to fill your Christmas lists. Shop early though! Supplies are limited and they're going fast!

THE HELLYER SAY

by ART HELLYER

Looking forward:

At Christmastime, every girl wants her past forgotten and her present remembered.

Our youngsters who are on the Santa Claus borderline claim that this year they're going to find out for sure. Christmas Eve they're going to hang fish hooks in the chimney.

My uncle and his family had an electric Christmas last year. Little brother got an electric train, baby sister got an electric toy iron, my aunt got an electric washing machine, and uncle got the electric chair.

Santa Claus is the only man who can run around with a bag all night and not get talked about.

I want to thank the Villager for the wonderful Christmas gift. We received a beautiful 114 piece after-dinner set – a box of toothpicks.

As I watch our four children looking forward to the rapidly approaching Christmas, I think back to my childhood, for I, too, was one of four youngsters. And strangely enough, we were two boys and two girls, as is my family.

I can't recall too clearly those Christmases in Glen Ellyn, although the season of 1928 stands out because on Christmas Day I was running across the dining room with a toy airplane (a model of Lindy's plane) when I stumbled and rammed the propellor into my skull just above the eye. This was followed by a quick trip to the Elmhurst Hospital. Little did I know then that years later I would make many trips to that same hospital, and return each time with a babe in arms.

Christmas 1933 stands out in my memory because even at the height of the depression, the man with the beard came calling, and I still have the American Flyer standard gauge model of the Olympian in our family railroad museum. Christmas 1935 was a rough one. A few months earlier we had been involved in a serious automobile accident in Ohio, and even though Mom and Dad were still hospitalized, somehow the old gent with the beard made it. High School years in the late thirties saw the annual coming of Christmas starting to mean more than material blessings. I was growing up, and with this maturity, just having the family near was the most important thing at Christmastime.

Working at the post office one Christmas, and wrapping gifts another year in the basement of a loop department store helped me come of age and appreciate Christmas even more. Now I was going to college and working and learning what a sacrifice my parents had made over the years—especially those lean years of the depression.

Then came the war, and Christmas away from home for the first time. Christmas Church services helped unite us with the folks at home, and during these years we prayed the Christmas theme year round — "Peace on Earth, Goodwill Toward Men." Then suddenly, the war ended. And now, unbelievably, it's 1958.

And when you look back over the years, only the most important things stand out. Your weding in 1947 to the most wonderful girl in the world. And because of that you're seeing Christmas of your childhood all over again through the eyes of little children - YOUR own four children.

'Villager' Will Give Vote Results By Telephone and Broadcast

In what appeared to be a decisive development, the mayors of Morton Grove, Lincolnwood and Niles today joined Democratic committeeman Martin "Scotty" Krier in opposition to the proposed \$8,625,000 bond issue for Niles Township High School expansion

The mayors, joined by Skokie village trustees, said in a joint statement that the high school board should utilize land it already owns to build additions to the existing two high school buildings.

Meantime, advocates of the plan, which hubs around immediate establishment of a third township high school on the Evanston Golf Club grounds in Skokie, were pushing a house-to-house drive for votes.

The issue will be decided Saturday in a referendum expected to attract a near-record number of voters. Sixteen polling places will be open from 12 noon until 7 p.m.

There are three propositions on the ballot:

The first proposal is to spend approximately 6½ million dollars to acquire a 31.4 acre tract of the Evanston Golf Club to build a third high school.

The second is for spending a million dollars for the acquisition of about 55 acres of land between Harlem Ave. and Waukegan Rd. in Morton Grove, for a possible future high school site.

The third request is for 1 1/8 million dollars for additions to the two present high school buildings.

Unofficial results are expected to be known later that night. As a public service, Villager staffers will man the polling places. Citizens interested in bow the vote came out may call the Villager office, OR 6-3535, anytime up to midnight Saturday night or throughout the day Sunday. Special operators will be on duty to provide the information.

In addition, the Villager has

arranged to broadcast the results over FM radio station WSEL, 104.3 on your FM dial, at 8:58 p.m., 9:58 p.m. and 10:58 p.m. Saturday night. Editor and publisher Tom Branagan will oversee the crew of vote-counters and will bandle the radio broadcasts.

Among those who, like Krier, took a strong stand against the high school board's plan were Mayors Henry Proesel of Lincolnwood, Frank Stankowicz of Niles and John Koller of Morton Grove.

Village president Ambrose Reiter of Skokie did not make his views known, but others in the village administration declared themselves against the proposal. Skokie trustees Miles T. Babb, Raymond V. Krier, Jum Smith, William Krewer and Sylvester J. Reese signed a statement of opposition, along with Proesel, Stankowicz and Koller. The elected officials said:

"Recognizing our great responsibility to the people of our respective communities we are compelled to issue the following statement:

"In the best interests of our communities and knowing the already heavy financial burdens being borne by our residents, we are opposed to the referendum being voted on Dec. 13.

"We are not opposed to the construction of necessary classroom facilities but we do believe that the two existing high schools can be expanded to sufficient classrooms to take care of increased enrollments. With the acquisition of a small additional area at Lincoln, Howard and Cicero avenues there will be adequate room to construct additional classrooms at Nilehi East without disturbing the athletic

O'Connell Fined and Fired; Magistrate's Post Unfilled

Continue Eckhardt Picketing Case

For the first time since 1955, Carl Eckhardt will start a New Year without a union picketing his gas station at Austin and Lincoln in Morton Grove.

This seemed assured when Circuit Judge John T. Dempsey continued to January 14 hearing on a union motion to life his July 31 injunction prohibiting picket lines at the filling station. The picketing, carried on for three years, was ruled illegal by the judge.

Postal Schedule

The Skokie and Morton Grove post offices will deliver gift parcels on Christmas day this year, but money order and and postal savings transactions will not be available on Sundays, on Saturdays after 1, nor weekdays after 5.

In order to facilitate stamp purchases and mailing of greeting cards and parcels the post offices will remain open weekdays, Dec. 12 through 19 from 8:30 a.m. to 4 p.m.; and Sundays, Dec. 14 and 21 from 10:00 a.m. to 3 p.m.

With the conviction of John O'Connell on misconduct charges, Skokie's police magistrate chair is empty - and likely to remain so.

O'Connell pleaded guilty to the charges Monday before Circuit Judge Joseph A. Pope. They involved his refusing to sign a waiver of immunity before a grand jury and failure to keep or produce proper records.

O'Connell also was charged with embezzlement of \$8,423 in fees. He has returned the money to the state and this charge was nolle prossed by Judge Pope.

O'Connell then was fined \$100 and the judge signed an order removing him from office.

Charges of malfeasance against Sidney Godell, Niles Township Justice of the Peace, were continued for three weeks.

There was considerable sentiment among Skokie trustees to eliminate the post of Police Magistrate. Some of them said privately that since O'Connell hadn't been handling any village cases for two years, and no state cases since his indictment several weeks ago, there appeared to be no need for the position.

County Changes Speed Limits On Several Township Streets

Four changes in speed limits on Church street in the 2.36 miles stretch from Austin to Crawford, in Morton Grove and Skokie, is provided among new limits on 52 roads totaling 142 miles under jurisdiction of the county highway department, fixed recently by the Cook county board.

Final approval by the state highway department, as required under the 1957 law giving county boards power to fix speed limits, is expected any day.

This will probably permit posting of the signs, 12 to a mile, before the end of December, according to Edward Whiston, country traffic engineer.

So far the country's experience has been that more speed limits are going up than down under the revision, according to William J. Mortimer, county

highway superintendent, who

"This isn't a case of the new limits being too high, but of the old ones being too low."

The Church street limits are as follows: From Austin to Linder ave., 9.65 mile, 30 MPH; Linder to Gross Point road, 0.75 mile, 35 MPH; Gross Point rd. to Niles Center rd., 0.2 mile, 25 MPH; and Niles Center rd. to Crawford ave., 0.76 mile, 30 MPH.

Following are other limits adopted so far in Niles Town-

Beckwith Road: From Harlem Ave. to Lehigh Ave., Morton Grove, 0.7 mile, 30 MPH; From Lehigh to Austin ave., Morton Grove, 0.95 mile, 40 MPH; Harrison Street: From Harms to Ridge rd., Skokie, 1.9 mile, 35 MPH; From Ridge to Crawford, Skokie, 0.2 mile,

Lehigh Avenue: from Oakton Niles, 0.63 mile, 40 MPH.

to Dempster st., in Morton Grove, 0.7 mile, 30 MPH. From Harlem Ave. to Dempster St., Morton Grove, 0.43 mile. From Dempster to Waukegan rd.,

HEARING TODAY

Judge Thomas E. Kluczynski has scheduled a hearing for today (December 11) in Circuit court on a condemnation suit to Lincoln School District No. 69 in Skokie to acquire 25 parcels of land for use as an elementary school site.

The eight-acre tract is bounded by Madison and Washington streets, and Niles Center Rd., and Lincoln Ave.

Earlier this year, voters authorized a \$190,000 bond issue to buy the land through condemnation.

Editorial

Unfair Shake?

We wish to thank The Villager for editorially reviewing the currently pending question before Mayor Ambrose Reiter-"Should a liquor license be issued to a bowling alley so close to the Sharp Corner School. The granting of which has been actively objected to by every religious, educational and lay leader in our area."

Although we are diametrically opposed to the conclusion reached by the Villager, we welcome an open airing of the question. We reaffirm our stand that this was a "zoning blight" put forth by a "Harris Chicago Syndicate" against" the will of the people" and that we have implored Mayor Reiter to stand forth as the spokesman of the will of the people and to "rise above the profiteers and the politicians, to protect the people."

The basic fallacy in the Villager's editorial "A Fair Shake" of November 20, 1958, is in stating that "The question of whether or not the bowling alley should have been constructed is not at issue. It is an accomplished fact" and thus the owners have every right to expect a liquor license. The cart and the horse are all tangled up in this form of reasoning. The exact point is that our community originally and continually has fought the bowling alley for the reason that it would be a congregating place, unnaturally close to a school, catering to children, where liquor would be served, subjecting the children to all the unfavorable atmosphere, examples and dangers of a liquor serving establishment. The proximity to a school and the ease of access to the facilities by children is the issue. There is no God-given right to businessmen who wish to make a profit from our people to subject our community to such an unwanted and undesirable "sidelight" of their business.

Northwest Property Owners' Assn. Bob Martin, President

(Editor's note: The Villager was attempting to inject some reason into an issue in which Mr. Martin and others are relying mainly on a "save our children" theme. This is a rallying cry that excites emotions, arousing the protective instinct in all of us. But in this case what are we going to save our children from? Knowledge that the serving of liquor is legal and that people even drink the stuff? Practically every home in Niles Township is a "liquor serving establishment." If you concede that serving liquor in the presence of children is harmful, then we venture to say that the lives of virtually all youngsters in the township already are hopelessly blighted.

(We are not making a case for or against Prohibition; we assume that issue was decided a long time ago.

(One of the directors of the Northwest Property Owners' Assn., of which Mr. Martin is president, is Mr. Kenneth Littrell. His name appeared on the masthead of the Nor'wester, which violently opposed, first the erection of the new bowling alley, and then granting it a liquor license. Mr. Littrell is a member of the Niles Township High School board and currently is campaigning vigorously for passage of an \$8,625,000 bond referendum. If it passes, Mr. Littrell and other members of the board will purchase property on Waukegan Road in Morton Grove and erect thereon another high school. This property is directly adjoining the big new Classic bowling lanes where liquor is being served, and will continue to be served. We submit that youngsters of high school age probably are more susceptible than grade schoolers to any "dangers" inherent in exposure to liquor traffic. We don't see how Mr. Littrell, as a member of the high school board, can campaign for the voluntary placement of a school smack dab up against one "liquor serving establishment" and, as an officer of a property owners' organization, be against a similar situation for a grade school. The only difference is that whereas the proposed Waukegan Rd. school grounds is right next to the Classic howl. the Sharp Corner school is a good 1,000 feet (that's roughly three blocks) from the other bowling lanes.

(At any rate, if the supervision and guidance we give our youngsters is so weak that the sight of adults drinking in a bowling alley will corrupt them, then certainly the fault lies not with the bowling lanes, or the people who run them, or Mayor Reiter. We assume we'd be belaboring the obvious to point out where the fault would lie.)

Skokie Policeman Traffic Casualty

Skokie policeman Joseph Jeski was hit by an automobile driven by Audrey Williamson, 5127 Mulford, Skokie, as he was directing traffic Monday at the corner of Lincoln and Harvard.

The driver was turning southeast into Lincoln Ave. when

the accident occurred. She blamed a heavy sun glare for not having seen Officer Jeski, who suffered a possible rib fracture. Mrs. Williamson was cited for driving too fast for conditions, disregarding a traffic officer and reckless

Morton Grove Days Group Bids for \$750,000 Center

The Morton Grove Days Committee has released the results of a survey which indicates that 75 percent of the village's residents "definitely favor" a community center and swimming pool.

Consequently, the committee said, it will seek a referendum on a \$750,000 bond issue to provide these facilities.

President Allen Goldberg distributed copies of a study prepared by Gould, Gleiss & Benn, Inc., the research firm which handled the survey, at a meeting of delegates Monday night.

The survey, which last summer sampled one of every eight families in Morton Grove, was ordered by the Days Committee to determine how best to spend the money it makes in its annual summer celebration, and to determine whether residents might favor a bond issue to obtain certain recreational facilities.

At the present time, there is no community center or

PROFIT DOWN

The Morton Grove Days Committee realized a \$10,154.99 profit on its fourday "Western Days" celebration at Linne Woods last August.

A financial report on the celebration was given at a committee meeting Monday night.

The profit figure was down about \$6,000 from that of the 1957 celebration. President Allen Goldberg explained that more than half of the loss was due to the elimination of any gambling devices this year. Other drops were in the ad book and in the automobile raffle.

swimming pool in Morton Grove. In addition to these two items, the survey showed residents also would favor certain improvements at parks already in operation.

Delegates from the various Morton Grove civic, governmental and fraternal organizations who attended Monday night's meeting agreed to return to their respective groups for a determination of whether each will help sponsor such a program.

There are 39 of these agencies. Another meeting of the committee is planned for late January to determine how many of the organizations will actively help put the referendum before voters.

Goldberg said that, if the program is approved, it would mean an average tax increase of \$10 or \$11 a year for homeowners.

First, petitions must be circulated and, after signatures are obtained, they must be submitted to the Park District

board. A referendum on the program then would follow.

Pertinent results of the survey included:

1. Eighty-two per cent of the residents of Morton Grove have children of high school age or younger.

2. Seventy-six per cent felt that additional facilities were needed

3. Sixty-six per cent stated

they would gladly pay additional taxes for a community center and would vote accordingly in a bond issue.

4. Eighty-six per cent indicated a swimming pool was desirable with 75 per cent feeling very strongly in favor of this project. Seventy per cent stated they would vote "Yes" on a bond issue for a pool.

Santuccis Give First Memorial In Valley Hospital Campaign

The first 'living memorial' in the new Skokie Valley Community Hospital has been purchased by Mrs. Nicholas Santucci, 8700 LeClair Street, Skokie.

The \$10,000 gift-pledge is made in honor of the Nicholas Santucci family, and a two-bed room in the new hospital to be constructed at the corner Gross Point Road and Simpson Street, will be so named.

"Skokie has been our home for many years and it gives Mr. Santucci and me a great deal of pleasure to help bring a good hospital to our community," said Mrs. Santucci in making the gift to Judson B. Branch, Allstate Insurance company president, and a member of the Board of Trustees of the hospital.

"Because the creation of a living memorial in a hospital is a worthy act, many opportunities to so designate gifts are being offered in the present building fund campaign for \$4,250,000," said Mr. Branch as he accepted the gift from Mrs. Santucci.

Mr. and Mrs. Santucci own and operate the Santucci Construction Company, one of the midwest's largest sewer construction firms.

Three "stars" of the Skokie Valley Community Hospital fund drive are shown here with Ken Rouse (left), who represents the hospital's board of trustees. Next to Rouse is Leon Isbell of Isbell's Nautical Inn, a Skokie commercial section aide. Others are Mrs. Irwin Heide of Heide Shops and Harold Weber of the All Star Lanes.

Isbell's crew of workers, covering the Dempster St. business area in Skokie, have obtained pledges amounting to more than a quarter of their approximately \$45,000 goal. This gives them a head start on other commercial sections in the village.

Two Skokians, 'Hams', Aid at Fire

Two Skokie amateur radio operators performed vital duties during last week's tragic fire at Our Lady of the Angels school in Chicago.

They are Herb Edlund, 5121 Jarleth, and Jim Evans, 8220 N. Keeler — members of the Skokie Six-Meter Indians, an American Red Cross radio communications disaster unit.

Eklung took charge of run-

ning the main base communication station — assembling information relayed by 15 mobile radio operators in the area and relaying it to Red Cross authorities.

Evans was assigned with his radio equipment to Garfield Hospital to report the number of dead and injured taken there.

Eklund's call letters are K9EAO, Evans' W9AKR.

Nilehi Christmas Present: A Festival of Music

The music department of Niles Township High School has prepared its own special present for the community — a Christmas festival of music.

The program will be held at Nilehi West auditorium Sunday, Dec. 14, starting at 4 p.m. and again at 8 p.m.

A total of 450 voices will participate, ranging from various glee club units to the entire chorus.

These students will be among those from the choir who will perform in Nilebi's Christmas music festival. Boys, from left: George Billing, Don Nelson, Tom Conners. Girls, from left: Shirley Ferguson, Penny Boom, Judy DuBonn.

Santa Routes Reindeer Through Morton Grove

Santa Claus will tour Morton Grove Sunday afternoon, Dec. 14, passing out candies to the children who come out to greet him.

Under joint sponsorship of the American Legion Morton Grove Post 134 and the Morton Grove Days Committee, Nick will start his visit from the Legion parking lot, 6140 Dempster, at 1:30 p.m. He will be accompanied by Mayor John Koller, Post Commander Carl Sonne and Morton Grove Days President Allen Goldberg, and will make his winding trip through the village in a 1959 Oldsmobile convertible, furnished through the courtesy of Montgomery Motors.

Skokie Policeman Is Suspended Following Fight

Skokie police chief William C. Griffin has suspended officer Arthur Roberts, 26, of 7100 Touhy Ave., Niles, as the result of an altercation between the policeman and a 16-year-old Evanston boy.

The action followed the conviction of Roberts on assault charges in Arlington Heights police court. The youth, Richard White, said Roberts assaulted him over a traffic dispute.

Roberts' attorney, William I. Branagan of Skokie, said he would appeal the conviction.

Lutz Recommends Postman Bracci ForCommendation

A Morton Grove Postman, Vincent Bracci, of 9011 Austin, was credited with saving at least one life when he hastily summoned police to 6532 Lincoln avenue after detecting an odor of gas while delivering a parcel recently.

Mrs. Nellie Ramsey, 82, did not suspect there was anything wrong in her second floor apartment. However her stove was on and there were no windows or doors open when police arrived.

Mrs. Ramsey, while preparing to cook, was watching television, apparently having forgotten about the stove.

Police said, it was a miracle that Mrs. Ramsey had not suffocated and credited the quick thinking Bracci with having saved the entire building from explosion.

Morton Grove postmaster Robert Lutz has recommended that Bracci receive a commendation from the Post Office Department for his action.

Nilehi Trojans Beaten by Highland Park Giants 47-42

Coach Jack Fabri's Nilehi Trojans, sporting a one point lead at half-time, succumbed to Highland Park's third quarter spurt 47-42 last Friday night on the losers' home court

Paced by Jack Cohen's 12 points - ten in the last quarter - the "Little Giants" turned a close game into a Trojan loss, to even the Nilehi record at 1 and 1 for the infant basketball season. Ron Lis carded 12 points for the Trojans. It was the opening league game for Highland Park.

Next up for Nilehi is a visit to the Oak Park Gym where the Trojans will attempt to return to winning ways Friday night.

The Highland Park Junior Varsity administered a 57-34 lacing to the Nilehi Jayvees last Saturday as Oggle, Highland Park's 6-6 center, dunked 17 points playing before a home audience.

WRESTLERS WIN

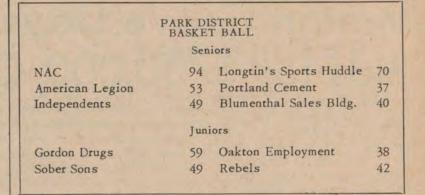

The Nilehi varsity grapplers defeated a strong Lyons team 38-13 on the home floor, Dec. 4. The meet was highlighted by seven falls - six for Niles one for Lyons, with Captain Bill McGrath registering the fastest fall in 43 seconds.

The Notre Dame Dons won and lost in two thriller-type. basketball games last week end - bowing to Taft 73-72 on Friday and beating Marmion Military Academy Saturday

The Taft game was lost in the final five seconds when a penalty gave the Chicago squad the ball and "Willy" Williams sank a long desperation shot.

Thus the Dons recorded their first loss this season. John Bordes led Notre Dame with 21 points.

The Marmion game went into overtime before the Niles outfit sewed it up - mostly on some clutch baskets by Bob Goldberg. Jay Busscher led Don scoring with 19 points.

Lincolnwood Firm Establishes New Plan for Artists

George Menna of The House of Menna, 7165 N. Cicero, Lincolnwood, has disclosed plans for establishing an addition to his interiors firm.

The addition will feature original oil paintings by relatively unknown artists, beginning Dec. 16. It will be known as "The Gallery."

Menna feels that artists of today are not given sufficient opportunity to display their works, since the financial burden is usually too great for the talented artist to become known in a short period of

He will feature a different artist each month, and has provided ample space for display in an area designed as a home setting by two of the firm's decoraters.

The first to display his works will be August Roget Nall, 40 year old Jamaican artist, who has studied in France and the Art Institute in Chicago, given private shows and taught

Safety Talk by Sgt. Kruger

Sgt. Kruger of the Skokie Police Department spoke recently to the children of the lower division at Cleveland School on the subject of safety. Special emphasis was placed by the sergeant on bicycle safety. The police department official stated that a high percentage of accidents are attributable to the student's failure to follow safety rules when riding a bicycle.

A safety program to be carried through both the upper and lower divisions of Cleveland School has been set up by a committee composed of Mrs. Bernard Mick, chairman of Niles Township Safety Council, Mrs. Leo Killian, principal of lower division, and Mrs. J. R. Olson, PTA chairman.

The program will include several phases of safety such as safety to and from school, bicycle safety at Cleveland School and safety at home with special thought given to holiday trees and decorations. Appropriate films, class discussions, creative projects, and hand out material are being used to carry out the theme.

The important subject of relationship with strangers was discussed. Pamplets entitled "This is For You" and an effective film was used in connection with the discussions.

Hennings Celebrate Golden Wedding

W. C. MARTIN

Mr. and Mrs. Herman Hennig

They all gathered - children, four grandchildren, a great-grandchild, and a multitude of friends, on Nov. 7, in the home of Mr. and Mrs. Herman Hennig, 5249 George St., to help the couple celebrate their golden wedding anniversary.

As they did 50 years ago when they cut their wedding cake, the Hennigs held hands cutting their anniversary cake.

A new school now stands on the site at Galitz and Lincoln Aves., where stood the little St. Paul's Lutheran Church. It was here, in 1908, that the Hennigs first exchanged yows.

Today, Herman Hennig is sexton of the new St. Paul's Lutheran Church on Niles Center Rd., a position of honor he has held since 1926.

The Hennigs started their married life by farming at Church St. and Gross Point Rd., until 1925 when they moved to their present home on George St.

The charming couple have reason to be proud of their children. Two of their sons are members of the Skokie Police Department - Captain Louis G., and Lt. Art. Another son, Edmund H., is an employee with the Skokie Water Dept. Other children are

daughters Mrs. Richard Endres, 5124 Dobson St., Skokie, and Mrs. Lila Gillis, Ft. Lauderdale, Fla.

However, no amount of pride the Hennigs have in their children can equal the love and pride their children feel for them.

SKOKIE HOME BUREAU

The Skokie Unit of Home Bureau will meet on Monday, Dec. 15 at 7:45 p.m. in the home of Mrs. Adolph Winter, 7827 Kilbourn Ave., Skokie. Refreshments will be served by the co-hossteses, Mrs. E. Rydin and Mrs. Ralph Maxson.

The lesson for the evening, "Holiday Food Preparation," will be presented by Mrs. E. Koehler and Mrs. A. Christmann.

Following the lesson and meeting there will be a Christ-party. The arrangements for this party are being made by Mrs. Victor Petersen and Mrs. Arthur Schmidt.

ELIAS BAR MITZVAH

Sheldon Elias, son of Mr. and Mrs. Herbert Elias, 6442 Drake Ave., Lincolnwood, became bar mitzvah at services of B'nai Zion Congregation, Saturday, Nov. 29.

Kenton PTA Views History of Carols

Members of the Kenton PTA will be treated to a living history of the world's Christmas carols, presented in tableaux by the third and fourth grade youngsters of Kenton School, Tuesday, Dec. 16 in the multipurpose room, at 7:30 p.m.

On Thursday afternoon, Dec. 18, a large evergreen tree, purchased and planted by the PTA as a landscaping gift to the school, will be dedicated as the Kenton PTA's permanent Christmas tree.

In a brief ceremony beginning at 2 p.m., Mrs. John W. Cusic, 8150 Kilbourn, PTA president, will present the tree officially to Miss Marjorie Wedell, Kenton principal, on behalf of the PTA membership.

The Kenton student council announced that during the week preceding the closing of the school for Christmas holidays, the annual collection of canned goods for Christmas baskets will be made by the school children. Parents are urged to cooperate in this worthy cause.

CANCER RESEARCH GIFT

HEAVENLY PACKAGE

A wonderful Heaven sent pre-holiday gift arrived on Dec. 1, at 12:07 a.m. for Edward and Marlyn Farber, 5131 Davis St., Skokie.

Janye Elizabeth was born in St. Elizabeth's Hospital, Chicago, and weighed 8 pounds, 5 ounces.

Equally delighted are maternal grandparents, Mr. and Mrs. Arthur Stoneberg.

Sugar 'n Spice

by Sheryl Leonard

"It's been a year since you've touched me!" With these poetically touching words, one is supposed to be lured to a movie now showing in one of our theatres.

When we first heard the star's tragic voice on the air, we thought perhaps she was suffering from a highly contagious disease and her remarks were to be the prelude to a commercial on some medication.

There must be something radically wrong with a woman who hasn't been touched in a year. We suggest she go stand on a crowded bus or elevated train.

Or—"The nightmare terror of the slithering eye that unleashed agonizing horror on a screaming world!" Wow! This is supposed to create a desire in us to see the movie?

The promotion to end movie promotions is the one about the "blubbering, blobbering blob of The Blob!" If they replaced the "B" with an "S" they might give a more convincing idea of what the movie is about.

We are a great believer in promotion. However, we don't believe in having our intellect insulted. We don't know to what base instinct in us they are appealing, but as far as we are concerned, their words are more humorous than horrifying.

The day after the tragedy of last week's beartbreaking school fire, it seemed to us that more mothers could be seen with their arms about their youngsters' shoulders, walking them to school. It was a gesture as if to say-'There, but for the grace of God-'

When the great Jewish philosopher Dr. Mordecai M. Kaplan appeared before the Niles Township Jewish Congregation, leaflets were distributed in order to enable the over 1500 worshippers to follow the service. On the front page were these words:

"Before the service-if you must whisper, whisper a prayer; if you must talk, talk with God."

Mary Gillette certainly knows how to merchandise her products. She has one of those lovely Magnus electric chord organs in her home. Then she invites all the board members of the Skokie Valley Business and Professional Women.

So what happens - they all scramble to play, and they all decide that they must have one for their home.

We can picture all of Mary's guests knocking on the Gillette Music Shop's doors in Old Orchard early the following morning.

An ideal holiday gift is one of those tape recording gadgets that feeds the sub-conscious mind while you're asleep. We would like one with a tape that keeps repeating, "It's good to be poor....it's good to be poor....it's good to be poor.....

You can have your night clubs.... And your galaxy of stars.... Shoot a ship out into orbit.... Or plan a visit up to Mars.... Even take your movies.... Or name studded TV show.... Run away to Florida.... Or down to Mexico.... Just let me sprawl beside the fireplace.... While flames leap ecstatically.... Lighting up the book I'm reading.... This is the life for me!

Musical Program at Mariners' Meeting

Stanley Kimes, one of the foremost young bassos in the music world today, will present a musical program before the Westminster Mariners Club, 4950 Pratt Ave., Skokie, on Saturday evening, Dec. 13.

Kimes was awarded a fulltime scholarship to the Conservatory of Music of James Milliken University, Decatur. After three years with the Army Air Force, Kimes won the Kate Neal Kinley award at the University of Illinois and an all-expense scholarship from Koussevitsky to the Juilliard Opera Theater. He then went to Milan, Italy on a Fulbright Fellowship to study opera and voice at the Verdi Conservatory for one year.

Kimes has been a featured soloist with symphony orchestras both in Europe and the United States. He will be accompanied at the piano by his wife, Eleanor, who is a sister of Mr. and Mrs. James Phipps, members of West-

Niles Township Democratic Melzer School Women Elect New Officers

The Niles Township Regular Democratic Womens' Club JCC Families elected officers at its regular meeting held recently.

The new officers, who will be installed at the January meeting are: President, Mrs. Leona Hickman, 715 Greenwood Ave. Glenview; first vice president Mrs. Hattie Kadleck, 8600 Ferris Ave. Morton Grove; second vice president Mrs. Yolanda Serritella, 4668 Devon Ave. Lincolnwood; secretary, Mrs. Gretchen Tufigno, 5224 Greenleaf Ave. Skokie; teasurer, Mrs. Betty Kazmerski, 6505 Ebinger Ave. Niles; publicity chairman, Mrs. Pauline Weber, 4836C Kirk St. Skokie; membership chairman, Mrs. Bernice Weymer, 3851 Hull St. Skokie, and program chairman, Mrs. Matilda Kaufman, 8710 Crawford Ave. Skokie.

The group discussed the forthcoming \$8 million bond issue for the high school. They were unanimous in the need for a continuing program of adequate classroom space for the young people of our community, but opposed the Dec. 13 bond issue as a "blank check." It was the consensus that the proposed \$8 million expenditure was excessive and that individual members of the group should oppose it.

Following the regular meeting, the ladies played cards and enjoyed refreshments served by the members from Niles. Mrs. Jean Kuznicki, hostess, assisted by her co-hostess, Mrs. Laura Zmich, arranged an interesting and informative meeting, built around the Thanksgiving motif.

Feature Section

The Villager recently received a copy of a letter written by Harold E. "Curly" Degelman, president, of the Morton Grove Chamber of Commerce, to Basil Walters, executive editor of the Chicago Daily News.

Mr. Degelmann has given such a spirited and comprehensive assessment of the Morton Grove situation that we have decided to reproduce it in full. It follows:

Mr. Basil Walters, Exec. Editor The Chicago Daily News 400 West Madison Street Chicago, Illinois

Dear Mr. Walters:

Your attention is directed to an article on Morton Grove written by John Drury which appeared in the North zone suburban section of your newspaper.

The entire article gives a completely erroneous and false impression of Morton Grove as to its size, population, public facilities, etc. As a historical piece of information the article is fair, but evidently the reporters of the Daily News have not broadened their scope, as has the Village of Morton Grove since 1950.

It is true the census of 1950 showed a population of 3,926. However, the special census of Morton Grove taken in January, 1958, revealed a total of 16,643 residents and presently it is estimated at 18,000 - not "more than 4,000" as stated in the article. There are 4,515 homes in the Village, which is known as the "Friendly Village" due to the warmth and friendship shown the new home-owners. This is a 450% increase since 1950, while neighboring Skokie has grown but 300%. Mention was made that our growth had not been as fast as our neighboring communities. True, our area is smaller, approximately six square miles, but our growth has been at a much more rapid pace. Despite this the Village of Morton Grove has been able to maintain an equitable balance between residences, business and industry.

Morton Grove "smoke-eaters" are strictly volunteer, but swing into high gear quickly and efficiently when called upon.

THE REAL MORTON GROVE

SPIRITED LETTER
TO AN EDITOR FROM
M. G. CHAMBER

An artificial kidney was loaded aboard a Navy transport plane at Glenview air station for an emergency flight to New Orleans recently. Officials of Baxter Laboratories, Morton Grove,

asked the Navy to make the flight after receiving the emergency request for the machine from a New Orleans hospital.

And — Morton Grove is still growing, with a total of 82 building permits issued during the month of October, and 516 permits, covering all types of buildings, issued since January 1, 1958.

Mention was made of the building of the railroad station by the Chicago, Milwaukee, St. Paul & Pacific Railroad, and the former Grove Pickle Company. However, no mention at all was made of the present industries that are located here.

There is a total of 45 industries located within Morton Grove, and among these are some of the most architecturally modern buildings and up to date operations. To briefly illustrate this—there is Baxter Laboratories, Inc. which recently had one of their artificial kidneys flown by the U.S. Navy to New Orleans to save a man's life. They are also well known for their manufacture of parenteral fluids and the equipment for administering them.

Bell & Gossett Co., manufacturers of "Hydro-

Flow" heating systems; Avon Products Company, a showplace of efficient production line operations in the manufacture of cosmetics; Cook Technological Center, composed of eight buildings doing technical research and development in the field of aero-dynamics, nuclear physics, electronics, etc.; H. M. Harper Co., one of the largest manufacturers of nuts and bolts; Minneapolis-Honeywell Regulator Company, engaged in the manufacture of pneumatic and electrical commercial control systems, and many other large firms representing nation-wide, and world-wide operations have located in Morton Grove. There is a total of 8,000 people employed by industry in Morton Grove.

The article stated the leading edifices in the Village numbered two — the Village Hall and the Grove School. For your information, and others who read the article, following is a listing of the many types of public facilities in the Village.

The Chicago Daily News is familiar with our efficient Volunteer Fire Department as evidenced by the coverage given it in your article published in the October 9th edition of the North Zone

Six public, and two parochial schools with a total registration of over 4,000 children. Among these is Park View School, one of the most modern grade schools in the area. Several of the most modern grade schools in the area. Several of these schools are planning further additions to accommodate the increased population.

Five churches and synagogues - with facilities for properly serving the religious needs of the Village's residents.

Nine separate parks are maintained by the Morton Grove Park District with playground equipment, drinking fountains, and planned year 'round activities for all age groups. They also maintain an office with two full time specially trained and qualified people to plan and supervise recreation activities for the residents.

The Morton Grove public library is open daily for the public's use. In October 1950, the library had 4,425 volumes, 874 library card holders, and a circulation that month of 772. October, 1958 figures show 11,307 volumes, 5,428 library card holders and a monthly circulation of 7, 165.

The Morton Grove Municipal Building, pictured in connection with the article, will in a short time be turned over to the Morton Grove Police Department for their use. Police Chief Milton Scanlon has every right to be very proud of his well organized and departmentalized force of 20 men, which operate 3 squads and 2 motorcycles. Thanks to their very effective work Morton Grove does remain a quiet Village in regards to vandalism, juvenile delinquency, robberies, auto accidents, etc.

Morton Grove's Village offices will soon be transferred accross the street to the newly acquired building at the corner of Lincoln and Callie. They too have grown through the years from a one-man office, to a staff of 6 full time employees to serve the public and keep proper records.

In the early part of 1959 construction will begin on a new 2 million gallon water reservoir to insure sufficient water supply for the residents, supplementing the 1 million gallon reservoir completed less than four years ago.

This is the true representation of the public edifices in Morton Grove.

Undoubtedly you will be interested to know that the Illinois Bell Telephone Company is constructing a new exchange building at 6801 Dempster Street to serve Morton Grove, with the new exchange name of YO rktown 5, specifically for Morton Grove users.

At Baxter Laboratories, the two workers on the right are searching for light-colored impurities before a dark screen, while the two on the left scan the same bottles for dark-colored specks, which a light screen would show up.

The commercial aspects have also broadened their scope to a present total of 202 establishments located in the shopping districts along Dempster Street, Waukegan Road, Lincoln Avenue and Golf Road. Two of these areas have shopping centers as well as the coverage along the length of the streets. Actually, every product or service desired is available locally. Recent sales tax figures for the month of August, 1958, reflect a total of over \$5 million of sales taxable goods sold during that month.

With the increase experienced in population, naturally came the need for proper medical, dental and professional centers, with a total of 28 professional people with offices located locally to service Morton Grove's needs. Although Morton Grove does not have a hospital within its village limits, when all construction is completed residents will find themselves approximately equidistant between the Lutheran General Hospital and the Skokie Valley Community Hospital.

Widespread use of the modern public library facilities is evidenced by the increase in library cards from less than 1,000 in 1950 to more than 5,000 to date.

Expressway runs through Morton Grove, or at least through the extreme southeast corner of the Village. The boundary to the north is Golf Road. The western boundary is not the Forest Preserve District as stated. Forest Preserve land runs obliquely through the Village, with approximately 50% of the Village west of it. The western boundary is Washington Street, 8200 West.

Almost every residential area has its homeowners 'association' and is extremely active in community and civic affairs. The businessmen, realizing the importance of the cooperative spirit, and strength through unity, are continually building their Chamber of Commerce to promote Morton Grove as the outstanding village in which

One more point mentioned in the article was the boundaries. It is true that a portion of Edens to live and make a living. The wonderful friendly atmosphere of a well-knit community has been maintained, BUT in a well-balanced Village with all the conveniences of local shopping and a very clean industrial area.

Mr. Walters, on behalf of the businessmen, residents and industries, we respectfully request your cooperation in putting this information before your readers in its entirety, to properly inform them on Morton Grove and correct the erroneous impressions in your article. Also, we extend a cordial invitation to visit Morton Grove and see for yourself the things we have pointed out in this letter.

Sincerely, Morton Grove Chamber of Commerce Harold E. Degelmann, President

The celebrated Nov. 29 old-car parade of goodies wildly from his sack in an effort to Skokie's East Oakton merchants was run on a dry track - but otherwise conditions were deplorable.

The temperature was near zero, and this circumstance turned the event into a sort-of man vs machine affair. We are pleased to report that the East Oaktoners came through nobly: at the end, every last man was on his feet - numbed feet, to be sure - while one of the ancient vehicles pulled up at the seven-furlong post. Happily enough, this turned out to be in the vicinity of both Breit's and Rudd's service stations, where prompt diagnosis disclosed an asthmatic condition complicated by a bad cold. The patient is recovering.

This is not to be taken as a reflection on the courage of the oldtime vehicles: forty gave notice they would appear and 38 showed up. Considering the forbidding nature of the weather, this was a remarkable display of fortitude for fellows 45 years old, or so.

The parade began at Crawford Ave. and Dempster St., and according to plan was to proceed leisurely west and south to Lincoln and Oakton and then east to the Oakton and Kostner finish line. An hour and a half was allotted for

However, a general absence of insulation (there were no heaters, of course) forced the participants to toss aside the timetable. As a result, hardy souls who ventured forth on foot in the biting cold to witness the affair were astonished to see the venerable vehicles whizzing by at a great clip, their heavily bundled occupants hunched grim and stiff, intent only on survival, while an unfortunate Santa, exposed to the elements in an open-air touring car, scattered

deplete the supply before either mechanical calamity could strike or the race end.

Nearing the finish line, the straining, swaying automobiles slid to a halt upon the command of a Sun-Times photographer who stood implacably in the middle of east Oakton street and bade all hands to line up for a picture. There was some confusion at this point - that, or outright desertion - for a majority of the paraders seized the opportunity to unpry their grips on whatever they had been hanging onto and scurry to the shelter of the Skokie Trust & Savings Bank and other nearby bavens.

Two of the real heroes of the parade were Roy and George Strom, a father-son team of excavating contractors and old-car fanciers who live in one of the western suburbs. They entered two old-timers: a 1915 Cadillac and a 1927 truck. In the Cadillac with them were several Skokie officials, including village attorney William M. (Tame Bill) Hennessy, who had the foresight upon graduation from college to lay aside his raccoon coat for just such an occasion.

The Stroms spent the rest of the afternoon visiting with residents here and impressed all with their conviviality and good will.

They sent the '27 truck home with one of their drivers but, as nightfall approached and the temperature dropped even further, were seen to be eying their open Cadillac with some misgivings. There was no question that a ride home in the air conditioned patriarch would be a hazardous venture.

Fortunately, the Strums are resourceful chaps. They went over to Peter Epsteen's place, plunked down a \$3,000 check and drove home in a 1959

Letters to the Editor

Dear Sir:

Most of us who are residents and/or property owners in Skokie, moved here from Chicago, hoping to escape from the overcrowded conditions of living there, as well as the burdens of over-taxation and thought perhaps that in this village community, we might find an environment conducive to good, ordered living, where we could bring our children up properly, or finish out the remainder of our lives with peace of mind, as the case might be.

Now, we are faced with a situa-tion where the Nile-Hi Board of Education seek to impose upon us their will, by telling us a portion of the Evanston Golf Club is the only site in Skokie on which to build Nile-Hi No. 3 at a cost of six and one-half million dollars. This, in addition to their other expansion program totals eight and one-half million dollars! Even in these days when figures of millions and billions of dollars are tossed around at random, eight and one-half million dollars is a lot of money! I, for one, am not unmindful of the fact that I will be called upon to pay my full share of this in taxes - and so will every other property owner in Skokie. Further, in my opinion, this is only the beginning-not

I have no doubt but what the members of the Nile-Hi Board of Education are sincere dedicated men, in their opinion, feel they are acting in the best interest of the community with respect to the educational needs of our children now and for the future. Frequently, however, those closest to a problem, in their zeal to do something quickly, based on what they feel is pressing need, "oversell" themselves in their desire "to sell" an idea to others. It's a bit like "not being able to see the forest because of the trees".

The reasons stated publicly by the Nile-Hi Board of Education for choosing Evanston Golf Club as a site for Nile-Hi No. 3, do not make sense to me. First, why Evanston Golf Club? They say geographical location, but Oliver Sandquist, a former building commissioner of Skokie, whose past experience should qualify him to know the truth, as well as state it, has publicly declared that the site which they call "the City Dump" is better suited for a central location than the Evanston Golf Club.

Why desecrate Evanston Golf Club? Even in Chicago, public officials seem to find virtue in preserving places of beauty and breathing space. Witness Edge-water Golf Club, beverly Hills Country Club and even closer at hand, Edgebrook Golf Course. If, in the crowded condigion of Chicago living, it has been deemed

in the best public interest to preserve these beauty spots, why in Heaven's name do we here in this Village of Skokie, to which have escaped from Chicago living conditions, now find our-selves confronted with this intolerable situation?

An exchange of letters between Evanston Golf Club and the Nile-Hi Board of Education on this matter has been publicly printed. The Club stated:

1. Evanston Golf Club is not for sale.

have neither made, 2. They nor received any offer to sell.

3. They would res is t any further

negotiations in the matter.

To this Mr. Wise, as President of the Nile-Hi Board, replied in part as follows - and I quote this: "A formal offer, based upon expert appraisals, will be made to the Board of Directors of the Golf Club for acceptance or rejection, and, if, at that time, the acquisition cannot be amicably arrived at, then the Board will immediately acquire the property by condemnation proceedings."

From the above, it seems to me that the School Board is asking us citizens to sign a blank check to acquire a piece of property from a seller who doesn't wish to sell and who, failing in their a ttempt to buy, threaten to enforce their mandate by condemnation proceedings.

Quite frankly, since other sites must be available in Skokie or Niles Township where Nile-Hi No. 3 could be built at less cost, it seems to me that acquiring a site on the Evanston Golf Club has become almost a matter of 'personal challenge" to the members of the Board of Education. submit the fact that the matter

is far too important to us to be considered in such manner - par-ticularly, where we are asked to "foot the bill."

I feel very strongly that Evanston Golf Course, which has given the pleasure of beauty since 1917 of those of us who don't play golf, as well as those who do, is fully as important in City Planning as parks, pools and other recreational centers. Why destroy a landmark of 41 years, when it is not necessary - and pay an exorbitant price to do it?

I am for higher education-at lower cost!!

> Respectfully, L. E. Hagenow

Dear Sir:

I feel that it is time a mother speaks on the High School bond issue. My children have been attending Skokie schools for fifteen years and my husband and I have been members of the PTA and served in various capacities with them throughout the years.

am opposed to Mr. Krier's suggestion to enlarge and crowd 3000 children into our present High Schools. I think the High School Board's direction away from large enrollments is right. We have just witnessed a tragedy beyond comprehension where too many children were crowded into small as well as shamefully unsafe quarters.

Since when, I would ask, have our young families objected to improved facilities for education? families who are settling in Niles Township are doing so primarily because of what our community offers their children. Our modern schools, our fine park and recreational activities plus the wholesome atmosphere of space, light, and clean air are the attractions that have brought and are still bringing them. Mr. Krier mistakes himself as their spokesman. He may speak for a few of the "old guard" whose families being grown, no longer need our schools - or for some of those who prefer parochial schools and so are unwilling to pay for public facilities they do not use.

Mr. Weinbrecht objects to the cost of physical education facilities in the schools, to the extent he advocates ammendment of the State Law, to limit our boys' and girls' participation in the physical fitness program. That brings to mind a question that I would direct to the High School adminis trators, Why, and must, the seventy-odd boys who annually turn out for basket ball and some other sports be cut to twenty-two or three?

Weinbrecht also accuses our schools of ostentation. Again I disagree. I haven't seen a frill in any of our new school buildings.

In any event, let us not allow the old hue and cry to confuse us. No amount of wishful thinking will change the direction of taxes downward. Let's see that our tax money is spent where it will do the greatest good. School buildings will continue to be needed in this, the fastest growing suburb in

Illinois.

Let it not be said that Communist force won world supremacy because of its educated leaders, whereas the fall of democratic America was due to its voters' refusal to foot educations bill.

> Inez Mueller 7829 Kenton Ave. Skokie, Illinois

Dear Sir:

In last week's issue of one of local Skokie papers they wondered who was paying for the literature issued to date and I would like to inform them through your paper.

I would greatly appreciate it if you would print this letter in your next edition, Thursday, Dec. 11, letting the public know that the literature that was sent out by the Citizen's Council for High Schools of Niles Township informing the public why it should vote "YES"

on the three proposals, Dec. 13, was paid for through contributions of their organization. This group is also paying for the rental of the room that we use for our meetings at the high school.

We also feel justified in what are doing and feel that we should not be critized for using the grade school children to bring this literature to their parents, for who should have a better right to bring home this information but grade school children who will be using these high schools in years to come?

Mrs. Victor R. Rasmussen 3839 Debson St. Skokie

Dear Sir:

It's about time some citizen asked a few questions of the opponents to the High School Bond Issue.

I am tired of hearing these opponents vilify and by innuendo accuse the High School Board of Education members of 'putting something over' on the tax payers. Any person who sincerely wants answers to the \$8,625,000 bond issue needs only to read and listen to explanations given by our elected board members as to why they feel their proposals are the best solution to the educational problems.

As a member of the Citizens Council for High Schools I person-ally know who the members are and am proud to be associated

with people who are so dedicated to furthering the education of our children. These people are a true cross section of Niles Township. Every section, school district and educational group of this com-munity is represented on this council. The names of these people appear on the Council's letterhead. These members believe in the school boards proposals and recommendations.

During the past 2 weeks the opponents of this bond issue have attended meetings of various PTA groups and harassed school board members, disrupted orderly procedures and in some instances openly shocked those in attendance by their complete disrespect of officers of these PTA groups. All this under the quise of "asking questions." No answer the board might give them would change their opposition to the bond referendum.

It is the time now for voters who have a sincere interest in the future education of our children

to ask some questions of the opponents of this issue!

Mr. James H. O'Brien, listed variously as Chairman, Spokesman and Vocal Leader of the "Committee for Higher Education at Lower Taxes" an "Economy Bloc" claims his group is com-posed of a "fair cross section" of Niles township. Question One -Who are the members of his group? Mr. O'Brien owns a home on the golf course. Are his members home

owners on the golf course, golf club members, or whom? - Is this what Mr. O'Brien describes as a "fair cross section" of the community? Question Two-"What is the strange alliance between Mr. O'Brien's group and a local politi-cal machine?" The anti-high school propaganda literature put out by Mr. O'Brien's committee is currently being distributed by Scotty Krier's precinct captains.
I, for one, bitterly resent any
politician telling me how to vote on an educational issue that will affect my children.

When Mr. O'Brien can show the people of this township that his group is not aligned with a political organization - that the membership of his committee is an honest and fair cross section of the voting public of Niles Township, then, and only then will be citizens feel the convictions of his group are sincere and their opposition to bond issue is based on

To vote "no" on this issue is to imply that the board of education is not qualified to determine the best course of action for this community. These men have given long and serious hours in order to give this community the proper educational facilities. They are (CONTINUED ON NEXT PAGE) (CONTINUED FROM PRECEDING PAGE) sincere, dedicated men, all reports to the contrary nothwithstanding.

The political tactic of de-

nouncing certain minor phases of a generally sound program, and thereby creating a negative "emotional" climate in a community by use of the newspapers and "vocal" individuals, is not new. Some people would vote "no" to ANY social advancement that meant a raise in their taxes. When you consider that the increase in taxes would amount to approximately \$16-20.00 per year on an average \$25,000.00 home, and consider this factor along side of the amount which EVERYONE (some more than others) flitters away per year on personal luxuries, be it cigarettes, whisky, make-up, clothes, pleasure-trips, bowling, etc., is this not a rather harsh indictment of our so-called belief in "brother-man"?

So after spending all this time, listening to architects, professional educators, making trips to schools all over the country, our board comes up with what they consider to be the very best solution for our community. Now they must take this solution to the people and according to the democratic process, allow them to say "yes" or "no". It seems a little absurd in one sense, for who else could know the best answer better than

Hence my reason for writing this article. Those of you who know me, and who value my opinion, for whatever it may be worth, please get out to the polls on Saturday and vote.

Dear Sir:

The Skokie Fire Department will again this year assist the Evanston Marine reserve unit in its "Toys for Tots" drive which will end Dec. 19, 1958.

The purpose of this annual

campaign is to make sure that Christmas gifts of toys will be provided for less fortunate children.

We therefore ask our Skokie citizens to place toys, which are new or in a good condition, in barrels at our fire stations: No.1. 8031 Floral Ave; No.2. 8340

Cub Pack 241 held its monthly meeting, Nov. 14 at Rutledge Hall Den 7, led by Harriet Horan, pre-sented colors.

A clever skit based on football was presented by Den 1 under the direction of den mother Shirley Derdiger.

Cubmaster Dudley Derdiger and Pack Committee Chairman C. W. Clemen presented Cub Scouting's highest award, the Webelos badge, to Dale Wickum who is now going on to Boy Scouts.

At the committee meeting of Troop 31, sponsored by the Cleveland School PTA, Donald Dowlin, 4301 Lee St., was elected Scout-master, Co-chairmen are John Grant, 7904 Kilbourn and Adolph Winter, 7827 Kilbourn, John Peltzer, 8028 Kildare, is in charge of camping and activities.

The following awards were made

to Pack 88 members: Howard Meikle, Wolf badge,

1 gold, 1 silver arrow. Stewart Meikle, Bear gold and

silver arrow, 2 year pin. Wayne Taylor, Bear gold and

silver arrow, 2 year pin. Hank Burkhardt, 2 year pin. Jim Berger, Bear Badge, Den-

Den 6. Jonathan Gordon, Wolf badge, Robert Krueger and Kirk Filipkowski, Wolf gold arrows. Den 7, Douglas Stieber, 2 year

pin, Bear silver arrow, Eddie Raymond, 2 year pin, George Wallies, Wolf silver arrows, I year pin, Den 8, Bobcats: Murray Fisher

and Jeffrey Marks. Pack 230

Cub Scouts, Pack 230, held their monthly pack meeting Nov. 28 at the East Prairie School.

Cubs were presented the following awards: Wolf badge to David Morris, 3826 Jerome. Bear badges to Robert Levin, 7631 Kildare; Ronnie Shor, 4148 Howard; Elliot Lewis, 3826 Fargo; Jum Potter, 3840 Jarvis; Gary Skaletsky, 3865 Fargo and Jeffrey Press, 3859 Birchwood.

Pack 90

Cub Pack 90 held its monthly meeting Nov. 19 in Rutledge Hall, with 70 Cubs and 85 parents present. A number of Cubs received re-

cognition of their achievements from award chairman Morris Beederman, as follows: James Ritter, William Bentley and William Mielke were awarded Bear badges, and Niel Evans received a Lion badge. Steven Horwitz and David Novoselsky reached the pinnacle of Cub Scouting as they received certificates of graduation and, with Cub Richard Maguire, were welcomed into Boy Scout Troop 74 by Assistant Scoutmaster Chester Wiig.

Pack 226

Twenty-three new Bobcats have been initiated into cubbing-the largest group to enter Scouting since the pack was started for years ago.

Cub Rounctable

Bennett Franks has taken over

the duties of Skokie Valley deputy commissioner. Irv Ordlocks of St. Isaac Jogues church presented a talk on the duties of den chiefs at a recent meeting.

Troop 226

Scouts of Troop 226 are having a Christmas tree sale in a vacant lot in the 4900 block of Church St. They feature free delivery anywhere in Skokie.

Girls Are Active

Meanwhile, the Girl Scouts were far from inactive.

Brownie Troop 552 met recently at 9135 Marmora, Morton Grove, at the home of Mrs. Robert Carlson, leader of the troop. The troop's birthday was celebrated by 19 brownies and their mothers.

As part of the day's ceremony, Susan Becker was welcomed into the troop. Karen Krueger and Janice Schroeder were new girls invested.

Mark Birthday

To help mark the birthday of Juliette Low, Girl Scout founder, the Devonshire-Highland Girl Scout Troop 93 has been conducting a shoe drive. The shoes are given to children in Chicago.

Girls of Troop 96 from Timber Ridge and College Hill schools were proud to present to a representative of the Skokie Valley Veterans of Foreign Wars, an afghan which they all took part in making. In turn, the afghan will be given to Hines Hospital by the Skokie Post along with other service pojects they have received.

The girls have decided to start another knitting project.

Hallowe'en Winners

The Chamber of Commerce, of Lincolnwood, after viewing the 36 stores in the Halloween painting contest, sponsored for the Brownies and Girl Scouts of school district 74, warded five cash

The Brownie winner, Mrs. V. Medak's 3rd grade 87, gave Sofa's Inc. a real display by winning 1st. place. Mrs. H. Adler's 4th grade 507 won 2nd. honors for themselves and Topper's Resturant, for originality.

In the Girls Scouts show of talent, the final winner was Mrs. A. Savage's 7th grade 267 (Tempo Coif) first. The humorous display by Mrs. M. Pedott's 6th grade 232 came in second.

fields, gymnasium, pool or auditorium.

"We are certain that even the 65 acres at Nilehi West provide ample room to build all the classrooms which will be necessary in the foreseeable future, plus all needed recreational facilities.

"We earnestly desire to see land already owned by the school board utilized to the fullest before adding to our people's already heavy tax burdens.

"Therefore we urge you to vote "NO" on the referendum Dec. 13"

Krier said today he is "confident" that voters will turn down the board's proposal.

Krier announced last week that he and the Democratic organization were against any such "blank check" for school expansion. He said that undoubtedly some new facilities are needed but that the people of the township already are overburdened with taxes and a "more reasonable" approach should be taken.

Thus, the school board faces the task of overcoming the opposition of a party organization representing about half the voters in the township. If these voters follow the party lead, there seemed little hope the referendum will carry.

Krier said in a statement this week:

"Some persons have criticized the Democratic leadership in the township for taking a stand on this issue. They say there is a danger of 'politics in the schools.

'There apparently already is 'politics in the schools.'

"I for one cannot go along with a 'take it or leave it' program. There undoubtedly are some good points in the referendum, but the bad far outweigh the good.

"It is too costly; there is no provision for attracting and retraining the prime need of education - top teachers; there is ample room to expand our present two high schools without going to two more.

"As for the criticism that I should not take a stand in this issue, I can only say that any public issue is an issue which should concern the leadership of the Democratic

"I cannot stand by and say nothing under such circumstances. The people of Niles Township have a right to expect their Democratic committeeman to set forth his views.

"This I have done. The school board program is not satisfactory. I oppose it. I intend to vote against it and to urge our Democratic people to vote against it.

"Then, if the referendum is turned down, I expect the school board to return to the people with a building program that we can pay for. I assure them if it is a worthy one, I will do all I can to see that it is carried out."

At the regularly scheduled meeting of the high school board at Nilehi West Monday, the board girded for an "eleventh hour" effort aimed at putting across its three-pronged program for Saturday's election.

It was revealed that 10,774 households had already been contacted by the 460 workers in an attempt to swing the election. An additional 8,000 families in the township not contacted by workers are receiving promotional material

by mail.

Board president William Wise complimented the board members on their work and stated that official results would be announced December 15.

Two spearhead groups, for and against, are the Niles Township High School board of education and the Committee for Higher Education at Lower Taxes, respectively.

Amid charges and countercharges of distortion of facts, the two groups met head-on, debating the relative merits of the proposed bond issue, at the Golf school in Morton Grove last Friday night.

About 200 people turned out to witness what started as a reiteration of the pros and cons, primarily, of purchasing a part of the Evanston Golf Club for a third high school site. They wound up witnessing a stormy question and answer session that would have gotten out of hand on more than one occasion, were it not for the astute hand of Morton Grove Postmaster Robert Lutz, serving as moderator.

Representing the Board were Dr. John Speer, Ernest Eisenberg, Clyde Anderson and Dr. Saunders. "The opposition," a term which the "Committee" inferred was being used to cast them as the "heavies," was composed of James O'Brien, Jordan Levin, Don Falknor, and Sherman Pate.

Half hour segments were alloted to each group, followed by a rebuttal period and finally the question and answers.

The school board explained that the golf course site was selected only after detailed examination proved other sites less suitable.

Mr. Anderson pointed to a professional survey which indicated the need for a new high school. He said it was necessary to alleviate what he expected could become a desparate lack of secondary educational facilities in the township. Dr. Saunders gave the projected growth as 3659 students in 1959 and more than 8,000 in 1966. Dr. Speer claimed the site was chosen because the need was greatest in that area at the present time. Mr. Eisenberg cited educational authorities who hold it vital for student benefit that a school not exceed a 2,000 pupil enrollment.

The "committee" agreed the common objective was increased facilities but proposed expansion of present facilities to meet that need.

Jordan Levin pointed to New Trier and Evanston as successful examples of expanded high schools with more than 2,000 students. Mr. Falknor claimed the Morton Grove site was poorly selected and would result in the same bus expenses the board expected to eliminate students being within walking distance of golf club site.

THE FIREMAN STAGE

by MILES T. BABB
Chairman, Fire and Police
Committee
Skokie Board of Trustees

Almost every boy goes through "The Fireman Stage".

Each imagines himself in the characteristic red-metal headgear and strapping boots, storming up and down ladders and performing heroic deeds.

Boys become men and most forget their childhood dreams, but not all of them. Some actually become firemen. Those that do, have something more than just courage....Something that enables each to perform a grim and thankless job from day to day.

The fireman is far from overpaid. He knows no timeclock. He sees his family less than he'd like. When he works, they are often asleep and vice versa.

Ever see a Fireman swing into Action?

He moves furiously! Almost mechanically! And when he's on the scene he does what needs to be done, to the best of his judgment and ability....usually in the face of great personal danger.

The majority of us don't give much thought to our fire fighters until some terrifying blaze strikes close to home. Recent tragedies place the fire fighters in sharp focus, and their value to a community is assessed as "immeasurable."

There is little that can be done or said about past events. But for the future, the surest safeguard is to keep a "ready" system based on a community's knowledge of and interest in its fire fighting process, and what needs to be done for the protection of life and property.

Niles Township has its firefighters....both volunteer and professional. All of them are long past "The Fireman Stage." They get the job done....and we're lucky to have them.
