A TIME FOR ALL THINGS

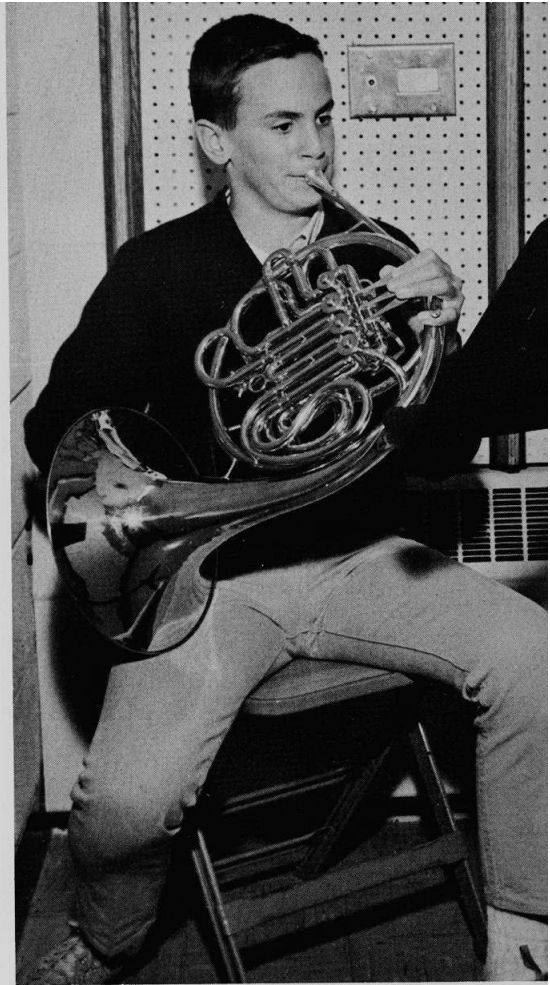

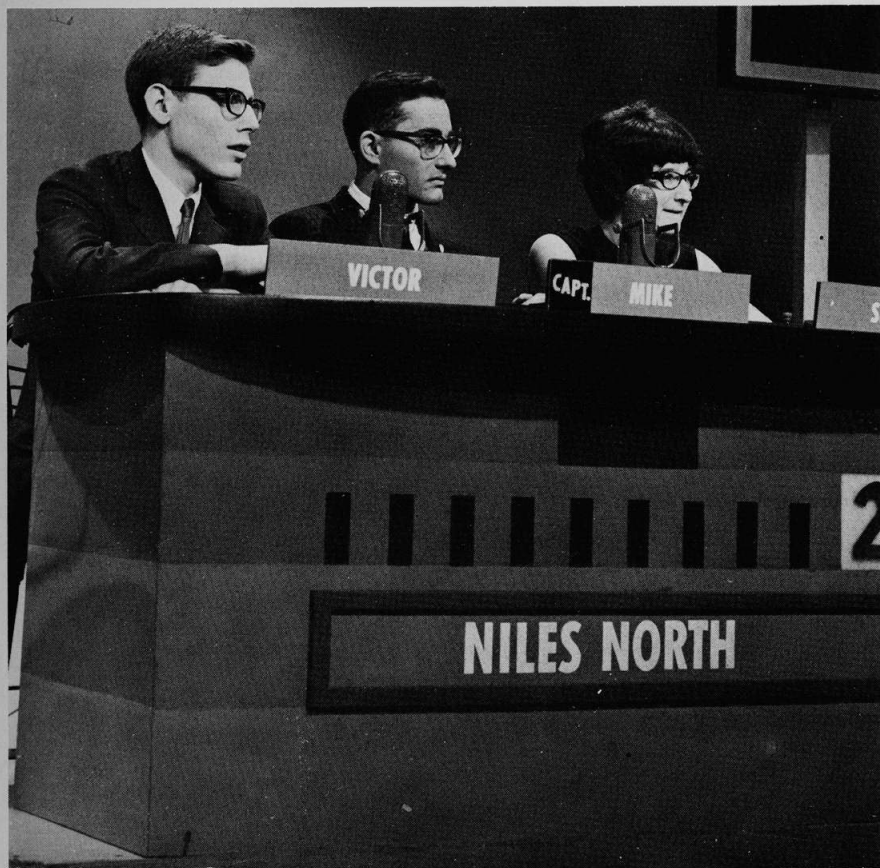

7612025

8:00 TO 3:23 - HOURS OF STUDY

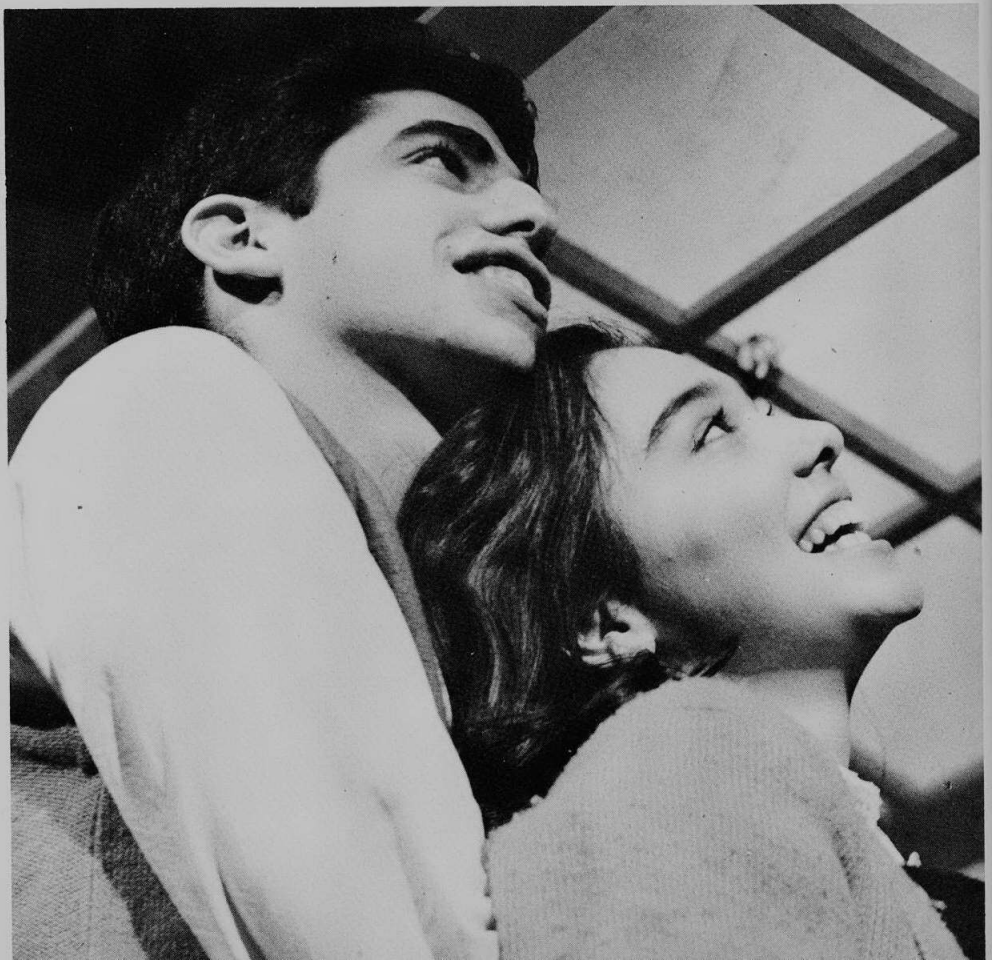

First and foremost, a school is a place to acquire knowledge. Our academic world extends from quadratic equations to Chaucer; from mitosis to the Civil War. There are so many things to learn; we cannot hope to learn them all. Yet we try, and with our attempts we learn a little more of life and, also, of ourselves.

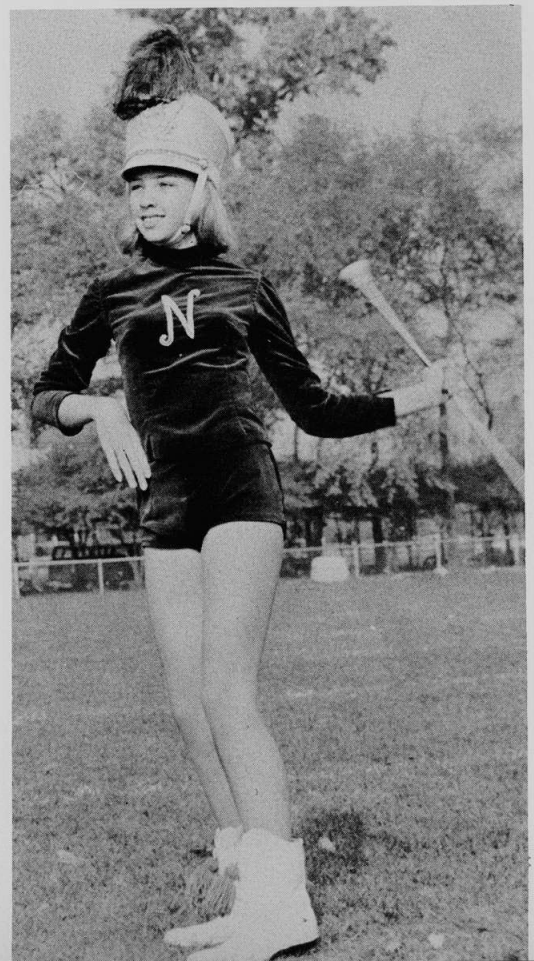

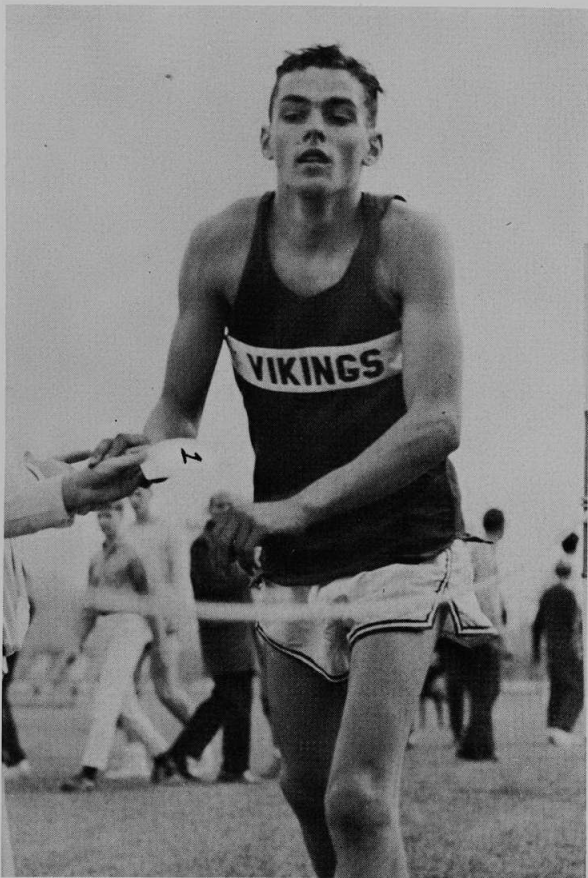

Extracurricular activities and events give us an opportunity to broaden our interests and satisfy our curiosity about things we do not find in the classroom. The range of activities is wide, but so are our needs. They may be informative, or perhaps just fun. Both do much to make our hours in school more exciting and rewarding.

**AFTER SCHOOL -
AN ADDITIONAL LINK**

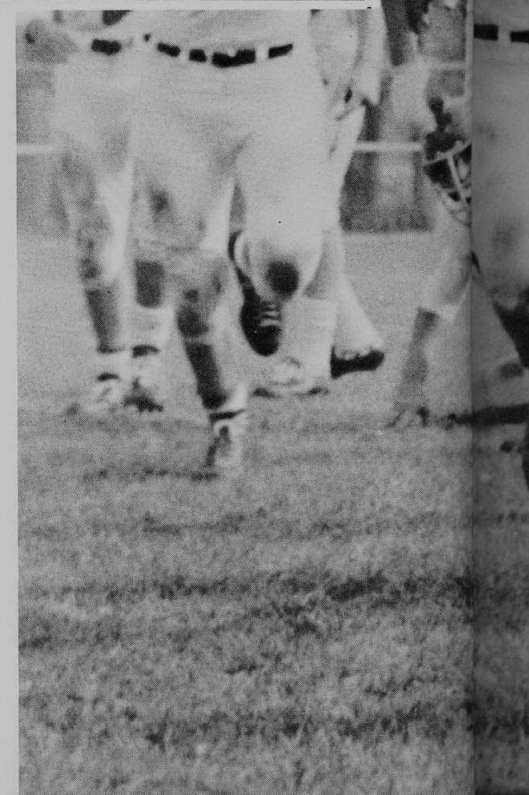

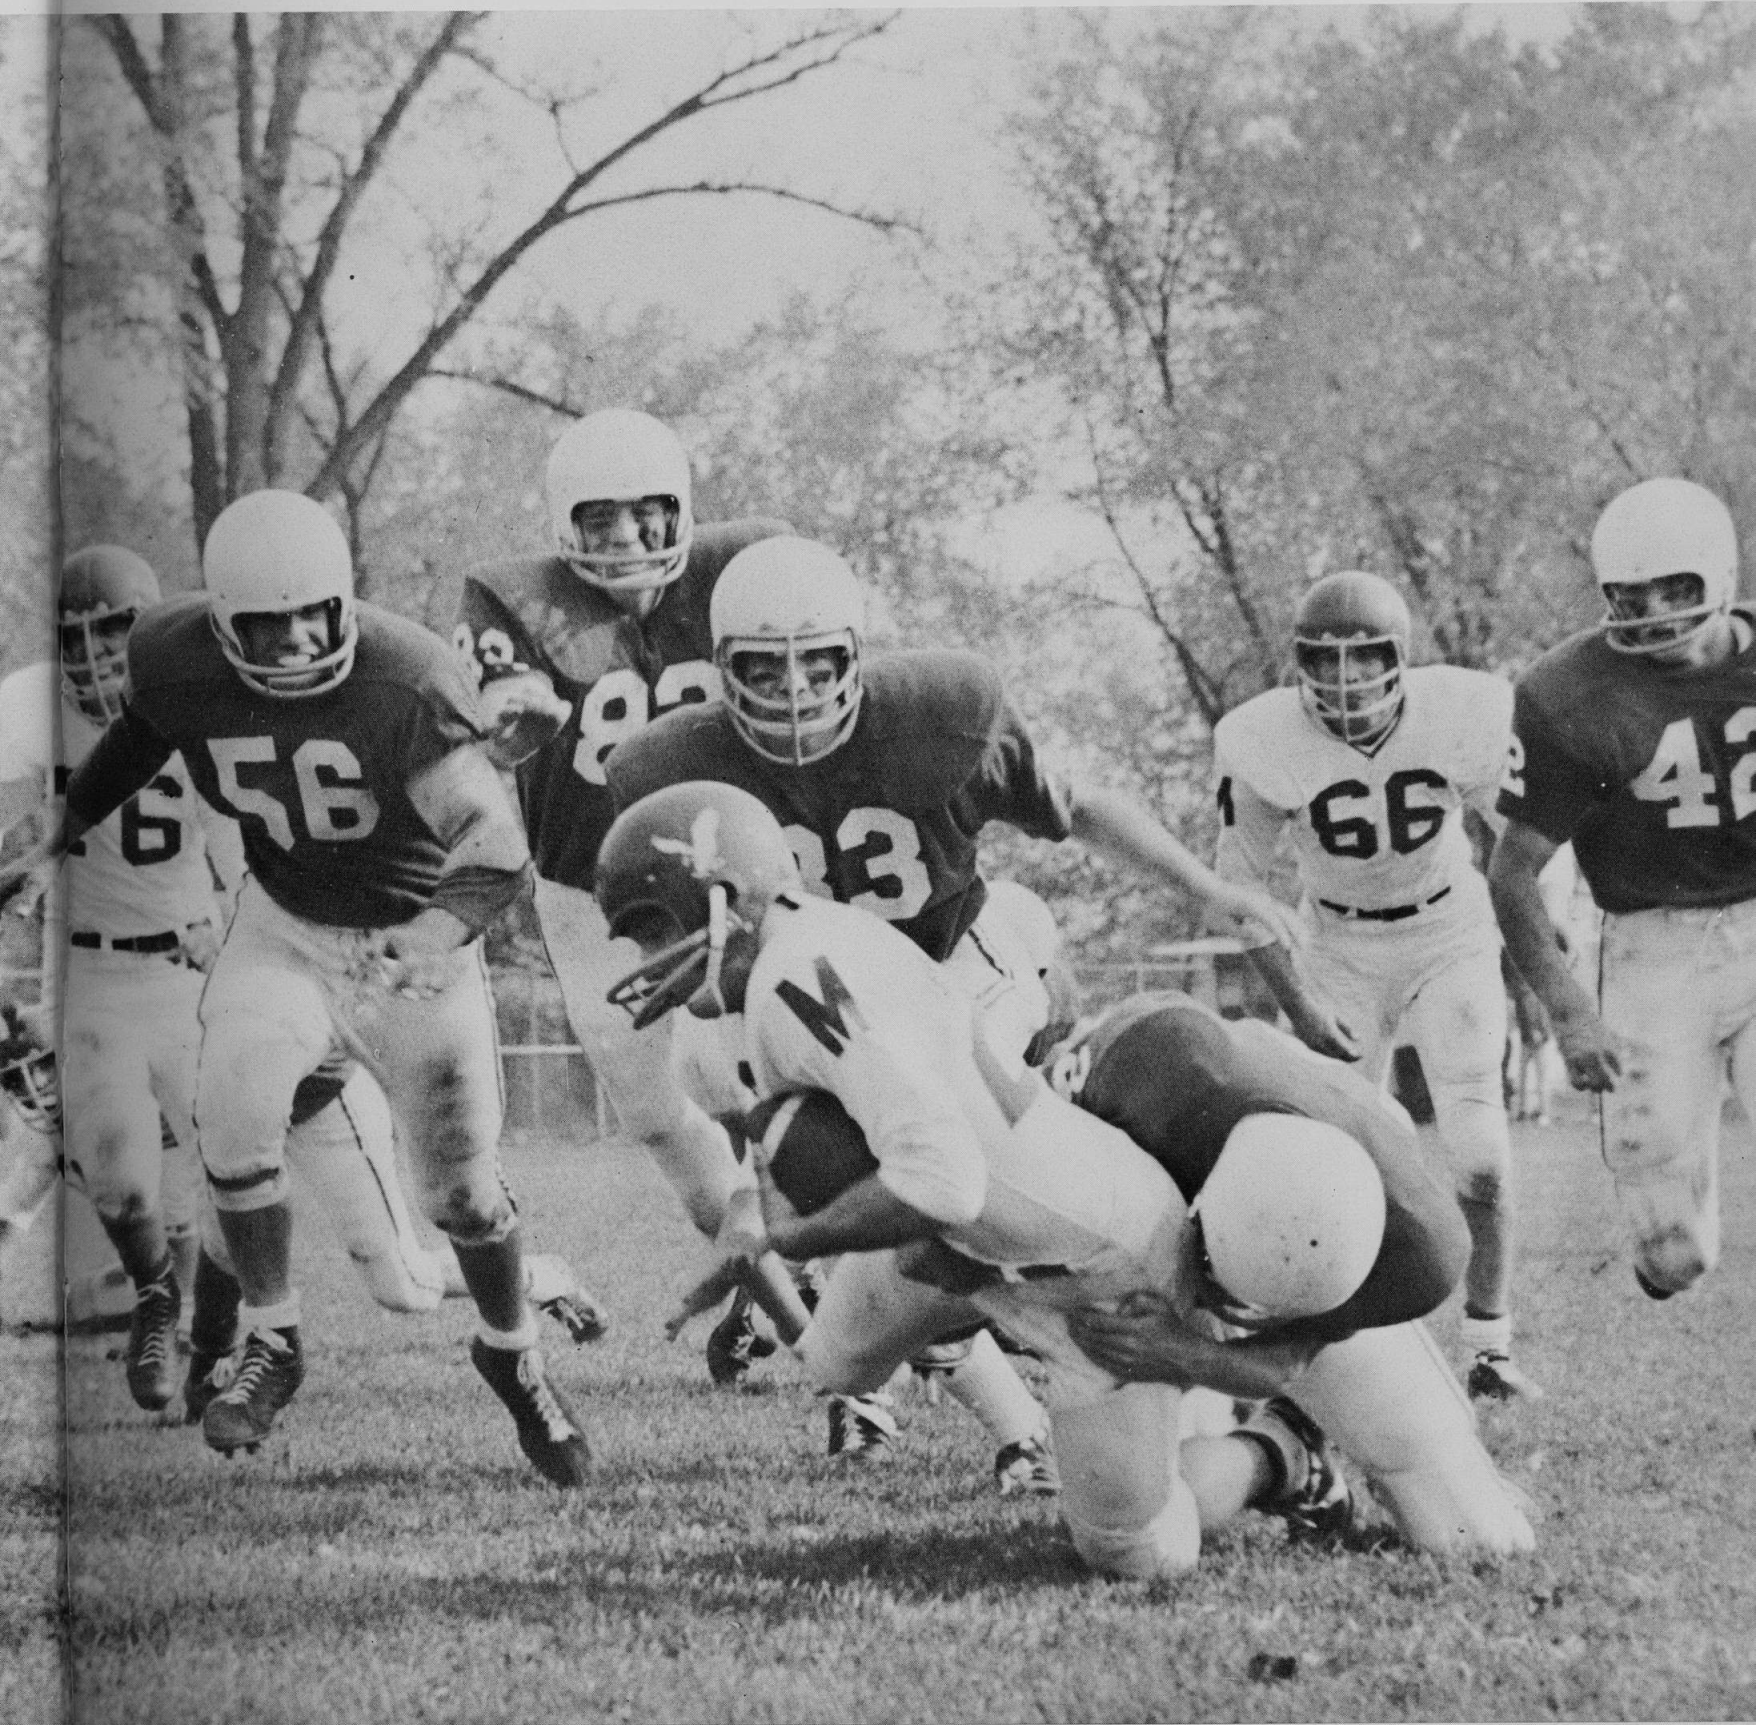

ON OUR OWN TIME-

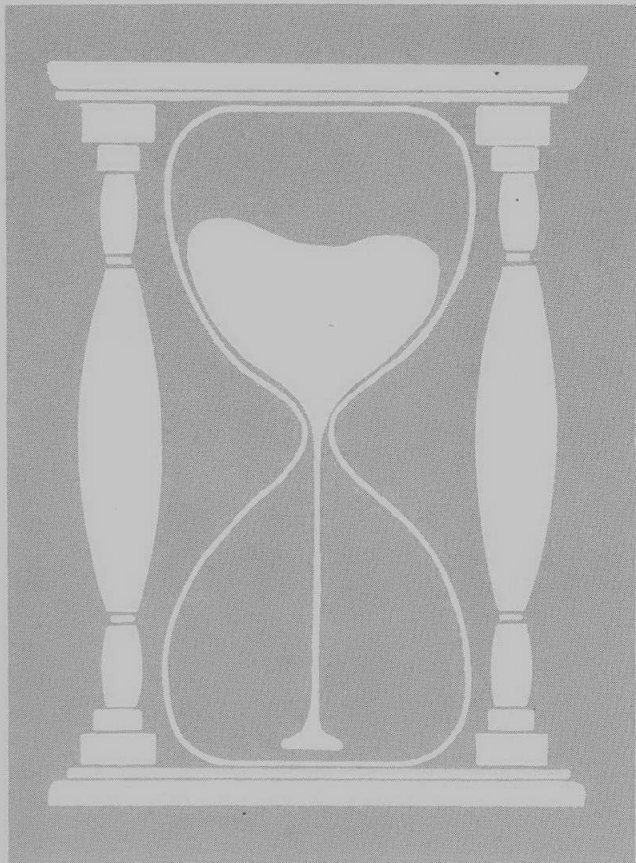

The hours we devote to athletics are vital, for we learn from them in two ways. As participants we realize the importance of fair play and teamwork. We grow mentally as well as physically. As spectators we acquire a sense of pride in our school and in ourselves. This pride is known as spirit.

Central Administration

Dr. Clyde Parker
Superintendent

The decisive factor in the success or failure of our school system lies in the Central Administration. This organization is guided by the experience and knowledge of the School Board, whose seven members are elected representatives of the township. The competence and forcefulness of the Central Administrative Directors, along with the skillful direction of school superintendent Dr. Clyde Parker and his assistants, is a great asset to the system. Due to their combined efforts, the Niles Township High Schools now afford students one of the finest scholastic media available.

*To the Seniors of Nilehi North:
Congratulations to you upon the completion of your studies in the Niles Township High Schools. On the day you receive your diploma you become members of a large group of very special people- the Alumni of one of America's finest high schools.*

I hope that the years after graduation bring you the many rewarding experiences which come to those who have given their best to life.

Booster Club

Niles North Booster Club: *Standing:* Mr. J. Wood, Mr. T. Meier, Mr. R. Anderson, Dr. E. Suffka. *Seated:* Mrs. C. Wood, Mrs. M. Thomas, Mrs. L. Tollefsen, Mr. W. Smetana (president), Mrs. M. Anderson, Mrs. H. Smetana, Mrs. L. McKay.

Acutely interested in the welfare of Northi, parents and interested adults have established a dynamic organization known as the Booster Club. Through the services of this group, Niles North has found endless adult cooperation and enthusiasm.

In addition to sponsoring the athletic banquets and Demonstration Nights during the respective sports seasons, the Booster Club provides the Most Valuable Player trophies, which are awarded in all sports.

Parent-Teacher Association

Successful parent-teacher relationships begin with the effective organization known as the P.T.A. It is the link which keeps parents informed and interested in student activities and achievements.

Aside from publishing Northern Hi-Lites, the monthly newsletter, the Niles North P.T.A. has become a vital part of our school by promoting special projects such as class-level teas, parent education sessions, the annual Open House, and a program of informative meetings designed for parents.

P.T.A. Officers: *Standing:* Mrs. S. Kalmanson, Mrs. J. Lippert, Mr. J. Tomson, Mrs. H. Swanson, Mrs. M. Howell. *Seated:* Mrs. R. Larson, Mrs. B. Gelder (president), Mrs. H. Bloch, installing officer, Mrs. A. Harris.

Niles North

Adminstration

The Niles North Administration is dedicated to guiding the student body in its preparation for the future. It keeps our school running efficiently and sets high academic standards for each student to follow. The administration aids the student in his selection of appropriate subjects and extracurricular activities which will enable him to cultivate his interests and develop his talents. It strives for better parent-teacher relations, which are necessary for educational progress. This is a time for well informed citizens, and Northi's excellent administrative staff is doing much in preparing the student for his future responsibilities.

Dr. Donald F. Strahan
Principal

To the Students of Nilehi North:

Within the cover of the second annual edition of Saga the yearbook staff has recorded the highlights of the school year 1965-66. This school year as revealed by the history recorded herein indicates in many ways a growth pattern of broad significance for our students.

Last year, as our first year at North, little of tradition and direction existed. Instead our hopes were our guides and our goals. This present year, however, has provided us immeasurable opportunities to progress positively in many measures for all of our

students. Again, I hope that you as a serious minded student have made your contribution in this positive way for your personal benefit and for the benefit of your school.

On the part of our entire staff I wish to thank the many students who have exercised responsibilities in the development of this edition of Saga. In this way they have been very serious minded in their assistance and it is greatly appreciated.

Dr. Daniel Sullivan: Hall C

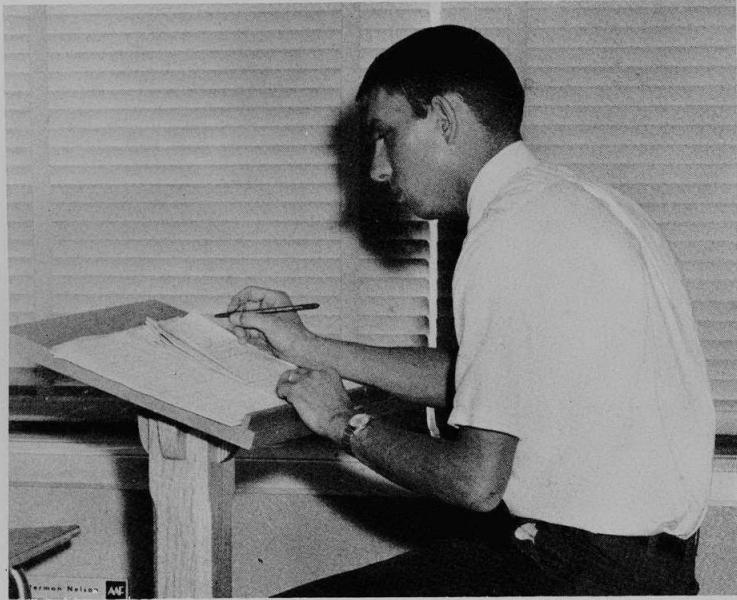

Mr. Wayne Flamme: Hall D

Hall Directors

The directors of each of the four halls A, B, C, and D play important roles in the management of Northi. Aside from their administrative duties, each is responsible for various aspects of curricular and extra-curricular activities. Mr. Jerrold Salek, director of Hall A, supervises student attendance and manages the textbook center. Mr. Denis Thoms, director of Hall B, takes charge

of student activities and building usage. Dr. Daniel Sullivan, director of Hall C, organizes Northi's athletic activities and supervises student transportation. Mr. Wayne Flamme, director of Hall D, heads the guidance department and supervises the library. Together with Dr. Strahan, they form an effective team which ably handles the daily business of Niles North.

FACULTY

"The teaching makes the difficulty."
Quintillian

Providing high quality education that will stimulate and extend the student's ability to express and attain his special excellence is the most important goal of the Niles North faculty. Able taskmasters, they encourage youth to develop talents and potential that might otherwise lie dormant. Aside from their academic responsibilities, many faculty members devote their after school hours to various extra-curricular interests all of which help prepare Northi students more fully for the future.

ACAD

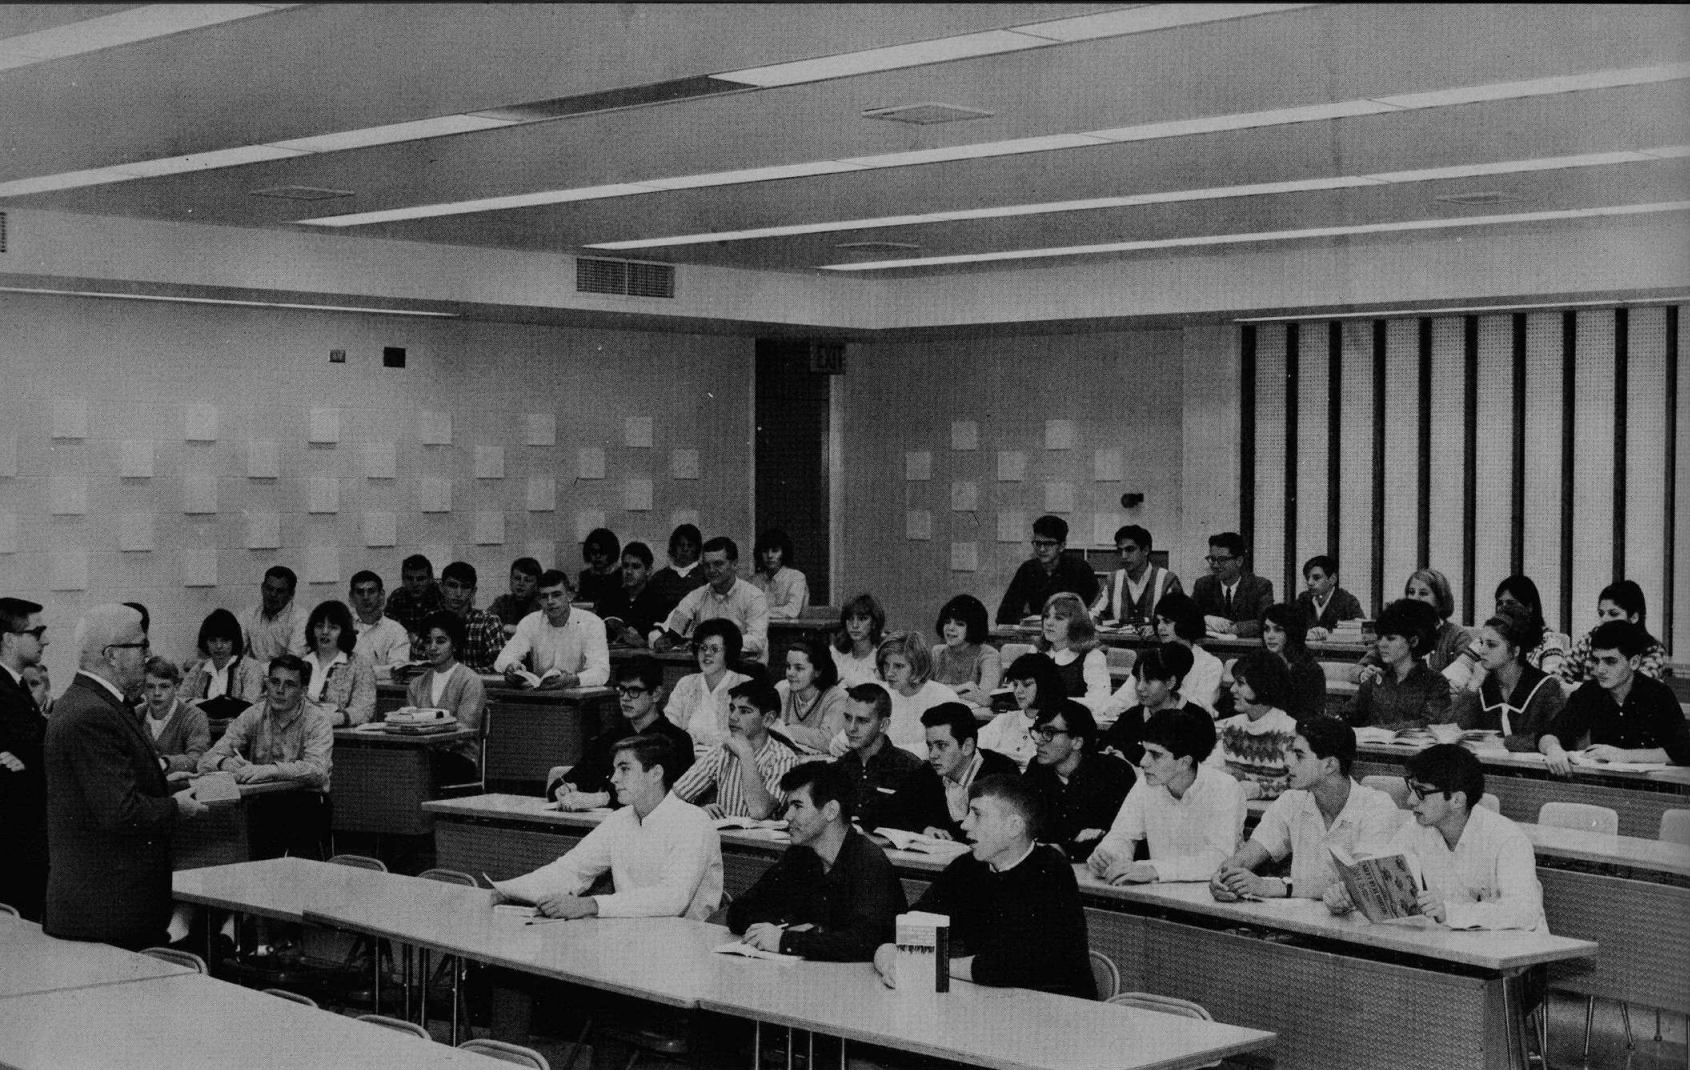

IT'S ACADEMIC

EMICS

*"For sure no minutes bring us more content,
Than those in pleasing, useful studies
spent."*

John Pomfret

Using the multi-purpose room as their base, Mr. Deardorff and Mr. Bamberger, Junior English teachers, give a combined lecture on American literature.

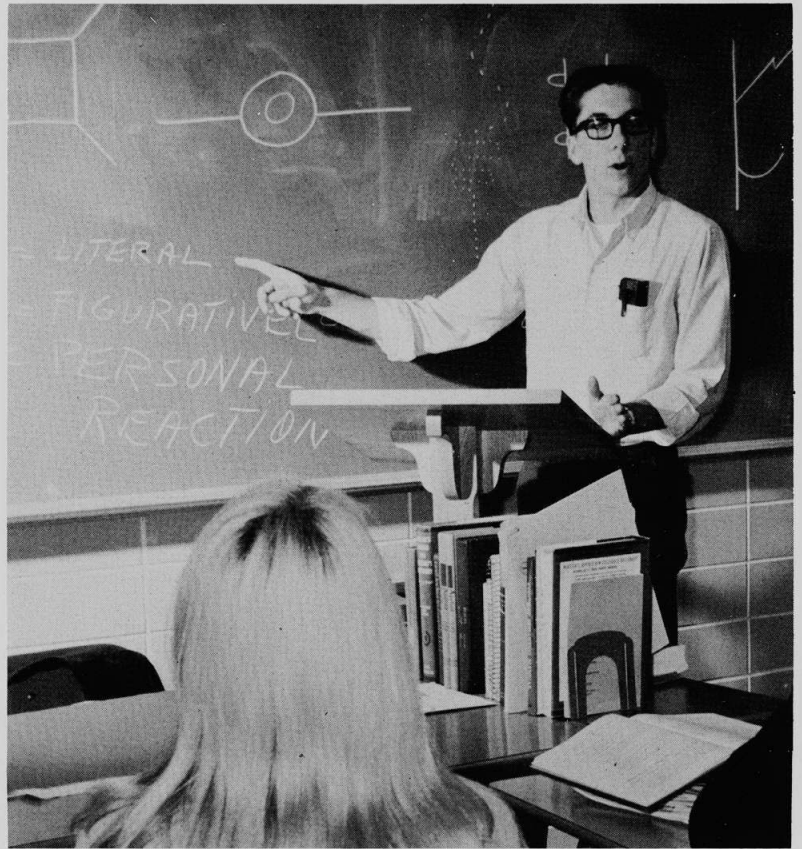

In their World Cultures class, a combined studies program in English and history on the sophomore level, Sandra Bliss, Bob Schatz, Andy Roiniotis, Glen Reading, JoAnn Preston, Heather Fair, Bob Miles, and Judy Johnston work on a topographical map.

600,000 Words Mean English

The English Department used team teaching this year to a greater extent than last year. The idea of combining two classes for lectures from one teacher and individual help from the other made use of the particular talents of each teacher and exposed the students to the type of atmosphere they will encounter in college. The Reading Lab was also used more extensively by both individual students and English classes. Students were able to use the lab during study halls to improve reading and comprehension skills. In class, students discussed literature in all of its varied forms. Novels, short stories, and poetry formed the bulk of their reading. Grammar, rhetoric, and vocabulary were stressed on all grade levels, yet the most important goal of the English Department was to help and encourage the students to express themselves and their ideas clearly.

Acting as student teacher, Randy Czapiga discusses the meaning of poetry with the other members of his senior English class.

While students read *A Tale of Two Cities*, Miss Spafford kindly points out to Larry Goldenberg that Cliff's Notes are not replacements for literature.

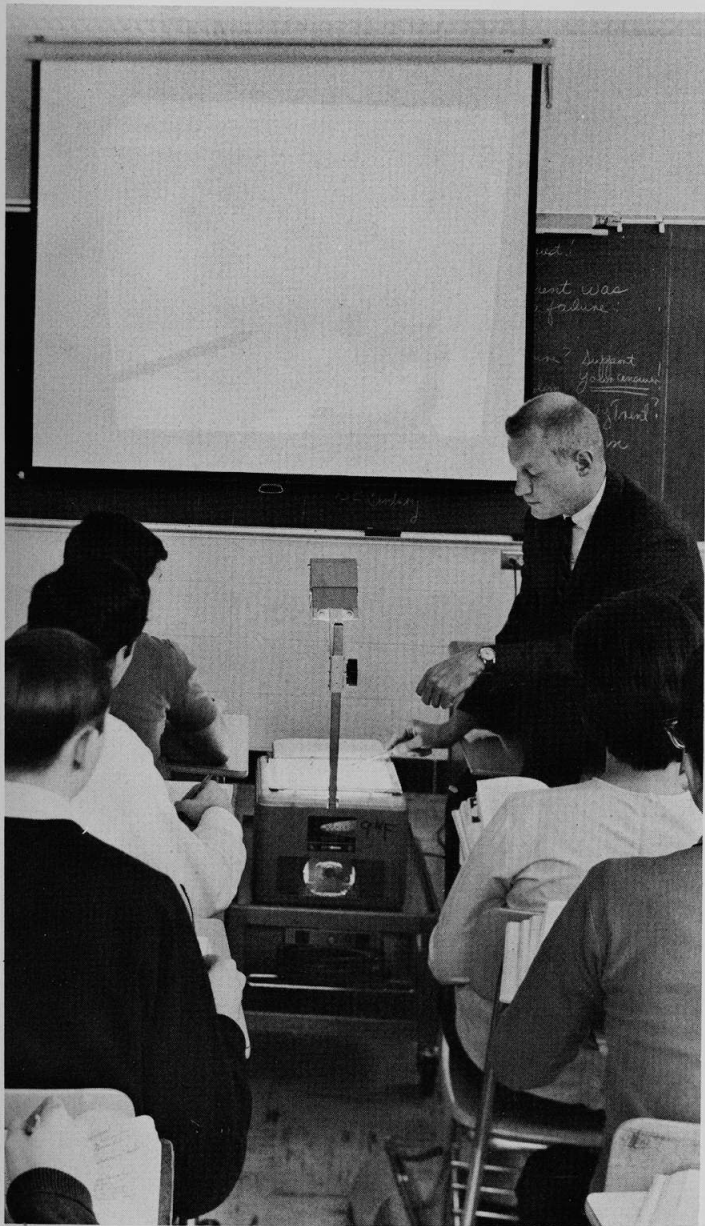

Societies Pass In Review

Mr. Scherb calls on Tom Schlesinger in a United States history class to answer a question on the Louisiana Purchase.

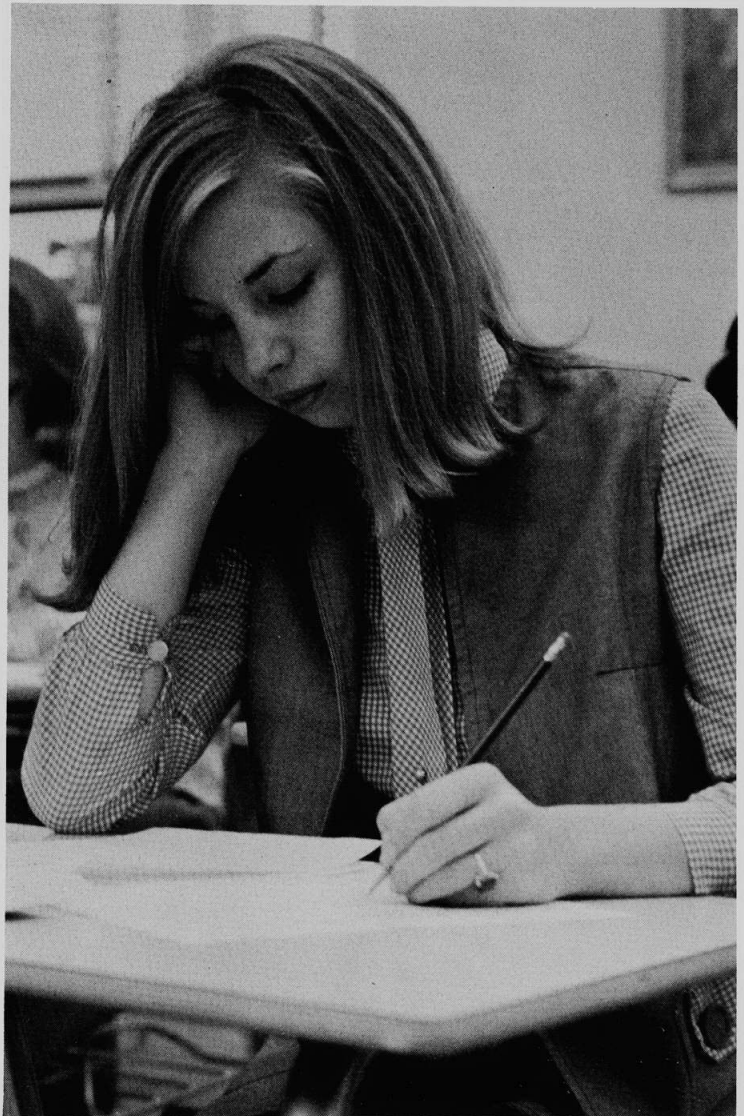

With the ultimate goal of accurately assessing the nature of human relationships, the Social Studies Department hopes to develop within the individual student the skills and attitudes necessary for an active role as a citizen in our democratic society and the world at large. To reach this target and provide each student with a basic understanding of the heritage of other nations, the department offers courses covering not only

American, but European, Latin American, Non-Western, and World History. The teachers of the freshman level Non-Western Civilization course are employing the modern method of team teaching for the first time in the Social Studies Department. Surveys of past and present economic thinking, family life, political science, psychology, and sociology are also offered to extend the students' knowledge in the social sciences.

Through the use of an overhead projector, Mr. Stuit demonstrates to his Western Civilization class that a picture or a map can be worth a thousand words.

Holly Richardson puzzles over a difficult question on a history exam.

In the informal atmosphere of a Family Living class, Mr. Hallberg leads the discussion on religion in society.

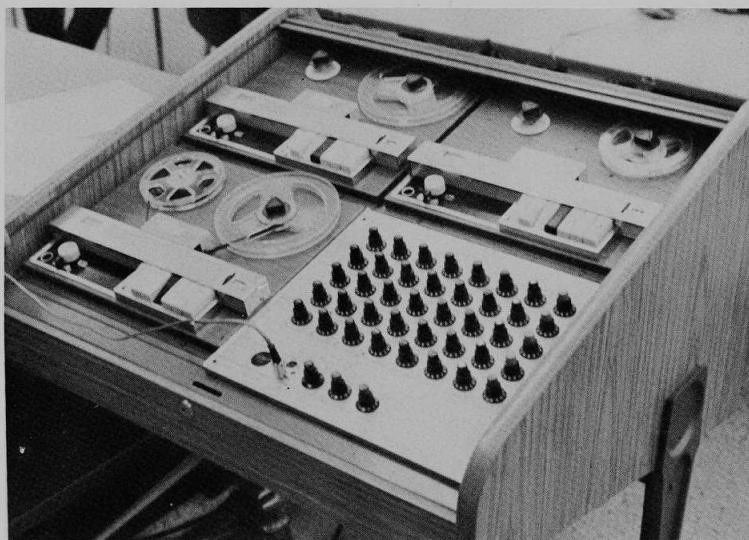

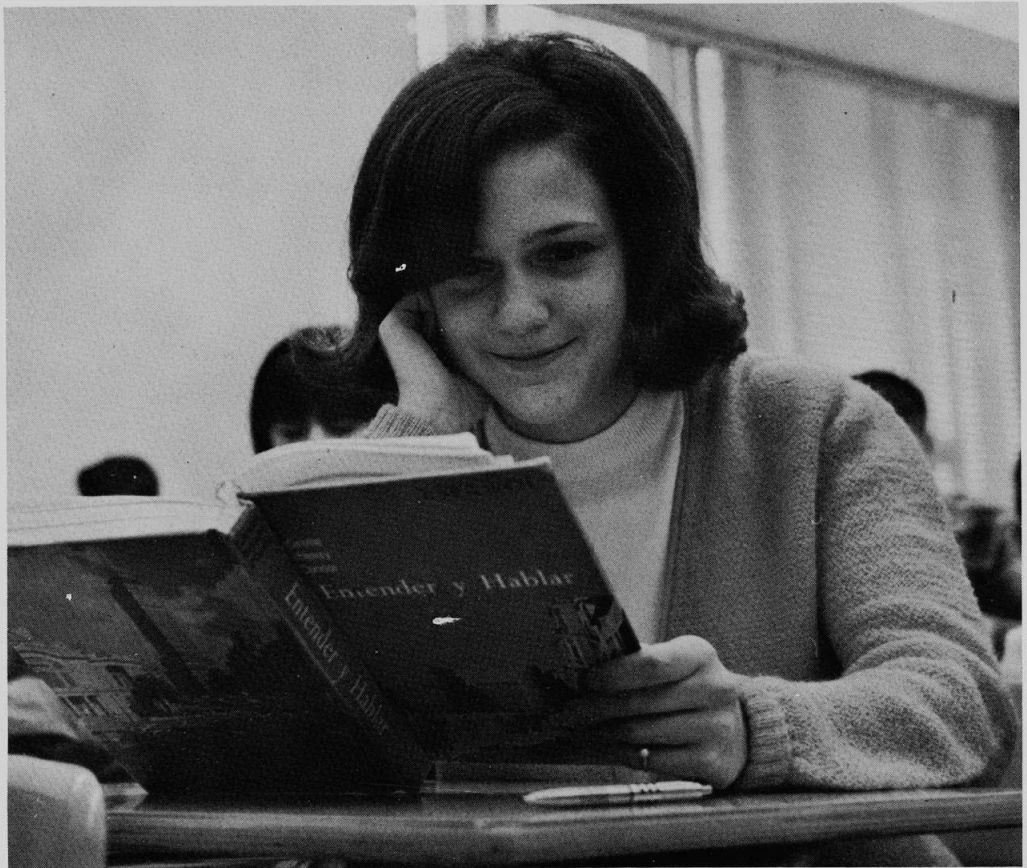

Mr. Lendway explains a point of grammar to his Russian students: Merry Bloch, Michael Molinaro, and Steve Zindell.

Voices of Other Lands Speak Out

The study of foreign languages through comprehension and pronunciation is the modern approach to communication with other lands. Broad conversational ability is the Language Department's ultimate goal for its students. They achieve this end through conversational instruction and are aided by audio-lingual materials and four fully equipped language labs. Each hall contains a research center which provides the individual with the lab aids of microphone and earphones. Thus, research into a language is advanced by hearing the spoken word and repeating its sound for the instructor's approval. Through this method, students are taught to communicate in languages other than their native tongue.

The control panel of one of the four research labs in the school is set to determine the tapes the students on the other end of the wires will hear.

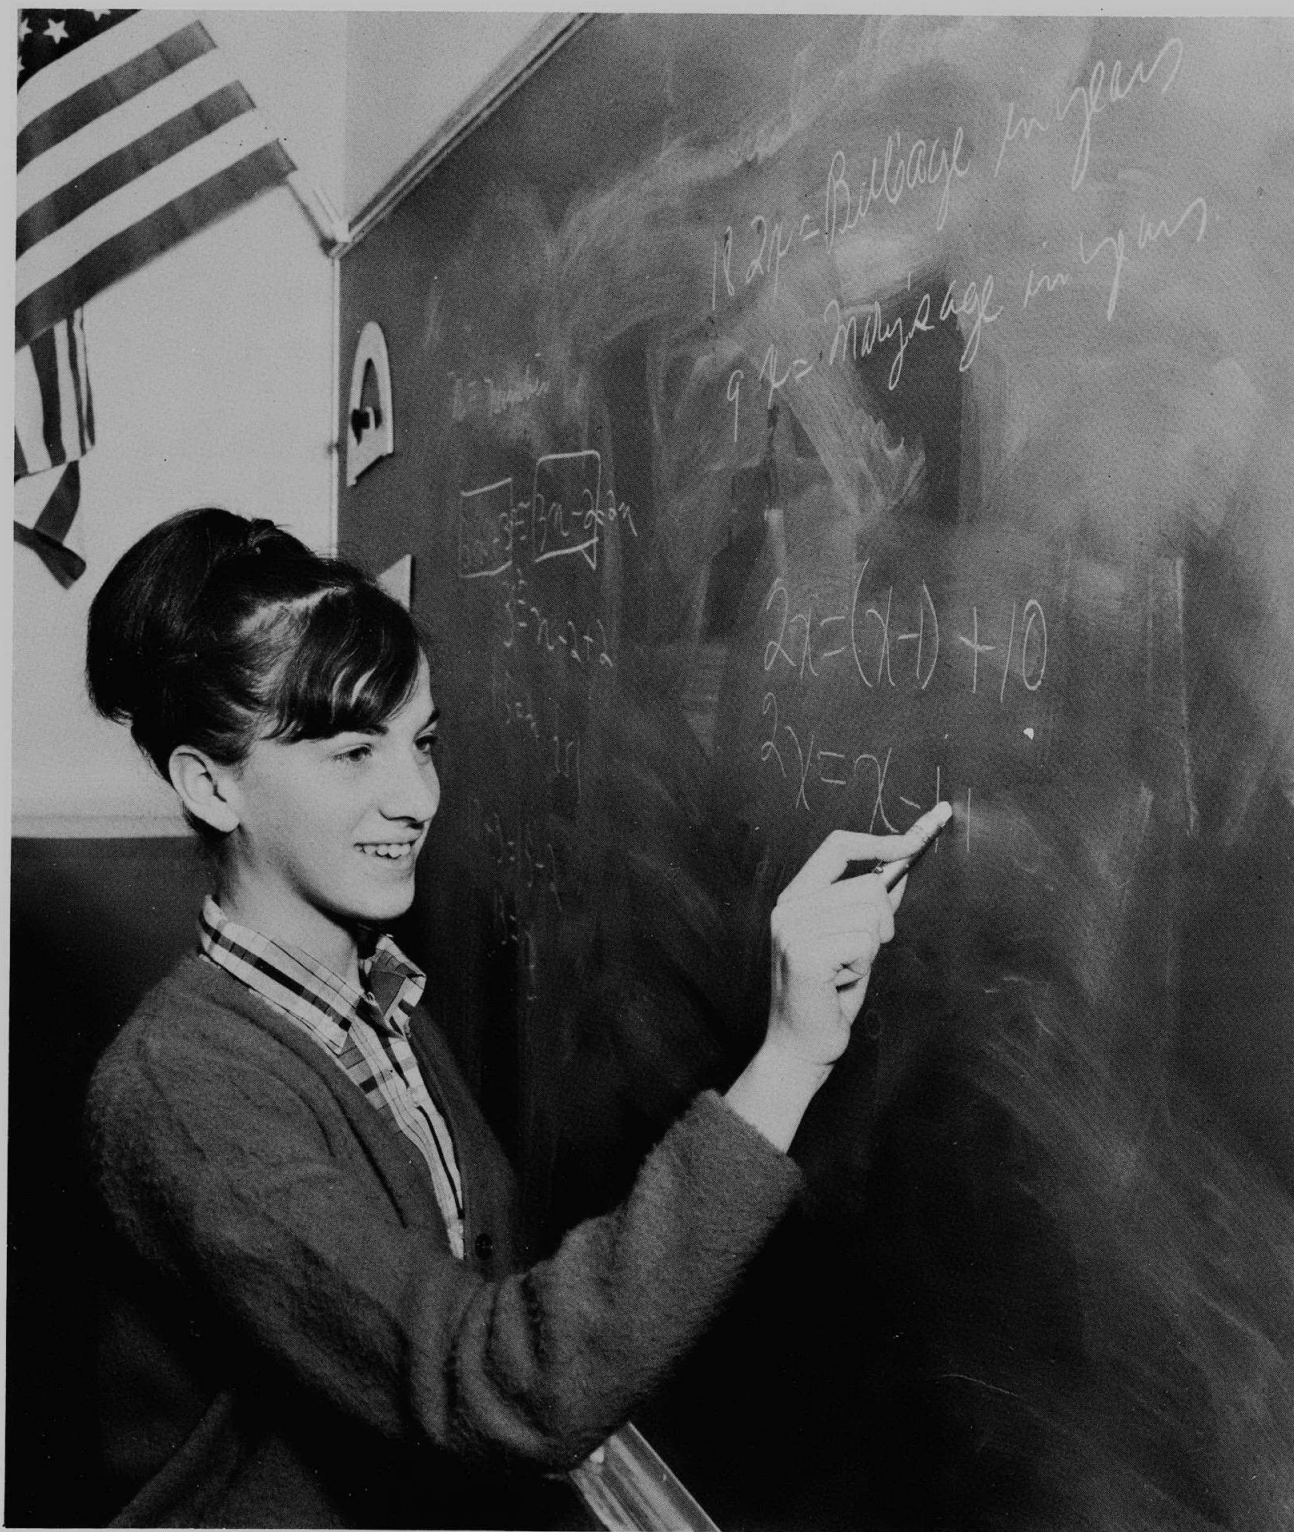

Lynda Landsman gives her full attention to the reading of a Spanish dialogue.

French students Jeffrey Brenner and Merle Daar repeat the patterned response for Mrs. Masur's approval and then go on to the next drill.

North Solves

The X,Y,Z Affair

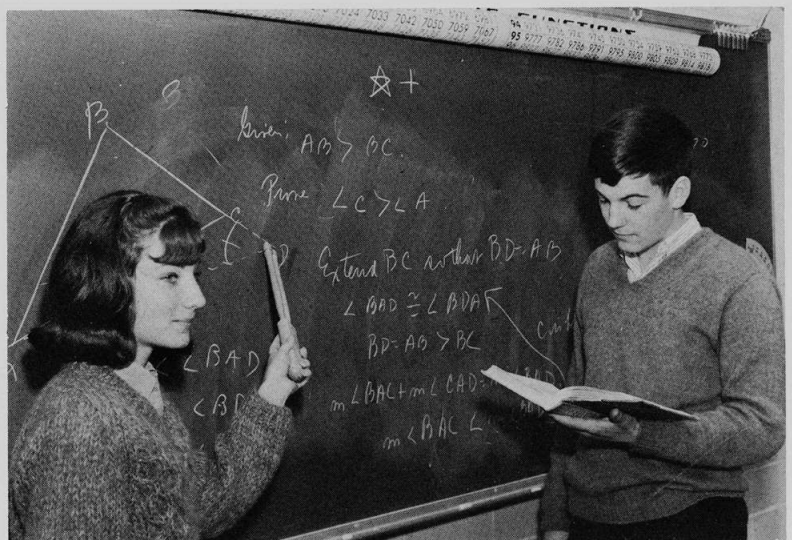

Solving a story problem for the class, Robin Leifer begins to simplify the equation.

Studying spacial relations with the aid of three-dimensional objects, Heiko Rommelman understands a new concept in solid geometry.

The study of mathematics is aimed at the development of precise, logical thinking, as well as the familiarization of the student with concepts which will be useful in everyday situations. At Niles North the Mathematics Department achieves this goal by offering programs to meet the individual needs of each student. Besides the traditional courses in general math, algebra, and geometry, advanced courses are taught in math analysis and calculus. This year, to supplement the curriculum, two new courses have been added. Advanced Algebra and Trigonometry combines three semesters of work into a one-year course. Analytical Geometry and Introduction to Calculus gives seniors of high ability an excellent foundation for college math. Through this diversified program the department gives the best possible education to students of all abilities and interests.

Sue Liebovitz explains her proof while Scott Nolan checks for accuracy.

Experimentation Keynotes

Scientific Approach

Jay Hammerman and Larry Peterson anxiously await a chemical reaction while Jay Leon copies the data.

The fundamental goal of Niles North's Science Department is the preparation of all students for life in today's highly scientific and technological society. The college-bound student who requires science credit for entrance must be included in this preparation. An honors sequence in Biology, Chemistry, and Physics, culminating in an advanced placement college chemistry or biology course is available. Students with a continuing interest in scientific experimentation may participate in the science seminar program, completing individual research projects. First year courses in biology, chemistry, physics, physical science, and physiology are also offered. Whether participating in the honors or regular science program, however, all students are prepared—through lectures supplemented by laboratory exercises—for an educated life in a scientific society.

Cindy Drawbough and Charles Franks construct a molecular compound.

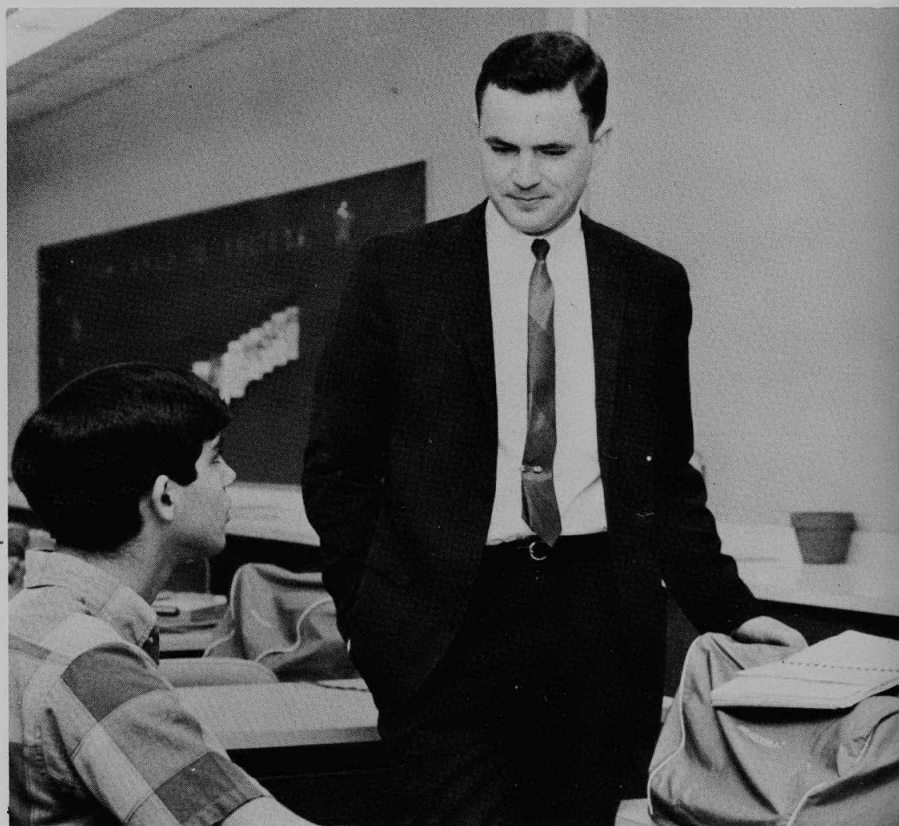

Demonstrating the benefits of his rug-care product, Bill Moe convinces Michele Aronow, Marc Mayer, Paul Berger, Irwin Goulding, Zachary Harris, and Mr. Napier of his ability as a salesman.

North Means Business

With a diversified program, the Business Education Department meets the needs of a wide range of people. These courses give the students a chance to get professional training in typing, shorthand, notehand, bookkeeping, accounting, sales, and advertising for either vocational or personal use. Maintaining its high standard for equipment, the department has added a data processing unit to the modern machinery used in training. The Business Education Department's main objective, through this program, is to provide its students with a thorough knowledge and understanding of the American economy and business-enterprise system so that they may successfully manage their own financial affairs and realize the problems of their government.

Mr. Cary discusses a difficult problem in General Bookkeeping with Marc Stein.

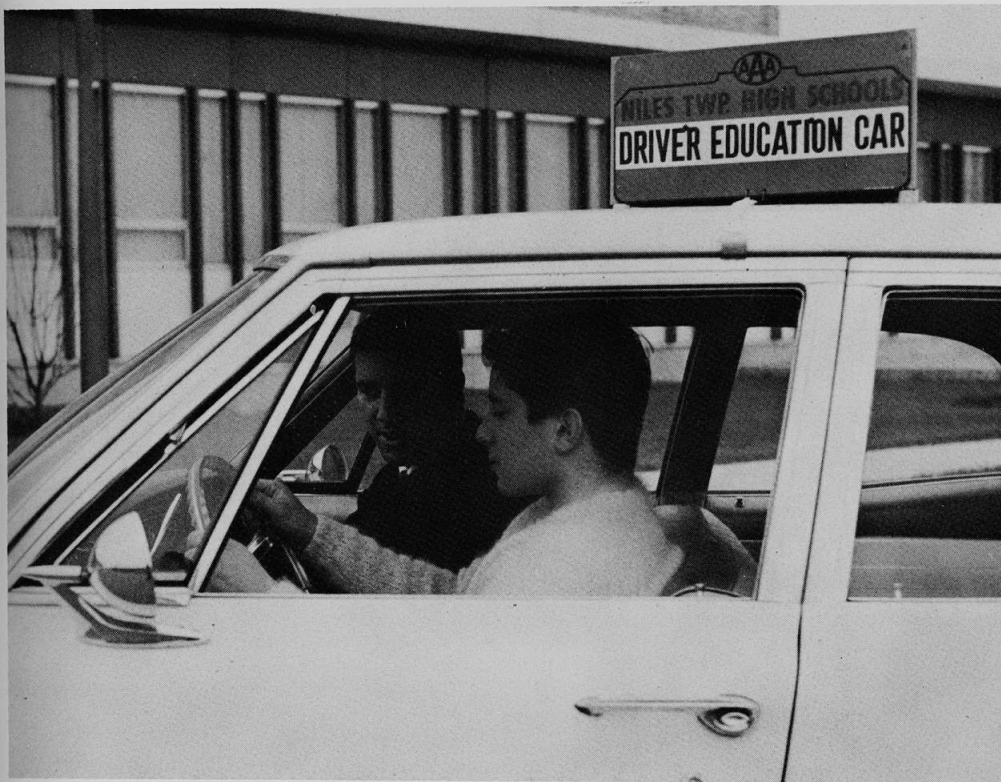

Drivers Take A Right Turn At North

Mr. Casten shows Sandy Stolerow how to manipulate her car while Mike Finesilver keeps his eyes on the film and the road ahead.

The driver education program, stressing defensive skills, is split into three phases, the first of which is an eight week classroom course where students are taught the *Rules of the Road* and the basic principles of driving. The second phase, Drivo-Trainer, gives students the opportunity to sit behind the wheel of a simulated car while traffic films are being shown. The student learns to deal

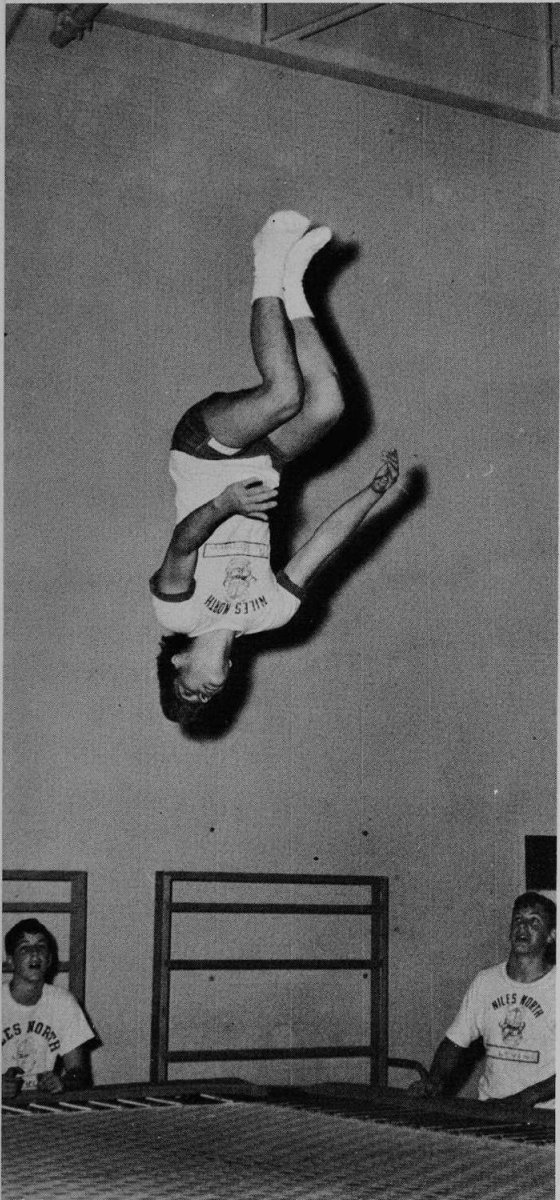

with various driving situations--to start a car, to apply a brake, and to keep his eyes moving. The final phase of the program, known as Behind-the-Wheel, allows students to apply acquired skills and knowledge to actual traffic situations. Having successfully completed the three-phase program, the student is now prepared to drive an automobile and drive it safely.

Gary Green listens attentively to Mr. Henderson's advice on driving in reverse.

Quality and Endurance

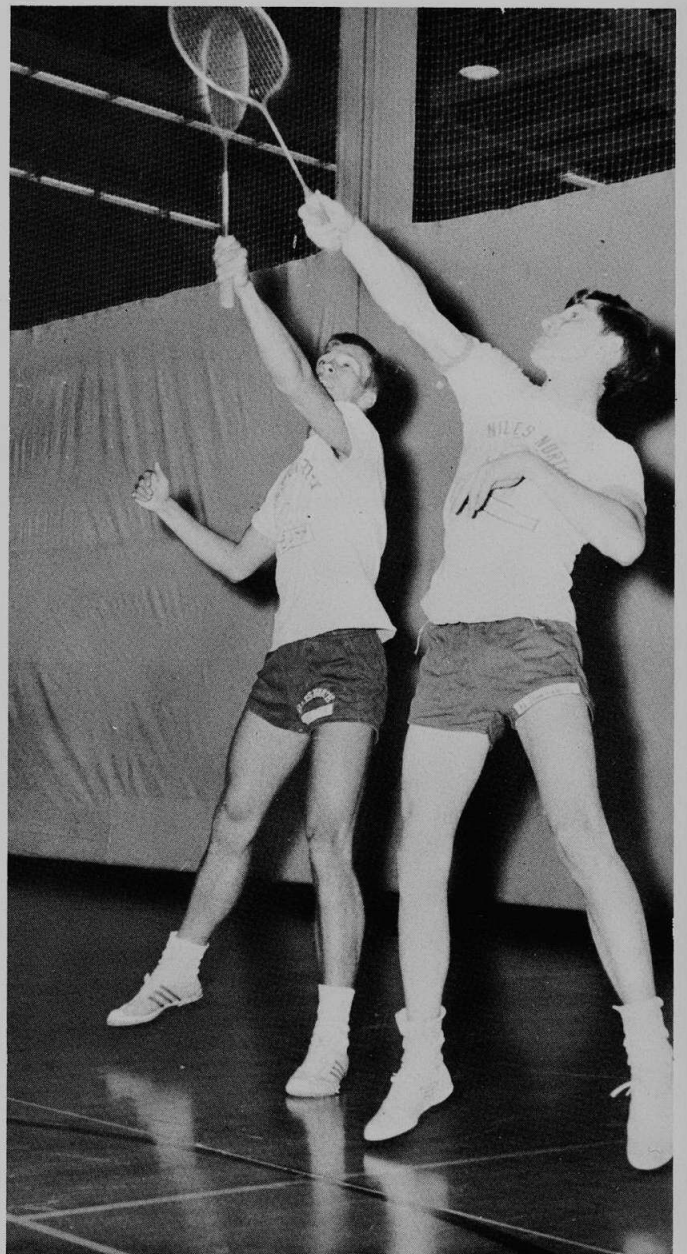

Stressed in Athletics

Richard Kroger executes a backward somersault as fellow students watch his form.

Realizing the importance of maintaining high standards of physical fitness, the Boys Physical Education Department hopes to instill the desire to acquire and maintain strong and healthy bodies in each of its students. A variety of team and individual sports increases the boys' skills and advances their social and emotional development. Among these are: football, basketball, baseball, volleyball, golf, wrestling, gymnastics, track, and swimming. The department also prepares its students for emergency needs through the required Health and First Aid courses. Boys' Physical Education is a capsule of counsel on health and exercise.

John Butor and Howard Pittrack reach to hit the birdie in a game of badminton.

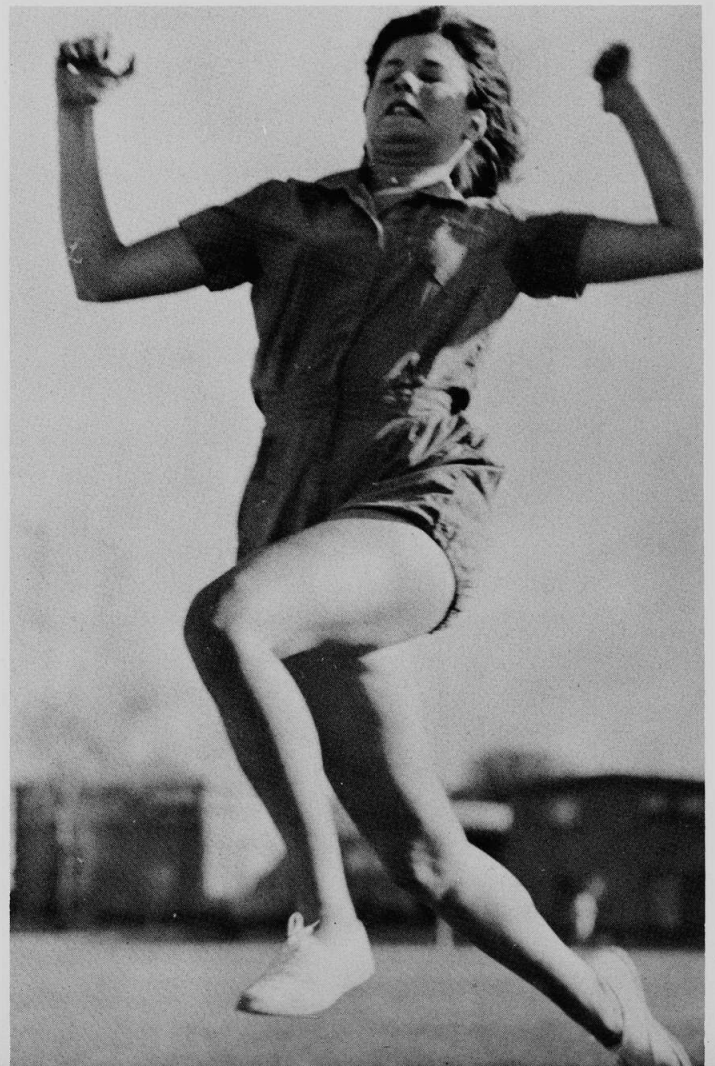

Susan Brill, Lynn Josephson, Carol Cuzzort, and Randy Carlson practice a step in their modern dance routine.

Girls Perform Exercises In Skill and Poise

The Girls' Physical Education Department teaches students the value of physical fitness and the understanding of fundamentals of sport, rhythmic and aquatic activities. Spring and fall activities are track and field, speedball, field hockey, tennis, softball, golf, and this year's addition of archery. Apparatus, basketball, swimming, rhythmic gymnastics, volleyball, badminton, recreational games, trampoline, and modern dance and jazz are offered during the winter. In the classroom the student takes first aid and medical self help as a senior; the freshmen concentrate on the areas dealing with mental and social hygiene. These courses give a scientific approach to learning more about the function of the human organism and how to react in an emergency situation. Therefore, the department contributes to the physical, mental, and social growth of the teenager.

Pat Walters strains for just one more inch in the broad jump.

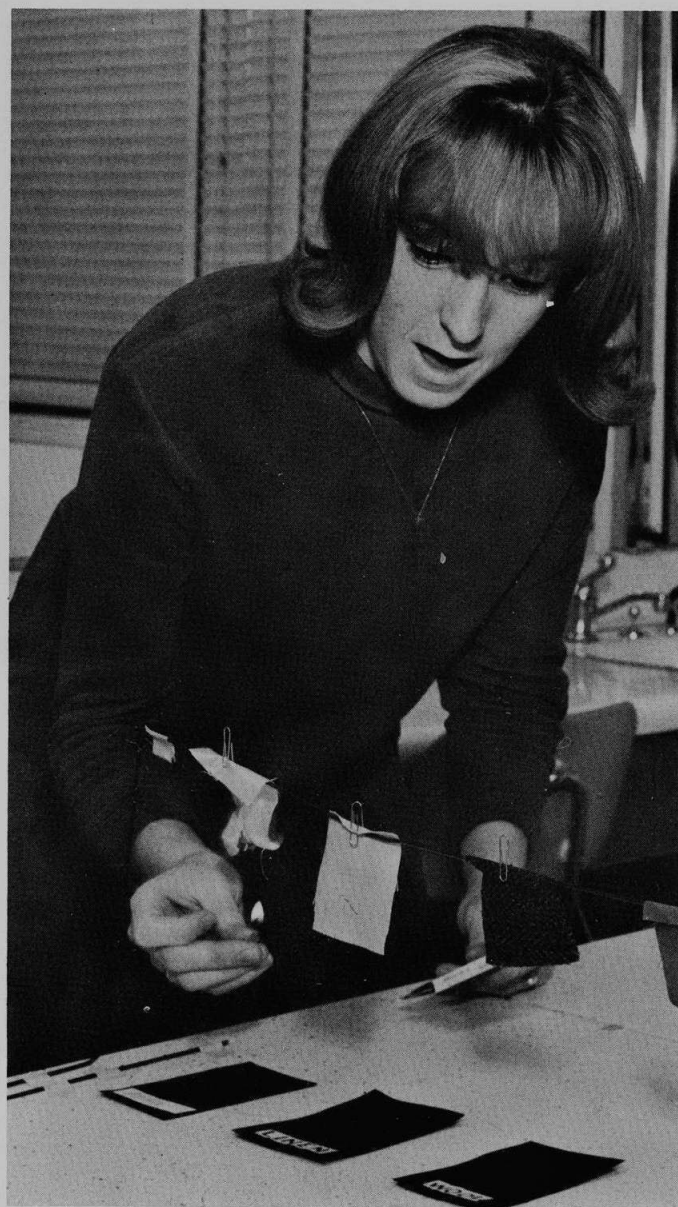

Jeanine Ellenwood puts the finishing touches on her sewing project.

Home Arts

Blend With

New Methods

The Home Economics Department offers students an excellent opportunity to learn some of the techniques of running a modern home and some of the more scientific aspects of foods, clothing, child care, and home management. In foods classes, the girls learn how to prepare some of the basic dishes and ready-mix foods. This study includes scientific testing of new products and research into the techniques and costs of food processing. In clothing classes, girls study the differences between fabrics, emphasizing the

intelligent purchase and care of synthetic fibers, as well as learning construction skills. In child care classes, the importance of a child's attitudes during his first years is stressed, while in home management and home furnishings classes, the girls learn to decorate and maintain attractive homes. Architectural styles and period furniture are taught, as well as the fundamentals of plumbing and heating. These courses provide a well-rounded and scientifically based program in the arts of homemaking.

Sparks Fly For Technical Accuracy

The courses provided by the Industrial Arts Department run the gamut from auto mechanics to electricity, from woods to metals, from architectural drawing to technical lighting. Concentrating on the principles of house design and construction, architectural drawing surveys the work of the twentieth century's greatest designers and explores architecture as a career. While auto mechanics observes operating parts in relation to whole machines through laboratory study in the first year, it delves into the technical information and skills of automotive servicing in the second year. Laboratory courses in elementary applied electricity, in radio transmission, and in the working principles of wireless transmitters and receivers are also taught. While the courses in metals include the forging, welding, and machining of various metals, the courses in woods teach the nature and uses of the product, including the skills of woodworking. The many aspects of industrial drawing are offered as a separate course. For every student who has an interest in phases of industrial arts, the proper course is provided by this department.

Creativity:

Lifeline For The Artist

Using two approaches, one accenting the creative aspects of art and the other focusing upon its historical connotations in our world, the Art Department strives to sharpen its students' creative senses and stimulate their intellects. The department provides an answer to the question "How is art a factor in our lives?" by orienting the student to the art which surrounds him and by relating its

beauty and meaning to his everyday world. Classroom emphasis of the importance of this relation and field trips exposing the student to the realm of professional creativity form the basis of an art program designed to increase participants involvement in the world of art and deepen their understanding of its techniques and philosophies.

Musical Groups

Take It From

The Top

The Music Department's diversified program gives students the opportunity to develop their musical interest and talent in several directions--greater appreciation, technique perfection, and performance improvement. Vocalists add finesse to their performances through practice with the Concert Choir, Mixed Chorus, and Girls Glee. In the instrumental department the Concert Band and Concert Orchestra are the largest organizations, with the Band performing as both concert and marching band, and presenting concerts at junior high schools. The joint effort of the choral and instrumental departments within our Music Department provides the community with three creative productions each year-- the Winter Music Festival, a Broadway musical production, and the Spring Music Festival.

Student Senate, the voice of the student body, serves to provide a liaison between students, faculty, and administration. It also strives to regulate student government, to coordinate student activities within the school, and to foster good relations with other schools. The duties of this group include chartering clubs, establishing an all-school calendar, managing sales of items sold within the school, publicizing all school events, sponsoring the American Field Service program, operating the school store, and promoting school spirit. This year Senate served as a

direct link for Hall Councils and Class Boards, with their presidents and vice-presidents taking on the dual roles of Senate members. As an aid to publicity and student opinion, a North Star representative is an honorary Senate member. Also this year, Senate was the central financing body for student activities, regulating loans from the central fund. Through its existence, the new Student Senate hopes to further the ideals of democratic government and good citizenship.

This year each of the four halls organized a new government body whose purpose is to unite the four homerooms in the hall, to promote hall spirit, to organize a student managed study hall service program for each hall, and facilitate communication between the students and staff. Besides serving as legislative bodies, the Hall Councils recognize and encourage academic achievement and co-operate in inter-hall athletic programs. Because of the physical structure of Niles North, the Hall Councils have proven to be successful additions to our student government program.

A group of hard-working, fun-loving seniors compose the membership of the Student Union Board. Frequent dances and entertaining evening events are planned by these diligent workers, who try their best to make each union better than those preceding by improving the themes, talent, decorations and refreshments they provide.

The Assembly Committee is made up of both faculty and students who work together

to organize successful and interesting assembly programs for the student body.

Months of hard work and creativity were climaxed with the events of our first homecoming this year. Every aspect of that busy weekend was carefully prepared by the Homecoming Committee. Twilight pep rally, decorated cars, fun, queen, court and spirit . . . these were the work of the Homecoming Committee 1965.

IT'S ACADEMIC

Our "It's Academic" team of Victor Elias, Michael Young and Sharon Finley poses with their host Ed Grennan and their coach, Mr. W. Bamberger.

Northi On The Air

Niles North's "It's Academic" team soared to victory after victory this year. Having won its primary match against Cary Grove and Downers Grove High Schools, it continued successfully through the Semi-finals, breaking all of the programs previous records with its high scores.

On a visit to radio station WEDC, three Russian students assisted in emceeing the Russian Melodies program, a show consisting of Russian folk music and news commentaries in that language. Seventeen students accompanied them on the trip to the studio.

Reading Russian radio announcements are seniors Merry Bloch, Steve Zindell and Michael Molinaro.

The first National Honor Society Chapter was founded in 1921. Since then the number has soared to nearly 14,000 chapters in high schools all over the country. The society's purpose is to encourage the development of character, leadership, scholarship and service among students, and to recognize junior and senior students who have been outstanding in these areas. Members must have at least a B average and must comprise no more than 10 per cent of the

senior class, and 3 per cent of the junior class.

Each spring, juniors all over the country take the National Merit Scholarship qualifying tests, examinations which may make students eligible for almost 1200 different scholarships. Semifinalists' scores must rank among the top two per cent of all those who took the test. This year Niles North had eleven semi-finalists, one of the largest groups in the state.

Saga Staff '66

Saga is a printed collection of memories, a retelling of the events of an entire school year. It is pictures of friends and teachers, activities and fun-filled incidents which will long be remembered. To the Saga staff member, however, the yearbook means much more. It is hours of planning, taking pictures, writing copy. But most important, it is the satisfaction of seeing his work slowly develop with each section into a completed book, the Saga of 1966.

Editor-in-chief and Managing Editor of the North Star are Sue Rasnick and Lee Cohen.

The North Star

By its true reporting, creative writing, and honest editorials, our bi-weekly school newspaper, the North Star, performs an essential service to the entire student body. As well as providing experience for prospective journalists, it acts as a source of information for students by publicizing school activities. In addition, it often presents the lighter side of education and provides an opportunity for all students to express their various opinions both about universal topics and about those subjects relating specifically to the school.

Voice Of The Muse

Discussing manuscripts are Calliope editors S. Perlman, J. Price, S. Finley, and H. Kling.

Planning Calliope sales are Merry Bloch (general editor) and Robert Kaye (business manager).

Every year manuscripts and illustrations are submitted by the student body to be considered for publication in the school literary magazine, Calliope. Membership in the organization is limited to those students whose work has previously been published in the magazine. Students are hereby given opportunities for creativity and self-expression in many aspects of poetry, prose and art. During the year, numerous fund raising projects are conducted by the staff to cover the cost of publishing the magazine, which was named for the muse of epic poetry. A final banquet is held annually to welcome new members and to announce the next year's editorial staff.

Calliope staff members are: *Back Row:* J. Faintuch, J. Schwartz, H. Goodman, R. Kaye, N. Goldsmith, J. Herrmann, L. Sullivan. *Front Row:* M. Bloch, S. Finley, S. Perlman, J. Price, H. Kling.

Bards and Players

Quill and Scroll, a national organization, was founded on April 10, 1926, with the purpose of encouraging and awarding individual student achievements in journalism and school publications. Membership may be obtained only after a certain amount of individual work has been published.

The officers and nucleus of the Drama Club are National Thespians; however, membership is open to all students. Besides participating in the school's dramatic productions, members have the opportunity to act in several one act plays. They have monthly meetings in which they discuss all fields of dramatics, including lighting, make-up, costumes, and scenery, and have taken tours of local theatres.

Officers of Drama Club are: *Seated:* C. Libkin (vice-president), A. Vega (president). *Standing:* R. Gould (secretary-treasurer), and J. Wagner (points chairman).

Forensics Team members: *Back Row:* D. Lubowich, N. Goldsmith, H. Goldstein, A. Hergott, M. Gelder, J. Levey, D. Van Deusen, M. Bloch, H. Cogen. *Third Row:* J. Price, M. Steelman, R. Gould, C. Oreloff, J. Wagner, R. Gould, A. Vega, C. Libkin, D. Jacobson, H. Richardson.

The goal of the National Thespian Society, an honorary group for active participants in school dramatics, is to attain a high standard of excellence in all phases of the dramatic arts. This organization limits its membership to seniors, juniors, and outstanding sophomores, who have earned at least ten points through their participation in various productions. Because its members regulate the activities of the Drama Club and are continually involved in all productions, this group creates an active and intelligent interest in drama among the students in the high school.

Both the Debate and Forensics teams have proven their merit by their success this year in interscholastic meets and tournaments. Forensic contestants have given fine performances by participating in nine speech activities and have been awarded honors for their vocal expression, poise, and the contents of their speeches. Members of the Debate team were judged on a basis of fluency and their competence as speakers besides their choice of material and arguments presented. The teams have proven well their skill and talent by many successes, both in local and state-wide competition.

Valhalla Singers, a group of fifteen girls, sing both popular and semi-classical music. The six boys and six girls who make up the Chamber Singers perform selections ranging from Renaissance Madrigals to twentieth century jazz. The String Quartet, composed of two violins, a viola and a cello, play music from Haydn, Beethoven and Mozart. Representative of the quality of our music department, the String Quartet received a first place in a state-wide music contest.

Potpourri, the fine arts club, has started this year with many new and exciting ideas. "The Seven Lively Arts" open the realms beyond the scope of the classroom, while guest speakers, movies and field trips prove to be both enjoyable and informative experiences. Potpourri has shown a growing interest in modern art and folk music, and has held several all-school hootenannies.

The only requirement for membership in the Arts Club is an active interest in any field of creative art. Aside from offering opportunity to work on personal projects, the club furnishes most of the paintings, sculpture and other art work which are displayed in the halls and offices. Group discussions led by teachers and speakers encourage growth of new ideas and interpretations.

Babel Revisited

The major purpose of Niles North's foreign language clubs is to acquaint students with the characters of the countries whose languages they study in the classroom. Members are familiarized with the art, literature, music, heritage and general culture of foreign peoples.

Club activities vary greatly and often include folk festivals, guest speakers, movies, field trips and annual banquets. Through these club activities students of German, French, Spanish, Latin and Russian are given opportunities to speak and perform in their chosen languages.

Spanish Club officers: J. Herzberg (vice-president), M. Rissman (treasurer), T. Shulman (secretary), K. Sherman (president).

Scientific experiences not always covered in the classroom are obtained through participation in science clubs. Science Seminar, Physics, Biology, Chemistry and Math Clubs all provide opportunities for eager students to widen their knowledge and satisfy their curiosity in matters not specifically included in the school's curricula. These club groups sponsor individual research projects, invite authoritative guest speakers, and encourage members to do extensive reading in technical areas of their field of interest.

Looking Forward

The Home Economics Club enriched and enlightened many girls in the field of home economy through their various service projects. As a group, it stressed the importance of both family and international relations. This year they successfully planned a service project for a hospital.

The Future Teachers of America Club fostered an interest in the teaching profession

and tried to give students an opportunity to understand more about the different aspects of teaching and other careers in the area of education.

Other students prepare for their chosen vocational goals by participating in Business Club or Health Careers Club. Both of these organizations strive to increase student's awareness of the natures of various careers in these fields.

The girls wearing corsages or badges at all major school productions, including Norse-capades, plays and musicals, were members of Ushers Club. They provided a service to the school by being courteous and helpful to all who attended these functions. With their great enthusiasm, oral publicity, and active participation, Pep Club produced an incentive for students to come to our athletic events.

The purpose of the Philosophy Club was to

create among students an interest in the intellectual aspects of civilization, and to promote an understanding of various philosophical schools as a means of understanding our present society. The study of protest songs and their motives started many discussions on morals and ethics.

Chess, when played correctly, is an art, requiring keen judgment and imagination. While enjoying the game, club members also increased their skill in competition.

Strength and Grace

The "N" Club, which includes the school's finest athletes and team managers, encourages good sportsmanship and school spirit. The annual N-Club versus Faculty basketball game is one of the more "thrilling" and comical events of the year.

The Twirlers display their abundant talents at the fall football games. Performing in march formations, they lead the band in parades and half-time ceremonies with grace and precision.

Talented Twirlers Kathy McWhorter and Pat Riley display skill and synchronization in their baton routines.

Mechanical Men

Members of the Audio-Visual Club learn to run films, slide projectors and tape recordings, all of which are used by the faculty to vary and supplement daily lessons. These activities stimulate interest in equipment, while providing a needed school service.

Also providing aid to school activities is the Technical Service Club, the unseen group behind all Northi stage productions. Their activities range from homeroom assemblies to major dramatic productions, such as the spring musical. Their diligent work is indispensable to successful performances.

The Radio-Electronics Club probes the inner workings of radios, television sets and other appliances. While learning the intricacies of electronics, they apply their knowledge to the construction of radios and other electronic devices.

They Also Serve....

The Norsemen, or former Hi-Y Club, were new this year and brought with them a new, enthusiastic school spirit. They fast became a dynamic force behind our increasing athletic success, school pride and good citizenship. In their schedule was an annual youth government day in Springfield, and several Norsemen sponsored school dances.

The service monitors assisted the administration in keeping the school running smoothly and efficiently. Students working in the hall offices, divisional office and attendance office helped the secretaries with clerical and reception work. Health office monitors helped the nurse care for injured or ill students. Student librarians assisted the staff by checking out and shelving books. Monitors in the cafeteria and locker rooms helped to keep these areas neat. School store workers gained experience by selling school supplies.

Varsity Improved

The Niles North Varsity football team was characterized by an exceptionally solid defense and a consistently potent offense. The Vikings started off the campaign by trouncing arch rival Niles East, 19-6, at East. Extremely stiff competition prevented the Norsemen from winning again, but the gridgers managed to tie Maine South on Homecoming day and a highly touted team

from Glenbrook South three weeks later. Three Vikings, Captain Jim McKay, George Coleman, and Rick Fisher, along with honorable mention choice Rich Thomas, were named to the All Conference team, bringing honor to an impressive group of gridgers from North. Scott Schirmer will captain next year's team.

J. V., Sophs, Determined Teams

The J.V. squad, under the careful guidance of Coach Mitz, picked up a lot of needed experience this season. Although the J.V. was winless, they should be able to fill the shoes of graduating seniors and help the Varsity to a successful season next year. The sophomores, paced by Most Valuable Player Buddy Reynolds, showed signs of an explosive offense and were a much better squad than their record indicates. The co-captains, Phil Hightman and Dan Tiltges, were standout players and should help bring victory to Northi in the future.

The Frosh "A" gridgers, under the direction of Coach Meier, learned the basic fundamentals and strategy needed for a successful team. Breakaway halfback Mark Bresnik kept the opposition worried and his teammates happy. The Frosh "B" squad, coached by Mr. Weber, had difficulties early in the season but ended on a high note by smashing Glenbrook South 26-0, with Most Valuable Player Dale McKay scoring twice and Greg Blum and Ken Pinsky adding one touchdown apiece. The Frosh squads under the supervision of North's fine coaches should become a power in the Central Suburban Conference in the future.

Harrier's Have Successful Season

The varsity harriers placed third in the Central Suburban Conference with a record of 3-2 and an overall record of 6-5. The squad was led by Junior Bill Kuhnle. The Viking harriers should be a definite contender for the championship next year with a superior group of sophomores coming up to Varsity to help the well established junior runners.

Rich Thomas, 16-3 for the season, has perfect control of Jim Stengel from Niles West.

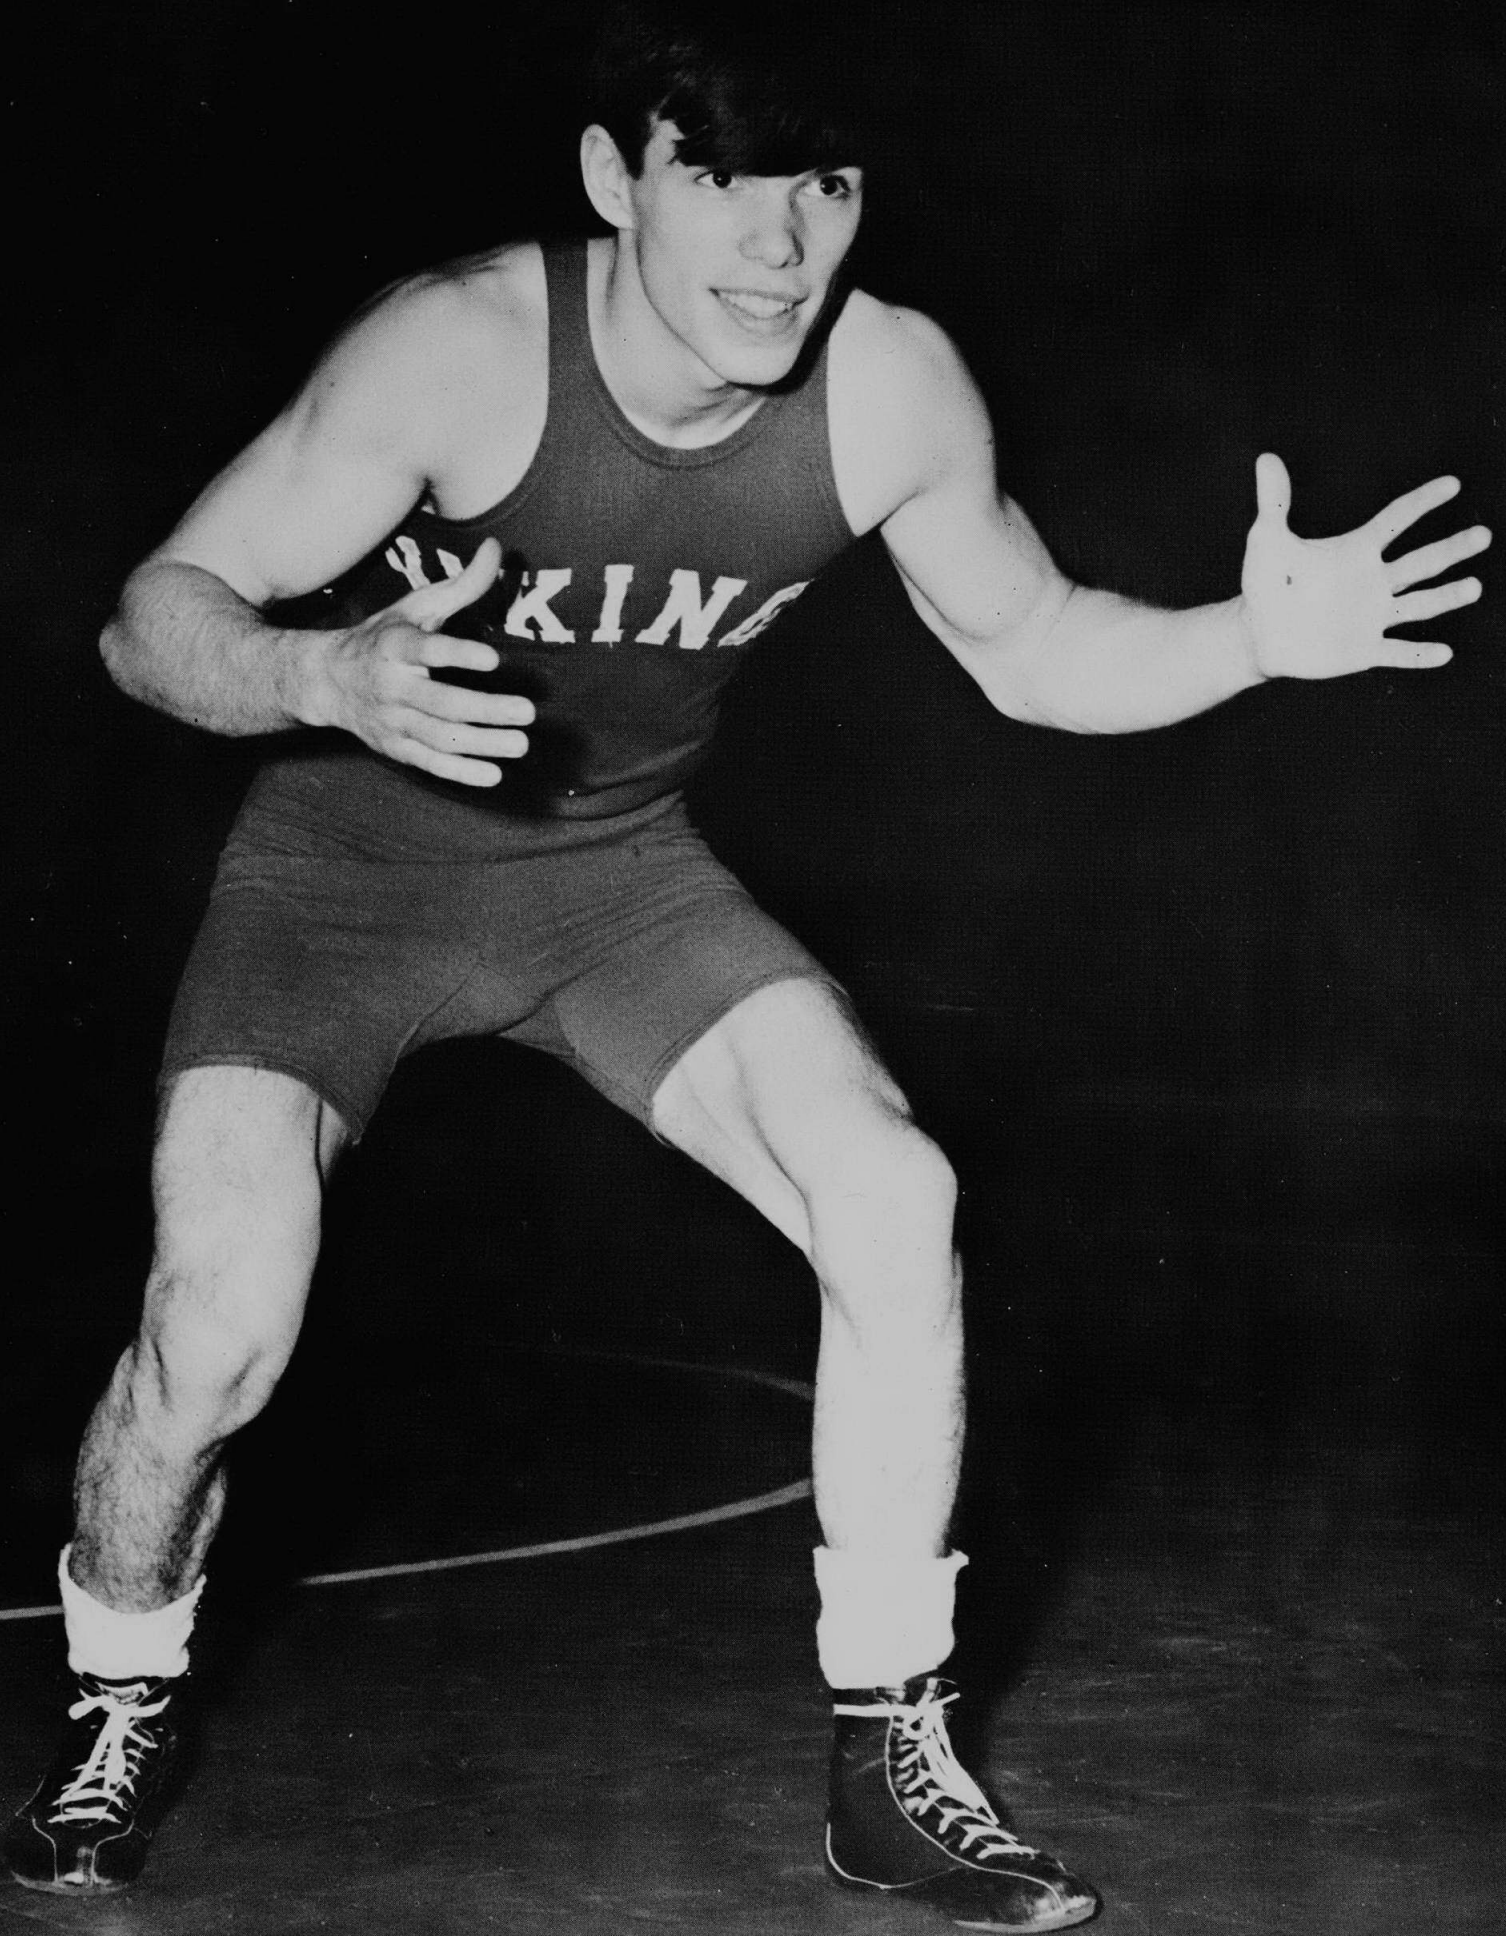

Rolak Wins State Crown

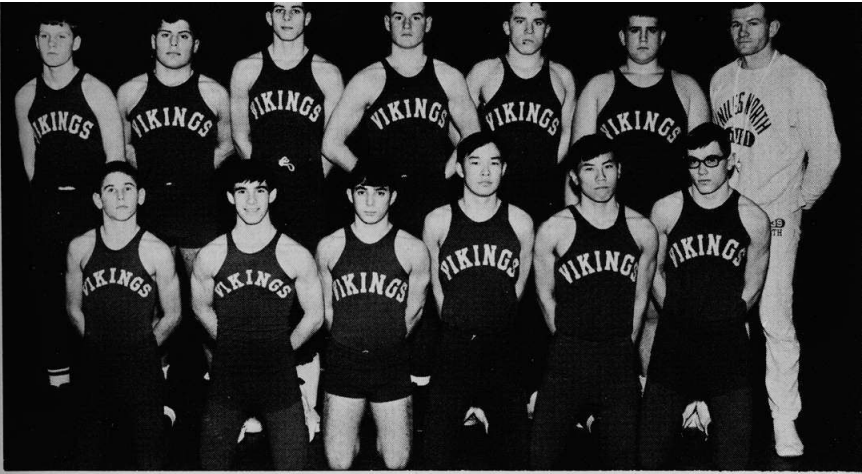

The varsity wrestling team fell 14 seconds shy of winning the Central Suburban League crown this year. After a slow start the Varsity grapplers came into their own and appeared destined to capture the title. However, when the Vikings met Deerfield for the title a disqualification with 14 seconds remaining cost the crown. Rich Thomas, Arnold Pedersen, Steve Poznansky, and Captain Fred Rolak were all chosen to the all league team. Rolak, the Most Valuable Wrestler, became North's first state champion with his blinding speed and tremendous rides. Compiling a record of 28-1 the finest of any athlete in North's history, Rolak bagged the state crown at the 127 pound class. Coach Weber was extremely pleased with this dedicated and determined group of wrestlers.

Determination and aggressiveness were characteristic of the J.V. wrestling team this year. Although the J.V. squad ended up with a record of 2-8 they gained much confidence and experience.

The Sophomore team was more successful and ended up with a record of 5-7 winning their last four meets in a row. Ken Lubowich did a fine job for the team and won the Most Valuable Wrestler award.

The Freshman team started slow but won four out of their last five meets and look as though they will bring many victories to the Northi wrestling team in the future. They were paced by undefeated Neil Christensen. All of these teams give Northi a good chance of capturing the crown next year.

Varsity Cagers Have Successful Season

Senior Rick Halperin suspended in a picturesque jump shot.

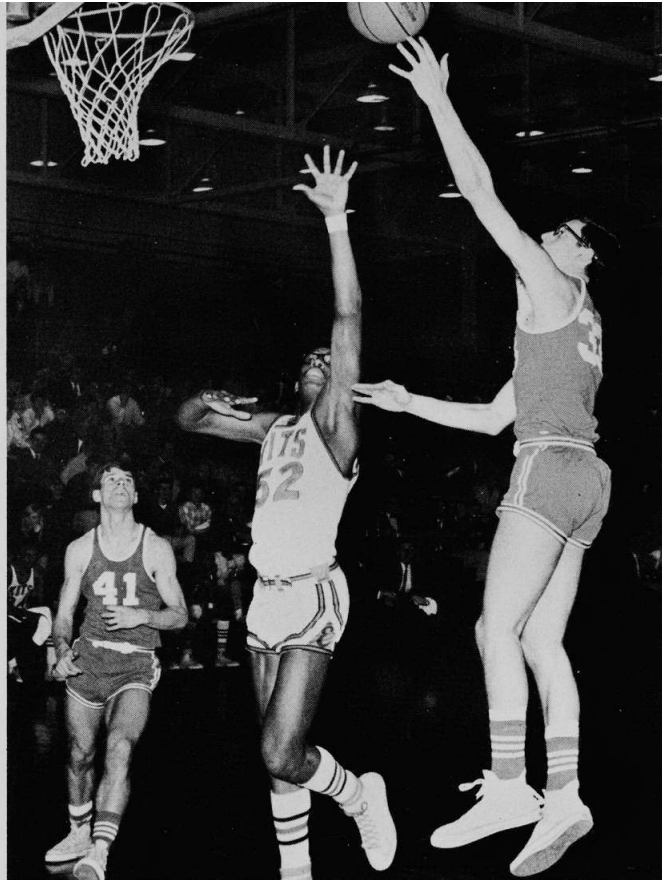

The Varsity basketball team ended up a fine season with a record of 13-9. Determination, desire, aggressiveness, and confidence were all characteristic of this fine team. The Varsity cagers opened up the campaign with a victory over Niles East. Later on in the season they defeated Niles West enabling them to capture the township championship. In the Niles North Holiday Tournament the Vikes took third place and by doing so won North's first basketball trophy. Seniors Jim McKay and Larry Larson were named to the All-Central Suburban League team and tied for the team's Most Valuable Player.

The Niles North J.V. basketball team had a tremendous start but could not maintain their momentum. Winning eight out of their first ten games the junior varsity cagers seemed to be nearly unbeatable. However, defeat came and the J.V. squad ended up with a record of 9-9. They were paced by Most Valuable Player and Honorary Captain Bruce Saltzberg.

The Sophomore team (pictured below) had a fine record of 10-6. Led by Most Valuable Player, Ed Tadelman, the soph team had a record of 4-2 in conference play and appear to be capable of filling the shoes of some varsity men. These boys along with some of the J.V. team members could bring Northi a championship next year.

Successful seasons by both the Frosh "A" and Frosh "B" squads give Niles North a good chance of becoming a power of the Central Suburban League next year. The Frosh "A" ended up with a record of 8-8 while the Frosh "B" had a record of 10-6. On the Frosh "B" squad Carl Westberg broke seven freshmen records and looks like one of the best prospects in Northi history. Dale McKay was the Most Valuable Player on the Frosh "A".

Gymnasts Bring First League Crown to North !

The Niles North Varsity gymnastic team did not wait long to win their first Central Suburban League championship. In the first year of the league's existence the Vikings were undefeated in league competition. The most savored victory of all was that over arch-rivals Niles West. The gymnasts proved this victory was no fluke by downing the Indians once again during the league meet without the services of Most Valuable Gymnast Larry Pardo. After dropping the first meet of the year to defending state champs, Evanston, the Vikings jumped on the victory express and rattled off 13 straight dual meet victories. The main reason for this superb season was the tremendous depth of this team. However, this team was not without superstars. Senior Ron Rapper regained his state recognition by taking second in the state on the parallel bars with a Herculean routine. Joel Segal took fourth in the state on the trampoline and Junior Murray Plotkin took seventh in Illinois on the parallel bars and in all-around. Other stars were Steve Zindell, 11th in the state on the rings, Jeff Gersten and Pete Kuhr. This was truly a team that will be remembered as one of the greatest in Northi's history.

The Niles North Frosh-Soph gymnasts proved to be too tough for most of their opponents this year. Ending up with a fine record of 12-3 the Frosh-Soph gymnasts won eleven out of their last twelve meets. This team was comprised mostly of freshmen, but through the tremendous coaching of Coaches Grant and Cress they developed rapidly and were a team that was strong in all departments. In the league meet, in which the team took second, Bob Johnson captured the all-around championship, and Howie Zindell bagged the championship on the rings. These performers along with others give Northi a good chance of retaining its league crown next year.

Senior James Heller, 4th in the state in the 50 yard freestyle and 5th in the 100 yard freestyle, stands supreme in the Niles North pool.

Steve Krasny, 11th in the state in the 200 yard individual medley, starts pulling away from his opponents.

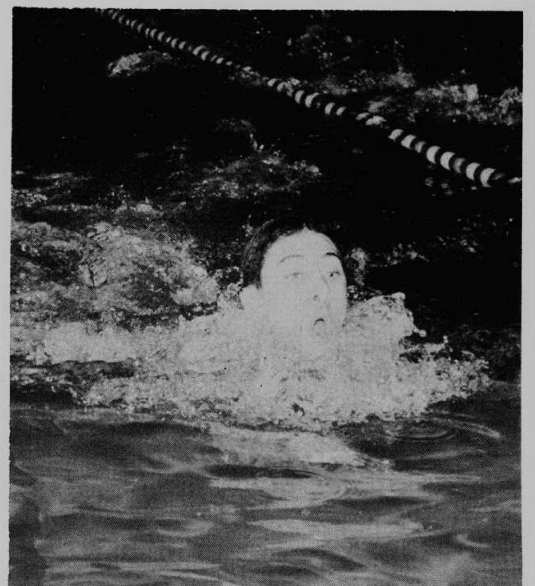

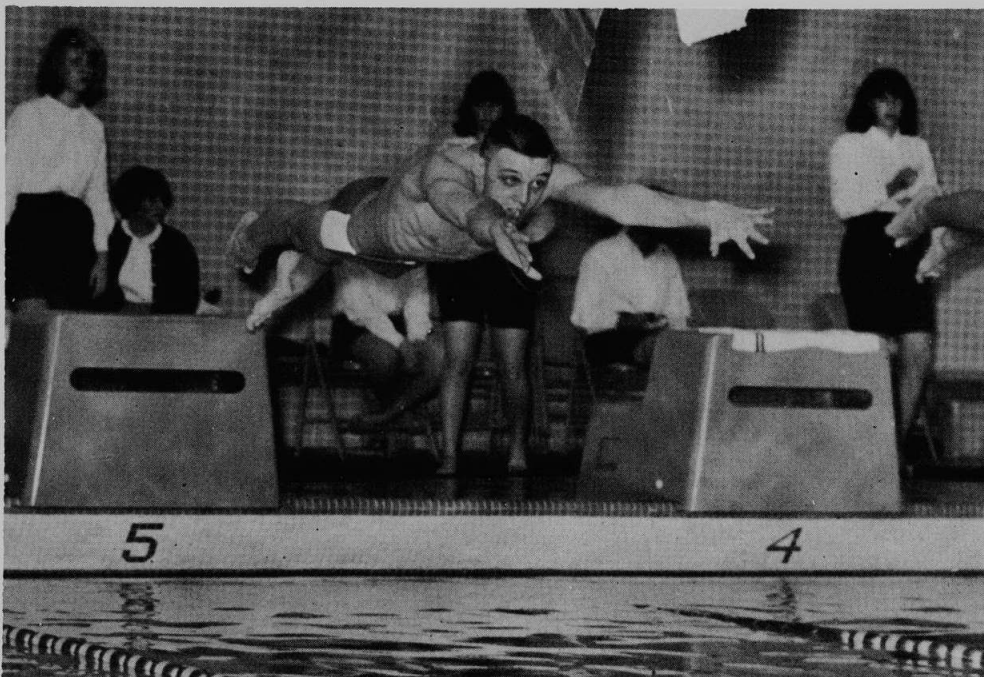

Junior Jeff Vender displays the butterfly stroke.

The Niles North varsity swimming team ended up an excellent season with a dual meet record of 12-1. Ripping through opponents by such astronomical margins as 86-9, the Viking tanksters have rapidly moved among the ranks of the state's swim powers. The Viking swimmers came in sixth in the state meet this year. Paced by Jim Heller, who took a fourth and a fifth, the Viking swimmers were only 13 points out of third. Bob Schoos took 3rd in the 400 yard freestyle and the relay team of Wolz, Krasny, Smith, and Vender took sixth. If Viking teams of the future continue to improve at this rate a state championship is not far off.

Senior Greg Lande far ahead of all competition in this race against Niles West.

Junior Bob Schoos, 3rd in the state in the 400 yard freestyle flies off of the blocks in a dual meet.

The Frosh-Soph swimming team had a good record of 8-6 this year. The team was comprised of mostly freshmen and with the experience they will gain in the future they should be able to keep the swimming tradition of Niles North going.

This year the freshmen swimmers had four meets of their own. The Viking swimmers won all four of these meets handily showing Viking supremacy in the water. When these boys are seniors they should be great. They give Northi swim teams a bright future.

The 1965 Viking baseball team seems destined to maintain Niles Township's reputation as one of the finest baseball areas in the state. Coach Shuckhart, in his first year as varsity mentor, is blessed with an abundance of experienced talent in almost every position. Strong pitching should be supplied by Seniors Norm Katz and Paul Lazarus, last year's mound stalwarts. Big bats will be wielded by Paul Smetana, Ron Halpern, and Rick Halperin, who led the conference in runs batted in last season.

Like most of the other team sports at North, last year's baseball team was plagued by inexperience. As a result many tight games were lost because of mental errors. If this year's diamondmen are able to function as an alert unit, with a tight defense, the Vikings could be the surprise of the conference.

Senior Paul Smetana gives a mighty swing and hits the ball into left field as the Vikings open the baseball season with their first win.

The intramural program at Niles North was a tremendous success this year. Coach Skuban designed a program that allowed students to compete against others in their own class level. While competing the student represented his hall and earned points that eventually won a plaque for his hall. Intramurals included a cross country meet, a free throw contest, boys and girls volleyball, boys basketball, boys softball, boys and girls bowling, and gymnastics freeplay. The intramural program affords boys who work or who cannot find sufficient time to compete on an interscholastic team an opportunity to participate in athletics. This program was a great success and should continue to be so in the future.

G.A.A. Promotes Activities

The Girls Athletic Association is an organization which offers girls many opportunities for fun and physical fitness with its games and clubs held after school throughout the week. The annual bake sale raises money and provides an after school snack for a hungry student body. Sports such as volleyball, tennis and trampolining of-

fer vigorous activity for the girls who participate. Each year try-outs are held, and the girls with the most ability or potential are chosen to become members of Auroris--the modern dance club, Cygnettes--the swim club, or the Girls Gymnastic Club, all of which present exhibitions during the school year.

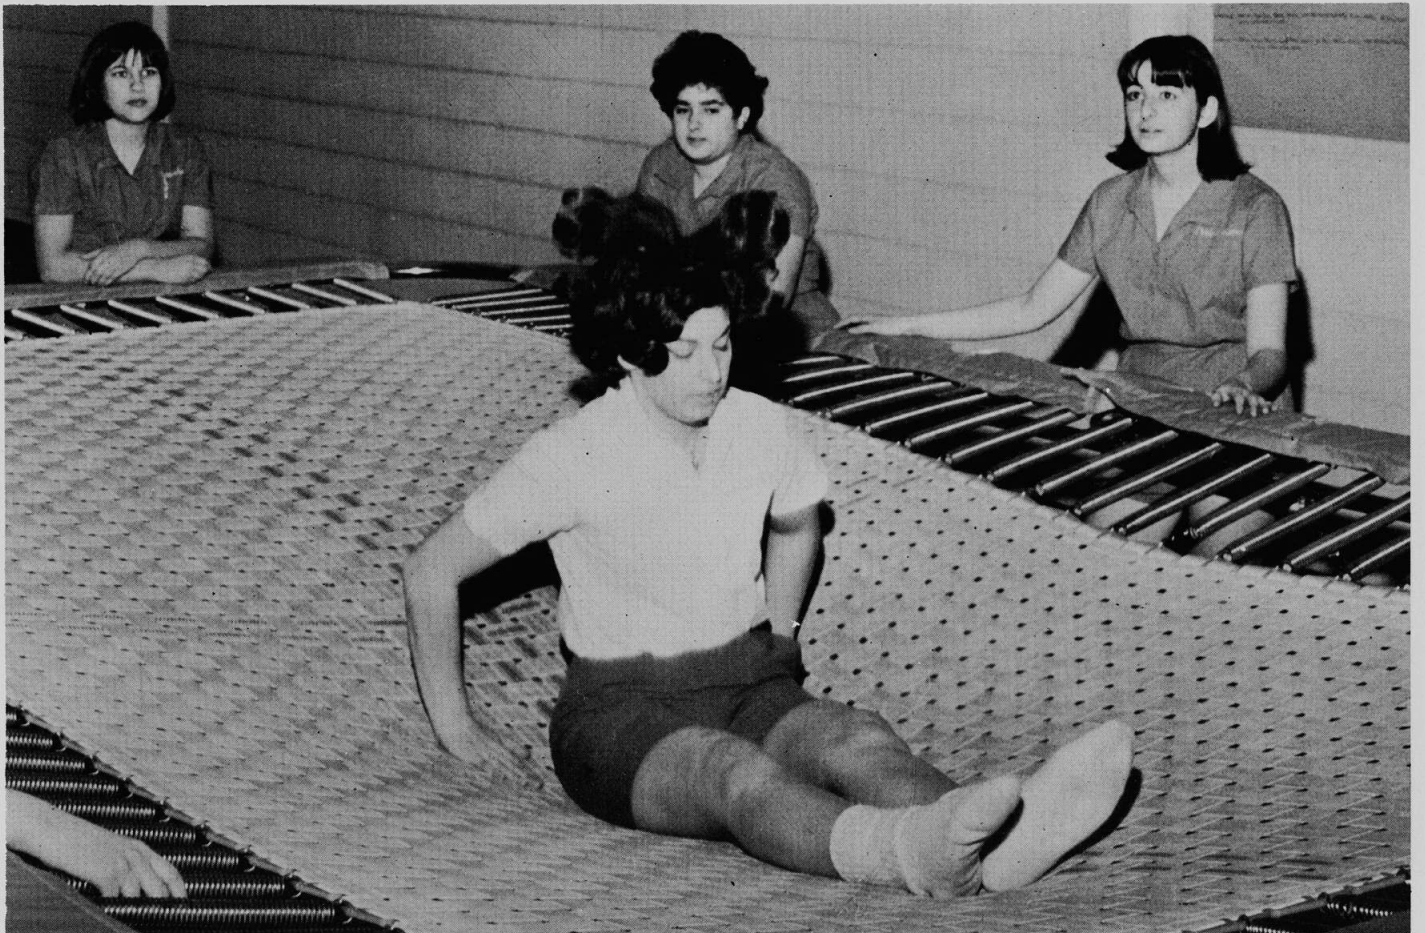

G.A.A. officers elected because of their outstanding service and interest in the organization are: K. Kuhn (secretary), J. Johnson (vice-president), J. Herrmann (president), D. Rotner (treasurer).

Cheerleaders Stir School Spirit

Always prepared to spur our teams on to victory are the four cheerleading squads. In or out of their uniforms they are known throughout the school for the enthusiasm they can stir to promote school spirit. Practicing three days a week after school is difficult work, but it's a must to obtain the goals they are striving for,—many stunts and perfect form to exhibit at Niles North's athletic events, and the ability to communicate their loyalty to the student body. Varsity Cheerleaders attend all football and basketball games and are fine representatives of our school. At the regional basketball tournament, they were chosen the outstanding squad. Along with the other squads the Junior Varsity Cheerleaders arouse keen interest in our teams at pep rallies and Junior Varsity games.

In addition to appearing at swimming and wrestling meets, the Freshman and Sophomore Cheerleaders encourage support for their respective teams.

With three years of cheerleading behind her, Captain Linda Trebels is always aglow with pep and enthusiasm, setting an example for the rest of the school to follow.

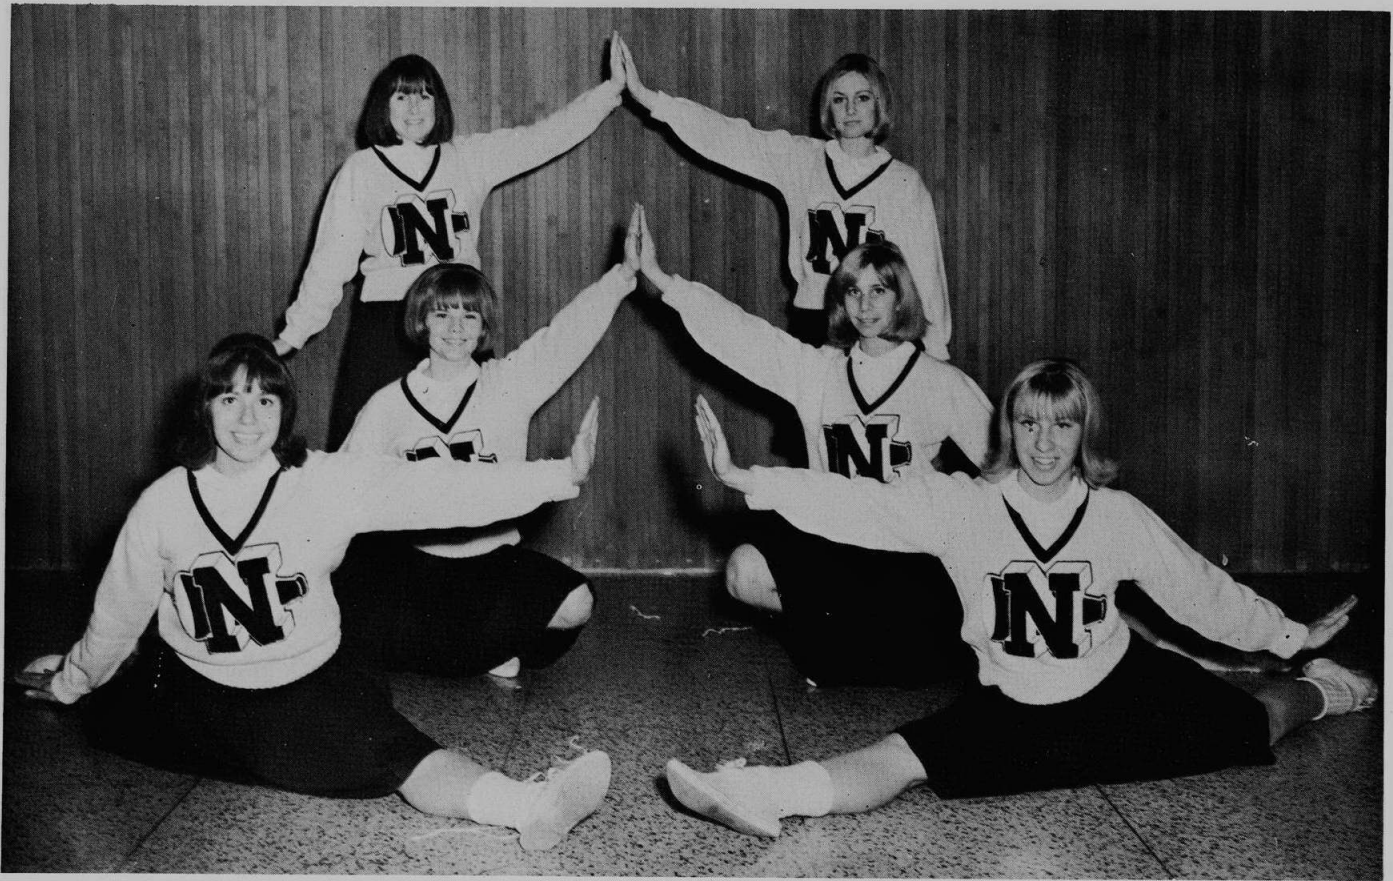

A broad smile, constant energy and remarkable agility make Diane Swenson an able cheerleader.

Known for her devotion to cheerleading, Sheri Rice is always ready to cheer the teams on to victory.

At the Homecoming football game, the cheerleaders, Lois Berry, Diane Swenson, Caryn Edelson, Linda Trebels, Sheri Rice and Marita Powell, are eager with their support.

Exhibiting their excellent form the J.V. Cheerleaders Marlene Kaniuk, Kathy Belokon, Karen Clarkson, Cheri Fisher, Wendy Posner and Laurie Miles demonstrate a new cheer.

Spring Musical

April 5, 1966

Sarah Brown (Sue Gordon) explains what would happen if "I Were a Bell" to New York's top gambler, Sky Masterson (David Ross).

Dear Editor:

I'd like to congratulate the cast and crew of this year's spring musical for an extremely enjoyable show. The story of "Guys and Dolls" was definitely enhanced by the fine acting and, particularly, the singing of the performers. The excellent choreography and dancing were actually what gave the show that Broadway touch, and the orchestra provided superb accompaniment.

I didn't realize how many really talented students attend our school. I also had never realized how important the lighting, stage and make-up crews were until going backstage between acts.

It was a remarkable show and definitely a success, as was obvious from the audience's response. Thanks for a great performance!

A Grateful Student

"Who me? I never heard of a crap game!" Nathan Detroit (Steve Waller) answers the charges of Lt. Brannigan (Mike Feltman). Adelaide (Judy Meltzer) is obviously stunned by the whole situation as Bob Kaye assists her. Cary Lind and Dave Channon watch curiously.

The crap game is in full swing as Big Jule (Dave Channon) rolls. Onlookers are (from left to right) Cary Lind, Steve Waller and Bob Kaye.

The Hot Box dancers are Anita Vega, Jill Dawson, Ellen Silton, Judy Meltzer, Suzi Handleman, Holly Cogen, and Holly Richardson.

"But General, you can't close the Mission!" The reaction of the Save-a-Soul workers Kathy Betts, Glenn Hartman and Sue Gordon to the edict of General Cartwright (Marcia Freeman) is quite apparent.

Junior Senior Prom

Tight collars, last minute hemline changes, corsages to buy and pin. (Ouch!) Reservations made, beauty appointments kept . . . the moment arrives . . . faltering hearts till the music starts, then each is secure in the arms of the other. Melodies rise and fall in unison with the hearts of the couples. The night whirls by in moments of fantasy . . . Prom '66.

Juniors Steve Zindell and Sunny Mussar crown seniors Cheryl Goldblatt and Gary Wells.

A successful high school career reached a fitting conclusion as Gary Wells was crowned Prom King of Niles North's first prom. Then, during the summer of 1965 Gary met with a tragedy which took his life. However, he is remembered and admired among the students and staff of Northi.

Norman Kreisman and Pat Bucaro get ready for ceremonies.

Graduation is an end and
a beginning. The end
of homework, signs
on the ceiling, basketball
games. The beginning
of tomorrow.
Friends left but not
forgotten. Ideas formed,
laying the basis for maturity
in the world that is ours to
mature and mature in.

Mike Molinaro, Larry Peterson, Barbara Steinholz, Norm Kreisman Bob Kaye, Noelle Frantell, and Pat Bucaro seem relaxed after graduation wishes are completed.

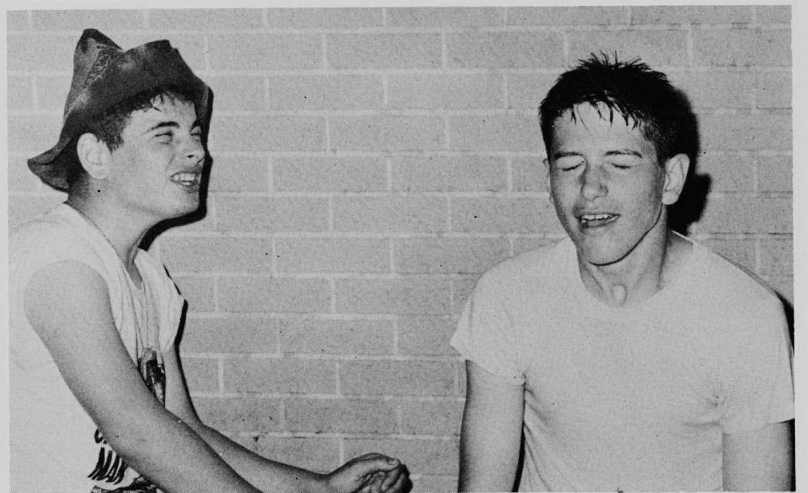

This Was The Week That Was . . .

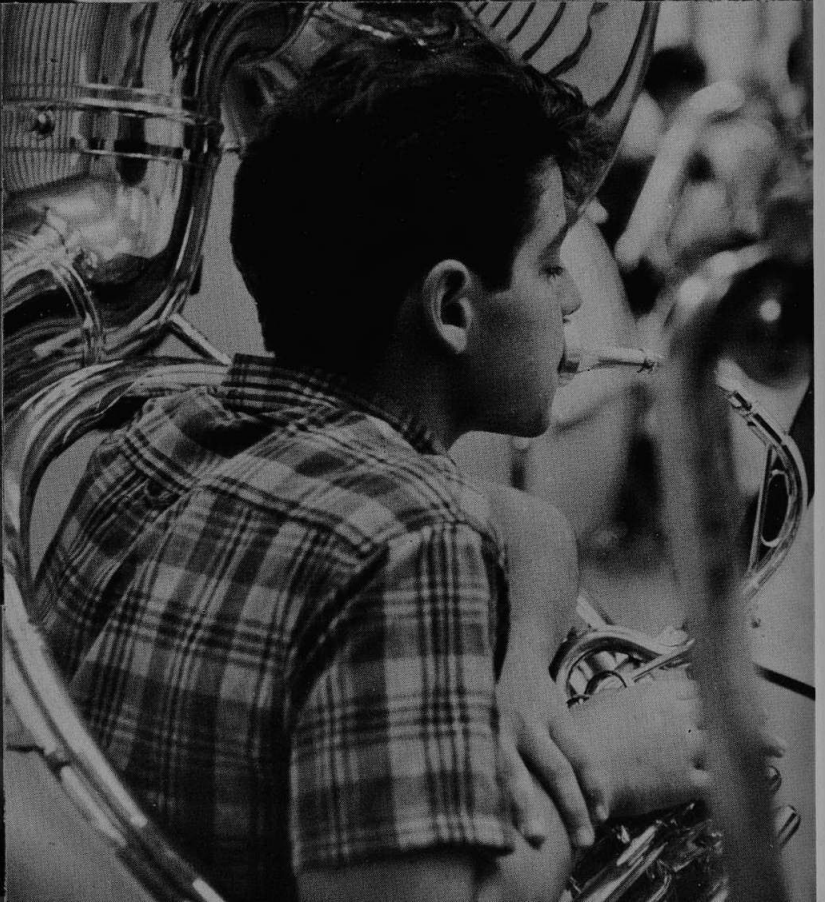

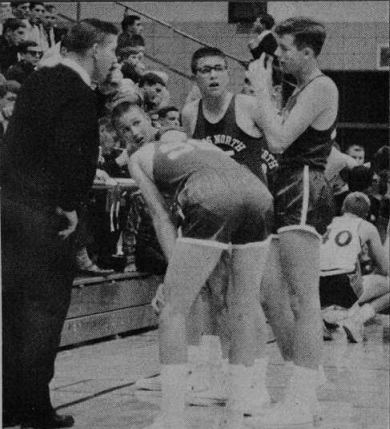

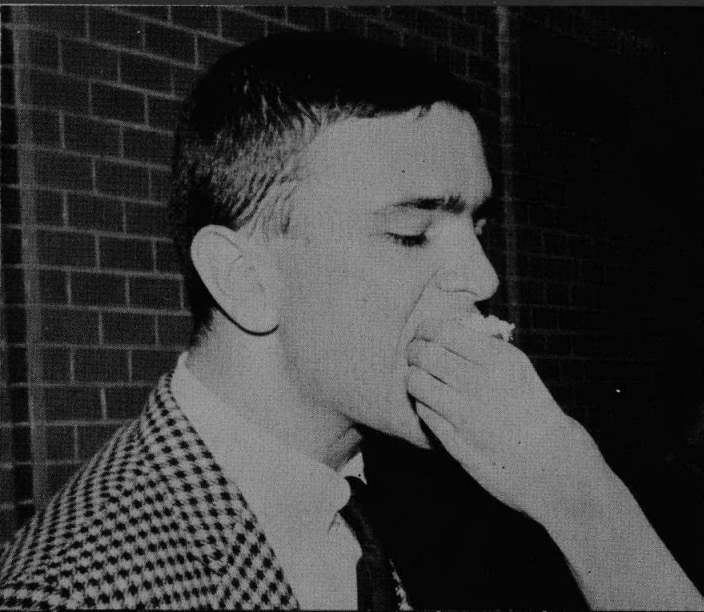

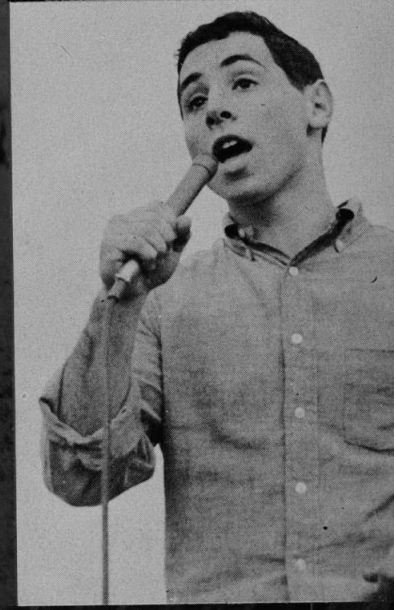

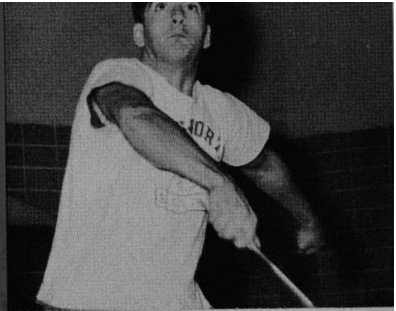

... Great.

Portraits

S

"Every man's work, whether it be literature or music or pictures or architecture or anything else, is always a portrait of himself, and the more he tries to conceal himself the more clearly will his character appear in spite of him."

Samuel Butler

Senior Class Board: *Back Row:* H. Sadkin, B. Thomson, B. Rohrer, R. Mignano, J. Wood, P. Lazarus, R. Halpern. *Second Row:* L. Schatz, B. Simon, L. Sullivan, S. Gordon, A. Robinson, L. Boloton. *Seated:* J. McKay, R. Thomas (treasurer), S. Mussar (vice-president), S. Zindell (president), C. Gore (secretary), J. Butor.

SENIORS

Varsity Cheerleaders M. Powell, L. Berry, C. Edelson, L. Trebels, D. Swenson and S. Rice display the school's new emblem.

This year's Senior Class, represented by the Senior Class Board, provided the necessary leadership to guide our school in the right direction. Their efforts went forth to establish new traditions that will long be remembered at Northi. The Senior Class sponsored "Centennial Victory," our second annual homecoming dance. Adding to this fond memory are the many social festivities and athletic events which the Class of '66 enthusiastically supported. Their last few months of high school were involved with class dues, graduation practice, prom activities and plans for the class will, gift and brunch. Certainly the motto on the senior buttons, "The In Crowd Goes Out," was a fond farewell to years of pleasurable experiences. Yet, their thoughts are of the future when they will be initiated into the adult world.

JUNIORS

Representing this year's junior class, the Junior Class Board spent most of the year in preparation for the prom as a farewell for the seniors. Some of their money-raising projects included the sales of mums at Homecoming, as well as program sales and operation of concession stands at football and basketball games. With these funds, they rented the ballroom at the Edgewater Beach Hotel, hired a band, and purchased bids and decorations. Adding the final touch to the memorable occasion were the juniors who crowned two seniors king and queen. While able to look back upon their past successes with pride, the juniors can also look forward to a very rewarding senior year.

SOPHOMORE

With a period of adjustment behind them, the Sophomore Class Board has already shown initiative in planning ahead for their junior year and the prom. By sponsoring various projects, collecting class dues, and participating in many extracurricular activities, the sophomores show promise of becoming one of the most enthusiastic classes in the school. Early signs of leadership and talent distinguish the sophomore class as one of the finest of the school.

FRESHMEN

Although the youngest and least experienced in the school, the Freshman Class Board, in their quick ability to adapt and understand, evinced all the qualities of the class they were representing. By sponsoring a freshman mixer, the Board not only made a profit but also consolidated the class. Eager for the chance to participate in various activities, the freshmen soon became integral parts of the machinery of the school. The class now looks forward to an even more rewarding and exciting school year as sophomores.

Acknowledgements

The sand has now run its course; the time has come to turn the hourglass over and begin again. As we do, we look back upon the countless hours that have gone into the preparation of Saga '66 and the many people who have helped us. We wish to thank Dr. Donald F. Strahan, who has maintained a constant interest in our work. A very special thank you goes to our sponsor, Mrs. Mary Howell. Without her guidance and encouragement we could never even have begun our task. We have greatly appreciated the help of Mrs. Valerie Clark, who was responsible for proof-reading.

Also, we would like to thank Root Photographers, who provided us with our pictures, and the Norman King Company, publishers of Saga. They have given us much-needed advice and have been most cooperative during many trying moments. To the members of this year's staff goes our deep gratitude for their long hours of work and for their endless perseverance. Finally, to everyone who has contributed in any way to Saga '66, we extend our heartfelt thanks. We hope that the final product of these many months will be as gratifying a reward to them as it is to us.

*Respectfully,
Ruth Waldfogel

*"One by one the sands are flowing,
 One by one the moments fall;
 Some are coming, some are going;
 Do not strive to grasp them all."*
