TALES FROM THE BIBLE,

TOLD TO MY DAUGHTER.

By F. J. GOULD.

The problem which often perplexes the mind of Agnostic parents, "How best to introduce the Bible to our children," receives a practical solution in this manual by Mr. Gould. The book presents the leading myths and incidents of the Old Testament in clear and simple language. The narrative, of course, is freed from the occasional grossness of the original. While the author avoids irrelevant attack on orthodox beliefs, he leads the young reader, by passing but significant suggestions, to the conclusion that the interesting old Hebrew legends are not to be accepted as genuine history.

64 pp., price 6d., by post 7d.,

The Claims of Christianity

EXAMINED FROM A RATIONALIST STANDPOINT.

By CHARLES WATTS.

THE SECOND VOLUME
OF
A Concise History of Religion.

By F. J. GOULD.

The second volume of the "Concise History" gives in compact form the results attained by the best Biblical criticism of the Rationalist school. The system is chronological. In the opening sections useful particulars are given as to the geography of Palestine and the ethnographic characteristics of the Israelites and neighbouring nations. Ancient Judaism is traced from its first rude beginnings. The legends of the Patriarchs, of Joseph, and of Moses are compared with similar legends in early non-Jewish histories. From the Judges and Kings, onward to the Exile, the Maccabæan war, the Roman conquest, and the times of Herod, Pilate, and Nero, the history of Israel is followed on the lines of purely natural evolution; and the whole of the Old Testament is broken up into its original elements and placed in chronological order. Sketches are also introduced of the Apocryphal books and other interesting Hebrew literature. Thus the reader sees, as in a clearly-engraved map, the sources and development of Judaism till the rise of Christianity; and the fortunes of the Hebrew people are interwoven with the story of their scriptures. A careful account is furnished of the growth of the belief in Immortality and of the Messianic hope. Finally, the relations are indicated between Christianity and the religions that surrounded it at its birth.

Also, cloth, price 2s. 6d. post free,

Vol. I.,

*Comprising Sketches of the Chief Religions of the World,
with the exceptions of Judaism, Christianity, and
Mohammedanism.*

Vol. III.

WILL BE PUBLISHED EARLY IN 1896.

FINGER-POSTS TO TRUTH.

BEING INDEPENDENT THOUGHTS OF INDEPENDENT THINKERS.

An admirable collection of choice extracts bearing upon ethics, philosophy, and religion, which some industrious reader has gathered from the world's greatest thinkers. To those who have neither the time nor the opportunity for an extensive course of reading in order to learn what great men have thought and said upon great subjects, this little volume, which is furnished with a good index, is strongly recommended.—*Agnostic Journal.*

Price 1d., by post 1½d.; 13 copies 1s. post free,

The Bible and the Koran.

SHOWING HOW THE BOOKS WERE FORMED, AND
WHEN THEY WERE REALLY WRITTEN.

London: Watts & Co., 17, Johnson's Court, Fleet Street, E.C.

Cheap Popular Edition, in boards, price 1s. 6d., by post 1s. 8d.;
or bound in cloth price 2s. 6d. post free,

Thoughts on Science, Theology, & Ethics.

By JOHN WILSON, M.A.

"In very truth, this book combines the directness and conciseness of 'The Age of Reason' with the splendid enthusiasm of the prophetic instinct of humanity seeing afar.....Line on line, and precept on precept, the author traverses the weakness of theological sanctions. The vivacious and competent pen never falters, and the superabundant vitality and healthy enthusiasm never fail. Mr. Wilson may be congratulated upon producing an epoch-making work. It is essentially a *live* book, and, what is more, possesses the solid qualities requisite for prolonged existence."—*Secular Thought*.

"An excellent work to put into the hands of the young who are beginning to think and seeking to learn how to think.....We hope this meritorious book will be widely circulated."—*Popular Science Monthly*.

"The book may be heartily recommended. Simple and lucid in style, correct in thought, and ample in information, this work is just the thing to put into the hands of a plain man who desires the best ideas on evolution in relation to science and ethics in a moderate compass."—*Freethinker*.

Recently issued, in neat wrapper, price 6d., by post 7d.,

A CRITICAL ESSAY IN THE PHILOSOPHY OF HISTORY.

By THOMAS WHITTAKER, B.A.,
Formerly Scholar of Exeter College, Oxford.

- I.—Progress or Cycle.
- II.—Anticipatory Solution.
- III.—Causes of the Two Great Transitions.
- IV.—Result.

Bound in cloth, price 2s., by post 2s. 3d.,

AGNOSTIC FIRST PRINCIPLES.

Being a Critical Exposition of the Spencerian System of Thought.

By ALBERT SIMMONS (IGNOTUS).

WITH PREFACE BY RICHARD BITHELL, B.Sc., Ph.D.

"This is a very able summary of Spencer's philosophy, written for those who have not the opportunity to read or the ability to follow all that great thinker's works. Mr. Simmons is an enthusiast, and he has evidently undertaken a labour of love.....A careful and solid performance."—*Progress*.

London: Watts & Co., 17, Johnson's Court, Fleet Street, E.C.

Handsomely bound in cloth, price 1s. 6d., by post 1s. 8d.,

Stepping-stones to Agnosticism.

By F. J. GOULD.

With Introduction by G. J. HOLYOAKE.

Contents.—I. Ecce Deus; or, A New God. II. Miracles Weighed in the Balance. III. Our Brother Christ. IV. The Immortal Bible. V. The Noble Path. VI. Agnosticism Writ Plain.

Cheap edition, cloth, 192 pp., post free 3s. 6d.,

EVOLUTION & CREATION.

By H. J. HARDWICKE, M.D., F.R.C.S.

A work of high value to the ever-increasing number who, on the subject of religious beliefs, have the leisure and the daring to think for themselves. . . . Absorbingly interesting and fascinatingly readable. . . . The work is one which we can, with great confidence, recommend to the favourable attention of our readers.—*Agnostic Journal.*

Now Ready, price 6d., by post 7d.,

The Path I Took, and Where it Led Me.

AN AUTOBIOGRAPHY AND ARGUMENT.

post free, 3s. 3d.,

IDEAL JUSTICE ;

OR
NATURAL SCIENCE APPLIED TO ETHICS,
ECONOMICS, AND RELIGION.

AN ESSAY.

ALSO TWO APPENDICES, ENTITLED "THE BASES OF
CERTITUDE" AND "EVOLUTION, OR EPIGENESIS?"

By H. CROFT HILLER, *Author of "Rhythmic Heredity," &c.*

"Even when the reader does not agree with Mr. Hiller, he always finds much in his pages to arrest his attention, to interest him, and to instruct him; and the very opposition to so able a writer is in itself a pleasurable exertion. At all events, the reader will find in the pages of 'Ideal Justice' many excellent thoughts on various subjects besides Socialism: on morality, on determinism, on evolution, on freedom, on metaphysics, on God and religion, and on England's future. We need hardly say, in conclusion, that we heartily recommend the book to our readers."—*The Agnostic Journal.*

Demy 8vo, handsome cloth, gilt lettered, price 3s.;
post free, 3s. 3d.,

SOCIAL EVOLUTION

AND THE

EVOLUTION OF SOCIALISM.

A CRITICAL ESSAY.

By GEORGE SHOOBRIDGE CARR, M.A. Cantab.

"He [the author] is a firm believer in Altruism, which he regards as a natural development, rather than an outcome, of Christianity—in fact, he holds that the latter has tended to retard the growth of the humane spirit which is now finding expression in enlightened Socialism and meliorative efforts."—*Two Worlds.*

"The book is written with not a little ability."—*Aberdeen Free Press.*

"He certainly makes one or two good points as against Mr. Kidd."—*Glasgow Herald.*

"He [the author] is a scholar, a thinker, a teacher; and we hope for him a generous attention to his speculative views."—*The Literary Guide.*

"A useful and interesting contribution to the current literature of scientific Socialism."—*Justice.*
