

Inquiry Set For ROTC

Hearings on the ROTC program at CMC are currently being scheduled by a faculty-student investigating committee. Students interested in making presentations are urged to contact the committee no later than this Monday.

The hearings are planned to present "an opportunity for individuals or organizations to provide information pertaining to the various positions held with regard to ROTC on this campus", according to a committee memo.

Members of the committee are Professors Bill Arce, Arthur Kemp and Durward Poynter, and students Dave Church and George Warfel. Persons interested should contact the committee's secretary at 3319 or 3320.
