

K & E LOG LOG DUPLEX

REG. U. S. PAT. OFF.

SLIDE RULE.

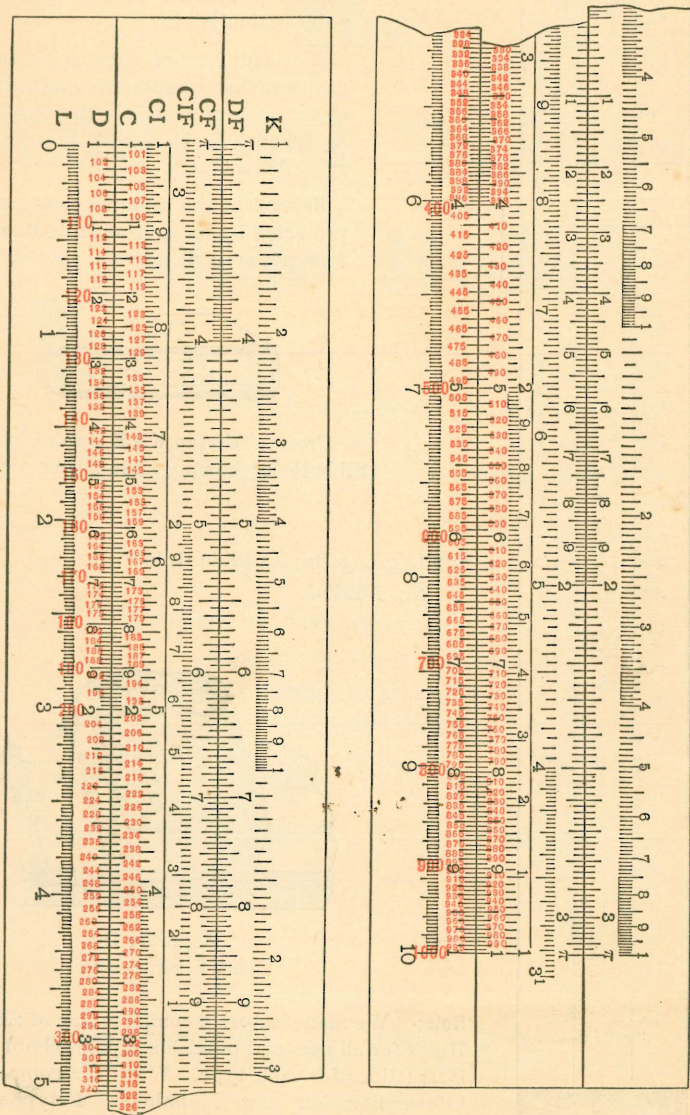

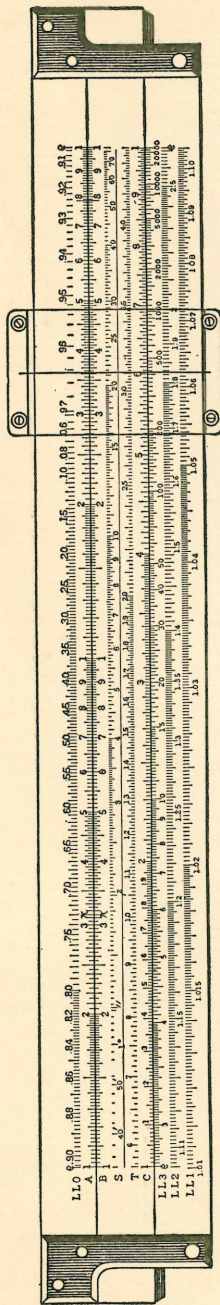

Diagram illustrating the reading of the graduations of the rule.

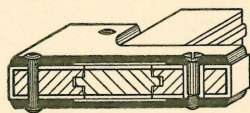

No. N4092-3.

The Slide Rule in its present form has become an indispensable aid not only to the engineer and scientist, but also to the manufacturer, the merchant, accountant, and all others whose occupation or business involves calculations.

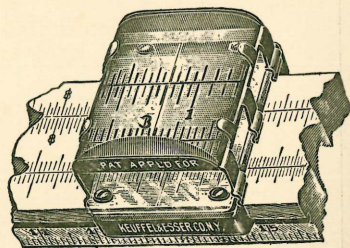

We manufacture slide rules and devote to them a separate department of our factory which is thoroughly equipped with the most improved special machinery.

Several of our improvements are protected by patents, and are, therefore, not embodied in other Rules.

Cross section of K & E Duplex type Slide Rule showing slide adjustment.

← Log Log Duplex Slide Rule
No. N4092-3.

Magnifier for
K & E Slide Rule.

Note:- We manufacture a complete line of Slide Rules for all uses and publish a separate book of instructions for each type. Write for complete information on our Mannheim, Polyphase, Polyphase Duplex, Log Log Vector, Log Log Trig, Merchants, and other special types of Slide Rules.

The LOG LOG DUPLEX Slide Rule
