Interviewer: Troy Clarkson

Topic: Cape Verdean History in Falmouth

0:00	[Music]	
0:45	I am Troy Clarkson today is Friday	
	May 20th 2022	
0:50	and we are interviewing Barbara	
	Burgo	
0:52	the co-founder and curator of the	#capecodcapeverdeanmuseumandculturalcenter
0.7.7	Cape	
0:55	Verdean Museum	
0:57	so welcome glad to have you here	
1.01	uh the	
1:01	Cape Verdean culture is so richly	#capeverde
1:03	enmeshed and the soul of our	
1.06	community	
1:06	here in Falmouth so I'm glad to have the	
1:08	opportunity to talk about that with	
1:08	you	
1:11	before the camera came on we were	
1:13	discussing that I recently was at the	
1:15	Cape Verdean Embassy in	
1.13	Washington D.C	
1:18	and so we already find some	
1:20	commonalities here so you've been	
	uh to	
1:23	Cape Verde three times and have	
	some	
1:25	mementos from that visit so why	
	don't we	
1:27	start our visit together with your	
1:30	recollections of those trips thank	
	you	
1:32	so much for that and I'm so pleased	
	to	
1:34	be here I know this was called	
	Postcards	
1:37	like I just mentioned to you I had an	

1:40	older postcard of the cranberry industry	#cranberries #agriculture
1:44	um the Cape Cod Cape Verdean	
	Museum and	
1:47	Cultural Center exists because when I	
1:51	came here to semi-retire my mom was born	
1:53	in Harwich I came back right off of a	
1:57	couple of trips to Cape Verde and I	
2:00	wanted folks to understand that we are	
2:03	so much more than cranberry pickers okay	
2:07	so when I went over to Cape Verde	
2:11	1997 I was a	
2:13	I was a senior in college but I was also	
2:16	a grown woman I hadn't been able	
	to go	
2:18	to college as a young person	
2:21	funding and family needs like many of us	
2:25	and so at 45 while I was working at	
2:28	Wheaton College I met folks on the	#wheatoncollege
2:31	Schooner Ernestina Traudi Coli Dr.	#ernestinamorrissey #traudicoli
2:33	Richard Lobban in	#richardlobban
2:36	Rhode Island	
2:37	that	
2:39	inspired me to want to not only learn	
2:41	more about my own culture but to go to	
2:45	Cape Verde	
2:46	so I brought a couple of - they're	
2:48	already mounted -	
2:50	they are postcards from Cape Verde that	
2:55	actually show us a little bit not only	
2:57	about the rich colors and the rich	
3:00	fabric of Cape Verde but also how	
	modest	
3:04	and the fact that well I guess even	

3:07	before cranberry pickers we were	
3:10	seafarers you know they know	
	about the	
3:12	whalers many of them from hailed	#whaling
	from	
3:15	New Bedford but we have just	
	welcomed	
3:20	all of the elementary school second	
3:23	graders to the museum this past	
	month	
3:26	and a half and what we try to let	
	them	
3:29	know is	
3:31	Cape Cod is so familiar	
3:35	to Cape Verdeans Cape a word	
	should be	
3:38	so familiar to Cape Codders we	
	have some	
3:42	of the same fish some of the same	
	sea	
3:44	life we talked about	
3:46	um	
3:48	the ecology the economy the	
	endangered	
3:52	species I wore a necklace and I	
	taught	
3:55	the children that it's called tataruga	
3:58	in Creole and it was a sea turtle we	#capeverdeancreole
4:02	talked about the sea turtles here in	
4:05	Falmouth that were cold stunned	
	here on	
4:08	Cape Cod	
4:09	but what they really wanted to	
	know more	
4:12	about was being in Cape Verde so I	
	of	
4:17	course didn't bring a small postcard	
1.55	I	
4:20	would love to have so many of	
1.21	these	
4:21	pictures that I took there become	
4:24	postcards so I thought from a brand	
4.5=	new	
4:27	Museum and Cultural Center and a	
	culture	

4:30	that has not had all the wealth and	
4:35	opportunity maybe that some others	
	have	
4:37	when I was going I purposely got	
	the	
4:41	photo album that showed a picture	
	of the	
4:44	world the globe we are global	
	people	
4:47	what I thought I would open up	
	with not	
4:50	the airplane as we took off and not	
	the	
4:53	students as they got there but some	
	of	
4:57	the life in Cape Verde that people	
	would	
5:00	be able to see as familiar to the	
	people	
5:05	on Cape Cod	
5:08	um	
7 00		
5:09	here we have	
5:13	Santa Catarina	#santacatarina
-	Santa Catarina I just said we welcomed the school	#santacatarina

5:58	other photographs that I had	
3.36	1 0 1	
6.00	brought	
6:00	back from Cape Verde so there's a	
6.00	quite	
6:03	a few I didn't want to pull them all	
6:04	apart but I parceled some of them	
	out to	
6:08	show you	
6:09	so of course here's the students that	
6:11	went abroad to visit Cape Verde but	
6:15	here	
6:16	is the beach	
6:18	maybe not what we're used to we	
	actually	
6:21	saw pigs on the beach what I'd like	
	you	
6:24	to note is that when I was a young	
	child	
6:27	coming to visit my uncle here in	
6:29	Sandwich	
6:31	had a hog farm	
6:33	it was wealth to them it was food	
6:38	the ocean is wealth to us not only	
0.30	food	
6:43	but resources for a job	
6:48	for getting out of Cape Verde which	
6:53	beautiful place but very very dry as	
0.55	I'm	
6:57	sure you know so the droughts in	
0.57	the	
7:00	early 1900s had folks coming over	#immigration
7.00	here	#immigration
7:02	in droves and people were dying but	
7:02		
7.00	what	
7:08	I also wanted you to see	
7:10	is the size of the fish	
7:13	that they caught that day while we	
7.17	were	
7:17	there forgive me I don't know what	
7.01	kind	
7:21	of fish this is	
7:23	um	
7:23	I'm wondering it couldn't probably	
	be a	
7:26	codfish I don't know no but it's	

7.00		
7:29	certainly not a cod	
7:31	no so since your trip in 1997 some	
	25	
7:35	years ago the strength of the	
7:38	relationship between this region the	
7:40	Cape and Southeastern	
	Massachusetts and	
7:42	Cape Verde has only strengthened	
	and	
7:45	I know that part of that uh is the	
	part	
7:49	of that influence has led to the	
7:50	creation of a university uh over	
	there	
7:53	in Cape Verde which was largely	
7:55	supported by folks in this region	
7:57	including the folks at Bridgewater	#bridgewaterstateuniversity
	State	
7:59	University exactly it so when I went	
	in	
8:02	'97 I was a student at Rhode Island	#rhodeislandcollege
8:06	College it was the URI RIC summer	_
8:10	seminar abroad we were one of the	
	first	
8:12	group of students to go there I did	
	meet	
8:16	Pedro Pires the Institute of course at	#pedropiresinstituteforcapeverdeanstudies
		#pedropires
8:19	Bridgewater State U is called the	
	Pedro	
8:23	Pires Institute for Cape Verdean	
8:26	Studies one of the things that I want	
	to	
8:29	say about the Institute is that not	
8:34	only has it helped grow	
8:37	our own students and scholars to	
	assist	
8:42	with teaching about the Cape	
	Verdean	
8:44	culture and learning about the Cape	
8:46	Verdean culture we just funny you	
	would	
8:49	say this we just had a Zoom	
	meeting here	

8:53	at the museum from Bridgewater State	
8:56	U Institute of Cape Verdean Studies	
8:59	Pedro Pires Institute and we are	
	going to	
9:03	try to begin a sister school program	
9:07	with folks here students here in	
9:11	Falmouth and Cape Verde this was	
9:15	inspired by conversations and visits	
9:18	with especially the director of the	
9:22	Institute Angelo Barbosa	#angelobarbosa
9:25	I met him last summer	
9:28	he came to visit in the fall I showed	
9:31	him a cavaquinho a four-string	
	guitar that	
9:36	was made by a man named Tony	#tonybarbosa
	Barbosa for	
9:39	me in 1997 when I came back from	
	Cape	
9:42	Verde he was an engineer	
9:44	he fashioned it at home	
9:47	soaking the wood I wish I thought	
	to	
9:49	bring it to you come see it at the	
9:51	museum and it just so happens that	
	Tony	
9:54	Barbosa was Angelo's brother	
9:56	25 years ago we also started these	
10:00	connections that Bridgewater State	
	you	
10:03	you got you know money from	
10:06	um	
10:07	Former President Pires and started	
10:10	the Institute this is not just an	
10:13	offshoot of that we've been on	
10.1=	parallel	
10:15	paths for a long time	
10:18	yes indeed it and	
10:20	a lot of those connections have their	
10:24	roots here in in Falmouth of course	
10.20	uh	
10:28	in the United States and the entire	
10:30	country the two largest	
10:34	municipalities uh with Cape	
	Verdean	

10:37	nonulations the two largest Cone	
10:57	populations the two largest Cape	
10.00	Verdean	
10:38	populations I should say I believe	
	are	
10:41	Boston	
10:42	and Brockton and not too far behind	
	them	
10:45	as a region the Cape but Falmouth	
10:48	really uh is the heart of the Cape	
10:51	Verdean population here on Cape	
	Cod here	
10:53	on Cape Cod I try I started this a bit	
10:57	in Harwich because that's where my	
	like	
10:58	I said my mother was born I used to	
	go	
11:00	visiting my grandmother but when I	
11:03	started talking to my nieces who are	
11:05	part of the Cape Verdean Club here	
11.03	in	
11:08	Falmouth	
11:10	um we've done research purported	
11.10	to be	
11:12	the oldest of its kind in America so	
11.12	it	
11:17	was owned started and owned by	
11.1/	Cape	
11:19	Verdeans the building was built	
11.17	they	
11:20	owned the property it's gone on for	
11.20	all	
11:23	of these years since the 1940s I was	
11:27	amazed at the rich rich heritage and	
11:31	9	
11.31	deep roots that the Cape Verdeans have	
11:34	here I was amazed to find out so	
11.34	like	
11,26		#tonyon duayyafama
11:36	Andrews Farm people always know about	#tonyandrewsfarm
11:38	Andrews Farm the strawberries here	
	what	
11:40	I didn't realize they call us the	
11:42	cranberry pickers Judge Leighton	#georgeleighton [George Neves Leighton, US
	used to	District Judge, 1912-2018]
	•	· -

11:45 say berry pickers because it's not just 11:46 cranberries strawberries and blueberries 11:49 Falmouth I'm told if I say it correctly 11:52 was fourth in the nation 11:55 for producing strawberries distributing 11:58 strawberries yeah that wouldn't surprise 12:01 me because uh and actually much of 12:04 the land where the museum is now on

12:04 the land where the museum is now on	
on	
12:07 Davisville Road uh was strawberry #davisvilleroad	
farms	
12:10 this predates me but the	
neighborhood I	
12:12 grew up in is directly across from	
your	
12:15 Museum Fisherman's Cove and	
we're told	
12:18 that in times before that was	
subdivided	
12:21 in the early 70s those were	
strawberry	
12:24 farms right there so it's it's special	
12:26 that the museum is in the particular	
12:28 location where it is because it's	
12:31 proximate adjacent to where a lot of	
12:35 that agricultural heritage occurred	
12:38 exactly and you know there's the #emeraldhouse	
Emerald	
12:41 House Community Gardens right	
behind us	
12:45 um Rep. David Vieira I'll have to #davidvieira	
put that	
12:47 name out that he always says there's	
no	
12:49 I in team it wasn't just me the whole	
12:51 town has welcomed us immensely	
amazingly	
12:55 well but he was the one who said to	
us	J
12:58 let's let's take a look at the Emerald	

10.00		
13:00	House it was vacant for a while and	
13:04	um we've got the flags out there	
13:05	Portuguese Cape Verdean American	
	and	
13:09	people will say well this was	
	Portuguese	
13:11	you're not really we won't get into	
	all	
13:14	the debates about who and what we	
	are	
13:16	but I said to them I am	
13:19	a cultural anthropology major I get	
	my	
13:21	BA in anthropology	
13:23	we are Cape Verdeans like with the	
13:26	indigenous you honor those who	
	came	
13:28	before us okay the Emeralds	
	someone	
13:33	showed me	
13:34	an article from a paper way back	
	when	
13:38	when somebody was maligning	
	something of	
13:41	what the Cape Verdeans were doing	
	and he	
13:44	supported Cape Verdean worked in	
	an	
13:47	among Cape Verdeans that is their	
13:50	property so when you go into that	
	house	
13:52	the first thing you see at the	
	entryway	
13:55	is a whole wall full of old pictures	
13:59	that I would love to be able to turn	
14:00	into photographs of the Emeralds	
	and the	
14:03	farm and then the strawberries and	
	then	
14:06	Andrews Farm and strawberries and	
	then	
14:09	Colonel's Farm Cricket Hill and	#colonelsfarm #crickethill
14:12	strawberries and then you go into	
	the	

history of Cape Verde and how we got here and 14:19 before we complete this I would be 14:22 remiss if we didn't talk about the 14:24 Schooner Emestina okay because she is 14:26 another thing another major gem in our 14:30 history that many people don't know 14:32 about they will very very soon because 14:34 you know here we come she I learned was 14:39 built in 1894 Essex Massachusetts and 14:44 dubbed the Effie M. Morrissey #effiemmorrisey #tallship 14:48 she served so many lives the Grand Banks 14:52 1894 the Effie M. 10.15	and	
16:19	what most people don't know is that	
10.17	she	
16:21	is the official vessel of the	
16:24	Commonwealth of Massachusetts	
16:27	Schooner Ernestina's next life will	
	be	
16:31	right here at the tip of Cape Cod	
	she's	
16:35	coming to Mass Maritime to be an	#massmaritimeacademy
16:38	educational schooner I worked on	
	her in	
16:42	2004 when it was the ECHO	#echoprogram
	program	
16:44	Education through Cultural and	
	Historic	
16:47	Organizations and they brought	
10.77	students	
16:49	from all over to see the Schooner	
16:52	Ernestina and now we say Ernestina	
1654	- 	
16:54	Morrissey this will be a phenomenal	
	tie	

16:59	into what we're doing here at the	
10.57	Museum	
17:01	what Brockton is doing what	
17.01	Brockton has	
17:03		
17:03	always done the first president of	
17.07	the	
17:07	Brockton Cape Verdean	#brocktoncapeverdeanassociation
	Association was my	
17:09	sister's father-in-law Rudy Santos	#rudysantos
	God	
17:12	rest his soul that was in the 70s so	
17:16	this is a culmination of decades	
	upon	
17:18	decades and for us	
17:21	at the Cape Cod Cape Verdean	
	Museum and	
17:23	Cultural Center we will be eternally	
17:26	indebted to Falmouth for helping us	
	grow	
17:30	wonderful and and so today	
17:35	that rich culture and those decades	
	of	
17:37	collaboration are on display at the	
17:40	museum tell us just a little bit about	
17:42	the museum operation itself and	
	how the	
17:45	public can access it certainly so	
	we're	
17:48	a small staff we're all volunteer I'm	
	a	
17:51	board member like you said a co-	
	founder	
17:53	myself president Wesley Leite	#wesleyleite #waynelobo
	Wayne Lobo	
17:57	who was our former Treasurer and	
	now a	
17:59	board member the three of us	
	together	
18:01	all had this dream of someday	
	having a	
18:03	museum I added the "and Cultural	
10.00	Center "	
18:06	just so that we could do the things	
10.00	like	
L		

18:08	I said to you learn about uh you	
	know	
18:11	the marine life help with agriculture	
	so	
18:16	the gardens is behind the museum	
	and it	
18:20	actually has a 100 year old	
	grapevine my	
18:24	grandmother had a grapevine in her	
	yeah	
18:26	I didn't her mother had a grapevine	
	in	
18:28	their yard we are now growing there	
18:31	strawberries	
18:33	so that we can make that connection	
	from	
18:35	a hundred years ago to now inside	
10.00	the	
18:38	museum we're only open Thursday	
10.40	Friday	
18:40	and Saturday ten to two	
18:43	I take Fridays off from my paid job	
18:45	every week to be here do things like	
18:47	this anyone's welcome to give us a	
18:50	contact go on the website go on a	
18:52	Facebook page if you put in Cape	
10.54	Cod	
18:54	Cape Verdean Museum and Cultural Center	
18:56	you'll find us I didn't say Cape	
16.50	Verdean	
18:58	Museum because there is a museum	#capeverdeanmusem
10.50	in	"cape verdeammasem
19:00	Rhode Island but it's not a cultural	
19:03	center they were started much	
	before us	
19:06	they're doing a wonderful job but	
	here	
19:08	we are going to inspire all of the	
19:11	things that people want to learn we	
	have a	
19:14	an educational a historical room	
	when you	
19:17	first come in the front door	
19:20	um it is a timeline of the history of	

19:23	Cape Verde because many people	
17.20	don't	
19:25	know it then we have what we call	
	Nana's	
19:27	Kitchen it brings you back in time	
	to	
19:31	what the kitchen would have looked	
	like	
19:33	a hundred years ago maybe for the	
19:35	Emeralds and probably certainly for	
	the	
19:37	Cape Verdeans people get so	
	emotional	
19:39	looking at the artifacts that are in	
19:42	that kitchen that their grandparents	
19:44	used to use it is heartwarming then	
	of	
19:47	course we have a nautical room and	
19:49	Schooner Ernestina has a major part	
	in	
19:51	that nautical room and then we said	
	to	
19:55	remind folks how much more than	
10.55	just	
19:57	cranberry or berry pickers we were	
20.00	or	
20:00	just whalers or seafarers then we	
20.02	added	
20:03	a room that's called the military	
20:06	my niece the one I was talking	
20.00	about the	
20:09	folks that are at the um the Cape	
20:12	Verdean Club	
20:12	she is actually a senior master	
20.17	sergeant	
20:18	at Otis and she's been there for 25	#otisairnationalguardbase #jointbasecapecod
20:20	years I had not even paid attention	
	to	
20:24	what she was doing in her life	
	growing	
20:26	up if you went there to see so many	
	of	
20:30	the valuable	

20:32	resources and gifts our folks have	
	been	
20:37	giving to America for over 200	
	years	
20:40	because they were on Nantucket in	
	the	
20:42	1700s you would realize that we are	
	so	
20:45	much more than cranberry pickers	
20:49	most certainly and that's why it's	
	great	
20:52	that you and the other volunteers	
	with	
20:55	the support of folks like	
	Representative	
20:57	Vieira celebrate that rich heritage	
	which	
21:00	has become as I said it the	
	beginning of	
21:02	our visit an important part of the	
21:04	fabric of this community	
21:07	very much and thank you for	
	mentioning	
21:09	to me that you've just been to the	
21:10	Embassy in Cape Verde so many	
	times	
21:13	people will come to us	
21:15	so right now we've just the Sea	#seagrant
21:17	Grants down at Woods Hole has	
	just written	
21:20	a grant to take a Bridgewater State	
21:23	student State University student to	
21:28	under our wing	
21:30	a paid internship for the summer	
21.22	she	
21:33	lives in Wareham she's a student at	
21:36	Bridgewater and what she said	
21.20	summed it	
21:39	all up everywhere I go people asks	
21.42	me	
21:42	what ask me what is a Cape	
21.46	Verdean and I	
21:46	have to try to explain she said I said	
21:48	yes to this grant and I've got so	
	many	

21:51	or more opportunities because to	
21.31		
21.54	see a	
21:54	museum and cultural center	
21.50	dedicated to	
21:58	the Cape Verdeans where I don't	
22.01	have to	
22:01	explain what we are and who we are	
	and I	
22:04	actually can go there and learn more	
22:06	about who my parents were and my	
22:09	grandparents is	
22:11	immeasurable the value is	
	immeasurable	
22:14	so we will start working with a	
22:16	collaboration with the university	
	and	
22:19	with Sea Grants and with Falmouth	
22:22	everyone here has been helpful	
22:24	um the Select Board the town the	
22:26	lease we they were just so thrilled	
22:29	that we were taking this on and we	
	are	
22:31	thrilled to be the next occupant of	
	the	
22:36	historic Emerald House on	
	Davisville	
22:38	Road wonderful well thank you for	
	your	
22:40	visit today and thank you for	
	sharing	
22:42	that experience because through	
222	events	
22:45	like this that rich cultural heritage	
22:49	can be shared now with future	
22:51	generations so Barbara it's been a	
22:53	pleasure to spend a few minutes	
	with you	
22:54	and thank you for your willingness	
22.57	to	
22:57	share this story totally my pleasure	
22.31	and	
22:59	so postcards will be made of some	
22.37	of the	
23:02	pictures that we have done so	
23.02	everyone	
L	C voi you	

23:04	can share in the richness of Cape	
	Cod to	
23:06	Cape Verde wonderful thank you
