UNIVERSITY OF LONDON UNION, MALET STREET, W.C.1 01-580 9551

U.L.U.: WORKERS AND STUDENTS UNITE FOR ACTION.

U.L.U. is occupied - the occupation by students and workers of U.L.U. has created a centre for revolutionary discussion and action. The object of the Worker student Liason Committee is to initiate and organise communication and cooperation between the workers and students, who have been previously struggling in isolation against the same system.

The struggle of the students to get back into L.S.E.; the struggle for equal pay for women; the struggle of London tenants for a decent home - the same struggle. The Liason Committee exists to arrange initial support between students, workers and tenants at U.L.U. and other university campuses and factories.

WE WANT:

The immediate release of all political prisoners from the L.S.E.

Control of all universities and colleges by committees of students, teachers and workers.

Workers' control of industry.

Establishment of committees consisting of students, teachers and parents for democratic control of all schools.

All committees to be elected and controlled by mass meetings; any delegates to be subject to rotation and instant recall.

Abolition of students' grants; all students to receive a worker's wage without discrimination.

To promote an open education system and abolish examinations.

Basic guaranteed minimum wage to rise with the cost of living; equal pay for women, 35 hour week, all profits of automation to the workers;

Occupation of all luxury and uninhabited buildings; all rents to be decided by the tenants; minimum living space for all families.

An end to American ownership and military bases.

Full support to the liberation forces in Vietnam and other exploited masses of the world.

WORKERS AND STUDENTS MUST UNITE ON AN ANTI-CAPITALIST PROGRAMME

THIS IS AN ACTION PROGRAMME. COME TO U.L.U. TO DISCUSS DEMANDS AND ACTION.
