### *The Education Society*

The "EDUCATION SOCIETY" was founded in 1818 by an interested group of clergy and laymen living within the area of Washington, Georgetown, Maryland and Alexandria. Its purpose was stated in the official title, "*The Society for the Education of Pious Young Men for the Ministry of the Protestant Episcopal Church.*" Active in its organization and early development were the Rev. William Meade, rector of Christ Church, and the Rev. William H. Wilmer, rector of St. Paul's Church, both in Alexandria; the Rev. Dr. Hawley and Dr. Reuel Keith, rectors of St. John's Church and Christ Church in Georgetown, and others in nearby Maryland and Virginia. Among the laymen supporting the undertaking was Francis Scott Key who lived in Georgetown. The Rev. Dr. J. P. K. Henshaw, later Bishop of Rhode Island, and the Rev. Dr. Charles P. McIlvaine became deeply interested and were among the Society's most active supporters.

Five years later their faithful efforts bore fruit in the founding in Alexandria of the second theological seminary of the Episcopal Church in the United States. The Education Society still lives and labors for the Seminary it brought into being and from the funds it has been able to secure through the years now contributes approximately \$20,000 a year toward the support of the Seminary.

Three Seminary buildings bear the names of these early pioneers in the field of theological education: Wilmer Hall and Meade Hall (dormitories), and Francis Scott Key Hall (Voice and Speech).

### *Requirements for Admission*

Every applicant for admission to the Seminary must be a college graduate, or must satisfy the Faculty that he is adequately equipped to do the work of the Seminary. When an applicant is not a college graduate the Admission Committee will require a statement from the Board of Examining Chaplains of the Diocese or District certifying that the provisions of Canon 26, Section 5 (a), (b), or (c), as the case may be, have been complied with and the examinations passed satisfactorily.

Every applicant must present satisfactory credentials as to his character and fitness for the ministry, a physical and psychological examination, and a letter of commendation from the Bishop of the Diocese with which he is canonically connected.

A conference between the applicant and one or more members of the Admissions Committee is required, except for valid reason acceptable to the Dean; in which case an interview between the applicant and an alumnus willing to represent the Seminary may be arranged, subject to the approval of the Dean.

The attention of all applicants and students is drawn to the requirement laid down by Canon 27, Section I Sub-Section 3 of the Protestant Episcopal Church, requiring that in order to become a Candidate for Holy Orders a man studying at a Seminary must receive "a certificate from the Theological Seminary where he is studying . . . showing his scholastic record and personal qualifications for the ministry of this Church as revealed by one year's work." Every man in his first year in Seminary, therefore, is on trial, for *the Faculty cannot give this certificate unless he has convinced them that he has the necessary personal, as well as academic qualifications.*

### *Requirements for Graduation*

(Applicable to students entering September 1954 and after)

Being an accredited member of the American Association of Theological Schools, this Seminary follows the requirements for graduation and for receiving degrees as laid down by the Association.

- (1) Students who hold a previous bachelor's degree from an accredited college or university and who complete the full course with an average not lower than A will be admitted to the degree of BACHELOR IN DIVINITY with HONORS.

- (2) Students who hold a previous bachelor's degree from an accredited college or university and who complete the full course with an average not lower than C and who have not received a mark of D in over twenty per cent of their work will be admitted to the degree of BACHELOR IN DIVINITY.
- (3) Students, without a previous college degree who have been accepted under the provisions of Canon 26, Section 5 (a), (b), (c) with an average of not lower than C and who have not received a mark of D in over twenty per cent of their work will be granted a certificate of graduation.
- (4) No degree or certificate is awarded *unless all required courses are passed satisfactorily.*
- (5) An E in any course carries with it the privilege of retaking the examination on the first Saturday in October.
- (6) An F in any course can only be overcome by retaking the course. Because of class schedule conflicts this is often impossible during the regular three year course.

*Course of Study*

The academic year at this Seminary covers the entire twelve months. Two Semesters are spent in residence pursuing academic discipline; the Summer Quarter is usually spent in Clinical Pastoral Training the first summer, and may be spent in advanced or specialized training the second summer.

- P.T. 2A. *Clinical Introduction to Pastoral Theology: Clinical Pastoral Training*. Summer Quarter, twelve weeks, following the Junior Year.

The courses in Pastoral Theology in the Middle and Senior years assume previous supervised training in work with people, taken in accredited centers—general and mental hospitals, correctional institutions and other approved centers. This training is usually taken in the training centers and under the supervision of the Chaplain Supervisors of the Council for Clinical Training and the Institute of Pastoral Care, whose training has been endorsed by the American Association of Theological Schools.

Clinical Pastoral Training gives students an experience as Student Chaplains, in ministering to people in life situations under the supervision of a trained Chaplain. The aim of the training is that students may grow in their understanding of life and of interpersonal relations from a Christian point of view, and may see some of the resources of the Gospel being brought to bear on situations of human need. The previous theological training in the Junior year in the Seminary helps to deepen the significance of the summer experience, and this experience in

turn helps the student to see more fully the relevance of the balance of his theological training.

- P.T. 5. *Pastoral Counseling and Pastoral Theology*. Middle. First Semester, two hours.

An introduction to the principles and methods of pastoral counseling as basic to the Prayer Book ministry. This course begins the correlation of the clinical experience of the summer term with an understanding of the pastoral ministry. ### The Reinecker Lectures

By the generosity of the late Mr. George A. Reinecker, of Baltimore, an annual lectureship was founded in October, 1894, which has added an important feature to the curriculum. For the first year eight lectures were given on this foundation; but subsequently the donor requested that the number be limited to six or less annually, and at the same time he increased the foundation to about seven thousand dollars. The lecturers are chosen by the Faculty without any restrictions.

In the recent past, the Reinecker Lectures have been delivered by such men as: James E. Frame, Douglas V. Steere, Wilhelm Pauck, Dr. Rollins, Bishop Dun, John Mackay, F. W. Dillistone, Edgar C. Young, Francis Wei, Theodore M. Greene, Alan Richardson, Sherman E. Johnson, Bishop Emrich, J. V. L. Casserly, Samuel L. Terrien and M. A. C. Warren.

The Reinecker Lectures for 1955-56 will be given November 29, 30, and December 1, 1955, by Professor Dr. Friedrich Heiler of Marburg, Germany. The subjects of his three lectures will be: 1) The Idea of God in Mysticism; 2) Prayer as a Problem of Modern Man; and 3) Belief in Miracle.

### The Library

Since the founding of the Seminary, attention of trustees, faculty and alumni has been focused upon providing an adequate collection of books on religion and related subjects as a primary resource for the educational enterprise of the Seminary. The holdings now number some 40,000 volumes, and will increase through purchases and gifts.

The Packard-Laird Memorial building (1921) provides stack space for the present collection and well-lighted reading facilities for nearly fifty persons. Expansion of these facilities is now under way with a view toward making reading space for a greatly enlarged student body and more adequate housing for the growing collection of books and periodicals in a new building.

If the encounter of students and teachers be the "right hand" of theological education, the library is its "left hand". In that conviction the library staff offers a wide range of services to students, faculty and visitors doing special research.

## Matriculation Statement

(The following statement is signed by all newly enrolled students on All Saints' Day, November 1.)

In the Providence of God this Seminary was founded more than a century ago to train men for the Ministry of Christ's Church. During its long life it has sought to fulfill this purpose, guided by a few clear principles of belief and action. In loyalty and devotion to these principles its men have served the Church well at home and have carried the Gospel to other lands.

This Seminary believes that its primary allegiance is to Jesus Christ. Its first duty is to know Him and to make Him known. It seeks to form lives of strong faith and simple piety, fashioned and enriched by personal communion with Christ, and to make men able out of their own experience to preach Him to others as Lord and Saviour. Christ must be put first. That is the Seminary's evangelical conviction which it allows no other emphasis to hide or minimize.

The Seminary is gladly and professedly Protestant both in its unwillingness to conform to any tradition, or to heed any ecclesiastical claim which displaces the primary accent upon the Gospel, and in its readiness to accept new truth and to face the occasions of a new day. It maintains the right of the individual Christian to his own personal relationships to God.

The Seminary is Catholic in its acceptance of the age-long inheritance of the Church in its Scriptures and Creeds, in its Sacraments and Orders. Its rule of discipline and worship it finds in the Book of Common Prayer, and to this Book it bids its members be loyal as the common order of this Church and as fruitful for Christian life and devotion.

This Seminary believes in the Church as the Body of Christ and the home of Salvation. It regards the Church also as a family of God's people in which all the members are called to live together in unity of mind and heart, in love and sacrifice, and in helpfulness and mutual esteem.

Finally, the Seminary holds that life within it is not to be interpreted as private enterprise, but as a vocation into which its members are called by God, which is shared with others, and which asks for all that is best in them of work, personal living, faith and devotion.

To these principles governing the life of the Seminary I agree, and to declare my intention of carrying them out as best I may, I subscribe my name.

## Financial Matters

### Veteran's Affairs

Matters concerning the rights and benefits to which Veterans are entitled under Public Laws 16, 346 and 550 are handled by the Bursar.

### Expenses

Seminary fees are kept at the lowest possible level consistent with the accommodations provided and type of teaching and training maintained. The total charges as listed below are less than half the actual cost to the Seminary for the education of each student enrolled. The remainder is provided (1) by income from established endowment funds, (2) through gifts received from the annual THEOLOGICAL EDUCATION OFFERING and (3) recurring contributions given individually by the many Friends of the Virginia Seminary. The resulting benefit to the student is immediately reflected in these minimum charges:

|   |          |          |
|---|----------|----------|
| Tuition (effective Sept. 1956).....         | \$300.00 | \$300.00 |
| Board .....                                 | 360.00   | 90.00*   |
| Room (effective Sept. 1956).....            | 100.00   |          |
| Library (effective Sept. 1956).....         | 35.00    | 35.00    |
| †Clinical Training (First summer only)..... | 100.00   | 100.00   |
| <hr/>                                       |          |          |
| Total charges — Clinical Training included  |          |          |
| first year .....                            | \$895.00 | \$525.00 |
| Total charges, second and third years       |          |          |
| each .....                                  | \$795.00 | \$425.00 |

It will be seen from the above that every student enrolled receives from funds held by the Seminary for that purpose, indirect financial assistance in excess of half the actual cost of his training.

\*Married students attend daily luncheons Mondays through Fridays. The \$90 charge is to cover the cost of these extra meals.

†The fee of \$100 is a charge of the Council for Clinical Training, but payable through the Bursar's office not later than May 1.

### Other Contractual Obligations

(1) One half of all Seminary fees is due and payable on the opening days of school and the second half on February 1.

(2) Every applicant upon acceptance is required to pay a reservation fee of \$25.00. This sum will be credited to his tuition fee for the first semester. It is not refundable in the event of the applicant's withdrawal.

(3) No deduction nor refund of fees or other charges may be made by reason of withdrawal from the Seminary during any academic year. In the event of withdrawal during either semester, the student will be obligated for the full payment of all fees for the semester in which the withdrawal occurs.

(4) There are additional expenses for such items as group hospitalization insurance, *required for all on-campus students*, purchase of books customarily required to be owned personally by all students, personal expenses, etc.

(5) No student may take his mid-year examinations until all Seminary fees (including Book Store bills, and library fines and other financial obligations incurred during his first semester) shall have been paid in full, or until assurance, satisfactory to the Bursar, is given of their early settlement, including the sources from which such settlement may be expected.

(6) No student may take his final examinations until all Seminary charges (as above) have been paid in full, together with all other indebtedness relating in any way to his Seminary course.

(7) No student may take either mid-year or final examinations until all work assigned for the semester in that course has been completed. In case of work not completed because of illness, arrangements satisfactory to the Professor involved must be made.

(8) It will be of help to students in planning their budgets to know that room, board and laundry are furnished single students by *most* of the training centers for Clinical Training. An effort is made to place in centers in the Washington area where possible those married students who are unable to move their families to take training elsewhere. This training is full-time, including Sundays, and there is no opportunity to earn money through outside work during the twelve weeks of the summer quarter. Eligible Veterans may take this training under the G.I. Bill, if taken at the usual time after the Junior year.

(9) For a non-resident minister doing special work there is a fee of \$10.00 per semester course. Auditing courses — fee of \$10.00 per semester course.

(10) **Each student supplies for himself a cassock and surplice.**

(11) Students living in Seminary dormitories care for their own rooms. In addition, *every student takes part in the work necessary for the upkeep of grounds and buildings, and in waiting on tables in the refectory.* The time spent in the work program averages two hours a week.

(12) The Seminary provides for each resident a single bed, a desk, a chest of drawers and a chair. Students supply their own linen and blankets and any additional furnishings.

### *Sunday Field Work*

The Seminary has been developing a program of Sunday Field Work to provide students with an introduction to some of the practical phases of parish life. Field work is being studied by a Faculty Committee and changes may be expected.

*Policy for Juniors:* The Seminary has found it best for Juniors to remain free of any kind of regular field work (i.e. religious work done by students in parishes, missions, institutions, etc.). This allows Juniors to use their Sundays to visit the various churches in the Washington community, to see a wide variety of church services in every denomination, and to become acquainted with many specialized ministries — ministries to college students, in hospitals, prisons and other institutions. During the first year, Juniors will be laying the academic ground-work which will enable them to take more effective part in the field work programs in parishes during their Middle and Senior years.

*Policy for Middlers and Seniors:* Middlers and Seniors who maintain a satisfactory academic average are encouraged to engage in supervised field work programs in nearby parishes. The work includes active participation under supervision in the parish's program of religious education, assisting in the conduct of worship, parish calling, work with young people and young adult groups, etc.

### *Self Help Through Outside Remunerative Jobs*

The pursuit of a theological education at this Seminary is a full-time program of training and demands the full and undivided participation of its students. It has been found that when students engage in outside jobs during school sessions, their preparation for the ministry may suffer. Therefore, students will seek outside remunerative jobs only with the permission of the Faculty. Such permission is granted only to those students who maintain a satisfactory academic average, and whose financial need indicates that such self help is clearly necessary. Where a student needs to engage in outside work to balance his budget, he should make this fact known to the Dean. Permission will be given where it seems best, to such students to engage in secular work on Thursday evenings and Saturdays.

### *Scholarship Aid*

A theological seminary, like every other educational institution, must receive annually funds sufficient to meet the growing cost of operation. The Seminary therefore has no choice other than to withhold final approval of any application for admission until full assurance is given that adequate provision has been made or will be made for the payment of all student charges as listed in the catalogue.

This statement of fact, however, is in no way intended to discourage any applicant whose character and ability give promise of a useful ministry from seeking enrollment as a student and the Seminary is ready to assist as far as possible in seeking out and developing such financial support beyond the applicant's own resources as may be needed. These would be the Diocese from which the applicant comes and the parish of which he is a member. Scholarship grants, as circumstances warrant, may often be secured from established Scholarship Societies.

In the event that these sources are unable to ensure the full payment of all Seminary charges as listed, the applicant may apply to the Seminary for a special scholarship grant over and above the benefits already assured (see previously under "Expenses"). The funds from which such aid may be given are limited both as to number and amount, and may only be drawn upon in cases of demonstrated need for which financial assistance may not be had from sources outside the Seminary. Scholarship grants are on a yearly basis.

Scholarship grants from the Seminary are not available to students who operate automobiles solely for their personal convenience or pleasure.

A scholarship grant from the Seminary is automatically cancelled in the case of any student who fails to maintain an average of "C" in his courses.

### *Concerning Marriage in Course*

The Board of Trustees at their meeting in June 1955 adopted the following procedure regarding requests for permission to be married in course:

1. The student shall secure in writing his Bishop's consent to petition the Faculty for permission to marry in course.
2. The marriage shall not take place until the student has completed his middle year and his clinical pastoral training or its equivalent, except that a student of mature age who has had previous experience, except, as for instance in business or the Armed Forces, may in exceptional circumstances be allowed to

marry after the completion of his junior year, and the completion of his clinical pastoral training or its equivalent.

3. The student must show to the satisfaction of the Faculty, by such evidences as the Faculty may require, his ability to support and finance himself and his family for the rest of his Seminary career.

However, he shall not include among his resources assistance from an educational organization directly or indirectly connected with the Church.

5. The student shall remain responsible for his contractual obligations for the payment of his room and board during any academic session; and *he shall notify the bursar no later than the first day of June* of his intention to vacate a dormitory room.

6. The Faculty shall make its recommendation after the above requirements have been fulfilled, but final decision in all cases shall be made by the Bishop of the applicant.

## *Religious Services*

Holy Communion is celebrated on those days provided for in the Book of Common Prayer, and on Thursdays when there is no special day provided for in any week.

Daily morning services are held in the Chapel.

On Wednesday evenings there is an informal devotional service with an address by a member of the Faculty or outside speaker.

Dormitory prayers are led nightly by the students.

A Quiet Day is held each Semester — on November 1 and on Ash Wednesday — and a retreat for the Seniors shortly before their graduation.

THE DEAN

The Protestant Episcopal Theological Seminary

Alexandria, Virginia

## *Origin and History*

The Virginia Seminary had its inception within a small group of clergy and laymen living in and nearby Washington who, in 1818, organized a "Society for the Education of Pious Young Men for the Ministry of the Protestant Episcopal Church." After five years of tireless effort they managed to secure sufficient funds to rent an old brick building on the corner of King and Washington streets in Alexandria and there, on October 15, 1823, the Seminary opened for its first session with an enrollment of fourteen students and a faculty of two—the Rev. William H. Wilmer, D.D., and the Rev. Reuel Keith, D.D.

The disadvantages of having the Seminary located in the heart of Alexandria soon became apparent and four years later the Board of Trustees were able to purchase the property upon which it now stands—then, approximately sixty acres of veritable wilderness; today, the geographical center of the city of Alexandria.

These early years were difficult years for the Seminary and students alike. There were few alumni to whom it could turn for help; but the Education Society, aided by the small faculty, managed not only to keep the young Seminary alive, but to lay sure foundations for its future development.

### *Early Growth*

The Seminary opened the session in September of 1860 with four newly completed buildings: the Library (now the Commons Room), Aspinwall, Bohlen and Meade Halls; four faculty houses, and a Chapel built in 1839. There was a faculty of four members and a student body of seventy-three, including fifteen in the Preparatory Department. Dr. Sparrow was soon to report to the Board of Trustees: "We commenced this term under more favorable auspices than any other in the history of the Seminary—with the most abundant accommodations, either in possession or immediate prospect." The Seminary stood well within reach of the fulfillment of many of its dreams of growing usefulness to the Church.

### *War*

It may well be said that four years of civil war set the Seminary back forty years. It was a war-ravaged Seminary to which Dr. Sparrow, Dr. Packard and eleven battle-weary veterans returned in October of 1865 to reopen the Seminary with a smaller enrollment than that with which it had first begun in 1823. But they had not been the only sufferers. Used as a hospital base, 1700 wounded Federal

soldiers had been cared for within its walls, more than 500 of whom died. These were buried in a lower corner of the grounds, their bodies being later removed to Arlington Cemetery.

The years of reconstruction were made more difficult by reason of the loss of most of the invested funds the Seminary had been able to accumulate prior to the outbreak of war. The Trustees moved quickly to petition the Federal government for compensation in the amount of \$20,000 to repair the damage caused by four years of military occupation. Not until twenty-five years later was the petition granted. It would be sixty years before the Seminary again reached the pre-war enrollment of seventy-three students.

### *Centennial*

The Centennial was observed in 1923. Two years prior the Packard-Laird Memorial Library was erected. In the year immediately following, funds were raised for the new Sparrow Hall, containing executive offices, a new and larger Prayer Hall and dormitory space for the accommodation of fifteen additional students. In 1925 a generous gift made possible the building of an additional faculty house to be used as the Deanery.

### *Crisis*

In the middle "Forties" the Seminary came face to face with one of the greatest problems and certainly the greatest challenge in its long life. A survey within the entire field of clergy supply and demand was initiated by the Board of Trustees and carried through with the help of all the Bishops and seminaries of the Church. It revealed two very significant facts: from the Bishops came many reports of vacancies for which no clergy could be found. From the seminaries came the surprising news that many more men were seeking admission than could possibly be accepted. The Virginia Seminary alone had been refusing applicants by the score. It had neither the faculty to teach them nor the facilities to accommodate them.

### *"Let Us Rise and Build"*

It was to remedy this critical situation, as far as the Seminary could, that the recent program of expansion was undertaken. What the success of this program has meant in terms of new buildings, additional faculty members and a steadily growing student body is a story oft told throughout the Church, and more particularly, to its ever-growing host of friends.

### *The Enduring Spirit*

Throughout its long history the Seminary has laid unremitting stress on overseas missions and the pastoral office. Before it was a year old its faculty and students had organized a "Society for the Acquisition of Missionary Intelligence and the Collection of Funds for Missionary Enterprise." Its fruits were soon manifest. The Rev. John H. Hill, graduating in 1830 to become the first of a long line of missionaries, founded the Mission in Greece where he labored for 52 years. Our great Mission fields of China, Japan, Liberia and Brazil were likewise established by graduates of this Seminary. The latest to follow in their train were members of the Class of 1954. The "Missionary Society," whose membership now comprises the entire student body, is still in existence.

No less has been the emphasis upon the importance of the pastoral ministry. In 1827, when the Seminary moved from Alexandria to its present location, there was formed another society "For the Religious Improvement of the Neighborhood of the Seminary." Continuously since, students have been given every opportunity of serving in Seminary Missions or assisting in nearby parishes, thereby learning to put into effect, under the guidance of the faculty or rectors of the parishes in which they serve, the theories and skills of the pastoral ministry as taught under the Department of Pastoral Theology.

### *The Way Ahead*

It can in truth be said of the Seminary that it "faces the coming years under more favorable circumstances than any other in its long history . . . with the most abundant accommodations, either in possession or immediate prospect." That this is so can only be due to the loyal support of its growing number of alumni and the thousands of others throughout the Church who have so generously equipped it for the effective training of a greater ministry.

### *"Friends of Virginia Seminary"*

Organized in December 1947 by a group of interested friends of the Seminary, this group now numbers many alumni and lay men and women throughout the Church who, through their regular gifts, make a substantial contribution to the annual income of the Seminary for its operating expenses.

### *The Book of Remembrance*

In April of 1953 the Virginia Theological Seminary Memorial Fund was established by the members of the graduating class of 1953. The purpose of the Fund is as follows:

- (1) to receive, from any interested persons, both within and without the Seminary, contributions as living memorials to any alumnus of or student in the Seminary, or to the deceased relatives of any alumnus or student; and
- (2) to use any interest accruing from the investment of these memorial gift offerings for some worthy purpose directly connected with the ongoing life of this Seminary.

The names of the deceased in whose memory offerings are made are entered in The Book of Remembrance which is placed on the altar on All Saints' Day. At this time the names entered therein during the past year are read and remembered in prayer.

Contributions should be addressed to the Secretary of the Student Body.

### *Buildings*

PACKARD-LAIRD MEMORIAL LIBRARY (1921). One-third of the cost was contributed by Mr. W. Winder Laird of Wilmington, Del., in memory of his grandfather, the Rev. Joseph Packard, D.D., for many years a Professor and Dean; and his brother, the Rev. William H. Laird, D.D., an honored alumnus of this Seminary. New furniture and an improved lighting system were installed in 1935.

SCOTT MEMORIAL ROOM (1951). A large Reception and Social room incorporated in the refectory building and given in memory of Mr. and Mrs. Frederic William Scott by their children.

ST. GEORGE'S HALL (1952). The second dormitory to bear that name, it perpetuates the traditions of the original St. George's erected in 1856 but "liquidated" in 1945 as being unsafe for student occupancy. Student dormitory.

FUNSTEN MEMORIAL HOUSE (1925). A handsome faculty residence given by Mr. R. E. Funsten, of St. Louis, as a memorial to his wife, Lillie Funsten, and to his father and mother, Col. David and Susan Meade Funsten.

Fourteen houses (some with apartments) for faculty and staff.

## "Alumni Association"

This society was organized in 1833, ten years after the founding of the Seminary. Its purpose is to "produce concert in the efforts of the Alumni for the advancement of the interests of the Seminary, the prosperity of the Church, and the spiritual improvement and ministerial usefulness of its members."

Regional meetings are held during the winter or early spring in many of the large Church centers, the annual meeting being held in connection with the commencement exercises at the Seminary every June.
