## GENERAL DESCRIPTION AND HISTORY

**GENERAL DESCRIPTION.** Founded in 1823, the Virginia Theological Seminary is located in Alexandria, Virginia, on a campus of eighty-five acres overlooking the City of Washington and the Potomac River.

The arrangement of the main buildings, in relation to the location of the homes of the faculty, expresses the traditional spirit of the Virginia Seminary. The chapel and fourteen other principal buildings, including a new library completed in 1957, form a widely spaced quadrangle in the center of the campus. Circling these buildings in a great arc are a dozen or more faculty homes, easily accessible to all students. Since its founding, the Virginia Seminary has fostered and encouraged a close pastoral relationship between teacher and student. The Virginia Seminary is a community based upon a two-fold unity: the unity of a common spirit "in Christ" and the unity of a single purpose in preparing men to serve Him, His ministry and His Church.

A three-year course of study, leading to the degree of Bachelor in Divinity, covers the four major fields: Biblical studies, historical studies, theology proper and practical training. In his first year, a student concentrates on the content or substance of the Christian faith, in his second year on the interpretation or meaning of the Christian faith and in his final year on the practical application of the Christian faith. Every effort is made to relate creatively the theoretical and the practical, the historic Christian truth and contemporary truths.

**HISTORY.** The circumstances which led to the founding of a theological seminary in Virginia are deeply rooted in the history of the colonial Church and its struggle during the decades which immediately followed the American Revolution. Favored as the Established Church in the colonial period, the Episcopal Church in Virginia after the Revolution was not only dis-established and suspect but also suffered from a blight of religious indifference and inertia which weakened all the religious bodies of that period.

Francis Scott Key and a few others who had been profoundly affected by the Evangelical revival cherished a hope and plan that a new generation of leaders for the Church might be found, trained and placed in the service of their prostrate Church. "An Educational

Society\*\* was formed by this small group in 1818 and after five years of tireless effort their hope and plan were realized. Their "School of the Prophets" opened its doors in Alexandria in 1823, with fourteen students and a faculty of two.

The history of this Seminary may be divided meaningfully into several periods. Never a wealthy institution, the Seminary in the first period (1823-1833) remained alive only by the sacrificial effort of the "Educational Society," the faculty and the students. Graduates of the first ten years served the Church in almost every state between the Alleghenies and the Mississippi, and some were to be found in the territories and states of Missouri, Iowa, Wisconsin, Texas and California.

The same missionary spirit in the second period (1833-1863) led its graduates beyond the limits of this continent to open for the Episcopal Church the mission fields of China, Japan, Liberia, Greece, and somewhat later, Brazil. The latest to follow in their train are members of the Class of 1960.

Regarding the third period (1863-1923), it has been properly stated that the War between the States set the Seminary back forty years. After that war, two professors and eleven battle-weary veterans re-opened the Seminary on a war-ravaged campus which had been used to house 1700 wounded Federal soldiers, 500 of whom had died and been buried on the premises. Their bodies were later removed to Arlington Cemetery. Not until its Centennial in 1923 would the Seminary regain the resources, the certainty of full enrollment, and the invested funds which characterized the institution in 1860. The fourth period (1923-1946) found the Seminary moving ahead in productive usefulness to the Church, remaining true as always to the missionary spirit and to an emphasis upon the pastoral office.

The present period in the life of the Seminary began in 1947 and has been marked by a successful drive for capital funds, additions to the faculty and expanded enrollment. The loyal devotion of the alumni witnesses to the worth of the institution and has made possible its expansion in size, in faculty and in promise of an even greater future.

\* The "Education Society" survives and is active to this day. A list of its officers and Board of Trustees may be found in Appendix II, page 60.

Mr. and Mrs. Frederick Grayson Boyce, Jr., of Baltimore, contributed \$100,000 in memory of their son and daughter. The James Foundation of New York contributed \$50,000. We wish also to mention the generous gifts, over the years, of the Reverend John G. Scott, of Richmond, Virginia.

Eighteen houses (some with apartments) for faculty and staff.

## REQUIREMENTS FOR ADMISSION

Every applicant for admission to the Seminary must be a college graduate, or must satisfy the Faculty that he is adequately equipped to do the work of the Seminary. When an applicant is not a college graduate the Admissions Committee will require a statement from the Board of Examining Chaplains of the Diocese or District certifying that the provisions of Canon 26, Section 5(a), (b), or (c), as the case may be, have been complied with and the examinations passed satisfactorily.

Every applicant must present satisfactory credentials as to his character and fitness for the ministry, a physical and psychological examination, a letter of commendation from his Bishop, and a financial statement showing that he has adequate resources to see his way through three years in the Seminary.\*

A conference between the applicant and one or more members of the Admissions Committee is required, except for reason acceptable to the Dean; in which case an interview between the applicant and an alumnus willing to represent the Seminary may be arranged, subject to the approval of the Dean.

Married applicants forty years of age and older should write the Dean to request a copy of the brochure which describes a special program offered men in this category.

## REQUIREMENTS FOR PROMOTION

The attention of all applicants and students is drawn to the requirement laid down by Canon 27, Section I, Sub-Section 3, of the Protestant Episcopal Church, requiring that in order to become a Candidate for Holy Orders a man studying at a seminary must receive "a certificate from the Theological Seminary where he is studying . . . showing his scholastic record and personal qualifications for the ministry of this Church as revealed by one year's work". Every man in his first year in seminary, therefore, is on trial, for *the Faculty cannot give this certificate unless he has convinced them that he has the necessary personal, as well as academic qualifications.*

It is the prerogative of the Faculty to separate from the Seminary those students who in the opinion of the Faculty do not measure up to the general standards of this institution.

\* For further details see "Financial Matters," page 47.

## REQUIREMENTS FOR GRADUATION

Being an accredited member of the American Association of Theological Schools, this Seminary follows the requirements for graduation and for receiving degrees as laid down by the Association:

- (1) Students who hold a previous bachelor's degree from an accredited college or university and who complete the full course with an average not lower than A may be admitted to the degree of BACHELOR IN DIVINITY with HONORS.
- (2) Students who hold a previous bachelor's degree from an accredited college or university and who complete the full course with an average not lower than C and who have not received a mark of D in over twenty per cent of their work may be admitted to the degree of BACHELOR IN DIVINITY.
- (3) Students without a previous college degree who have been accepted under provisions of Canon 26, Section 5 (a), (b), (c) with an average of not lower than C and who have not received a mark of D in over twenty per cent of their work will be granted a certificate of graduation.
- (4) No degree or certificate is awarded *unless all required courses are passed satisfactorily.*
- (5) An E in any course carries with it the privilege of retaking the examination on the first Saturday in October.
- (6) An F in any course can only be overcome by retaking the course. Because of class schedule conflicts this is often impossible during the regular three-year course.
- (7) The fulfillment of academic requirements is not of itself sufficient ground to the awarding of a certificate of graduation or the Degree of Bachelor in Divinity. Since the Seminary educates men for the ministry, the student must also satisfy the Faculty of his personal qualifications.
- (8) No student may take either mid-year or final examinations until all work assigned for the semester in that course has been completed. In case of work not completed because of illness, arrangements satisfactory to the professor involved must be made.

## MATRICULATION STATEMENT

*(This statement is not to be understood as a credal affirmation which a new student is expected to endorse. However, on Matriculation Day, every incoming student will be asked to acknowledge by his signature that he understands and accepts this statement as representing the conditions under which he will receive his theological education in this institution.)*

In the Providence of God this Seminary was founded more than a century ago to train men for the Ministry of Christ's Church. During its long life it has sought to fulfill this purpose, guided by a few clear principles of belief and action. In loyalty and devotion to these principles its men have served the Church well at home and have carried the Gospel to other lands.

This Seminary believes that its primary allegiance is to Jesus Christ. Its first duty is to know Him and to make Him known. It seeks to form lives of strong faith and simple piety, fashioned and enriched by personal communion with Christ, and to make men able out of their own experience to preach Him to others as Lord and Savior. Christ must be put first. That is the Seminary's evangelical conviction which it allows no other emphasis to hide or minimize.

The Seminary is Protestant both in its unwillingness to conform to any tradition, or to heed any ecclesiastical claim which displaces the primary accent upon the Gospel, and in its readiness to accept new truth and to face the occasions of a new day. It maintains the right of the individual Christian to his own personal relationships to God.

The Seminary is Catholic in its acceptance of the age-long inheritance of the Church in its Scriptures and Creeds, in its Sacraments and Orders. Its rule of discipline and worship it finds in the Book of Common Prayer, and to this Book it bids its members be loyal as the common order of this Church and as fruitful for Christian life and devotion.

This Seminary believes in the Church as the Body of Christ and the home of Salvation. It regards the Church also as a family of God's people in which all the members are called to live together in unity of mind and heart, in love and sacrifice, and in helpfulness and mutual esteem. Finally, the Seminary holds that life within it is not to be interpreted as private enterprise, but as a vocation into which its members are called by God, which is shared with others, and which asks for all that is best in them of work, personal living, faith and devotion. I acknowledge and accept these principles as representing the conditions under which I shall pursue my theological education in this Seminary.

- P.T. 2A. *Clinical Introduction to Pastoral Theology: Clinical Pastoral Training*. Summer Program, twelve weeks, following the Junior Year.

The courses in Pastoral Theology in the Middle and Senior years assume previous supervised training in work with people, taken in accredited centers—general and mental hospitals, correctional institutions and other approved centers. This training is usually taken in the training centers and under the supervision of the Chaplain Supervisors of the Council for Clinical Training and the Institute of Pastoral Care, whose training has been endorsed by the American Association of Theological Schools. (See Appendix III.)

Clinical Pastoral Training gives students experience as Student Chaplains, in ministering to people in life situations under the supervision of a trained Chaplain. The aim of the training is that students may grow in their understanding of life and of interpersonal relations from a Christian point of view, and may see some of the resources of the Gospel being brought to bear on situations of human need. The previous theological training in the Junior year in the Seminary helps to deepen the significance of the summer experience, and this experience in turn helps the student to see more fully the relevance of the balance of his theological training.

## THE ALEXANDER CLINTON ZABRISKIE LECTURES

Alexander Clinton Zabriskie, a former Dean and for thirty years a beloved member of the faculty, died on June 24, 1956. The Trustees, Alumni and friends in the year following his death created a memorial to him in the form of an endowed lectureship. Dr. Zabriskie had earlier planned such a memorial to his father and the Trustees adopted the terms which Dr. Zabriskie established:

"The lecturer is to be chosen by the Faculty of the Theological Seminary. They may invite either clergymen or laymen, either men or women, either members of the Protestant Episcopal Church or any other Christian church, either American or foreign. He may speak on any subject the Faculty thinks important to have presented to seminarians and church folk. It is expected that he will treat his subject in a broad and ecumenical fashion and not in any narrow denominational or partisan fashion. I trust that these lectures will contribute in some small way to the understanding and articulating of the one great Church as it exists already in the mind and purpose of God; but the lectures need not be explicitly devoted to the problems of Christian reunion."

The first Zabriskie Lectures were given by Dr. James Muilenburg, Professor of Old Testament, Union Seminary, New York City, on April 20-21, 1959.

The dates for the Zabriskie Lectures for 1960-1961 and the name of the lecturer will be announced at a later date.

## THE REINICKER LECTURES

By the generosity of the late Mr. George A. Reinicker, of Baltimore, an annual lectureship was founded in October, 1894, which has added an important feature to the curriculum. For the first year eight lectures were given on this foundation; but subsequently the donor requested that the number be limited to six or less annually, and at the same time he increased the foundation to about seven thousand dollars. The lecturers are chosen by the Faculty without any restrictions.

In the recent past, the Reinicker Lectures have been delivered by such men as: James E. Frame, Douglas V. Steere, Wilhelm Pauck, Dr. Rollins, Bishop Dun, John Mackay, F. W. Dillistone, Edgar C. Young, Francis Wei, Theodore M. Greene, Alan Richardson, Sherman E. Johnson, Bishop Emrich, J. V. L. Casserly, Samuel L. Terrien, M. A. C. Warren, Friedrich Heiler, John Baillie, J. A. T. Robinson, John Marsh and Winburn Thomas.

The dates for the Reinicker Lectures for 1960-1961 and the name of the lecturer will be announced at a later date.

## THE LIBRARY

The new Seminary Library was occupied on March 15, 1957. It is the culmination of many years of careful planning in order to provide the best facilities for thorough and concentrated study. More than sixty per cent of the student body may be seated at one time and special emphasis has been given to individual study tables, lock-up cages for personal typewriters, etc. The library is efficiently illuminated in accordance with the best standards for reading comfort. Year-round air conditioning has been installed to insure the proper care of the book collection, which now numbers approximately 50,000 volumes. An aggressive book purchasing program has been under way for a number of years which includes subscriptions to many leading journals and periodicals in all areas pertinent to the curriculum.

The library and library staff are prepared to offer many special readers' services including inter-library loan for those doing special research. A cooperative program of catalogue card exchange with the Washington Cathedral Library is now in progress. Many of their recent acquisitions are now listed in our card catalogue and are available to all our students upon request.

The new library was dedicated on Seminary Day, October 15, 1957.

## FINANCIAL MATTERS

### Veterans Affairs

Matters concerning the rights and benefits to which Veterans are entitled under Public Laws 550 and 894 are handled by the Bursar.

### Expenses

Seminary fees are kept at the lowest possible level consistent with the accommodations provided and type of teaching and training maintained. The total charges as listed below are far less than half the actual cost to the Seminary for the education of each student enrolled.\* The remainder is provided (1) by income from established endowment funds, (2) through gifts received from the annual THEOLOGICAL EDUCATION OFFERING and (3) recurring contributions given individually by the many Friends of the Virginia Seminary. The resulting benefit to the student is immediately reflected in these minimum charges:

	<i>Single</i>	<i>Married</i>
**Tuition .....	\$400.00	\$400.00
Board .....	360.00	90.00***
Room .....	100.00	
Library .....	35.00	35.00
***Clinical Training (First summer only)....	100.00	100.00
<hr/>		
Total charges—Clinical Training including first year .....	\$995.00	\$625.00
Total charges, second and third years each .....	\$895.00	\$525.00

It will be seen from the above that every student enrolled receives from funds held by the Seminary for that purpose, indirect financial assistance in excess of half the actual cost of his training.

### Other Contractual Obligations

(1) One-half of all Seminary fees is due and payable on the opening day of school and the second half on February 1.

\* The actual cost to the Seminary is more than \$2,500.00.

\*\* To be increased to \$500.00 for the academic year beginning 1961-1962.

\*\*\* Married students attend daily luncheons Mondays through Fridays. The \$90 charge is to cover the cost of these extra meals.

\*\*\*\* This charge is payable through the Bursar's office not later than May 1.

(2) Every applicant upon acceptance is required to pay a reservation fee of \$25.00. This sum will not be credited to his tuition fee but will be used to cover the cost of his degree and other expenses at the time of his graduation from the Seminary. If he fails to graduate, this sum is not refundable.

(3) In the event of voluntary withdrawal during either semester, the student will be obligated for the full payment of all fees for the semester in which the withdrawal occurs.

(4) There are additional expenses for such items as group hospitalization insurance, *required for all on-campus students*, purchase of books customarily required to be owned personally by all students, personal expenses, etc.

The only fixed charge in the above is the required hospitalization insurance which for the single student at present costs \$28.56 per year. Insurance combining hospitalization and surgical benefits cost \$42.24 per year. The Seminary requires the student to have the former and strongly urges the latter as well.

(5) No student may take his mid-year examinations until all Seminary fees (including Book Store bills, and library fines and other financial obligations incurred during his first semester) shall have been paid in full, or until assurance, satisfactory to the Bursar, is given of their early settlement, including the sources from which such settlement may be expected.

(6) No student may take his final examinations until all Seminary charges (as above) have been paid in full, together with all other indebtedness relating in any way to his Seminary course.

(7) It will be of help to students in planning their budgets to know that room, board and laundry are furnished single students by most of the training centers for Clinical Training. An effort is made to place in centers in the Washington area where possible those married students who are unable to move their families to take training elsewhere. This training is full time, including Sundays, and there is no opportunity to earn money through outside work during the twelve weeks of the summer program. Eligible Veterans may take this training under the G.I. Bill, if taken at the usual time after the Junior year.

(8) For a non-resident minister doing special work there is a fee of \$10.00 per semester hour. Auditing courses—fee of \$10.00 per semester hour.

(9) Each student supplies for himself a cassock and surplice.

(10) Students living in Seminary dormitories care for their own rooms. Juniors may be called upon to serve on a work squad and all students take turns as waiters in the Dining Hall.

(11) The Seminary provides for each resident a single bed, a desk, a chest of drawers and a chair. Students supply their own linen and blankets and any additional furnishings.

### **"Friends of Virginia Seminary"**

Organized in December 1947 by a group of interested friends of the Seminary, this group now numbers many alumni and laymen and women throughout the Church who, through their regular gifts, make a substantial contribution to the annual income of the Seminary for its operating expenses.

### **Scholarship Aid**

A theological seminary, like every other educational institution, must receive annually funds sufficient to meet the growing cost of operation. The Seminary therefore has no choice other than to withhold final approval of any application for admission until full assurance is given that adequate provision has been made or will be made for the payment of all student charges as listed in the catalogue.

This statement of fact, however, is in no way intended to discourage any applicant whose character and ability give promise of a useful ministry from seeking enrollment as a student, and the Seminary is ready to assist as far as possible in seeking out and developing such financial support beyond the applicant's own resources as may be needed. These would be the Diocese from which the applicant comes and the parish of which he is a member. Scholarship grants, as circumstances warrant, may often be secured from established scholarship societies.

In the event that these sources are unable to ensure the full payment of all Seminary charges as listed, the applicant may apply to the Seminary for a special grant over and above the benefits already assured (see previously under "Expenses"). The funds from which such aid may be given are limited both as to number and amount, and may only be drawn upon in cases of demonstrated need for which financial assistance may not be had from sources outside the Seminary. Grants are on a yearly basis.

Any student who fails to make a "C" average in his academic courses jeopardizes the continuation of his scholarship.

*Housing Scholarships.* A limited number of grants in amounts up to \$350 may be awarded to married applicants who are especially deserving and who demonstrate to the Admissions Committee that their coming to Seminary will depend upon such aid. These grants must be applied to rental costs and will reduce the monthly rent to the range of thirty to forty dollars.

## Sunday Work Policies

The term "Sunday work" refers to assisting in a neighboring parish either for experience, remuneration or both. *No student is required to take any kind of Sunday work*, though in special instances the Faculty may recommend that a particular student engage in a program of Supervised Field Work.

**KINDS OF SUNDAY WORK:** Sunday work may be of two general kinds—(1) *Field Work*, which is designed to give a student some supervised training in aspects of the parish ministry—and (2) *Sunday jobs* which consist primarily of remunerative jobs in parishes and missions.

For administrative facility, these two categories of Sunday work are divided into the following three divisions:

1. *Supervised Field Work* under the direction of selected clergy. This is the only kind of Sunday work that is properly called "Field Work," and which is administered by a member of the Pastoral Theology Department. It is restricted to a number of selected local parishes interested in working within the framework set up for Supervised Field Work, and with a limited number of students.
2. *Sunday jobs* in parishes where there is a rector. This work is primarily in the nature of remunerative work in Church School and Youth Programs in parishes. The faculty member administering this acts chiefly as an *information center* to assist students in placement.
3. *Independent Sunday work* in missions or on the preaching circuit. This kind of work also is primarily remunerative, and since it is usually in missions where there is no ordained ministry, *no Middler* should be allowed to engage in this type of Sunday work alone—but only where there is a priest-in-charge, or a Senior to share the work. The Faculty Member in charge of this type of Sunday work will keep in touch with students, as well as with the Diocesan representative in charge of missions, to make certain that students are not drawn into

more responsibilities than they can handle in the allotted maximum time limit. (See policy below regarding time.)

The following policies are for the protection of students in Sunday work.

**POLICY FOR JUNIORS:** The Seminary has found it best for Juniors to remain free of any kind of regular field work (i.e., religious work done by students in parishes, missions, institutions, etc.). This allows Juniors to use their Sundays to visit the various churches in the Washington community, to see a wide variety of church services in every denomination and to become acquainted with many specialized ministries—ministries to college students, in hospitals, prisons and other institutions. During the first year, Juniors will be laying the academic groundwork which will enable them to take more effective part in the field work programs in parishes during their Middle and Senior years. Any exceptions to this policy must be cleared by the Faculty through the student's advisor, and in no case may a Junior apply for permission to engage in Field Work until after the first grading period in the fall.

**POLICY FOR MIDDLERS:** *Middlers who maintain a degree average* may engage in any of the three types of Sunday work, but only where there is either a rector, a priest-in-charge or a Senior with whom he shares the work.

**MIDDLER PREACHING**, in Sunday work situations, should involve a *maximum* of two new sermons *per semester*.

**MAXIMUM TIME** spent in Sunday jobs or Field Work is to be *12 hours per week, including all time spent in travel, preparation, administration and on the job.*

**POLICY FOR SENIORS:** *Seniors who maintain a degree average* may engage in any one of the three kinds of Sunday work.

**SENIOR PREACHING** on the "circuit" or in missions should involve a *maximum* of two new sermons *per month*.

**MAXIMUM TIME** spent in Sunday jobs or Field Work is the same as for Middlers—*12 hours per week, including all time spent in travel, preparation, administration and on the job.* Seniors in independent mission situations may find it particularly difficult to keep within this limit. For this reason, it is urged that no student be put "in charge" of the total work of a mission—but that he limit his work *either* to the Church School *or* to taking the 11 o'clock services. The mission should be made to look for help from the diocese or from local clergy for such additional demands as administrative leadership of the mission, extensive pastoral work, etc.

For *both Middlers and Seniors.* All additional preaching beyond those maximums should be from lay readers' sermons. Any student

finding it difficult to prepare even the allowed number of sermons is encouraged to use lay readers' sermons, rather than to allow his school work or his sermon preparation to suffer.

**ADMINISTRATION OF POLICIES:** Since the policies are for the protection of students, *students are encouraged to keep their Faculty Advisors posted as to their Sunday work situations* and to discuss with them any problems that have arisen in connection with their Sunday work.

For the year 1960-61, the Field Work Supervisors will be:

T. HUDNALL HARVEY  
MURRAY L. NEWMAN  
JOHN E. SOLEAU

### Married Students

Most of the information set forth in this catalogue is as relevant to married as to single students. However, certain facts will be of interest to married students only.

More than one half of the students enrolled at the Virginia Seminary are married and live in moderately priced apartments which are plentiful within a mile's radius of the campus. See "Housing Scholarships" under "Scholarship Aid." Many wives find employment in Washington, D. C., a fifteen minute drive from the Seminary.

Nearby are nursery schools, kindergartens and public schools of all grades from primary through high school. In addition there are two Episcopal Church Day Schools. St. Agnes School takes boys and girls through the second grade and girls only from the third grade through high school. St. Stephen's School takes boys only from the third grade through high school.

### Concerning Marriage in Course

The Board of Trustees at their meeting in June 1955 adopted the following procedure regarding requests for permission to be married in course:

1. The student shall *secure in writing his Bishop's consent to petition* the Faculty for permission to marry in course.
2. *The marriage shall not take place until the student has completed his middle year* and his clinical pastoral training or its

equivalent, except that a student of mature age who has had previous experience, as for instance in business or the Armed Forces, may in exceptional circumstances be allowed to marry after the completion of his Junior year, and the completion of his clinical pastoral training or its equivalent.

3. The student must show to the satisfaction of the Faculty, by such evidences as the Faculty may require, his ability to support and finance himself and his family for the rest of his Seminary career.

4. However, he shall not include among his resources assistance from an educational organization directly or indirectly connected with the Church.

5. The student shall remain responsible for his contractual obligations for the payment of his room and board during any academic session; and *he shall notify the Bursar no later than the first day of June* of his intention to vacate a dormitory room.

6. The Faculty shall make its recommendation after the above requirements have been fulfilled. If the Faculty grants its permission, the student's Bishop must then make the final decision.

### Concerning Ordination in Course

This Seminary does not expect its students to be ordained until after graduation. In certain rare instances permission may be granted for ordination during the second semester of the Senior year. Any student desiring permission for ordination prior to graduation should present his case to his faculty advisor, who in turn will present it to the faculty. Students entering this Seminary should, however, not expect to be ordained until after graduation.

### RELIGIOUS SERVICES

Holy Communion is celebrated on appointed days and on Thursday when no special day is designated.

Daily morning services are held in the Chapel.

On Thursday evening there is an informal devotional service with an address by a member of the Faculty or outside speaker.

Dormitory prayers are led nightly by the students.

## THE STUDENT COUNCIL

Members of the Council are elected by the student body and work in mutual cooperation with the Faculty and Administration in all matters pertaining to the work and corporate life of the Seminary.

### Officers 1960-61

*President of the Council and Student Body*....WILLIAM EDWIN SWING

*Chairman of Student Aid*.....WARNER RAYMOND TRAYNHAM

Dormitories also have representatives on the Council.

Two wives are members ex-officio.

The Council meets once a month and has a large responsibility in the life of the Seminary.

## THE MISSIONARY SOCIETY

The Seminary was only three months old when the Missionary Society was organized in January, 1824. Its life and work have been interrupted only by the four years of military occupation of the Seminary grounds and buildings during the Civil War. Its membership has always embraced the entire student body.

As stated in its Constitution, "the purpose of the Missionary Society is to stir up zeal for and direct the missionary and evangelistic activities of the Seminary and to inspire each student to carry away with him some of this spirit by which the Church of God may fulfill its purpose of bringing all mankind to the Salvation which is found in Jesus Christ". The Society seeks to carry out this purpose by means of daily prayers, weekly offerings, public displays, constant contact with missionaries at home and abroad, participation in the interseminary movements, occasional speakers and films. The Society has therefore been one of the chief factors in preserving and strengthening the traditional "missionary spirit" of the Virginia Seminary.

The affairs of the Society are directed by a Council, members of which for 1960-61 are as follows:

## Missionary Society Council

*President*.....CHARLES WILLIAM TAIT (Washington)  
*Secretary*.....JAMES WILLIAM FLANDERS, JR. (New Hampshire)

*First Delegate to the Anglican Seminary Conference*  
GEORGE HENRY DAWSON (West Texas)  
*Second Delegate to the Anglican Seminary Conference*  
WALTER EUGENE NEDS (Ohio)

## "WIVES GROUP"

The wives of students are given opportunities to understand the nature of the theological training which their husbands are undergoing and of the ministry which they will one day enter. The wives meet regularly, elect their own officers and plan their own program. In some semesters they have chosen to ask a member of the faculty to lecture one evening a week. At other times they plan discussions led by members of the faculty.

### THE EDUCATION SOCIETY

The "EDUCATION SOCIETY" was founded in 1818 by an interested group of clergy and laymen living within the area of Washington, Georgetown, Maryland and Alexandria. Its purpose was stated in the official title, *The Society for the Education of Pious Young Men for the Ministry of the Protestant Episcopal Church.* Active in its organization and early development were the Rev. William Meade, rector of Christ Church, and the Rev. William H. Wilmer, rector of St. Paul's Church, both in Alexandria; the Rev. Dr. Hawley and Dr. Reuel Keith, rectors of St. John's Church and Christ Church in Georgetown, and others in nearby Maryland and Virginia. Among the laymen supporting the undertaking was Francis Scott Key who lived in Georgetown. The Education Society still lives and labors for the Seminary it brought into being and from the funds it has been able to secure through the years now contributes approximately \$21,000 a year toward the support of the Seminary.

## Appendix IV

### HOW TO ENTER THE EPISCOPAL MINISTRY

A person desiring to enter the ministry of the Episcopal Church should first consult his rector or some clergyman of the Episcopal Church who knows him. The applicant will then be expected to consult the bishop who by Canon law must arrange a physical and mental examination. The bishop will also ask the applicant to set forth in writing his reasons for wanting to enter the ministry and other information, including matters connected with his Baptism and Confirmation. If the bishop approves the application, the person will then become a *Postulant*.

The vast majority of students entering the Virginia Seminary are postulants or have been endorsed by a bishop. In a very few instances they are endorsed only by the Dean of the Seminary.

After becoming a Postulant a person is eligible to become a Candidate which is the second step towards ordination. As soon as a new student arrives at the Virginia Seminary he should purchase from the Seminary Book Store a Syllabus called "Theological Studies and Examinations" which includes "A Guide to the Canons on the Ministry." This syllabus clearly explains the very important requirements in taking the various steps towards ordination. Much of the responsibility of meeting these detailed requirements devolves upon the person seeking ordination and he should familiarize himself with them thoroughly.
