CHARLES RICE MCDOWELL

$\Sigma A E$

Danville, Ky.

BORN AT DANVILLE, KY., AUGUST 25, 1895.

PREPARED AT CENTRE COLLEGE ACADEMY.

A.B., CENTRE COLLEGE, '15.

CANDIDATE FOR DEGREE OF
MASTER OF ARTS, '17.

WILLIAM BRUCE MONTGOMERY

K A

Danville, Ky.

Born at Danville, Ky., February 23, 1896; graduated Centre College Academy; Football, '14, '15, '16; Basketball, '14, '15, '16, '17; Baseball, '13, '14, '15, '16; Class Football; member I. P. A.; Science Club; President Senior Class; All-Kentucky Football, '16; King of the Carnival, '16.

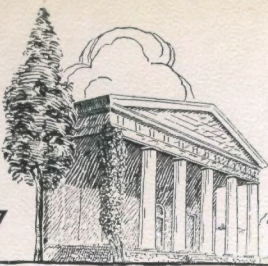

"BRUCE"

"On the rampage, off the rampage,—such is life."

Bruce is the star athlete of the class, as he earned his letter in all three sports, besides making All-Kentucky guard in his Senior year. In recognition of his ability in these lines, he was made *King of the Carnival* by the students, a position which he filled ably. Bruce is also somewhat of a science shark, for he took several years under Smiley and Charley without flunking, which is a source of great pride and wonder to him, as well as to everybody else.

FREDERICK BURNS CALDWELL

Φ Δ Θ

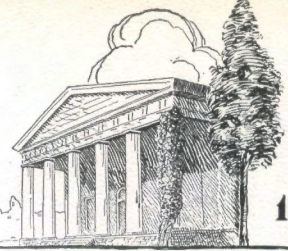

Danville, Ky.

Born at Danville, Ky., April 9, 1896; graduated Centre College Academy; Class Football; Pan-Hellenic Council; College Orchestra; Calendar Editor of "Old Centre"; Athletic Board; Substitute, Basketball and Football; Circulation Manager "Cento," '13-'14.

"TED"

*"Let not the man be trusted who has
no music in his soul."*

Ted is the musician of the class. In addition to pounding the drums and tooting the saxophone, Ted's cheery whistle is known all over the campus and can be heard whenever he is not engaged in class work. Because of his constant association with Wiseman, Ted is sometimes referred to as "Jeff," but, as Dr. Thomas would say, that is decidedly off the subject. Ted is also famed as a jigger, and if nothing extraordinary happens, will probably end his career as end man with some minstrel.

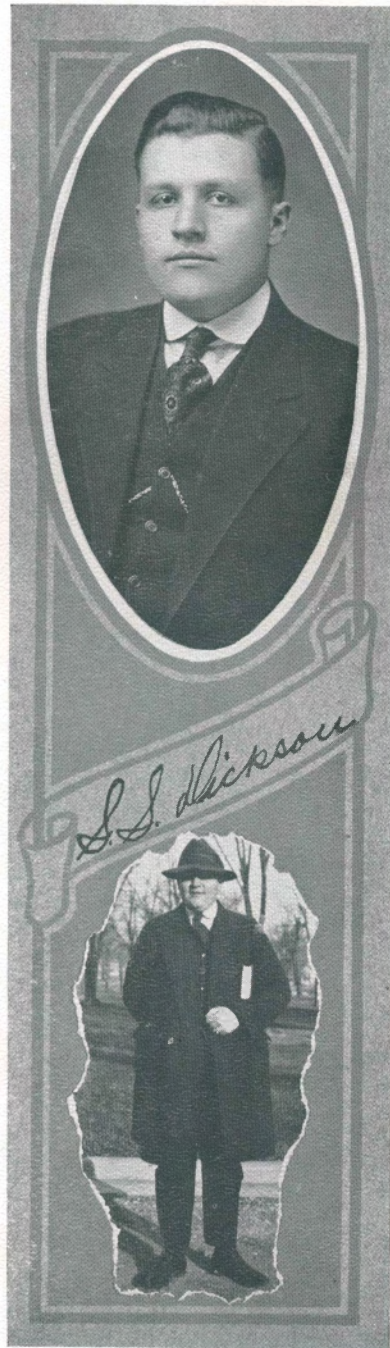

STANLEY SMITH DICKSON
 Σ X
 Paris, Ky.

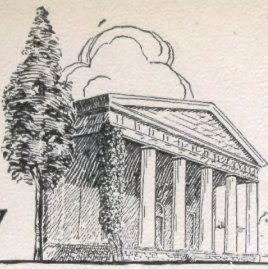

Born at North Middletown, Ky., July 30, 1897; graduated K. C. B. C.; member Ye Rounde Table, '15-'16, '16-'17; Cheer Leader; Glee Club; Freshman Football.

"TUBBY"

"Sentimentally I am disposed to harmony, but organically I am incapable of a tune."

Tubby has it on the rest of the class in two particulars, for he is both the youngest and largest in the bunch. Besides the well-merited fame he receives for these two achievements, he is possessed of a voice which will some day bring him fame and great riches, *if properly cultivated*. For volume it is unsurpassed, and the general opinion is that Tubby would make one of the best side-show spielers in the business. Tubby has spent much of his time cultivating his voice,—first in the Glee Club, where he furnished more glee than music, and later as cheer leader, in which capacity his voice helped to bring victory to us in all our athletic sports.

HUGH FRANCIS MONTGOMERY HOSS

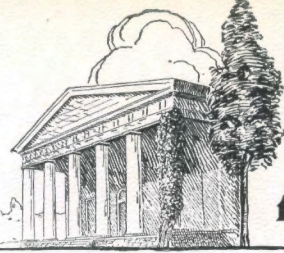

Johnson City, Tenn.

Born at Johnson City, Tenn., September 3, 1894; graduated Johnson City High School; Class Football; German Club; Freshman Honor Scholarship, '14; Assistant in English, '16-'17; Associate Editor "Old Centre"; Y. M. C. A. Cabinet, '15-'16; Vice-President, '16-'17; Ye Rounde Table; member I. P. A.

"HOSS"

"For, though vanquished, he could argue still."

Hoss has established quite a reputation for himself at arguing. Indeed rumor has it that he argues in his sleep. In addition to his fame in this line, he is also an English star, being Danny's chief flunkey. In his younger days he took it upon himself to provide amusement for the faculty, and was co-inventor with Fulton of the automatic chapel sprinkler. His hand was also seen in the famous sparrow stunt and the steam roller episode. Altogether, he has done more for the enlightenment and education of the school in general than any other one man, and his passing will undoubtedly be a great loss to the school.

EDWIN WALKER POWELL

Φ Δ Θ

Richmond, Ky.

Born at Richmond, Ky., January 9, 1895; prepared at Model High School, Richmond, Ky.; Secretary Senior Class; Censor, Chamberlain Literary Society; I. P. A.

"ED"

"By saying nothing you can pass for wise."

Ed is without doubt one of the most polite boys that ever attended Centre. He was born apologizing and has improved his politeness right along. In addition to this, Ed is famed as a French student, his pronunciation being universally correct. Although Ed has never been very prominent in college activities, yet there are few men on the campus more popular than he, and the school will distinctly feel his loss when he leaves for other fields.

BRINK COLEMAN RENICK

Σ X

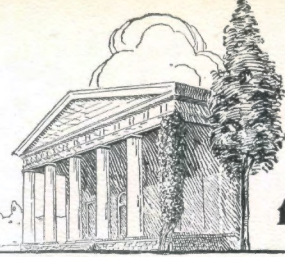

Paris, Ky.

Born at Winchester, Ky., June 2, 1897; Preparatory Work, Paris High School and Asheville School; Class Football; Science Club; Football Squad; Vice-President I. P. A.; Football "C," 1916; Deinologian.

"BRINK"

"Not of him could the gods make even a digger, or a plowman, or anything intelligent; he was a bungler at every trade."

Brink has spent most of his time in college going out for football, and this year was rewarded by getting on the squad. He is also a star in his studies, being especially good in Greek Lit., where he condescends to tell Johnny a few things about Sappho and the like, which are not in the book. Brink, in his Senior year, has made himself prominent as an active worker in the I. P. A., and for his ability and faithfulness he was rewarded by being made Vice-President.

THOMAS BRACKEN TATE

B Θ Π

Danville, Ky.

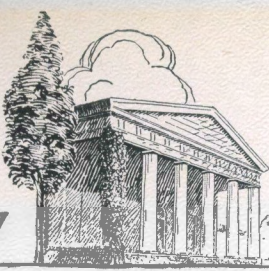

Born at Wilmore, Ky., May 9, 1897; Preparatory Work, Centre College Academy and Randolph-Macon; Football Team, '14, '15, '16; German Club; Basketball, '14, '15, '16, '17; Tennis Medal, '15-'16; Glee Club; Class Football; Vice-President Junior Class; member I. P. A., '16-'17.

"BRACK"

"Hath thy toil o'er books consumed the midnight oil?"

For the past three years, Brack has been one of our best athletes, and consequently he leaves "Old Centre" with quite a collection of athletic letters. As a student, Bracken has done especially well in Freshman Math., in which he expects to specialize, and possibly take an M.A. He is a charter member of the famous stand-pipe club and has been for many years a prime favorite at K. C. W. It was one of his famous exhibitions to this justly favored place that his rare vocal talent was discovered, and since then he has been amusing himself by "cutting loose," so to speak, at every opportunity.

JOHN ROGERS

K A

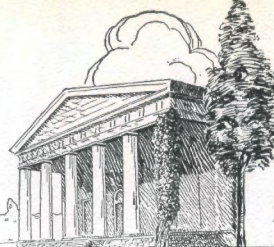

Henderson, Ky.

Born at Hopkinsville, Ky., December 2, 1895; graduated Henderson High School, 1913; entered Centre College, September, 1913; Class Football, 1913; Assistant, Biology and Bacteriology, 1914-'15, '15-'16, '16-'17; winner, Sophomore Latin Watch, 1915; President and Charter Member, Science Club of Centre College, 1916-'17; President, Ye Rounde Table, 1916-'17; President, Chamberlain Literary and Philosophical Society, 1917; Editor-in-Chief, "Centre College Cento", 1916-'17; Editor-in-Chief, 1917 "Old Centre".

"JOHN"

"He filled the unforgiving minute with sixty seconds worth of distance run."

John came to college with the idea that his place was not on the athletic field, not as a loafer, but at his work, and he has grown so fond of work that when his Senior year was reached, nothing but work appealed to him. And with it all he has learned system even better than Dr. Meier could teach him. It cannot be said of John that he is a grind, for a grind is not popular. He likes everything, takes an interest in all that is around him, and can do more work than any two others of his classmates. When he was asked how he accomplished so much, he demurely quoted that well-known saying of Herbert Spencer's: *"What I need to realize is how infinitesimal is the importance of anything I can do, and how infinitely important it is that I should do it."* Just take a glance at the numerous positions of honor to which his colleagues have elevated him and then you will wonder how he has had time to be an all-round good college man. We have never asked anything of him that he failed to respond to with all that was in him. He knows nothing but success, and we are proud of his unbounded, overflowing, matchless energy.

MURRAY CLYDE SHOUN

Δ K E

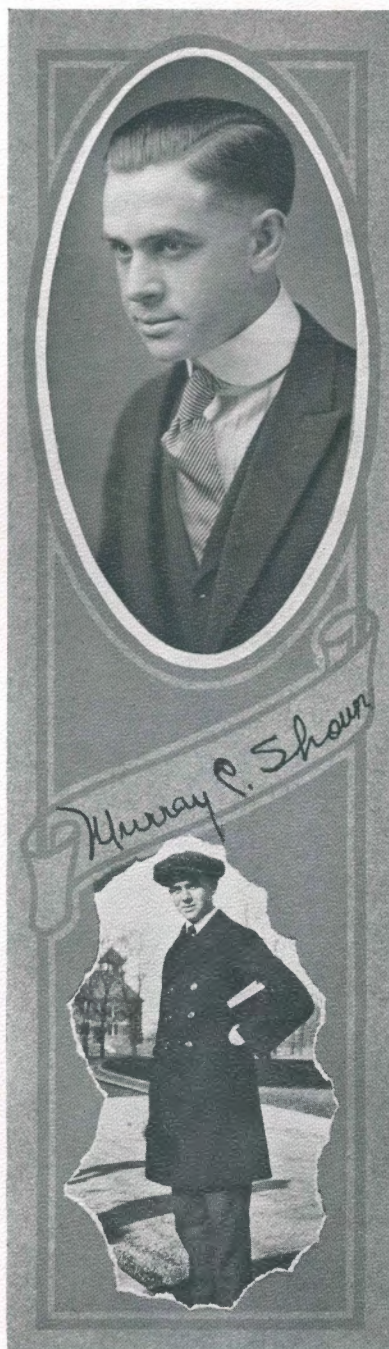

Jefferson City, Tenn.

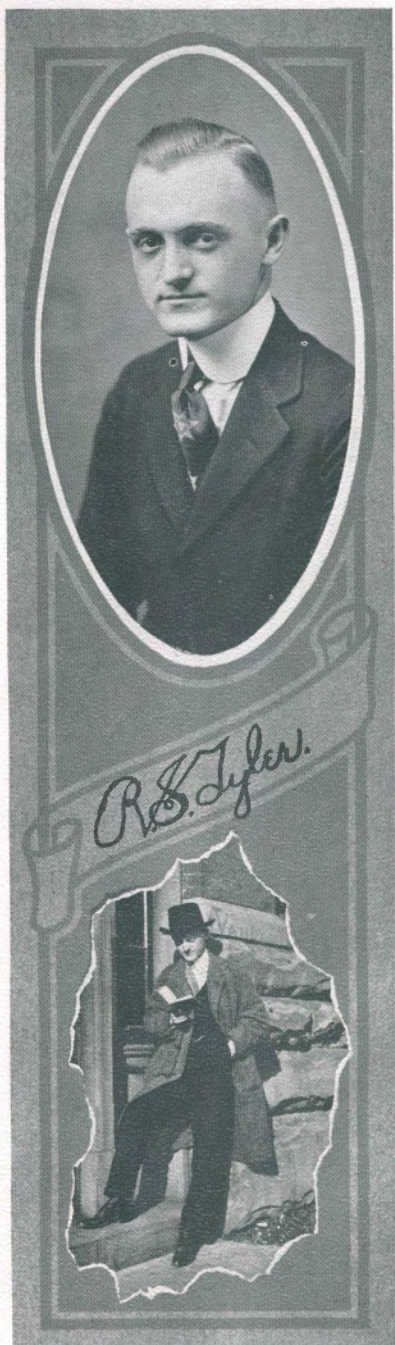

Born at Mountain City, Tenn., August 2, 1896; attended Carson-Newman College, '13-'15; entered Centre, '15; Advertising Manager, "Cento", '15-'16; Carnival Committee, '15, '16; Chairman Carnival Committee, '17; Assistant Business Manager "Old Centre", '16; Historian Junior Class, '15-'16; Treasurer Senior Class, '16-'17; Business Manager "Cento", '16-'17; Business Manager "Old Centre", '16-'17; Secretary I. P. A.

"LORD SHIWAN"

"His talents hampered his genius"

This very peculiar, nervy, distinctly individual, unusual, strange, odd, queer, rare and independent, yet energetic, polite, friendly, pigeon-toed (and some whisper a bit handsome) creature descended upon the campus two years ago in a most quiet and unassuming manner, but it didn't take him long to make a reputation for himself. He began by arguing with members of the faculty in his Mossy Creek, Tennessee, brogue. At first some thought he was—oh, well, they didn't think out loud, but we will realize now that his lordship is perfectly able to protect himself and certain parts of the West, as well. As an artful handler of the art of persuasion, he is without a peer, and it is proved by the fact that he is not only able to pass through Main Street without being accosted with bills, because he is Business Manager of the *Cento* and *Old Centre*, but he fairly thrives on the revenue derived from these publications. We hear he is going to follow the advertising business. Congratulations, Shoun; while we never know what to expect you to do, we are happy to say that it is due to you that the Class of 1917 has the best and most successful and efficient publisher in many long years. May fortune ever smile as fondly upon your pathway and success always attend your efforts.

ROBERT STOKES TYLER

Δ K E

Danville, Ky.

Born at Cynthiana, Ky., June 15, 1893; graduated Midway High School; German Club; Vice-President and President Freshman Class; Class Football; Dramatics; Vice-President, Deinologian, '15, President, '16; Pan-Hellenic Council; June Oratorical, '16; Publicity Board; President Intercollegiate Oratorical Association; Art Editor "Old Centre"; member I. P. A.

"BOB"

"Oh, this learning; what a thing it is!"

Bob has been prominent in the life of the school since his arrival, and has held almost as many offices as anyone else now in school. He is a politician of rare ability and is possessed of a line of hot air that will go far toward making him a success in whatever business he may take up. Bob is also a leader in chapel singing and makes more noise than anyone present, except possibly Dr. Meier and Tubby Dickson. As an orator and a debater, Bob stands high, and it is along these lines that he is chiefly noted, although he has tried everything else and has done well in everything that he has attempted.

SAMUEL WILLIS VAN METER

Σ X

Winchester, Ky.

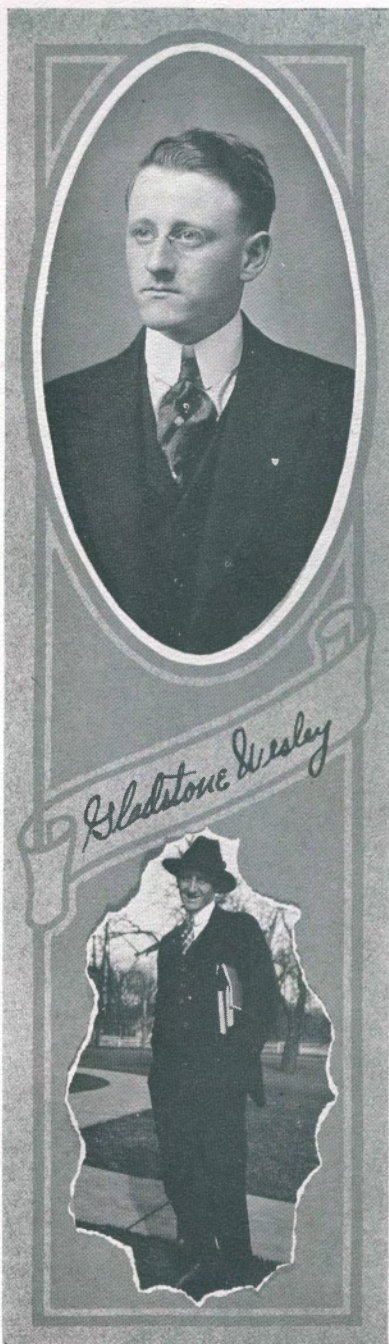

Born at Winchester, Ky., September 22, 1896; graduated at Kentucky Wesleyan in 1916; member I. P. A.

“SAM”

“He came like water, and like wind did go.”

Sam has been with us but one year, and so has had little chance to show his mettle. He came to us from Kentucky Wesleyan, where he left behind him a reputation as a good student and a football player of rare worth. Indeed, we of Centre remember how he tore through our line in the fall of 1914. But although he has not been with us long, every one on the campus knows and likes Sam, and regrets the fact that he could not make a longer stay with us.

GLADSTONE WESLEY

Φ K T

Somerset, Ky.

Born in Casey County, Ky., August 23, 1894; graduated Somerset High School; Secretary Chamberlain Literary Society, '13; Treasurer, '14; Historian, '15; President, '16; Ernst Debate, '16-'17; June Oratorical, '16; Peace Oratorical, '15, '16; Ye Rounde Table; Class Historian; Treasurer of Ye Rounde Table, '16-'17; Reporter, I. P. A., '16-'17; Oratorical, '17.

"SCOOF"

*"And still the wonder grew,
That one small head could carry all he
knew."*

Scoof is one of the best students and speakers in the class, and it is on these lines that he will be chiefly remembered in years to come. As a debater he is *par excellent*; for not only has he all the necessary qualifications, but he even possesses a few unnecessary ones, as he can speak from morn till night without stopping; and, in ability to talk long and earnestly and yet say nothing, he has few equals. He hails from the "bloody eleventh," and although he does not carry an armory with him, he generally lets it be known from where he comes. His only great fault is his leaning toward Republicanism.

WINSTON WELSH WISEMAN

Φ Δ Θ

Danville, Ky.

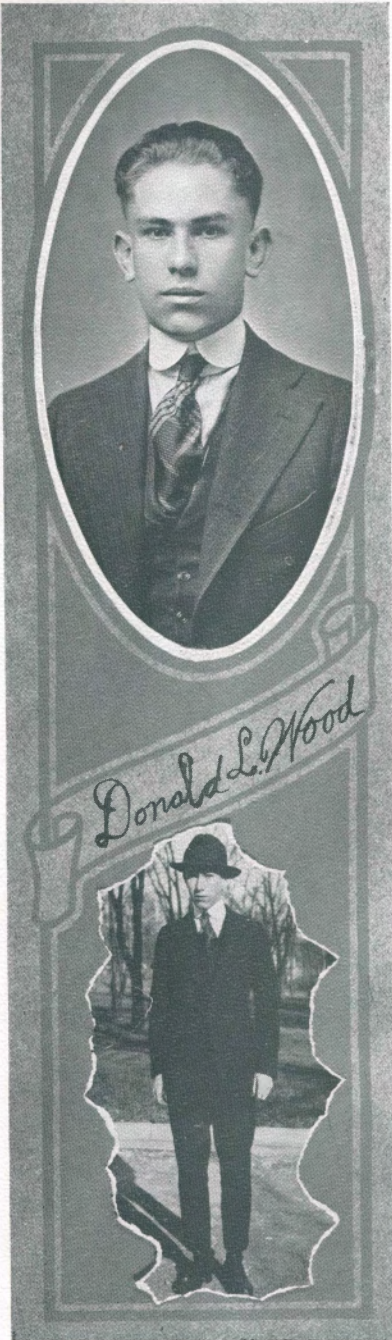

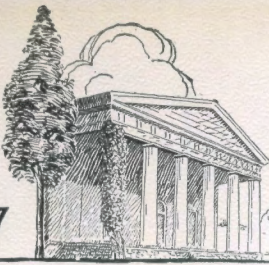

Born at Danville, Ky., November 22, 1896; graduated Centre College Academy; Carnival Committee, '16; Pan-Hellenic Council; Charter Member Esperanto.

"WINSE"

"Genius is a capacity for evading hard work."

Winse is the Beau Brummel of the class, and it is in the realms of society that most of his conquests are made. He also holds several speed records in the surrounding counties, and is generally conceded to be one of the best one-hand drivers in existence. Furthermore, "Legs" is somewhat of a speaker; during his college career he attended literary society twice and made short speeches, of which fact he is very proud, as he requested that the above fact be placed in this obituary notice.

DONALD LANSDALE WOOD

Maysville, Ky.

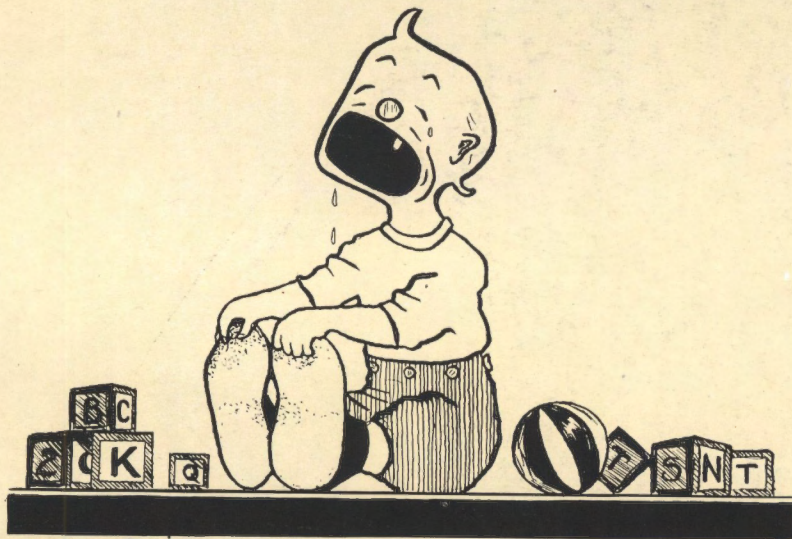

Born at Maysville, Ky., February 1, 1897; graduated Maysville High School; German Club, '13-'14; Class Football; Secretary, Deionogian Literary Society, '15-'16; Ye Rounde Table; Senior Editor, "Old Centre"; Ernst Debate, '16.

"WOODY"

"Talking, he knew not why and cared not what."

Here's a man who has quietly gone through college arguing with Dr. Thomas, and any other professor who would condescend to disagree with him. At the same time, he has always ranked high as a student, gentleman, debater, pool-player, and movie fan. Woody has always attended to no one's business but his own, but when called upon to perform any task, he has always measured up to that which was set for him to do. He has grown each year in stature and wisdom and popularity, and expects to study law at the University of Virginia. He holds the college record for long-winded and frequent "argifications" and for persuasive gesticulations in public speaking. Intellectually, he is one of the brightest men in college, and we firmly predict for him a most successful and useful life.

Chamberlain History

ALTHOUGH four score and nine years have long since passed over the venerable head of dear old Chamberlain, she still flourishes in a hale and prosperous old age, and each year refills her depleted ranks with buoyant and unlimited resources. In the year of 1828 a body of Centre College students organized themselves into a society for the purpose of acquiring a greater efficiency in oratory, in debate, and in other forms of literary activity. "The Chamberlain Philosophical and Literary Society" was named in honor of Rev. Jeremiah Chamberlain, the first president of the College. Encouraged by the College authorities and fostered by a lively spirit of interest and rivalry on the part of its members, the first literary society west of the Alleghenies grew in numbers and importance as the years went by. At one time its membership numbered sixty-six, and such names as the Hon. John M. Harlan, the Hon. James B. McCreary, the Hon. Adlai Stevenson, the Hon. J. C. S. Blackburn, and the Rev. Willis Green Craig, are on its long and illustrious honor roll.

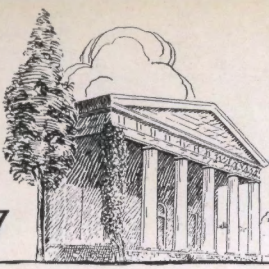

It seems that the enthusiasm and spirit which for a long time has made the Chamberlain an important factor in the College life is again about to procure for her her former prestige. There are at present nineteen members in the organization, and general improvement is seen in the regular exercises and conduct of business. Then let us agree with the optimist, in regard to the Chamberlain work, that "all is well at the present, and the future looms bright."

As the Annual goes to press, the speakers who will represent the Chamberlain in the Ernest debate are Messrs. Wesley, '17; Ogden, '19, and Chamberlain, '20. These men exhibit great ability for oratory, and there is little doubt that they will win in the Ernest debate.

In the February 22d Oratorical Contest we will have Messrs. Wesley, '17, and Powell, '17, to uphold those illustrious traditions of Chamberlain. With her present splendid material and the new members that this year's opening has brought, with a commodious and well-appointed hall, and with a valuable library of over a thousand volumes, the "Chamberlain Philosophical and Literary Society" is equipped to take a place of great importance in the life of Centre College this year. A great past is behind her; a great future is before her.

History of Deinologian Literary Society

DEINOLOGIAN Literary Society was founded eighty-three years ago. It is therefore just a few years younger than the Chamberlain. It was founded by a group of Centre College men who realized that the spirit of rivalry is the best way to promote literary activity, and that in connection with her sister society, Deinologian could be made a vital factor in the training of men in the College. The society has continued with great vitality and varying fortune down to the present time. In the past years some of the most prominent men of Kentucky, as well as men of national fame, have been members of Deinologian. In the annual contests with Chamberlain she has carried off her share of the honors.

The present year opened with the prospects bright for Deinologian. In the preceding year, although we were overcome in the Ernst debate, after a hard struggle, we snatched the honors in June, and it was Mr. McWhorter of Deinologian who won the June oratorical contest.

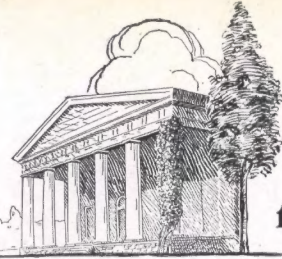

The membership this year is one of the largest that Deinologian has had in several years. Thirteen old men returned at the beginning of the year, and from the new men we were fortunate enough to succeed in doubling the number, bringing the present enrollment up to twenty-six.

On November 28, 1916, the men for the Ernst debate were chosen by a preliminary contest. Those chosen to represent the society in this debate were R. S. Tyler, D. L. Wood and W. M. Stallings. With this team a good contest is expected with Chamberlain this year.

The weekly meetings during the year were somewhat above the average of the meetings of preceding years. The men all took their places on the programs seriously and tried to improve themselves by taking part.

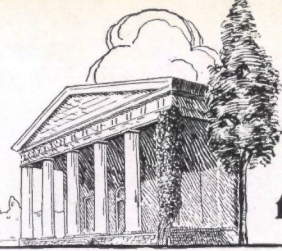

The representatives for the other inter-society contests have not yet been chosen, but it is certain that Deinologian will do her full share in them all. Generally speaking, Deinologian is in a flourishing condition this year, and the prospects are bright for even better things next year.

The Young Men's Christian Association, '16-'17

THIS year the Centre College Y. M. C. A. has shown itself an organization of activity and spirit, as well as spirituality. The cabinet began its work immediately upon the opening of the College and completed the organization of the association early, so that the most good could be accomplished during the year. The association received the aid of the faculty advisory committee, especially the efficient and resourceful aid of Professor Meier, to whose unremitting activity is due in large measure the powerful influence of the Y. M. C. A. during the whole year.

A large majority of the students joined the association at the opening meeting of the year, and others were added from time to time until, at the time of this writing, the Y. M. C. A. contained seventy-one members, eight of these faculty members, out of a student body of ninety-five.

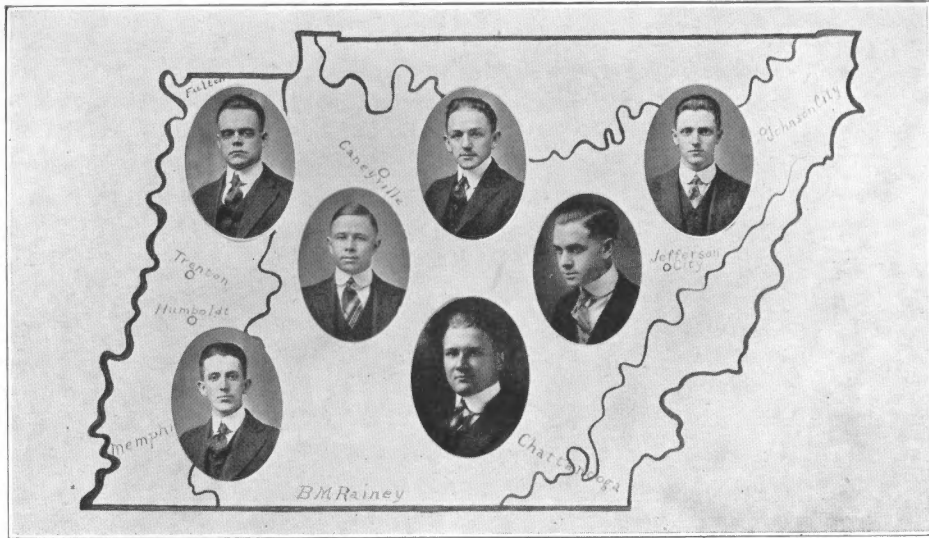

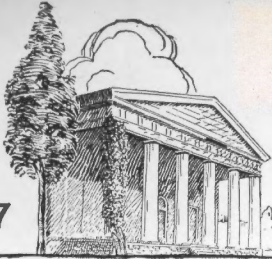

The regular Friday morning devotional meetings were made especially interesting by having noted out-of-town speakers to address the meetings. These gentlemen were well selected, and the messages which they had to bring to the students were exceedingly helpful and instructive.

Perhaps the most influential happening of the year was the Y. M. C. A. students' conference, held at Georgetown. To this convention was sent a delegation of thirteen students of Centre and five faculty members. The conference was held December 8th, 9th and 10th. Those attending brought back with them many new ideas and much genuine enthusiasm for the work. They were treated to speeches by men of national reputation, and were also given talks of a more practical nature by men thoroughly familiar with Y. M. C. A. work. At the first Friday meeting following the conference the service was given over to short speeches by practically all the men who had attended the convention. Their words passed on to the students who had not been so fortunate the inspiration and valuable suggestions which they had received at Georgetown.

Among the activities in which the Y. M. C. A. has been engaged during the year the following are some of the most important: A "social survey" in the interest of the alleviation of the condition of some of the poorer classes of Danville was conducted by several of the members. An employment bureau was established to obtain work for those students desiring it. This bureau obtained work for a great number of the students. A volunteer Bible study class was established in Breckenridge Hall. The association took a good part in the establishing of "moonlight schools" in Danville.

Thus the work of the Y. M. C. A. was an influence for good among the students, and the various activities in which the members engaged was a distinct advantage to the school. The members, the cabinet and the faculty advisors are all to be commended on their excellent work.

COACH LITTICK

OLD CENTRE was a busy place in the fall of 1916. More enthusiasm was displayed over athletics than there had been for many years. Coach Littick and seven letter-men, who had returned to school, were confident. During the summer the alumni had arranged to have a training camp for the squad on Kentucky River. A week, before the opening of school, was well spent there, and both the veterans and the new men enjoyed it and were benefited. Frank Allen, star end of the 1915 team, was elected captain in place of Captain Boles, who did not return to school. Allen made an excellent leader, and no little credit for the success is due to his brilliant individual playing and effective leadership.

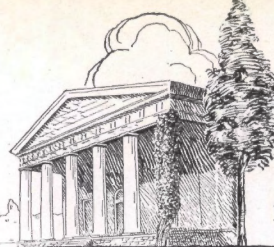

On October 7, came our only defeat of the season. None of the boys had ever been on a team which had played Kentucky State, and they stood a little in awe of the very name. But this game was in no wise indicative of the relative strength of the teams, as later results have shown.

On October 14 and 21, we played scoreless ties with University of Louisville and Maryville, respectively. Both were really victories, as we upset the dope in each instance.

October 27, was a day of revenge for Centre. Last year we predicted that we would get revenge for the unsportsmanlike treatment at that time at the hands of Kentucky Wesleyan. And no one will deny that we did. In ten minutes less than the regular time, we rolled up a score of 111 to 0 against them, the largest score made by a Kentucky college this year, and the third largest made in intercollegiate football in the United States. Incidentally, Wesleyan disbanded for the season after this game.

On November 11, the boys journeyed to Richmond, and rolled up a big score against Eastern Kentucky Normal. This was in the nature of a practice game for Transylvania. Here Centre began to spring her surprises. Close critics realized that we had been improving wonderfully since the opening of the season, but no one expected the stone-wall defense and brilliant offense, which held the Crimson at bay, and, at times, played them off their feet. "Transy" was a heavy favorite, and the whole state received a big surprise when the teams battled furiously to a scoreless tie.

Two weeks later we met Georgetown. In the meantime, the Tigers had humbled Transylvania, and thus a clear road to the K. I. A. A. title was open to us by defeating

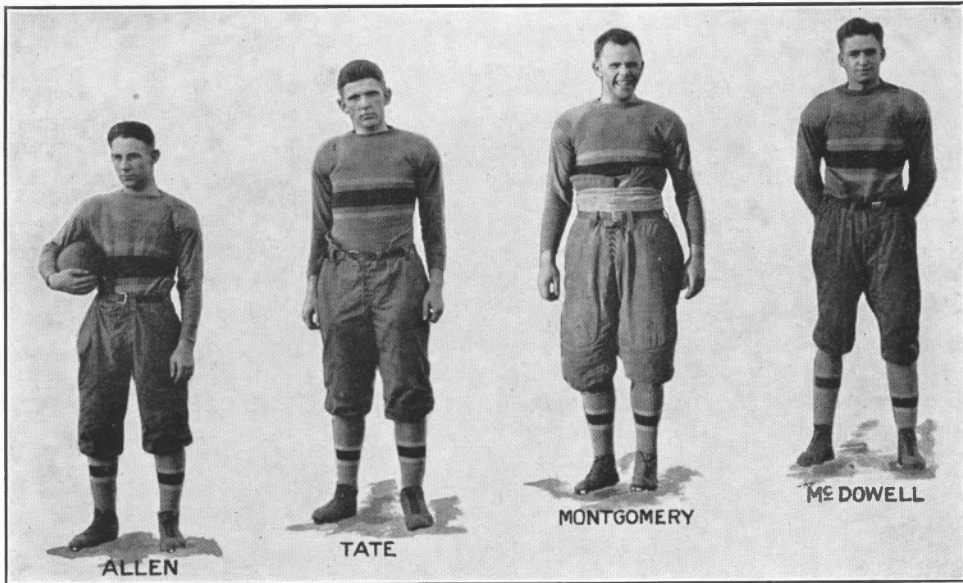

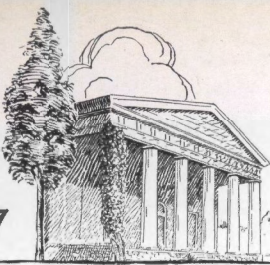

Georgetown. Old Centre's men did so most gloriously. Georgetown was simply played off her feet, and the best team won. So the Gold and White of Old Centre waves triumphant in the Kentucky Association in 1916.

In every game every man fought and fought hard. And furthermore, they knew football. No one can over-estimate the value of Littick's splendidly efficient coaching and influence over the men. The last game the team played was its best one. They improved every week. The defense was perfected earlier, and at mid-season it was an impenetrable stone-wall, which it remained through the Turkey-day game. The offense was slower in developing, but develop it certainly did, as was shown by the Georgetown game. Three men, Allen at end, Diddle at half, and Montgomery at guard, represent Centre on the All-K. I. A. A. team. Credit must be given to McDowell for his high-class punting and good goal kicking during the entire season.

Undoubtedly Centre is just at the beginning of a series of increasingly successful seasons. Without fear of the result, we will let the succeeding year justify this statement.

ALLEN

Captain Frank was a shining star in both the offense and the defense of his team. His brilliant work at snatching seemingly "uncatchable" forward passes from the air brought many a lusty cheer from Centre's rooters. His unerring judgment and perfect headwork were largely responsible for Old Centre's bringing home the "bacon" from Georgetown. He missed one tackle this season, and it took him a week to get over it. The much-heralded end-runs of Georgetown seemed not to materialize when they tried Frank's end. We expect even greater things of him next year.

TATE

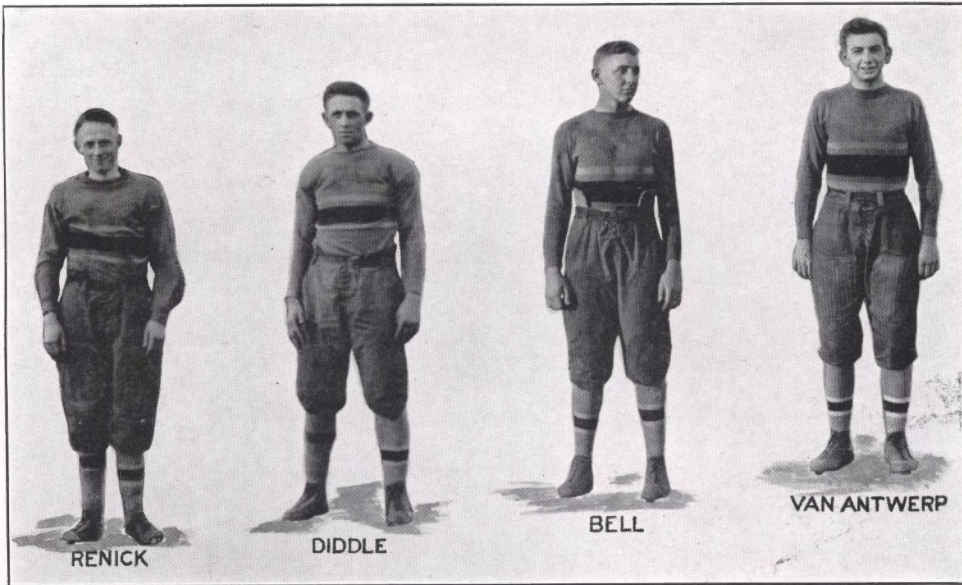

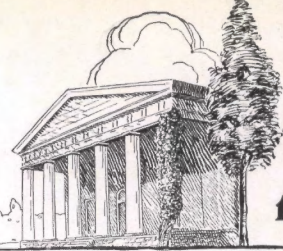

"Daddy" Tate was always there, and mighty few were the plays that went by him. Injuries deprived the team of his services at tackle for a short time, but he was back again in short order twice as strong. His work in the Transylvania game was spectacular, and the supporters felt no uneasiness when the rival team ran Daddy's side of the line. He has been elected to lead the 1917 team, and we know that a wiser choice could not possibly have been made.

MONTGOMERY

Here's Bruce Montgomery, All-Kentucky, 1916. Bruce has been on nearly every athletic team which Centre has turned out in the last four years. Winning three or four "C's" in a year is a mere pastime for him. At guard, Bruce has played a hard, consistent game for four seasons and on both defensive and offensive has proved himself to be an aggressive and clever player. He gained his just recognition this fall when he was chosen by the consensus of opinion as a member of the All-Kentucky eleven.

MCDOWELL

Charlie was Old Centre's main man when it came to running ends. He had a peculiar kind of "lope" that seemed to completely bewilder tacklers. He set a record for Old Centre when he kicked fifteen out of sixteen goals after touchdowns in the Wesleyan game. He was also a punter of much ability, and his long spirals often saved the day for Old Centre. He will be sorely missed next fall.

RENICK

"Brink" Renick deserves special praise for his faithful service to the team for four years, and the spirit that he has shown has always been an inspiration to new men every year. He was one of our hardest and "headiest" workers. His line-plunging in the Wesleyan game was a revelation to some of Old Centre's followers who had never seen him play fullback before.

DIDDLE

Ed Diddle is a wonder. He had never seen a football until last year, and now, after two short seasons of play, he was picked as All-K. I. A. A. halfback. His ability to tear off fifteen or twenty yards through the line made him an indispensable man in the backfield. When he yelled, "Get on your mule," it was good-bye to the enemy.

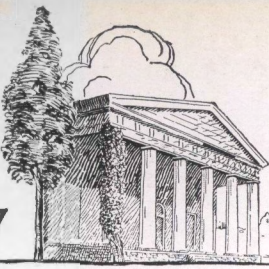

BELL

"Matty" Bell is the man who won the K. I. A. A. championship for Old Centre with a spectacular sixty-five yard run for a touchdown, at the same time covering himself with glory and writing a name for himself in the "Hall of Fame," which will always be remembered at Centre. He was a wizard at throwing forward passes and at handling punts he proved himself a veteran at Georgetown.

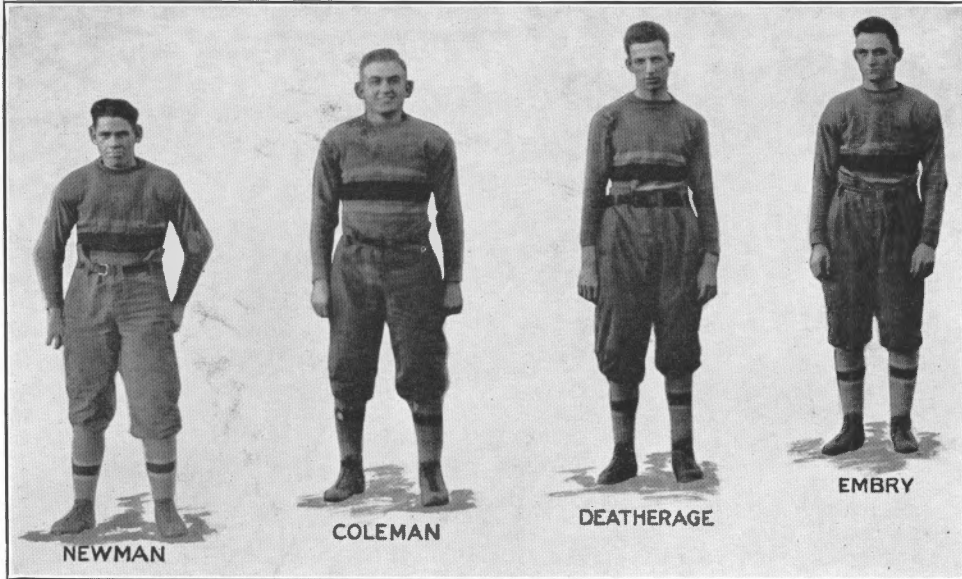

VAN ANTWERP

What it takes to back up a line, Van has it; it is very rare, indeed, that a play gets by him. His work at center in the Georgetown game won him a place on the All-K. I. A. A. team. A hard worker and consistent fighter; we are glad that he will be back to hold the middle of the line-up next year.

1917

OLD CENTRE

NEWMAN

"Benny" Newman, the hardest tackling man on the squad. He is a past master in the art of breaking interference. They might just as well stop when Benny spreads his one hundred and eighty pounds under them. He always played as hard as he could, and "never give up" was his motto. He has two more years to play.

COLEMAN

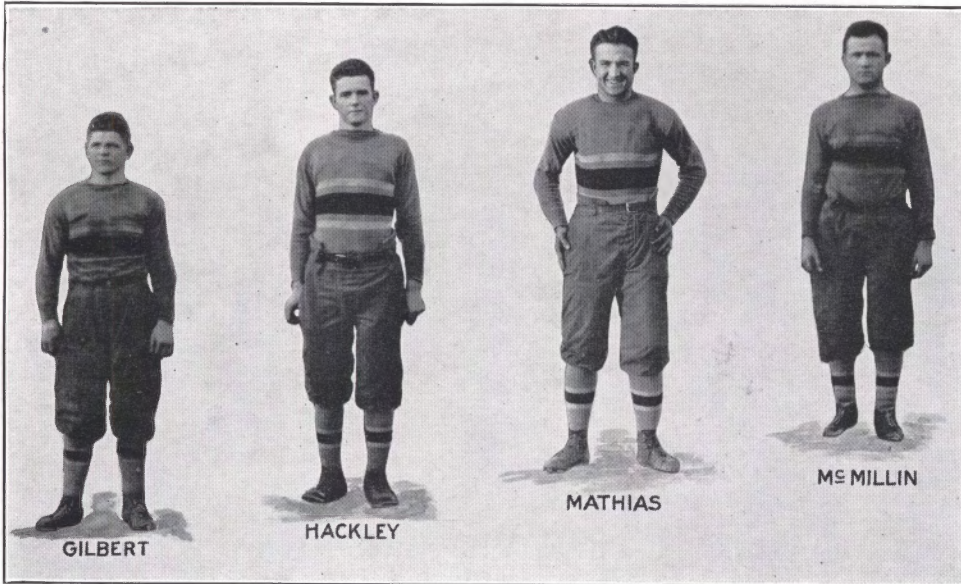

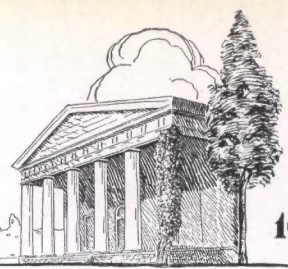

"Colie" is one of the best guards that Centre has had in a long time. His steady and consistent work made a soft spot for him in every Centre man's heart. His work in the Georgetown game was one of the highest order. He will be with us for two more years, so there is no need to worry about one guard, anyway.

DEATHERAGE

"Daddy" Deatherage was always there when you needed him. His work in the line was steady and consistent, and at all times of the highest quality. In spite of the fact that he was injured several times, he was back on the job in time to acquit himself creditably in every game.

EMBRY

Sam Embry, though the lightest, is the fastest man on the squad. He played a wonderful game at defensive quarter in the Wesleyan game, and the way that he handled and run back punts was one of the features of the game. His work at end in the Georgetown game was of sterling quality. We expect great things of Sam, for he has three more years to play.

GILBERT

"Steve" is probably one of the fastest and most aggressive of the new line-men at Centre this year. His work in the line has been nothing short of phenomenal when one stops to consider that he had never seen a football until this fall. He opened up holes and tackled like a veteran in the Wesleyan game.

HACKLEY

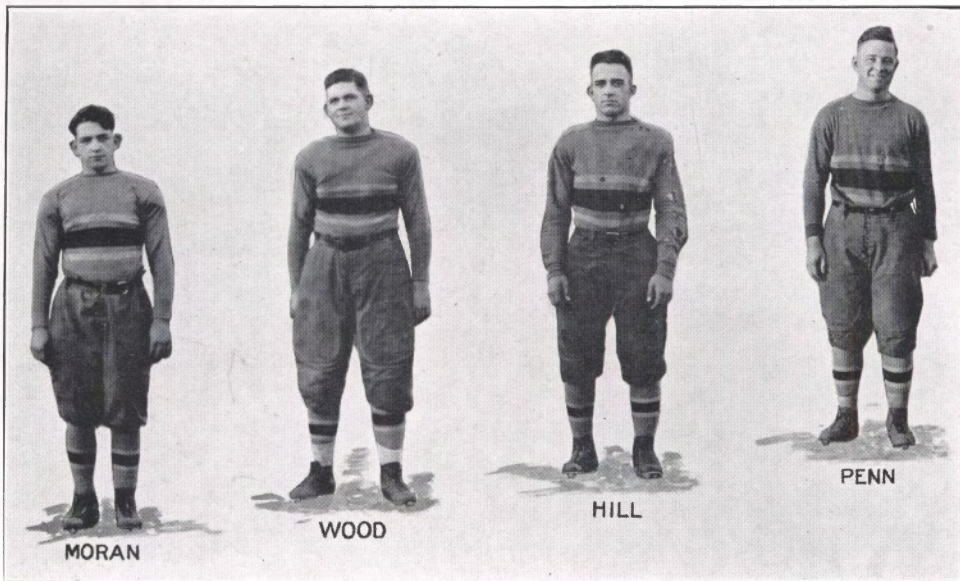

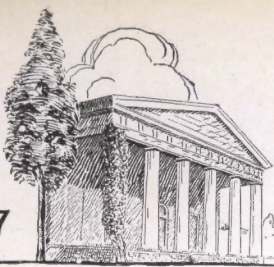

Hackley is a first-year man, but he plays any position in the line like a veteran. He won his "C" by hard and conscientious work, and with this year's experience and coaching, he will be an indispensable man to Old Centre next year.

MATHIAS

Bob is a Texas longhorn, and his fight shows it. He hits the line like a battering ram, and was one of the hardest tacklers on the team this year. At all times he struck terror to the hearts of the enemy, especially when he was sent through the line on one of his terrific fullback plunges.

McMILLIN

"Rube" McMillin is another one of those fighting Texas boys, and his work on the team this year always brought a burst of applause from the crowd, and words of praise and commendation from the coach and team-mates. He will be back with us next year, and nothing short of Hades can keep him from an All-Kentucky place.

MORAN

Tom Moran, the plucky little fullback, proved himself a terror to the enemy, especially the line. When he hit the line, he hit for "keeps." As a handler of punts, he was hard to beat, and his defensive work was at all times of first quality.

WOOD

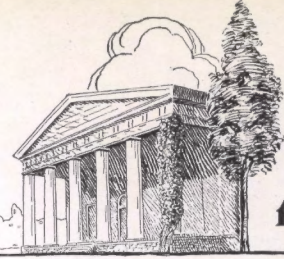

"Gus" Wood, the boy from the "Buckeye" State, and the heaviest man on our team this year, was a tower of strength at tackle. The plays that went over Gus were very few and far between. He had a peculiar art in tearing headgears from his opponents. His work in the Transylvania game deserves praise of the highest degree.

HILL

Spaulding Hill, one of the shiftiest of our backfield men this year, had hard luck, in that he did not get a chance to show how good he was. He was laid up at three different times with injuries. When he was able to play, he was always right there with the stuff.

PENN

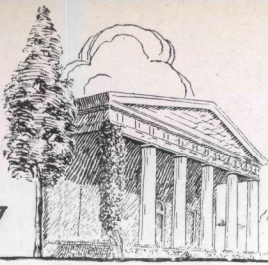

Joe Penn was ineligible to play in any of our college games, but when he played Eastern Kentucky Normal he showed that he will sure make somebody work for a place next year. He was a fast man on end runs and hit the line like a bullet.

Basketball

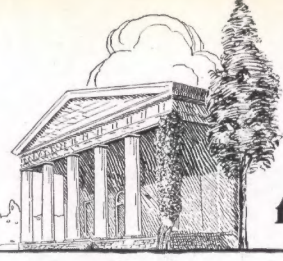

THE basketball season opened at Centre with bright prospects for an unusually strong team. There were three of our last year's Varsity men back—Captain Tate, Diddle and Montgomery—and also McDowell, who was an all-Kentucky guard in 1915, being returned for post-graduate work. Bell, Davis, Penn and Bruner were the most promising of the new men. Coach Littick called the first practice early in January, and the men were given daily drills, preparatory to the opening game here with Transylvania on January 12. The team rounded into great shape for the game and had very little trouble in defeating Transy by a score of 34 to 24. Our next game was with our old rivals, Kentucky State, at Lexington, and here we met our first defeat, which was rather a help to the team than a discouragement. McDowell played true to his old form in this game and showed a remarkable eye for the basket. On January 26 and 27 the team played Kentucky Wesleyan and Paris Y. M. C. A. respectively. The boys were a bit overconfident in the Wesleyan game and, with the help of the Wesleyan floor, we were defeated by one basket. The boys came back the following night and defeated Paris, a far stronger team than Wesleyan, 34 to 19. On February 3 we played Georgetown at home, and again the Gold and White was triumphant by a score of 28 to 16. Diddle and McDowell were shining lights in this game. Transylvania defeated us on their own floor by three points in the last two minutes of play on February 9. We went to Georgetown on the 13th, and in the hardest game of the season we defeated Georgetown 26 to 25. Bruner, one of the new men, and Diddle deserve mention for their high-class work. On February 16 we met State again on our own floor and defeated them. Diddle showed some fine floor work in this game. The 23d of February was a day of revenge for Centre, for we defeated Kentucky Wesleyan 65 to 20 on our own floor. This game gives one a nearly correct idea of the relative strength of the two teams. In the last part of the game the coach took out his Varsity men and put in the reserves. Our season closed with a decisive victory—the third, by the way—over Georgetown, here at Danville. The score was 39 to 12. Georgetown only made two field goals during the entire game, and both of these were in the first half. Diddle and McDowell were the stars for Centre. Diddle made 19 points and McDowell 14.

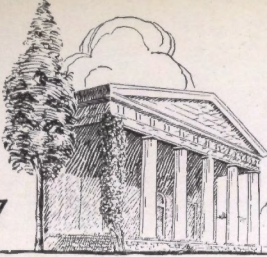

The season was very successful and ended with the second championship for Centre this year. We won a larger per cent of the games than did any other team in the State. On our own floor we won every game without much trouble.

The men who made their letters were Captain Tate, McDowell, Diddle, Bell, Montgomery, Bruner, Penn and Davis. Davis played some exceptionally good ball, but was out with injuries during the latter part of the season. Captain Tate's work at center was always sensational, and Bell played a good, steady game at forward.

If we can just turn out a winning baseball team now, and the prospects are fine, we shall have had a most successful year in athletics.

BASEBALL SQUAD

Baseball

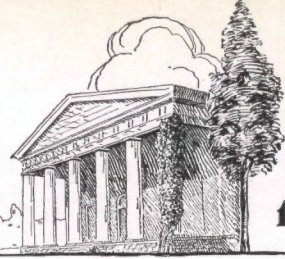

The season of 1916 in baseball at Centre was, taking all together, successful. While we did not win the championship of the K. I. A. A., we were tied with Georgetown and Transylvania for it. As the season advanced, the team showed marked improvement, both in fielding and hitting.

The season opened with five of the last year's letter men back, and several new men, who showed real ability. Eddy Rogers was back on the mound with his old-time stuff on the ball, and Turley, his batting mate, was one of the most dependable men on the team. Cloyd was elected Captain, and he led his team like a general. His individual playing was of such high quality that it seemed to inspire all of his men to do the best. Adkins showed rare form at third base, and it was only a short time before he held that berth as a regular. The new men who made regular places were Allen, at short; Bruner, at second; Hill, in left field, and Diddle in center field. These men played consistent ball all year, and we are mighty glad that they will be back with us in 1917.

The first game was with Transylvania at Danville, on April 14th. Here Rogers showed that he still had the stuff on the ball. Centre won the game by a score of 7 to 6. The stick work of Cloyd and Rogers' superb pitching were features of the game, and the supporters of Old Centre went home feeling sure of the K. I. A. A. championship. Our next game was played on the following day with Ohio Wesleyan at home, and some of the spice was taken out of the victory of the day before. The Ohio boys won from Centre by a score of 8 to 4. Akers, a new man, started on the mound for Centre, but the Ohio boys were too much for him, and he was relieved by Rogers in the fifth inning. We now had a vacation, as no more games were scheduled until May 6. The spring holiday came and went, and on May 6th we journeyed to Lexington to meet Transy on her own field. Here again Rogers came to the front with some high-class pitching, but Transy beat us by one run, 5 to 4. The following week Georgetown came to Danville and defeated us, 4 to 2. This made things look bad for Centre, and some even went so far as to say that Centre would finish last, but little did they know the spirit of Old Centre. This never-give-up spirit was manifested the next week, when Old Centre succeeded in getting revenge on Georgetown by defeating them five to nothing on their own field. Rogers only allowed one safe hit in this game. He struck out thirteen men, and was a veritable hero when he returned to Danville. On May 26th, Centre played Kentucky State a hard game in Lexington. State finally won out, 3 to 1, but they knew that they had been in the game.

With the men of the team who return next year, and all except Turley and Cloyd expect to return, Old Centre should walk away with the championship.

The following men were granted letters: Diddle, center field; Turley, catcher; Cloyd, right field; Adkins, third base; Bruner, second base; Montgomery, first base; Hill, left field; Allen, shortstop; Rogers, pitcher; Veatch; Akers.

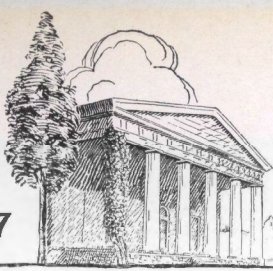

CAPTAIN JOPLIN

Track

Track is coming back into her own in Centre. She is on her mark, eager to get off. A few years back, when any record was broken in State meets, a Centre man was usually the reason. Then came the lapse of time, when Centre considered herself fortunate if a man placed in the State meet; but now bigger things are in view. With her future prospects, Centre bids fair to make them all break a few records ere they win the championship. Last year Captain Johnson worked hard to build up a team, but, with little support and still less material, he managed to land fourth place in the State meet. Joplin, '19, was elected Captain for this year. He piled up eight points for Centre in the State meet, taking first place in the high jump and second in the hundred-yard dash. Embry and McDowell are track men of ability and ought to add quite a few points to Centre's score this year. There are other new men who will turn out and help place Centre in the front again in the line of athletics.

Centre College Carnival

OLD CENTRE

Carnival

"Haste thee, nymph, and bring with thee
 Jest and youthful Jollity,
 Quips and Cranks and wanton Wiles,
 Nods and Becks and wreathed Smiles,
 Such as hang on Hebe's cheek
 And love to live in dimple sleek;
 Sport that wrinkled Care derides,
 And Laughter holding both his sides,"

L'Allegro.

WHEN the reign of old Boreas is past, and the glittering sun shines on the rich meadows and shadowy woodlands and smiling gardens of Paradise Regained—the Kentucky Bluegrass—the bubbling happiness of youth and love wells up in the very heart's core of Kentucky's children, and they burst forth into a merry revel of hospitality and good cheer—the Centre College Carnival. Such a prodigality of festival would be impossible in any other region on earth, but is only the natural outcome of all those virtues for which our homeland is famous throughout the world. Wide swing the portals of old homes that saw the days of Washington, and the old mahogany that came over from England, perhaps, groans with every dainty that even a Lucullan palate could dream of, for Centre and all its events are very dear to the hearts of Danville people.

From the far reaches of the pioneer peaks of our country, from the cutting coldness of our great cities, from the princely estates of the bluegrass country, loyal Centre alumni flock to renew their youth and joy in the fountain Ponce de Leon sought so long in vain—strengthening the silver cord of old friendship and filling up the golden bowl of joyous memories. What a banner of achieved merit and success they fling abroad before the admiring eyes of the young blood of our grand old institution. No wonder that armed *cap-a-pie* with the traditions of Centre College and the shining example of these alumni they go forth invulnerable to battle with the world, and soon carve high for themselves a niche in the temple of fame.

To do honor to the graduating class and to wear their colors in the great day of commencement, all the unequaled charm and beauty of the South gather at Danville, turning the town into a very galaxy of beauty and grace that would rouse even the heart of a Broadway "first-nighter" to an ecstasy of admiration.

The first day of the Carnival is filled with athletic contests of all kinds, in which Centre's men may display their courage and prowess before the sparkling eyes and flushed

OLD CENTRE

faces of their "ladies fair", and show that the laurels that hang on Centre's rostrum have not departed forever, but are as green now as in the great old days of the past. Tennis, track and baseball are the sports contended in, and the champions receive proudly the prizes for which they strove so nobly.

The next day is the great day of Carnival proper. The afternoon is filled with the stately procession of the King and Queen of the Carnival, coming to take possession of their broad dimensions. Dozens of beautiful floats and equipages bear the royal pair and their court, composed of the valiant warriors of Centre and the Princesses, by right of beauty, of Kentucky. Like a star, the queen shines among her court, imperial in her sway, the fairest daughter of old Kentucky. At night, mid a splendor of light and color and music, the new queen is crowned by the still radiant royalty of yester-year, and she in her turn places the wreath on the brow of her manly consort, the flower of Centre's chivalry. After the ceremonies the court abandons itself to a whirlwind of jollification. The brilliantly decorated booths of the fraternities dot the floor, the blare of a band fills the air, confetti flies in clouds, gay carnival horns and rattles create a terrific din, and the snake dances and yells of the various classes continue until a late hour.

Then, on the last day, or rather, night, comes the crowning event of the whole year—the Carnival dance. Imagine, if you can, a large hall gaily decorated until it is as resplendent as a tropical forest, the haunting melody of sweet music stealing about like a soft breeze blowing over a moonlight sea, the multi-colored costumes of a hundred or more of the fairest flowers of the South whirling about like living jewels, and above all the rapture of the dance, swiftly whirling to the measures of the one-step or undulating dreamily to the passionate cadences of the waltz. Oh! imagine this, and you have a vague idea of the glories of the Carnival dance.

Alas! The curtain of the dusk must part, the sparkling cohorts of the sun must appear; his heralds wave his banners of rose and gold in the four corners of the heavens, and the last sweet strains die on the flower-laden air, while hand in hand lover and lady see unutterable things in each other's eyes, and up goes an unanimous sigh—another Centre College Carnival is over.

"Parting is such sweet sorrow."—Shakespeare.
