Dear Locke

Just received your new address
as shown above.

We are wishing you the very best
of luck and a speedy return.
If you know anything more
interesting than we do, write
us about it. We are only on
the side line waiting for
the final showdown

Dear Mr. P. J.

I was please to hear from you and I assure you that your letters are enjoyed. at the present I'm out in the field for 21 days, so I figured I better answer now while I had a little spare time, cause if I don't no telling when I'll get another chance. In the meantime I hope this finds you and the gang in the best of health and gay holiday spirits. I had a very nice Christmas, but few years want be to much fun in the field, but still a guy can't complain to much as it could be worst, you know.

Oh yes I'm now assigned for a change, first time since I've been in the army, I'll be a driver. I don't know if I'll be in the states very much longer, but from all indications will be here two or three months if I don't get changed. There's plenty ratings to be given out in this unit, but I'll most probably miss out on all of them as there's little or no rank in a motor pool attached to the Medical, the M. C. believes in giving the Medical boys all the ratings.

Mr. P. J. be sure and give everyone my regards and that I think of the whole bunch quite often. I often wonder how much longer it'll be before I'm able to go back. From the looking things in Europe right now it'll be a pretty good while yet as much as I hate to say it.

I really didn't have much to say and hated not having a pen for this, but I broke mine and will have to use a pencil till I get another one.

Sincerely

Locke

Dear Johnny:

I really enjoyed your letter of the 27th and was indeed glad to get all the news. I have put in a subscription for the Advertiser, but have not started to receive it. I am very anxious. I'm glad that Mr Berger was elected D.K..

He is very nice. I am almost constantly in the company of one of his friends from his home town. We always go together for beer on our liberty nights.

It is beginning to get warm here, although I am still wearing winter uniform. It gets cold at night.

I think I have written to you about my becoming a Pharmacist Mate. I am a little "glorious" over that, because I understand they have frozen rates to a certain extent.

Even if you are not Grand Knight of our much beloved council, any more, I hope we can continue our correspondence, as I enjoy your letters so much. I wish to congratulate you on your appointment as District Deputy. This shows the kind of work you are doing.

Sincerely Ben

Hello Mr. Voorhies,

Well there's no doubt
that I should of wrote before,
but will take time to write
you. The last letter I wrote
you I was single, but I
got married since that, I guess
you know all about it. I hope
I'm feeling fine, an like it
in Calif. Its not like home,
but its not too bad. A place
that I didnt like was
Tonopah, Nevada. We was out
in the descart of Nev. where
we could see only sand.
The last day I stayed there, a
sand storm hit the base, an
the surrounding places. It was
not so good.

Well they told me from home that they gave you one of the picture I had sent them. I hope you like it. I guess I'll be back home on a furlough around Oct. 15 an will go visit you all, an show you all my wife. She say for me to tell you (hello).

How is the shop getting alone? I hope fine. I'm a Corporal now, an suppose to be a Sergeant next month.

In closing, I hope to hear from you all soon. Bye, an Good-luck to all.

If after I have received your
reply I decide the mixer is
what I want could I reach
you by telephone or telegraph
to see if the machine is
still for sale and would
you hold it long enough
for me to make the 175 mile
necessary for me to see the
mixer.

Thanking you very much
