DR. WITTON GETS NEW TITLE

The Board of Regents gave Dr. Cecil Wittson a new title last week: president of the Medical Center. He will continue as dean of the College of Medicine, a position he has held since 1964.

The new title recognizes the growing importance of the medical center and its continuing expansion, according to Dr. Clifford M. Hardin, Chancellor of the University.

Dr. Wittson thus has the same title as Dr. Kirk Naylor, president of the University of Omaha, which will become the University of Nebraska at Omaha when it merges with NU in July. Dr. Hardin stressed that both men will be heading independent divisions of the University.

Dr. Wittson also retains his appointment as professor of psychiatry.
