

Cambodian Wedding Customs

When my mother and father got married they wear beautiful customs. My mother wears beautiful pants and my father wears pants like my mother. When they are wedding a lot of people come to the house. Then we have a singer too. The monks come to the house to pray and to put a little drops of water on my mother and father's head. First they wedding in a house then they go to the Restaurant. A lot of people in the Restaurant ~~to see~~ want to see my mother and father face. Then my mother and father have a great time when they are wedding.
