

How My Family Celebrates Cambodian New Year.

My family celebrates Cambodian New Year by going to the temple. We pray to the monks. Then after praying we eat Cambodian food. We eat rice, corn, watermelon, meat grapes and coconuts. We play special games. It is fun. Then everyone dances and sings. We go to the temple ~~to~~ every Sunday. We pray for our ^{ancestors} who died. We make a little hill of sand and put the name of the dead person on it. We put flowers ~~too~~ on it. We pray for the dead people but we have fun ~~too~~.
