

How My Family Celebrates Cambodian New Year.

My Family Celebrates Cambodian New Year and my Mom makes Cambodian food. We share food with my family or friends and Grandpa and Grandma. After we eat we dance outside and play special games. My Mom dances and even dad Grandpa and Grandma dance. When the dance is over we go back inside the house. Then we pray to Buddha everyday. At Cambodian New Year we pray for family in Cambodia. We even pray for Cambodian people that have died in Cambodia. We play all kind of games and we go to temple. My family brings money to put on the money plant.
