

## How My family Celebrates Cambodian New Year

At New Year my family goes to the temple. I play games with my brother and my sisters and my friends too. We always play games together. When I go in the temple I eat rice, corn, chicken, and I drink water and pepsi and coke. Then I go outside to play with my brother and my sister and my friends. We play ghost games. The ghost games are scary. We pretend someone is a ghost and the ghost tries to catch them. If the ghost catches the person the person is "It". We have a lot of fun.
