Dear Brother,

I wish you would come to America.
Our family misses you brother.

We want you to come to America
because we want you to learn to
ride a car or a truck.

America is different from ^{Cambodia} so
much. Do you Love me or not?
Brother do you fight in Cambodia?
We are in Lowell and think about
you. Do you know how to speak
English? I like America. And I
like Cambodia. My Family Loves
you very much.

Love, your sister
