Dear Grandmother and Grandfather

How are you? I'm o.k.

I can take care of myself.

That's why I want you to come to America in Lowell because you are old and I want to take care of you. I can cook for you - fish, rice and meat and you can stay in bed. Just get up ~~to~~ to eat. you can take a chair and sit on it outside if it is warm please leave Cambodia.

Love you very much.
