How my family celebrates Cambodian New Year

x

I go to the temple on April 13, 14 and 15 when Cambodian New Year is here. My family goes to pray to Buddha and a lot of monks are in the temple.

We bring special red and yellow candles that we buy in Cambodian stores.

We take our shoes off when we go into the temple. We kneel on the mats for a long time.

The children don't have to stay and pray for a long time. After praying we eat special foods, play game outside and sing and dance.

I Love Cambodian New Year.
