

we have to use cloth put in the oil can and a match to light if it's a dark day. If it's a sunny day we open the window. when it's time to go recess we go home and eat rice and came back to school. we stay in school untill 5:00. P.M in the evening.

When we get out of school we have to walk home again. At night my family of seven people sleep on two mats.
