

## How My Family Celebrates Cambodian New year

At New year we play hide and seek games. We go the temple in a car in Lowell, Mass. but in Cambodia we walk to the temple. After the temple we see the girls dancing and my family dances too. The man starts the music and we all sing and dance. We are all very happy. Mother cooks some food like chicken, rice, noodles and a lot of other food. We take flowers to Buddha. Buddha will give the people good luck.

Happy New year
