Dear Aunt

Living in America is great and free.
Here in America we go to school and learn
a lot in English. Now I am 10, years old
and I miss you.

What is the difference in Cambodia now?

In America we can do anything we want,
We had to leave Cambodia because
we didn't have our freedom.

All my family is healthy and not
sick. I hope you are healthy.

I wish we will meet again.

Your nephew
Oean Ean
