Dear Jay, Chris, and Jennifer,

I like your letter a lot. And the picture is so great. Now I'm going to answer your questions. The first question is, Do I like snow and the cold weather? Well, I love snow but not cold weather. A second question is, Have I skied in my life? I never skied in my whole life. I only know how to skate. Well, let's get back to your question. The next question is, Do I have any Cambodian friends? I have lots and lots of Cambodian friends that I can not count all of them. There's no more questions that I have to answer.

Jay, I like your picture of a Christmas tree and do you have a tree like this? It's a real tree? I had a real tree? I had a real tree?
