Congressman James R. Jones
Washington, D.C.

NOV 18 1973

JAMES R. JONES
WASHINGTON

Dear Sir,

We, the people elected Richard Nixon as our President to serve four full years. We did that after hearing that several men had broken into Watergate.

I feel that episode has been blown all out of proportion. It should have been settled long ago - but the opposition will never let people forget

At the time of the election, I was so worried about our Country & one I knew, was also worried for fear your party's candidate would get it. Think what a mess we would be in now, should that have happened

Thank your lucky stars that did not take place and try to hush all clamor for impeachment. Do hope our President does not resign.

We do not want a socialist country & that's why Nixon has vetoed so many of those big spending bills. We already have enough socialism & should not spend our selves to the point of no return. Several large corporations gave huge sums of money to Nixon's Campaign & now are being fined for their patriotism.

Sincerely,
Mrs L. S. McArthur

P.S. I would suggest that the Democrats be more careful in their selection of a candidate for President in 1976. I left the party in 1952 when I realized that the Americans for Democratic Action were in charge of the Democratic Party. As I understand it, they are working for one world government under socialism. The World Council of Churches, which contains some out right Communists - also want the same. We Conservatives

deserve to have our Candidate who was elected by such a huge majority, serve four full years without so much harassment.

Remember all the riots against the War. People wondered what these same people would turn to, once the War was over. Now, they are out to get the President. Nothing is helping the Communists more. They are delighted

Remember all those members of the new Left & some outright Marxists who went to our College Campuses & were paid huge sums to speak to our youth. It was all a plan to get them to think & vote for socialists and most of these leftist speakers belonged to the Democratic Party.

Let's all unite to save our Country and our form of government which has given more freedom and a chance for a good way of life than any other form of government.

Dear Mrs. McArthur:

Your letter arrived while Congressman Jones is out of the country. As you may know, Mr. Jones was appointed to a special subcommittee of the House Armed Services Committee to gather facts about the Middle East with which to report back to the House of Representatives. The Congressman is presently in Egypt and Israel.

I am taking the liberty of acknowledging receipt of your letter, and I will bring your correspondence to Congressman Jones' personal attention immediately upon his return to the United States in late November.

Sincerely yours,

Stephen Kaplan
Legislative Assistant
