Congressman Happy Camp
Wash, D.C.

Dear Sir:

- Support and vote for the President and his program every chance you get.
- He has done more for the Country than any President in history.

Congress has voted 3 million for Watergate and 1 million for the Judiciary Committee to waste on a WPA project for Harvard lawyers.

- It is nonsense. Yes, and now they are investigating the dairy farmers for trying to make a decent living.
- Are you fighting the dairy farmers in O. Pa.?

- Stop the foolishness of the investigations and see that Congress does something for the Country instead of the TV media.
-

Yours truly
Charles S. Kingan

Dear Mr. Cruzan:

Many thanks for your recent communication concerning President Nixon. I have supported the President in the past, and I intend to support him now. I agree with you that the President has done a great deal for this country of ours, and of course, my guideline in casting my vote in the Congress is the best interests of the people of Oklahoma and the United States as a whole. I believe we should allow the judicial system to work as it has for the past two hundred years and resolve this matter so that the Congress can get on with the business at hand. The sooner we bring this situation to a conclusion, the better it will be for all of us.

With regard to your statement about our dairy farmers, we certainly understand their problems and have done everything we can to be of assistance to them and will continue to do so.

Again, we do appreciate having the benefit of your views on these issues, and we would welcome your further comments at any time.

Sincerely,

Happy Camp
Member of Congress
