Hon. John W. Haysby Camp.

I see in morning paper that big unions are after our president, why in name of God dont our government put a clamp on them?

Or do they run our country?

why not put a stop to watergate it stinks to high heaven and I think the public are getting belly full of it.

just how many that are hollering so loud could stand investigation?

so I think if we could stop big unions and government spending we wouldn't have Inflation

Dear Mr. Nelson:

Many thanks for your letter of November 5. I think your statements are well put and well taken. I have supported the President in the past and I intend to support him now.

I believe we should let the judicial system work as it has for the past two hundred years and the Congress get back to the business at hand, including working to achieve a balanced budget. The sooner we can bring the Watergate instance to a conclusion, the better it will be for all concerned.

Again, we appreciate very much your taking the time to contact us on this matter and would welcome your further comments at any time.
