Dear Mr Camp -

First I am regretting to announce that I have always voted for you, so I am writing you any way. I think those men in "Water gate" should get off of Nixon's back. I believe we are sitting on a powder keg of national and international and squelch of our presidential party, he has a poor chance of being very effective, if the whole world has been told he has a poor rating. It seems to me they just want to feed facts and everyone that tries to do anything. Where will we stand if the "Kiss" take over everyone, but us. And - I am afraid the silent opinion is not being heard.

Yours Deep.

Friend Jennie:

I have read your letter with great interest, and I appreciate very much the expressions you set forth therein. I feel as you do. I think we should get the Watergate thing behind us and the Congress should get on with their business.

The news media, of course, has been on not only Mr. Nixon's back since he took the oath of office, but they also rode Mr. Kennedy and Mr. Johnson pretty hard. I feel that too often they do not give the true reporting which is their responsibility under the protection of the Constitution of having freedom of the press. The silent opinion is being heard in Congress, but not through the news media.

You will be interested in knowing that my mail is running around 80%-20% in favor of the President of the United States.

Thank you very much for taking your time to express yourself to me, and I would welcome your comments at any time.

Sincerely,

Happy Camp
Member of Congress
