Dear Rep. Jones.

JAMES H. JONES, M.C.
WASHINGTON, D.C.

Every 4 years the people of the US select a President by popular election. This year is not specified as an election year - perhaps many emotional people would not vote for Nixon this year but the constitution doesn't provide for a popularity contest now.

If there are grounds for impeachment - not just slander & difference of opinion then impeach - if not & I see ~~no~~ definite evidence of it - then quit the proceedings and get back to work.

Congress lost its power not because the President took it away, but because they won't take the responsibility for their position. They won't make decisions - too many decisions are left to the courts now that should be decided by Congress. We didn't elect

the courts:

This President has been able to do more for world peace & curbs on Federal spending, lowering unemployment & administrative reform than most others. Perhaps if the congress would help more & be more cooperative we could solve the energy situation & work out the economic problems. Couldn't we try it for awhile.

Please let not destroy the Presidency, urge Nixon to build not leave & let all get down to constructive work.

Sincerely
R J Byda

Dear Rep. Jones,

Every 4 years the people of the US select a President by the popular election. This year is not specified as an election you- perhaps many emotional people would not vote for Nixon this year but the constitution doesn't provide for a popularity contest now.

If there are grounds for impeachment – not just slander and difference of opinion, then impeach – if not and I see no definite evidence of it then quit the proceedings and get back to work.

Congress lost its power not because of the President took it away, but because they wont take responsibility for this portion. They won't make decisions too many choices on left to the courts now that should be divided by Congress. We didn't elect the courts:

This President has been able to do more for world peace, cuts on Federal spending, leveling unemployment and amended the reform them not others. Perhaps if the Congress would help more and be more cooperative we could solve the energy situation and work out the enemy's problems. Couldn't we try it for a while.

Please let's not destroy the Presidency, urge Nixon to build not leave and lets all get down to constitutive work.

Sincerely,

RJ Bigda

Dear Mr. Bigda:

Your letter arrived while Congressman Jones is out of the country. As you may know, Mr. Jones was appointed to a special subcommittee of the House Armed Services Committee to gather facts about the Middle East with which to report back to the House of Representatives. The Congressman is presently in Egypt and Israel.

I am taking the liberty of acknowledging receipt of your letter, and I will bring your correspondence to Congressman Jones' personal attention immediately upon his return to the United States in late November.

Sincerely yours,
