Dear Sir;

President Nixon's policies to me has been failure, defect, and inflation to our country.

He has been no help in clearing of the Watergate case.

I think the president should resign of congress should impeach him.

What are you and the republicans doing to improve our country's conditions?

Respectfully yours,

Robert Rohler

Dear Mr. Bohler:

I appreciate having your expressions and just thank God that we live in a country where we have the right to express ourselves. Your further comments would, of course, be welcome at any time.

Sincerely,

Happy Camp
Member of Congress
