Dear Rep. Camp,

Please for the good of the country keep on with the Watergate investigations and all the other things that the President is involved in past and present. Don't let the war scare disturb you, he did this to take the heat off of him. Mr. Ford would make a good President.

Sincerely,
Ophelia Byars

Dear Friend:

Many thanks for your recent communication concerning the Watergate instance. May I state to you that I have supported the President in the past, and I intend to support him now. I think that we should allow our judicial system to function as it has for the past two hundred years and the Congress get on with the business at hand.

Again, I wish to thank you for expressing yourself to me as you have, and I would welcome your further comments at any time.

Sincerely,

Happy Camp
Member of Congress
