MESSAGE

I'M damn tired of Government of the people, by the TV networks, and for the Liberals. This morning I wrote cards to the presidents of the three major TV networks, calling for them to resign. I also wrote to the FCC asking them why these people are permitted to run these one-sided propaganda mills. If the top FCC people cannot live up to their responsibilities and stop this pollution of the air waves, then we should call for some resignations from them.

Senator Aiken has the right idea. If the liberals think they have a case, they should, by all means bring impeachment proceedings now; and get it over with fast, to clear the air. If not, they should get off his back, as Senator Aiken said. Enough is Enough.

Dear Mr. Quigley:

Your letter arrived while Congressman Jones is out of the country. As you may know, Mr. Jones was appointed to a special subcommittee of the House Armed Services Committee to gather facts about the Middle East with which to report back to the House of Representatives. The Congressman is presently in Egypt and Israel.

I am taking the liberty of acknowledging receipt of your letter, and I will bring your correspondence to Congressman Jones' personal attention immediately upon his return to the United States in late November.

Sincerely yours,

Stephen Kaplan
Legislative Assistant
