The Honorable James R. Jones,

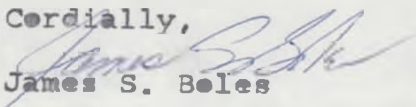

Dear Congressman,

I urge your support of legislation calling for an independent prosecutor to carry out the investigation of the Watergate Affair.

It seemed impossible for the special prosecutor to work with complete freedom when Mr. Cox was appointed, and it was shown to the people to be that - impossible. For a matter of such gravity, I join in urging your special efforts to this legislation.

I realize the work load that you must be carrying is great, and appreciate the effort you are expending on behalf of the citizens of this district.

Cordially,

  
James S. Boles
