Dear Rep. John H Hoppy Camp:-

The time is passed for such odds as this one, "Notice If you support your President write or wire". I am writing this letter so that tomorrow as with my grandchildren we spend Thanksgiving I can believe that my voice has been added to those who say:-

The time has come to place again Honesty Integrity and Dignity in the halls of our Government. No one man is above the law. Watergate continues not because of the Democratic Party, but because of a failure of the Republican Party to clean house,

Let us send back to the American People a system of government where the cost of running for office is ^{not} so great that only those who have the backings of special interests can afford to be candidates.

Let us realize that our resources are needed in America, for our own survival.

I am a farmer, Will I have enough fuel and repairs to furnish the food for next Thanksgiving?

Perry, Oklahoma 73077

Dear Mr. Streller:

I hope you enjoyed your Thanksgiving with the grandchildren; I am sure you did. I had the pleasure of being with part of my family, and we had a very enjoyable day.

I am very thankful that I have an opportunity to live in this great country of ours, and I don't think you need to worry about having enough fuel to furnish the food for Thanksgiving, 1974. I appreciate your expressions and would welcome your comments at any time.

Sincerely,

Happy Camp
Member of Congress
