Dear Mr. Wahl:

Many thanks for your recent communication regarding President Nixon and the Watergate instance. I have supported the President in the past, and I intend to support him now. In answer to your question, I would state that I believe we should let the judicial system work as it has for the past two hundred years and the Congress get on with the business at hand.

I think that some of the first priorities for the Congress are the matters which you mentioned -- fuel shortages, inflation and foreign affairs. I want to state to you that I am one Member of Congress who is trying to do just what you have suggested and will continue to do so.

Again, thank you for contacting me on this issue, and I would welcome your advice and counsel at any time.

Sincerely,

Happy Camp
Member of Congress
