The Honorable Carl Albert
Speaker of the House
House of Representatives
Washington, D. C.

Dear Speaker Albert:

We are shocked and dismayed at the recent, heavyhanded approach the President has taken toward the Watergate coverup investigation. The People of the United States deserve leaders who will keep ours a government of laws and not of men. We believe it better to have the Executive Office on a constitutional collision course than to undermine the moral fibre of our Nation.

Sincerely,

WOODLIFF & HUTTON

Dear Messrs. Woodliff and Hutton:

Many thanks for sending me a copy of your communication addressed to Speaker Albert concerning President Nixon.

We do appreciate very much knowing of your concern in this matter. I feel, however, that each of us at this time must not permit emotion or prejudice to enter into our deliberation. I believe that rationale must prevail at this crucial time and that the Congress as a whole has and will continue to use very prudent judgment.

Again, we do appreciate having the benefit of your thoughts on this matter, and would welcome your further correspondence at any time.

Sincerely,

Happy Camp
Member of Congress
