3:30 - Evaluation

## ANNUAL SUMMARY OF PROGRESS TOWARD ACHIEVING OBJECTS

In our program, we were able to get the parents together which enabled us to have close co-operation with the parents.

Emphasis was <sup>stressed</sup> in each child as to his share in the work of the home. To develop feeling of pride & appreciation in the home and family life.

J. B.

## SCHOOL OBJECTIVES

One of my main school objectives was to develop activities in order that each child may learn to do independent skills. Special attention was given to each child to try to meet the requirements of the individual.

Second to stimulate the need of our school program with the everyday life of the child

Formulated By

Mrs. Josephine Bauers

## CLASSROOM OBJECTIVES

Several objectives have been formulated this year in our different curricula. Especially in our health program since this is vital to our living & in classroom study.

First, to stimulate the boys and girls to actually follow good health practices.

Our second objective was to gain a parent participation and a program for home and school cooperation.

## RECORD OF YEAR'S WORK

I One of our units in Health gave a clear concept of The Road To Health. Through study it showed a need for emotional controls and provided the opportunity for practice in achieving such goals.

In our art activities, strong emphasis was placed on the group approach. The art program was related to explore art principles as the child's need demands. Another purpose was to exercise the line & contour drawing in developing the skill and ability in one's mind.

II Informal meetings with the parents.

School closed with a program presented to the families and friends.

Mrs. Josephine Powers
