ANNUAL SUMMARY OF PROGRESS TOWARD ACHIEVING OBJECTS

Through these units of study the children were more adapted for reading readiness. The pictures & the dramatizations built up the readiness in each unit studied. Also these units helped the children in their vocabulary development.

In our study of the community, it was correlated with all school studies. Emphasis was put on the things in the community that make for good citizenship & what a good citizen does to aid in community welfare.

SCHOOL OBJECTIVES

One of the objectives was to provide the pupils the opportunity of interpreting their own community. This was done through the dramatization of community needs around a small town. In connection with this we studied the foods used in the communities - especially those from far away countries.

CLASSROOM OBJECTIVES

Through the study of the Indian & Pioneer Units we were developing a time concept. This study was used to develop a feeling for the past & its relation to us, and an appreciation for what we have now.

Another unit used for the year was the story of milk. (1) How milk must be kept clean. (2) The transportation of milk. (3) How People Get milk.
