-For the first time in the history of Greene County a colored man has been placed on the Jury in the Circuit Court. The man why has the honor of being the first colored Juror is Thompson Clem. He is a very respectable colored man and owns a considerable amount of real estate in the County. He is a mem ber of the Travis Jury and will no doubt make a very sefficient one. There is no good reason why the colored people should not be represented on the juries. Such has been the custom in the Federal Courts and in most of the courts in this and other Southern States. With good colored men such as Thompson -Clem on the juries there can be no taken for confessed, and be of Februa him exparte. This the 9th day of Februa W. A. ALLEN, C.
