

WORK OF TEACHERS HIGHLY PRAISED

Parent-Teacher Association of Colored School Changes Meeting Night

The work of Prof. and Mrs. Whitley in the Oklahoma colored school here has been highly praised by the Parent-Teacher Association of the school. The following article, signed by the committee of the association, has been submitted to The Times:

"We have changed the parents' and teachers' meeting at the Oklahoma school from Tuesday night to Friday night. We ask that all the parents attend, as this is of great help to the teachers, and by cooperating you will be able to understand what the teachers are trying to do for your boys and girls.

"These meetings have been carried on for some time, and yet we have failed to have your cooperation; there are still some of us who seem inclined to criticize the work that our teachers are doing, although they never pay a visit to the school and are not members of the Parent-Teacher Association. Still we hammer instead of helping one of the greatest works, that will be an uplift to the colored race of Kingsport. We would be lost without the aid of these noble leaders, Prof. and Mrs. Whitley, who will long to be remembered for what they have done for the colored people of Kingsport.

"Let's boost instead of knock.

"Committee of the Parent-Teacher Association:

"Richard Canty,
"Charles Carwell,
"Preston Collins."
