Instructions for the principal and teachers: (This report is due at end of second school month.)

Only pupils completing the eighth grades in an *approved* elementary school may be issued eighth grade certificates. (Code of Tennessee Sections 2382-2383.) Schools satisfactorily meeting the requirements outlined in Preliminary Form and Final Form will be approved. All requirements of the State Board of Education must be met before the school can be approved. See inside back cover for Rules and Regulations Governing the Approval of Rural Elementary Schools.

In school systems sharing in State equalization funds, no school shall be considered in determining the cost of the minimum program unless it meets the requirements of the State Board of Education for an approved school. (Public Acts 1947, Chapter 8, Section 10.)

1. Each teacher in an elementary school seeking approval must submit this report to the principal in time for the principal to make a combined report to the county superintendent not later than the end of the second month of school. Each teacher must keep a copy of her report in the school register available for examination by County and State officials. All questions must be answered as they apply to the pupils in the classroom of the teacher making the report. For example, "Can all children be seated comfortably?" should be answered "Yes" if all children under her instruction can be seated comfortably. "Are the grounds clean and well kept?" should be answered "Yes" or "No" according to the teacher's evaluation of the conditions which prevail.
2. Each principal of an elementary school seeking approval must submit a combined report of the school in triplicate, using this form, immediately after the end of the second month of school.
3. The county superintendent should send the copy of this report marked "State Office" to the State Department of Education as soon as all schools finish the second month of school. (Include one copy of report card used in county.)
