## Improvements Made

The Buffalo Colored School is located in a very undesirable place. There is red clay and underbrush all around the building. We cut down cedars and made a clearing for the yard and also cut down many small trees, and briars and bushes to make paths. We have bought crepe paper of pleasing colors to decorate the walls and windows of our building also construction paper and paste. We have dramatized stories with a frieze made of colored construction paper, also borders in keeping with the seasons. We cleaned walls and repaired doors with lumber.
