HOMEWOOD,

KNEBWORTH

HERTS.

Dearest Annie,

After Scotland, I had planned to speak for you-if you should want me- before any [stress]. Headquarters, however, have again decided differently & I have been booked for Birmingham, Liverpool & other districts during October & November.

At present I am quite free in December& January. I am noting down for you [Jan] :

week on from [start] of these dates.

I see Christabel Pankhurst tomorrow about my plans, & will show her your letter.

I improved a little in my speaking with practice in Scotland tho' [though] on occasions I was very bad. I hope to be better and more reliable before I come to you.

Good luck to you & your

district- they are getting on well in Scotland. People there are more politically-minded than here and seem to grasp both our claim our fight for it more readily [than] do the new audiences in England.

Your loving friend
