

THE CITADEL, OCT. 24, 1918

By authority of the State Board of Health, the Citadel is permitted to resume its exercises on October 29th. Cadets will be allowed to return to Charleston and report at the Citadel on the night of the 28th. **They will not visit in the city until further orders are issued.**

The time for the induction of Cadets into the S. A. T. C. has been extended to include the 30th., after which time no inductions will be made. It is therefore necessary for all Cadets who are applying for admission to the S. A. T. C., to be present at 9 a. m., October 29th, at which time the present furlough of Cadets expires.

Cadets are advised to bring with them their winter underwear and a pair of blankets.

If for any reason Cadets are unable to report at 9 a. m., October 29th, they should promptly notify the superintendent.

O. J. BOND,  
Supt.
