Col. O. J. Bond, Sup -  
The Citadel -  
Charleston, S. C.

Dear Col. Bond,

The past year has been so  
filled with "a number of things" that  
I have not previously found an opportunity  
to report my status. - I started out in  
the Field Artillery but was transferred to  
The Chemical Warfare Service in which I  
still hold commission as First Lieutenant.  
I was within a few days of complying  
with "overseas orders" when the "flu" and  
pneumonia got me - At the present time

2  
U. S. ARMY GENERAL HOSPITAL No. 6  
RECONSTRUCTION DIVISION  
FORT McPHERSON, GEORGIA

I am on duty with the above Division for -  
Reconstruction & Rehabilitation work -

I was pleased to notice a news item  
in regard to appropriation for a Greater  
Citadel - I hope it went thru

With personal regards I am, Sir,

Respectfully yours -

W. J. Lantieri

Class of 1910.
