REMARKS.

TWO MILITARY SCHOOLS were established, and are supported by the State of South Carolina, one at Charleston, and one at Columbia. An arsenal containing 8,000 stand of arms is located at Charleston, and one containing 2,000 stand at Columbia, which were formerly guarded by two companies of enlisted soldiers, at an annual expense of \$24,000. In 1843, this appropriation was transferred to the support of two companies of Cadets, who, in addition to their duties as a guard, should also be placed under a course of instruction upon the basis of the U. S. Military Academy at West Point. Upon this new system the Schools have been in successful operation for six years.

The Cadets admitted consist of two classes, *Beneficiary and Pay Cadets*. The State supplies to the Beneficiary Cadet all his expenses. The Pay Cadet is at his own expense, and pays \$200 per year for every charge, *including clothing*. The Beneficiary Cadets are selected from those who are not able to bear their own expenses. The two Schools have always had as many pupils as the buildings will accommodate, (the one at Columbia being auxiliary to that of Charleston,) and number 58 Beneficiary Cadets, and 24 Pay Cadets. Applications are made to the Chairman of the Board of Visitors prior to the annual meeting of the Board on Friday before the fourth Monday in November, by whom appointments are made for both classes of Cadets, respect being had to their due apportionment among the several Judicial Districts of the State.

* The Citadel was enlarged (thirty rooms) last year.

EXPLANATION OF CONDUCT ROLL.

All offences against Orders or Regulations are recorded.

These offences are divided into seven grades; each of which comprises offences of nearly the same degree of criminality.

The degree of criminality of offences of each grade is expressed by a number as follows:

Offences of the 1st grade by 10				
Do.	"	2d	"	8
Do.	"	3d	"	5
Do.	"	4th	"	4
Do.	"	5th	"	3
Do.	"	6th	"	2
Do.	"	7th	"	1

For each year (after the first year) that a Cadet has been a member of the Academy, his offences are made to count more, by adding to the number expressing the degree of criminality of each offence, "one-sixth for the second year—and one-third for the third year, and one-half for the fourth year.

At the end of the Academic year, these numbers are added up, and the sum thus obtained is that found in the column of 'demerit.' The demerit for the Graduating Class is estimated for their whole term.

When a Cadet has more than 200 demerit in any one year, he is dismissed.
