9. H. H. Brunson, Orangeburg.
10. E. C. Lee, Laurens.

Of these, four were beneficiaries, and, under the conditions of their admission, are teaching in the Free Public Schools for this and the ensuing year.

FINANCES.

The Superintendent's annual account of receipts and disbursements for the fiscal year ending October 31, 1887, is hereto appended, showing a small balance in hand (\$181.19), which covers some inconsiderable outstanding accounts of that date, and the vouchers for disbursements have, according to law, been filed with the Comptroller General. The expenditure per Cadet has been for the year \$300, and per month as follows :

Property (new books, apparatus, &c.).....	60
Ordinary repairs to building, &c.....	52
Salaries of officers.....	\$ 7 92
Subsistence.....	4 98
Clothing.....	5 58
Miscellaneous Cadet expenses (fuel, lights, washing, &c.).....	2 42
Miscellaneous Academic expenses (servants, postage, printing, music, &c.).....	2 98
	25 00

APPROPRIATION.

The Academy has neither debt or surplus. The Board, as customary, on October 1 last, received beneficiaries, bringing the number in the school, reduced by graduation or discharge, up to sixty-eight. These are divided among the Counties in proportion to representation in the lower House of the General Assembly. The usual appropriation of \$20,000 for the "free education and maintenance" of these Cadets, as provided by law, is requested.

CLAIM AGAINST THE UNITED STATES.

The claim against the United States for rent and damages to the Citadel building during its occupation for seventeen years subsequent to the civil war still lingers in the Congress. It has twice been acted on favorably in the Senate, but its final consideration in the House has not been reached. It will

be pressed at the ensuing session, and an early and favorable conclusion is hoped for.

ACCOMPANYING PAPERS.

I have the honor to submit herewith, beside the Financial Exhibit:

1. Superintendent's Annual Report.
2. Roster of Cadets.
3. Appointments to the Academy for 1887-88.

CONCLUSION.

The Board report the school in excellent condition—well officered, well disciplined, and well taught. The Cadets, largely selected by competition, thoroughly winnowed in their progress through the school, are creditable representatives of the youth of the State.

JOHNSON HAGOOD,
Chairman Board of Visitors.

SUPERINTENDENT'S REPORT.

HEADQUARTERS S. C. MILITARY ACADEMY,
CITADEL, CHARLESTON, S. C.,

NOVEMBER 1st, 1887.

GENERAL JOHNSON HAGOOD, *Chairman Board of Visitors, South Carolina
Military Academy.*

GENERAL: I have the honor to submit the accompanying financial statement showing the receipts and disbursements of the Academy for the fiscal year ending October 31st, 1887, together with the additional papers which I am required by the regulations of the Academy to present to the Board of Visitors at their annual meeting.

In my Report submitted to you after our annual examination in July last, the affairs of the Institution for the session of 1886-87 were fully stated, and it is consequently unnecessary to mention them in this paper.

The present session opened with 130 cadets, against 113 the last session; one pay applicant failing to enter from want of preparation.

All the cadets (84 in number) who were in attendance at the close of the last session reported for duty on the first day of this session, excepting one, who was unavoidably detained for a few days.

Of the old cadets, fifty-five are beneficiaries and twenty-nine are pay cadets. Of the cadets admitted this session, thirty-three were pay and thirteen were beneficiaries. Two of the former class, however, have been suspended from the Academy for a violation of paragraph 83 of the regulations.

Of the total present, four cadets are from Georgia, four are from Florida and 120 are from South Carolina.

Of the South Carolina cadets, twenty-two are from Charleston; thirteen pay cadets from this city having matriculated this session.

While the attendance from beyond this State has not approximated my just expectation, we have cause for encouragement in the increase of attendance from this State, and from this city, where the institution is best known.

The work of the Academy is progressing satisfactorily in each of its departments, and the discipline is, I think, good.

The Christian Association, which was organized in this school a year or so ago, has become a most useful adjunct to our system, and I am glad to be able to say numbers this session seventy members. As an outgrowth of the Association a Bible class has been formed that meets in the chapel Sunday mornings, between prayer and church call, which promises further good in this important sphere.

The following facts, obtained from the records of the Academy, furnish occasion for congratulation to its friends:

1st. There has been for several years a steady improvement in the class

standing of the corps of cadets. The average for the session of 1884-85 was $81\frac{3}{8}$ in a possible 100 ; for the session of 1885-86 was $83\frac{1}{8}$ in a possible 100 ; for the session of 1886-87 was 88 in a possible 100. If we maintain for the session the standard maintained for the past four weeks the average for the session of 1887-88 will be $89\frac{1}{8}$ in a possible 100. The force of this comparison is emphasized by the statement that while the average in studies has been thus constantly improving, increasing exactness has been observed in assigning value to recitations.

2d. There has been for several years a constant increase in the number of pay cadets matriculated. The pay matriculates for the session of 1885-86 numbered 17 ; for the session of 1886-87, 27 ; for the session of 1887-88, 33—an unusually large number of this class of cadets being admitted this session from the Northern Counties of the State and also from Charleston.

Gratefully acknowledging our dependence upon a benignant Providence for the present prosperity of the Academy, let us trustfully commit its future to His care and blessing.

Very respectfully, your obedient servant,

GEORGE D. JOHNSTON, Superintendent.

EXPLANATION OF MERIT AND CONDUCT ROLLS.

NOTE I. In the "Merit Roll" the numbers give the relative standing of the members of the Class, and are based upon the average attained in each department of study.

NOTE II. "Conduct Roll." Attention is called to the following paragraphs of the Regulations: P. 54. 1st. To all the recorded delinquences of the Cadets shall be affixed a number not exceeding ten, corresponding to the degree of criminality.

2d. The degree of criminality for the various offenses shall be fixed by the Superintendent, subject to the revision of the Board of Visitors.

Offenses of the 1st Class by 10.
